COTTON DUCK.

ALL WIDTHS COTTON CANVASS.

THINK OF IT NOW!

Although much is said about the importance of a blood-purifying medicine, it may be possible that the subject has never seriously claimed your attention. Think of it now!

Almost every person has some form of scrofulous poison latent in his veins. When this develops in Scrofulous Sores, Ulcers, or Eruptions, or in the form of Rheumatism, or Organic Diseases, the suffering that ensues is terrible. Hence the gratitude of those who discover, as thousands yearly do, that

Ayer's Sarsaparilla

will thoroughly eradicate this evil from the system.

As well expect life without air as health without pure blood. Cleanse the blood with AYER'S SARSAPARILLA.

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

AMERICAN.

Political Points.

BALTIMORE, 8.—A convention of colored delegates, 60 in number, representing all the counties of the State and the several legislative districts of Baltimore, met this afternoon to select delegates to the National convention at Richmond, Va., April 7th. A resolution declaring Logan the choice of the colored voters of Maryland, was rejected. Office holders were not permitted any prominence in the proceedings.

New York, 8.—The Independent Republican conference committee held another meeting to day. General Francis C. Barlow presided. Letters from prominent republicans were read, showing a strong feeling in favor of Edmunds and Lincoln for the Presidential ticket. Although Blaine had many friends they expressed grave doubts of his ability to carry New York, and of his policy, if elected. It was the general opinion that Blaine, Arthur and Logan were not men whom it would be safe for the party to nominate, as the candidate should have a better record than any of these.

Petersburg, Ill., 18.—The republicans of the Thirteenth Congressional district this afternoon chose Dr. Wm. Jaynes, of Sangamon County, and ex-Congressman C. D. Smith, of Tazewell County, as delegates to the National Convention, and instructed for Logan for President.

Watertown, N. Y., 8.—The result of the republican city caucuses, to-night makes this congressional district for Blaine.

Little Rock, Ark., 8.—The republican State convention met to-night and S. W. Mallory was elected permanent chairman. All the delegates are unpledged, but it is understood they are favorable to Arthur if possessing good chances of success.

Running and Wrestling.

A London special says: The most wonderful ten mile race on record was made yesterday by W. G. George, the famous amateur at the athletic club at Lillybridge. He covered ten miles in 51 minutes, 20 seconds, eclipsing all records, even that of the famous Deerfoot, whose record is 51 minutes, 26 seconds.

Cleveland, 8,—Duncan C. Ross and Matsada Sorakincha wrestled a mixed match to-night in the city armory, in the presence of 3,000 spectators. Thos. Curry was referee, Andre Christol umpire for Ross, and Wm. E. Harding for the Jap.

The second bout was won by the Jap, time ten seconds; third bout, catch as catch can, was won by Ross, time six minutes; fourth bout, Japanese won by a scratch, time two minutes.

In the second bout the Jap butted Ross in the right side and broke one of his short ribs. In the third bout Ross butted the Jap in the stomach, and the latter, complaining of being made sick thereby, refused to wrestle the fifth bout, and the referees gave the match to Ross.

After the match, Ross matched an unknown to wrestle Sorakachi on the same conditions, for two hundred dollars a side, within six days.

Cattle Growers.

CHEYENNE, 8.—The second day's session of the Wyoming StockGrowers' Association opened with a large attendance. The Territorial Veterinarian's report shows no contagious diseases prevail within the limits of Wyoming, Colorado, Nebraska or Montana. He deprecates the importation of Texas cattle into the Territory by rail, urges the association to adopt measures to prevent it, and heartily endorses the pleuro-pneumonia bill. The question of stock cars was thouroughly discussed, all agreeing a radical improvement in the construction of the running gear had become an urgent necessity, and strong resolutions were adopted, inviting the attention of transportation companies to the number of specific requirements in the construction of running gear to overcome the evils complained of. The truck used on the Northern Pacific as exhibited was favorably commented on.

On motion a committee was appointed to prepare a memorial to the Secretary of the Interior, asking that the National cattle trail from Texas to the Little Missouri in the Northwest be reopened.

The Railroads.

NEW YORK, 8. — The subscription books for the capital stock of the New York cable railway opened this morning. Two million dollars, the limit fixed by the rapid transit commissioner, was subscribed in one hour.

Washington, 8.—the House committee on public lands to-day adopted the report prepared by Henley on the bill to forfeit a portion of the land grant by the Northern Pacific Railway. Oates, Van Eaton and Strait voted against the report. Belford was not present. Delegate Brents will offer a substitute for the bill agreed upon by the majority of the committee, when it is brought up for consideration in the House. The Substitute declares forfeited those lands granted to the Northern Pacific Railway Company, lying adjacent to that part of the line of its proposed railway between Wallula, Washington Territory, and Portland, Oregod, for a breach of the conditions on which they were granted. All the rest of the lands granted to the company are confirmed to it on the express condition that it shall fully conform to and comply with all the requirements of this act. The company shall henceforth construct not less than 100 miles of its railway each year, and complete and equip the whole by July 4th, 1886. Except that portion between Wallula and Portland all the lands confirmed to the company shall be subject to assessment and taxation by the State, Territory, county or municipality. All agricultural lands so confirmed which were not sold before January 1st, 1884, shall be sold by the company only to citizens of the United States, in quantities not exceeding 160 acres to any one person, and at prices not exceeding $2.50 per acre.

Crime and Disaster.

EASTON, Pa., 8.—John Dillman was hanged here at 11.10 this morning for the murder of his wife.

A dispatch from Laporte, Pennsylvania, says that James Wilson returned there recently from Colorado, where he had been four years, and finding a man named Crossman with his wife, he shot them both and then killed himself.

Chicago, 8.—The *Daily News* Monmouth, Illinois: The First National Bank closed its doors at 11 o'clock this forenoon. The cause assigned is speculation by the cashier, B. T. O. Hubbard, whose deficit is estimated at $45,000 to $100,000. The bank is expected to resume in a day or two, as the stockholders are reliable and all moneied men.

Louisville, 8. — Parker Harden, 15 years old, a son of Wat Harden, the Attorney General of Kentucky, shot and wounded a boy named Arthur Glore at Frankfort to-day. The boys were returning from school, had a quarrel, and Glore apdlied some very offensive epithets to Harden, who went home, got a shotgun and fired both barrels, one of them taking effect in Glore, inflicting an ugly wound.

Chicago, 8.—The safe of the Northwestern Boiler Works was burglarized last night of $3,000 worth of negotiable paper. The burglar left a note saying if the company would address "Safe Blower," through the medium of an advertisement, negotiations would be entered into for the return of the securties. Two arrests on suspicion have been made.

FOREIGN.

Bismarck's Business.

BERTIN, 8.—Bismarck, in a conversation explaining his withdrawal from the Prussian ministry, is reported to have said; "I am 70 years of age. My nerves are in bad condition. I have not time to be unctuous. The telegraph fearfully multiplies my work. Germany is interested in whatever happens in the capitals of the world, including New York and Washington. The world is a chess board, and I must watch the moves affecting Germany. It is now necessary to study not only the dominant politicians, but also the wire-pullers and financiers and the current opinion everywhere, and to act hastily upon the information telegraphed in haste. The chancellorship is no sinecure; its duties might overtax a young man's strength, and without the Emperor's support I could not get through."

BRIEF TELEGRAMS.

Fort Wayne, Ind., 8.—A heavy snow storm set in this evening, and between five and six inches have fallen. It is still snowing.

Chicago, 8.—Andrew Cunningham of Chicago has laid claim to the estate of the notorious Kate Townsend, of New Orleans, who was murdered by Trisville Sykes. Cunningham alleges that the decessed was his sister.

Louisville, 8.—At a meeting of the directors of the Board of Trade today, the action of the New York Chamber of Commerce, asking Congress to stop the coinage of silver dollars, was endorsed.

San Francisco, 8.—The wheat panic in Chicago has attracted much attention throughout the State. Prices are depressed, and it is believed the causes which produced it will have the effect of stopping a further increase of the wheat acreage of this State. Land can be made more productive in producing fruits.

New York, 8.—A committee of ex-Confederate soldiers and G. A. R. representatives met to-night, and made final preparations for the mass-meeting in Cooper Union, in aid of collecting funds for the establishment of a Soldiers' Home at Richmond, Va. The speakers will include Gen. J. B. Gordon, of Georgia; Rev. T. De Witt Talmage and W. T. Sherman.

Davenport, Iowa, 8.—For some time the residents of this city have been missing articles of wearing apparel and household use in the most mysterious manner, and the police proved unable to cope with the case. Finally suspicion, through a number of small circumstances, fell upon the wife of a prominent minister of the gospel. The police visited the house and all the missing articles were found: kleptomania.

Mexico, 8.—Official information says the government has made arrangements with the merchants regarding the stamp tax, which will remove all cause for trouble and anxiety. The situation at no time has been as alarming as reported.

New York, 8.—Typhus fever has broken out among the Poles on the east side, in the tenements. The disease is traced to the emigrants in the two steamships lately arrived.

Montreal, 8.—The Government inspector of live stock reports four-fifths of the sheep in Laprairie county infected with disease. The infected districts have been quarantined.

General Stanley will be assigned the command of the Department of Texas.

The President has recognized Thomas Hellman, Consul of Turkey, at New Orleans.

The Philadelphia *Press* is urging that Fremont be placed on the army retired list.

Denver, 8.—The annual meeting of the Colorado Coal & Iron Company was held at Colorado Springs to-day. The following nine directrors were elected: A. A. Danforth, John H. Small, Henery E. Sprague, W. B. Lawrence, J. E. Devlin, A. Rutten, W. A. Dick, Coleman Benedict and Thos. J. Ryen. The Palmer faction represented 31,000, and the anti-Palmer 56,000 shares of the total 100,000. Henry Sprague will probably be chosen president.

Edwin Booth gives Irving a breakfast at Delmonico's on the 14th inst., at which several promiuent actors wil be present. The two great actors will play together in the fall in New York and other leading cities.

Washington, 8.—The republican district convention for the nomination of delegates to the Chicago convention, has been in session all day, and at this hour, 1.30 a.m., has not succeeded in agreeing upon any one to represent the district. Disputing, quarreling and speech-making has been the order of the day and evening. The disgraceful scenes enacted at many of the primaries last night and the disorder in the convention to-day served to give a decided check to the suffrage movement in the district.

Nominations.—Thomas Were Fox, United States consul at Plymouth, England; Wm. Rockhill, of Maryland, Secretary of the Legation of the United States to China; John J. Burns, postmaster, Sprague, Washington Territory.

Confirmations—Geo. J. Pace, postmaster at Raton, New Mexico.

The House committee on judiciary to-day adopted Representative Maybury's adverse report on the joint resolution proposing a constitutional amendment to give women the right of suffrage. Dorsheimer agreed to report on the ground that it is inexpedient to extend the right of suffrage now, but was of the opinion it would be advisable at some future time to give women the right to vote. Representatives Reed, Brown of Indiana, and E. B. Taylor of Ohio will submit a minority report.

The Postmaster General has received a dispatch stating that from and after the 15th inst., the Central Pacific railway company will run a fast mail train from Ogden west, covering the distance between Ogden and San Franfrancisco in 39 hours. This will complete the fast mail service between New York and San Francisco, and save 24 hours between these points.

CORRESPONDENCE.

Another Statement of the Stokes Murder Case.

OXFORD, Idaho, April 6th, 1884.

Editor Deseret News:

In your issue of April 4th, 1884, I noticed a letter over the signature of H. M. Bennett, attorney for Stokes, asserting to give the facts in relation to the Stokes examination. I feel it my duty to correct Mr. Bennett in the statement made by him.

The facts, with reference to the hearing, are as follows: The morning of the trial I spoke to the sheriff about the witnesses for Stokes all being armed. His answer to me was, "We will have to keep our eyes open today." The examination commenced Thursday morning at 11 o'clock and continued until about 2 o'clock a. m. on Friday, with an intermission, as stated by Bennett. On the same evening I again spoke to the sheriff about these witnesses for the defense being in court with their pistols on. If the pistols were turned over to Mr. Bennett, as he stated, I did not know anything of it. To my knowledge three of them had a pistol each in their belts around their persons.

With reference to the merits of the case, I would state that the evidence for both the defense and prosecution was attentively listened to by me, as also the character of the evidence given. The witnesses for the prosecution being men well known by the community for truth and veracity, whose testimony cannot be impeached, together with the statement made by Reuben Wilson before his death, which statement was produced in court, after due consideration, with sympathy for Mr. Stokes, I could not do otherwise than render a decision to bind the defendant over to await the action of the grand jury, without bail, which decision met with the approval of the community as expressed to me afterwards with the exception of Mr. Bennett and perhaps a few others.

Mr. Bennett stated that he was not aware, or did not believe, that any attempt whatever had been made to bribe the justice. Call it what you please; perhaps Mr. Bennett has a new name for it, but the offer of $250.00 was made to me, in the presence of a witness, by a man and not a woman as has been stated. He said "You can have the money right here if you will acquit the prisoner." Whether Mr. Stokes or the friends spoken of by Mr. Bennett had $250.00 or not, I am not able to say. Mr. B. says not, and he ought to know. But I do know that the money was offered and came from some source which can perhaps be explained by Mr. Bennett.

Very respectfully,

A. F. CALDWELL,

Justice of the Peace, Oneida County, Idaho Territory

A FRUITFUL LAND.

Remarkable Change.

TEMPE, Maricopa Co., A. T., March 31, 1884.

Editor Deseret News:

In this "dry, dried-up country" it has been rain, rain, and still it is raining, and Salt River has this spring been higher than any white man has ever known it, and to all appearances higher than it has been for a thousand years or more. Old settlers are marveling at so wonderful a change, but does not the Lord say that He hath set His hand and seal to change the times and seasons and blind the minds of the wicked that they may not understand.

FARMING INTERESTS.

A large breadth of grain has been sown here the past winter, and is now heading out without irrigation. Perhaps it will need none until harvest, when the ground may be plowed for corn, cane, sweet potatoes, vines, etc., all of which do finely if put in in proper season.

HONEY, WINE, MILK AND OIL.

This is an interior country, not unlike old Palestine, and can be made to abound not only in milk and wine, but in honey and oil. I have assurances from the best California horticulturists that this is "the exact climate for the olive," and I have obtained about 100 rooted cuttings for experiment. But the subject of honey is already beyond question. About one year ago Mr. Hayden and myself sent to California for ten hives of bees. In shipment they were so badly handled that on arrival not more than bees enough for two full swarms were left alive. From these we had 22 live colonies last fall, which have now multiplied to over 50 swarms, besides a number that have flown away, some of which I have found in the brush, prepared to live and increase as though living in a hive. I have also taken some from crevices in the rocks, that went from our apiary. To-day a swarm went over our heads that must have come from Kanosh, as there are no known bees in the direction from which they came. I have sent to California for 70 more swarms, what have been delayed through railroad disaster, and I now fear it will be too late for this season to move them.

GENERAL ITEMS.

The health of our little colony is good, and all are cheerfully seeking to develop for themselves homes. Union and peace prevails, and to-day a set of hands are laying the foundation for a meeting house, which we trust will be completed through the coming summer. A good spirit and interest is manifest in our public meetings, Sabbath Schools and in all the auxiliary organizations of this branch.

A good spirit seems manifest in our young men, which prompts them to prepare for the great missionary work that appears opening up in this region of country. There is throughout this Stake of Zion a feeling to study the signs of the times, draw nearer to the Lord and to each other in the Gospel.

Very respectfully,

JOHNSON SEN.

SAN JUAN STAKE CONFERENCE.

Conference was held at Bluff City March 22nd and 23 A. D. 1884. Convened on the 22nd at 10 o'clock a. m. Present on the Stand President Platt, D. Lyman, Bishop Nielson and council.

The wards, Quorums and various societies were reported in good condition.

We held five regular meetings and a priesthood meeting. The subjects treated on were co-operation, reclaiming the deseret land, unity, preparing for the great events that are about to transpire and building up Zion.

The weather was fine and we had a general good time.

CHARLES. E. WATSON, Stake Clerk.

The Latest Postal Card.

The U. S. Postal Card Supt., D. O. Judd, Esq., has used the great painbanisher, St. Jacobs Oil, with special benefit in neuralgia.

FOR SALE.

IN LOGAN CITY, UTAH, A GOOD TWO story brick house, with 8 rooms, besides closets, hall, bath room and three verandahs; with cellar, hot or cold hydrant water, lawn, bearing apple, pear, cherry, plum and other fruit trees; also a good barn, stable and granary of 2,000 bushels capacity and a cellar underneath. The lot is 104 feet front by 10½ rods back, situated in the most desirable part of town, and will be sold at a bargain, as the owner desires to go south. Title perfect. Also a few good business locations on Second Street opposite the Post-office. Address J. H. Martineau, Logan, Utah. d&w tf

A MARVELOUS STORY

TOLD IN TWO LETTERS.

FROM THE SON: "28 Cedar St., New York, Oct. 26, 1882.

"Gentlemen: My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the inclosed letter will tell you what a marvelous effect

Ayer's Sarsaparilla

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case.

Yours truly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a pleasure and a duty for me to state to you the benefit I have derived from the use of

Ayer's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the SARSAPARILLA in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 21, 1882. Yours gratefully, HIRAM PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Boils, Tumors, and Eruptions of the Skin. It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.

Respectfully submitted,

HEBER M. WELLS, City Auditor.

Auditor's Office, Salt Lake City, March 1st, 1884.

ENDORSEMENTS.

March 25th, 1884.

Presented to the City Council, received and referred to the Committee on Finance.

March 31st, 1884.

Examined, compared with books and vouchers in Auditor's office and found correct.

COMMITTEE ON FINANCE,

ADAM SPIERS, Chairman.

April 2d, 1884.

Reported back to the City Council by the Committee on Finance as being a correct exhibit of the receipts and disbursements of Salt Lake City Corporation for the quarter ending February 29th, 1884; whereupon the Council adopted said Auditor's Report and ordered it published, in accordance with the requirements of the City Charter.

TERRITORY OF UTAH, Salt Lake City, } ss

I hereby certify that the foregoing is a full, true and correct copy of a report of the Auditor of Salt Lake City, for the quarter ending February 29th, 1884, and of the action taken thereon by the City Council of said city, as appears of record in my office.

In testimony whereof, I have hereunto set my hand and affixed the the Corporate seal of Salt Lake City, this fifth day of April, A. D. 1884.

O. F. DUE,

Florist, Seedsman and Preserver of Fresh Flowers,

HAS REMOVED

To his new place of business, Third South St., No. 240 W, 2½ blocks west of City House.

HIS BUSINESS PLACE OCCUPIES NOW 1¼ acres of ground. A very large, new greenhouse was built on the ground last Fall and now in good working order, filled with plants of all kinds for spring sale, such as house, bedding and basket plants in great variety, and at moderate prices.

Garden seeds, pure and reliable, in bulk as well as in packets, in great variety and at moderate prices, also peas, beans, sweet corn and herb seed.

All floral decorations made to order of live flowers, for weddings, funerals, etc., such as wreaths, crosses, anchors, hearts, pillars, etc., also hand bouquets, table bouquets, etc. Fresh flowers preserved cheap and perfect by the embalming process, so they will keep for many years. The largest stock of fancy baskets, everlasting flowers and ornamental grass in the city.

Fruit trees, shade trees and shrubs, cabbage, cauliflower, celery, tomato and egg-plants by the hundred or thousand in season. Orders by mail or express promptly attended to. Catalogue free to all customers. Visitors are cordially invited to look at the greenhouses.

Residence in the two-story house on the ground. The Denver & Rio Grande street cars pass by my place every 15 minutes.

Flower Seeds, Over 300 Kinds.
