Which is the fairest, a rose or a lily? Which is the sweetest, the perfume of a lily? Merely a question, and therefore to Mary there is praise and fair [illegible] [illegible] Mary, my darling, I love "the summer," But Dobb I choose for my man.

This is right, young man, marry the girl your love, by all means, if she has been your friend and helped you through the hard times of life. But, young man, if you are married, and your wife is pale and sickly, if she has pains and aches peculiar to her sex, if she is nervous and weak, if she is troubled with dizziness, nausea, headache, backache, bearing-down pains, or other symptoms of female weakness, irregularity or disease, she should be quickly cured. In fact, in all such cases, a cure is guaranteed by Dr. Pierce's Favorite Prescription. It promptly and permanently cures the most obstinate and long-standing cases of these distressing ailments. Sold by druggists under a positive guarantee, or sent by mail, on receipt of $1.00. See guarantee printed on bottle-wrapper. For a pamphlet of 160 pages, send one stamp, in paper covers, or 10 stamps, in cloth binding, to Dr. Pierce's Pavilion, Buffalo, N. Y.

Dr. Pierce's Pellets

[illegible] Cure Sick Headache, Biliousness, Constipation, Sour Stomach, Dizziness, Coated Tongue, Pain in the Side, and all derangements of the liver. In vials, 25 cents.

BROKEN OUT!

How often do we see this on the faces of children and also of people who otherwise are healthy? Why, mamma? Dirt Blood. The thought is terrible; the trouble is serious. No ordinary help can cure it. It requires something mighty. Do not take cheap compounds. Do not buy cheap sarsaparilla. Do not put your faith in "Common Sense Blood Purifiers." You can't have a medicine that has proved its power in both Europe and America. Consult Wheelwright, Nelson & Co., of London, says: "My experience in the Dublin Lying-in Hospital, as well as in America, has proved to me that Dr. Pierce's Golden Medical Discovery is the best blood purifier, alterative and tonic, and is invaluable in the debility incident to pregnancy." Take Dr. Pierce's Golden Medical Discovery.

This great Blood Purifier is sold by druggists in all parts of America. It is a good, pure, liquid medicine. Try it today.

ADVICE TO MOTHERS

Mrs. Winslow's Soothing Syrup should always be used when children are teething. It relieves the little sufferer at once, produces natural, quiet sleep, and the little cherub awakes as bright as a button. It is the best remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

THE SILVER BOOM.

New York Speculators Now Begin to Talk of a Possible Panic.

THE STRIKE IN CHICAGO'S STOCKYARDS.

About America's Grain Crop.—Telegrams From Various Sources.

By Telegraph to the News.

The Silver Boom.

NEW YORK, Aug. 27.—Speculators are now talking of a possible panic and the money scare of last week is taken as not merely an incident, but as possibly a premonitory symptom of worse to come. Everything dealt in on Wall Street is lower than one week ago, except silver bullion certificates and properties that are directly affected by silver. The certificates in the first two days of last week advanced 17, and notwithstanding the phenomenal scarcity of money and the consequent high interest rate, they closed within a fraction of the top price. Denver & Rio Grande, the only railway stock, with one exception, which shows a net advance for the week, represent a property which traverses silver mining territory, and the rise in the white metal may fairly be expected to open up new mines and thus bring prosperity to the railroad. Then we have a slight advance in common stock of the Silver Mercury Company, one of the old but forgotten speculative favorites. As a revival of silver mining would stimulate the demand for mercury, we may fairly assume that the new silver law is responsible for the strength of this also.

The Chicago Strike.

CHICAGO, Aug. 27.—Nothing definite has been developed in the stockyards strike this morning. The receipts of cattle, hogs and sheep are very heavy. Swift and Nelson Morris have shut down their houses and five thousand men are forced to remain idle, as there is nothing for them to do. It is expected that some of the roads will attempt to handle a portion of the fresh meat that is in danger of spoiling. If they do, it will probably precipitate trouble.

This afternoon the strikers' committee reported to the strikers that the Switchmen's Association had decided to accept the proposition of the settlement for an advance of wages. The superintendent of the stockyards was notified that everything would be moving in an hour. If the men should refuse to accept this, their own organization, the switchmen's association will run the yards with their own crews.

Tonight the switchmen, thinking the time propitious for a demand for increase in wages and hoping to profit by the victory of the firemen and engineers, struck, and the Chicago railroads are once more tied up.

RAILWAY ENGINEERS MEET.

NEW YORK, Aug. 27.—A St. Paul dispatch says an official bulletin has been issued by the Brotherhood of Locomotive Engineers and Firemen and the Switchmen's Mutual Aid Association, embracing every branch of transportation in Minnesota, the Dakotas, Montana and Washington, calling a meeting for Sunday, August 26. The presumption is that the meeting is in connection with the Eastern strike.

America's Grain Crop.

VIENNA, Aug. 27.—The corn fair opened today and was well attended. In an estimate of the crop of the world, America is credited with 4,000,000,000 bushels of wheat and 1,000,000,000 bushels of maize, as and 400,000,000 bushels of wheat and 1,100,000,000 bushels of maize in 1899.

A Hotel Trust.

NEW YORK, Aug. 27.—Sumner Hand is looking for stocks of the Hoffman House, New York, in a hotel trust, with a capital of $200,000.

Renominated.

SAN FRANCISCO, Aug. 27.—The republicans of the Fourth Congressional District tonight nominated X. W. Stream by acclamation.

Not Luck Out.

SPOKANE, Aug. 27.—The deputy minister of Agriculture declared that Asiatic cholera will certainly visit Canada next year, and that in order to check its entrance he proposes to establish a quarantine station in British Columbia.

An Anecdote of Greeley.

His life through Horace Greeley was noted for a kind heart and a quick temper. He could not brook opposition, and injustice of any sort stirred his peculiar nature to the depths. That he was particularly tender of the welfare of the poor is shown by an anecdote for which Mr. J. W. Osgood, an inventor of New York City, is responsible. Says the latter:

"All of thirty years ago, when a resident of Columbus, Ohio, I designed and patented a machine for folding papers as they came from the press. Among other publishers to whom I showed my plans and from whom I secured orders was Horace Greeley. He commissioned me to build two machines for use in the Tribune press room, and on their creation and approval I was to receive $1,000.

"Perhaps a month after I had got started of the task Mr. Greeley wrote me a letter countermanding his order and inclosing a check to indemnify me from loss. He explained that he had learned that the men in the folding department of his paper were mostly the sons of poor widows, and he could not find in conscience to think of using my labor saving device that would deprive those worthy children of much needed work."—*Ex.*

Friends in Misfortune.

A touching incident which was seen on a Boston street one cold day illustrates the way in which suffering begets charity. It was one of the cheerless windy days when the air is full of snowflakes while yet it seems too cold to snow in earnest.

On a back street was an iron plate in the side walk, around which thin streams of steam arose. On this lot of warm surface cowered a morsel of a girl, not more than four or five years old, pinched with cold and hunger and most scantily dressed.

As she crouched over the warm plate an ill looking cur came drifting down the street. He hesitated as he came into the circle of warm air, and with a wistful whine licked up into the face of the girl. Instantly the little thing moved over to make room for her fellow waif.

"Poor doggie!" she said, hugging her fellow shaggy closer about her, "he is cold, too!"

And the two outcastes in misfortune shared together the hospitality of the iron plate in perfect good fellowship.—*Traveler's Companion.*

The Empress Eugenie, it is said, has much of a necklace as though she were a nun. All day long she sits in her sunny parlor in a little London house, with a tablet in her lap and writing or waiting for a moment's inspiration. She is preparing for publication the book which will contain the letters of the late Napoleon and prince, the proceeds from which will go to the fund for the relief of the widows of the war of 1870.—*Ex.*

The New Discovery.

You have heard your friends and neighbors talking about it. You may be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial Bottles free at A. C. Smith & Co.'s Drug Store. 4

A Scrap of Paper Saves Her Life.

It was just an ordinary scrap wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a single bottle; it helped her. She bought a large bottle, it helped more, bought another and grew better fast, continued to use and is now strong, healthy, rosy, plump, weighing about 140 pounds. For further particulars send stamp to W. H. Cole, Dunnigal, Fort Smith. Trial Bottles of this wonderful Discovery Free at A. C. Smith & Co.'s Drug Store. 4

It builds up new tissue, strengthens the lungs, and is an invaluable remedy, made of the best and purest materials. If your Lungs are weak and you have a tickling in your throat, you need it. F. C. M. I. Agent. 2

Neuralgia cures such locality.

The highest medical authorities of Europe and America have recently decided that a large percentage of cases of neuralgia is caused by the excruciating pains of Neuralgia of the bowels and face. If any member of your family suffers this demoniac torture decide by Ballard's Snow Liniment. One application will afford immediate relief and you will soon be rid of a dangerous and tormenting disease. Ballard's Snow Liniment is the most penetrating Liniment known. It positively cures Rheumatism, Lame Back, Contracted Muscles, Old Sores, Corns, Bunions, etc. It penetrates and opens up the pores, drawing all poisonous matter to the surface, relieving and preventing a natural circulation of the blood through the diseased parts.

Dr. A. T. Dill, who has been in the practice of medicine at North English, Iowa, since 1865, says he always offers Chamberlain's Colic Cholera and Diarrhoea Remedy, because he knows it to be reliable. For sale by Z. C. M. I. drug department.
