"Kellogg's Confession."

NEW YORK, 10.—The *Sun's* Washington special has what it heads "Kellogg's Confession," in which it asserts that on the very day of Anderson's conviction, Kellogg paid a Chicago bank $20,000, the money that made Hayes President, Kellogg gave his note for the amount $20,000 and Farwell endorsed the same. It was payable on demand. Farwell had no trouble to arrange it satisfactorily as long as Coolbaugh, President of the bank was living, but when Mr. Coolbaugh died his estate, of course, had to be settled up, and payment of this note for $20,000 was demanded. Kellogg said he had just had to sell some bonds at a sacrifice to raise $5,000, which he had sent to the bank, telling the officers that they must be satisfied with that amount for the present, if not to let the note be protested.

The Mexican Border Difficulties.

WASHINGTON, 10.—Minister Foster, in his conference with the House foreign affairs committee, yesterday, said that the hostile feeling towards this country which prevailed in Mexico when Diaz became president, did a great deal to unite the various factions and give their support solidly to the Diaz administration. He was of the opinion that had it not been for that fact, the Diaz government today would be counted among the things that were. With reference to the authority of the Diaz government in the provinces near the Rio Grande frontier, Foster said it was very limited, and Diaz seemed practically powerless to influence the provincial officials in their attitude toward the United States. As a case in point, Foster recited an instance in which Diaz had sent Gen. Blanco to Gov. Canales with orders to arrest certain Mexicans who had broken open the Texas jail at Rio Grande city and liberate a number of marauders, and Canales positively refused to obey the order. Foster also called attention to the fact that although Diaz' government had sent troops to the Rio Grande with orders to co-operate with our military forces in suppressing depredations, and had paid a second installment of the awards of the claims commission, the Mexican newspapers at the capital are emphatic in their intimations that these acts must not be regarded as concessions to our demands, or as relinquishing the defiant refusal of the people of Mexico to allow terms to be imposed on them as conditions precedent to our recognition of the Diaz government. Should this recognition be forthcoming Foster thought that Diaz would consent to the appointment of commissioners to settle the unadjudicated claims between the citizens of Mexico and the United States, and would exert his best efforts to suppress the lawlessness on the border.

The U. S. and Samoan Treaty of Friendship and Commerce.

Ratifications of the treaty of friendship and commerce between the United States and Samoa will be exchanged, to-morrow, by Secretary Evarts and Mamea, the Samoan ambassador. The latter, with his counsel and advisor, Mr. Colmesnil, will leave here for Samoa within a few days. They will be conveyed thither from San Francisco in a vessel of the North Pacific squadron, as by treaty, the harbor of Pago Pago is voluntarily ceded to the United States for a naval depot and coaling station. A survey of the harbors and adjoining waters will soon be made. This harbor has already been pronounced by Commodore Wilkes "to be the best in the South Pacific Ocean." The government of the Hawaiian Islands and that of the United States are the only governments that have, so far, recognized the Samoans as an independent nation, but it is presumed that other governments will follow the example. The present revenues of Samoa are about $100,000 a year, but with (for the first time) a tariff law, it is supposed the revenues will be increased to $400,000. The United States are exempted from such duties. The Samoan Islands are in a direct line from San Francisco to the Australian Coast, and the Pacific mail steamers pass within sight of them. It is probable that contracts be made for the conveyance of mails to and from Samoa.

$20,000 Fire.

CHICAGO, 10.—Hahnlen & Co.'s wholesale candy factory was burned this morning; loss $20,000, insured $20,000.

Fall of a Bridge.

PHILADELPHIA, Pa., 10.—This morning one of the arches of the bridge over the Schuylkill River, at South Street, fell in, carrying with it nine other arches, and completely wrecking 300 feet of the bridge. The portion which gave way rested upon piles in a marsh on the western bank of the river, and the piling has been gradually sinking in the mud. A large number of workmen were engaged in shoring the defective arch at the time of the accident, all fled when warned in time, and all escaped uninjured. The bridge was built of iron and granite, and cost originally $770,000. The loss by the accident is about $100,000.

The Five Hundred Mile Walk.

NEW ORLEANS, 10.—Henry Schmehl, the pedestrian, completed, at St. Patrick's Hall, his walk of 500 miles, at 7:20 p. m., finishing in 142 hours, 17 minutes and 36 seconds, having 42 minutes to spare.

Destructive Fire.

TROY, N. Y., 10.—The Times building and offices are now in flames. Probably the whole establishment will be destroyed. The building was owned in 1871, and put $94,000, independent of the office. The insurance on the building is $35,000. The stock and material of the office was worth $60,000, insurance $30,000. The origin of the fire is unknown at present. The building was occupied, in addition to the Times office, by a number of other firms. The total loss will not fall short of $200,000.

$20,000 Fire.

BROOKVILLE, 10.—Smart's foundry was partially burned this morning; loss $20,000, insured $10,000; supposed incendiary.

FOREIGN.

FRANCE.

The Porte and Montenegro.

PARIS, 10.—Advices from Ragusa state that the Porte objects to Montenegro establishing a line of demarcation for an armistice on a basis of *uti possidetis*. A renewal of hostilities between Turkey and Montenegro is imminent.

GREAT BRITAIN.

The Eastern Question.

LONDON, 10.—A Constantinople dispatch says: The rumors that the peace preliminaries contain secret clauses relative to the straits, the limits of Bulgaria, and an alliance between Russia and Turkey, are denied, although it is understood that the majority of the Turkish ministry favor an alliance.

The authorities of the Black Sea ports have removed all restrictions on the export of grain and provisions.

A telegram from Vienna says: The further reply from Russia to the Austrian invitation to the conference, which was expected to come by a messenger on Saturday, has been received. It shows that it is the intention of Russia not to permit the discussion of certain points in the preliminary conditions. In spite of these reservations, it is considered certain in Austrian official circles that the conference will meet, although the same confidence does not exist as to the satisfactory result.

The Turkish forces, to-day, evacuated Widdin, Rustchuk, Silistria, Belgradschik and Erzeroum, and have withdrawn from the Bujouk and Chekmejeh lines to a line from Krijuk Chekmejeh to Akleunar. The neutral zone is twelve miles broad.

RUSSIA.

Complete Understanding.

ST. PETERSBURG, 10.—The latest official intelligence from Adrianople shows that a complete understanding has been arrived at between the Russian headquarters and the Turkish delegates.

GREECE.

The situation critical.

ATHENS, 10.—The recall of troops from Thessaly and Epirus caused much public indignation. Government considers the situation still critical, and has ordered arms and ammunition sufficient for 50,000 men. The mobile guard is to be raised to 140,000 men.

ITALY.

The Pope's Remains.

ROME, 10.—To-morrow on the arrival of the foreign Cardinals, the Sacred College will permanently constitute itself into a congregation. A bull left by Pius IX. authorizes the Cardinals to deviate from the established procedure, but does not prescribe any special new rules. The public were admitted to St. Peter's to view the remains of the Pope at 6:30 this morning. The crowd was tremendous and many women fainted. A company of soldiers had to enter the church to regulate the passage of the crowd. The body, arrayed in pontifical robes, lies on a crimson bed, at each corner of which stands a member of the noble guard with a drawn sword. The bed is surrounded by twelve large candelabras, and is so placed that the feet of the deceased are outside the altar rails in order that the faithful may kiss them. The face is calm and unchanged by death.

HIGHEST HONORS
AT THE
UNITED STATES
CentenniaL
World Exhibition,
1876.
MASON & HAMLIN
CABINET
ORGANS
Unanimously assigned the
"FIRST RANK
IN THE
SEVERAL REQUISITES"
of such instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously awarded "THE FIRST RANK" in the SEVERAL REQUISITES of instruments at the PHILADELPHIA INTERNATIONAL EXHIBITION of 1876, and that THE ONLY INSTRUMENTS OF THEIR GENERAL CLASS AWARDED THIS RANK, were pronounced by the Judges to be the best makers before one of the most competent juries ever assembled.

They have also received the MEDAL, but, as is well known, medals of equal merit have been awarded all exhibitors of worthy of recognition; so this it will be seen the many makers to advertise that they have received "first medals."

The difficulties in comparing articles, and their comparative excellence, are recognized in the Reports of the Judges from which the following is an extract:—

"THE MASON & HAMLIN ORGAN CO.'S combination of fine quality in the SEVERAL REQUISITES OF INSTRUMENTS OF THE CLASS, and thoroughness and equal distribution of tone, range of expression, promptness of action, quality, freedom and quickness in action of keys and bellows, with thoroughness of workmanship, combined with simplicity of action."

(Signed by all the Judges.)

The Mason and Hamlin Organs are thus declared to rank first, not in one or two respects only, but in the SEVERAL REQUISITES of such instruments, and they are the Only ones designated this rank. The triumph was not for "the reed organ," but for the Mason & Hamlin Cabinet Organs, have unanimously been awarded the highest honors in competitions in America, there having been, previously, but six exceptions in hundreds of trials, and these six were equally the highest honors and

at which they have been exhibited, being the Only American Organs which have ever obtained ANY AWARD at any competition with long established makers, or in any country, except at Paris, 1867, and NEW SYSTEMS, with improvements, exclusive to the CENTENNIAL, elegant new styles, great variety.
