### Last Night's Dispatches.

**EASTERN.**

**Reply to Governor Ames.**

WASHINGTON, 16.—The following is a continuation of the Attorney General's dispatch to Gov. Ames, commenced yesterday, in regard to the troubles in Mississippi:—

I heartily wish that peace and good order may be restored without issuing the proclamation, but if they are not, the proclamation must be issued; but if it is, I shall instruct the commander of the forces to have no childish play; if there is a necessity for military interference, there is justice in such interference so as to deter evildoers. I would suggest the sending of a dispatch or letter by private messenger to Governor Ames, urging him to strengthen his own position by exhausting his own resources in restoring order before he receives government aid. He might accept the assistance offered by the citizens of Jackson and elsewhere. Governor Ames and his advisers can be made perfectly secure; as many of the troops now in Mississippi as he deems necessary may be sent to Jackson, then if he is betrayed by those who offer assistance he will be in a position to defeat their ends and to punish them. You see by this the mind of the president, with which I and every member of the cabinet who has been consulted are in full accord; you see the difficulties; you see the responsibilities which you assume. We cannot understand why you do not strengthen yourself in the way the President suggests, nor do we see why you do not call the legislature together, and obtain from them whatever powers and money and arms you need. I suggest that you take all lawful means and all needed measures to preserve the peace by the forces in your own state, and let the country see that the inhabitants of Mississippi are favorable to good order, and that they who are largely republican have the courage and the manhood to fight for their state rights, and destroy the bloody ruffians who murder innocent and unoffending freedmen. Everything is in readiness; be careful to bring yourself strictly within the constitution and the laws, and if there is such resistance to your state authorities as you cannot, by all the means at your command, suppress, the President will swiftly aid you in crushing lawless traitors to human rights. Telegraph me on the receipt of this, and state explicitly what you need.

"Very respectfully yours,
"EDWARD PIERREPONT,
"Attorney-General."

**Another Army Reunion.**

Governor Fletcher telegraphed General Sherman, to-day, that he would be at Des Moines, Iowa, on the 30th of September, to deliver the annual address before the Society of the Army of Tennessee.

**All Safe.**

DENVER, Col., 16. — Professor Gardner and Robert Adams, jr., reached here this evening. Six days after the Indian fight they, with five others, returned to the rescue of Messrs. Holman and Dallas, who had been left some weeks before to guard a supply camp on the Dolores river. They rode three hundred miles in eight days, hoping to reach their comrades before the Indians should discover them. The men were found safe and well, and the whole party again successfully retreated from among the hostile bands, reaching Saguache on the 11th. In four weeks they rode eight hundred miles. Mr. Jackson's photographic division reached the La Plata camp in safety on the 5th.

**Captured by Alphonsists — Thiers and Gambetta in Council.**

NEW YORK, 16.—European dispatches state that advices just received by the government at Madrid, announce that troops have occupied the town of Oyarzun, and have captured the Carlist governor and made many other prisoners.

Thiers and Gambetta had a long conference yesterday, and agreed on a common programme for the next session of the French National Assembly, and the next election.

**Failed—An Extraordinary Occurrence.**

BOSTON, 16.—W. H. Heath & Son, leather dealers here, have suspended.

The thieves who robbed the safe of Sargent & Co., of $17,000 in notes, &c., yesterday, returned today, through the mail, all the property but $73 in cash.

**Another Defaulter.**

LOUISVILLE, 16.—It is rumored that the cashier of the Louisville Gas Company is a defaulter to the amount of $60,000.

**In Convention.**

SYRACUSE, N. Y., 16.—The convention re-assembled at 7:30 p.m., and Judge H. Sturges was chosen permanent chairman, with vice-presidents from each district.

**The Army Re-union.**

UTICA, N.Y., 16.—The Society of the Army of the Cumberland visited Trenton Falls this morning in a body, remaining till 4 p.m.; part of the day was spent in riding about the city, visiting the state asylum and other places of interest. President Grant, General Sherman and other officers lunched with Mrs. Horatio Seymour. Vice-President Wilson, Governor Tilden, and General Sherman reviewed a procession of the military, police and fire department.

**WESTERN.**

**Premature.**

SAN FRANCISCO, 16.—The statement made yesterday, that the assaying and refining works had been transferred to Flood & O'Brien proves to have been premature, though the California Bank people state that the bargain will no doubt be consummated at an early date.

**A New Banking Firm—Meeting of Stock Board.**

To-day a report has been current on the street that Lazard Frere had decided to establish a new bank, and on enquiring at the office of the firm information was received to the effect that it has been the design of the Lazards for some years to abandon the business of importing and jobbing in dry goods, and to engage in banking. Immediately after the suspension of the Bank of California a cable telegraphic correspondence was opened with influential English and French capitalists, and arrangements were concluded for the organization of a banking house. One of the members of the firm is on the eve of taking his departure for Europe, to hold a consultation with foreign capitalists as regards the resources of wealth, paid up capital and influence. The new institution will not stand second to any bank on the coast. It is the intention of the founders to make it a strictly commercial bank, that will stand ready to aid, strengthen and uphold the industrial interests of the coast. Lazard Bros have been engaged in the importing trade in this country under the same firm name for thirty-five years, and have conducted business in San Francisco since 1849; they have a world-wide reputation and acquaintance, and in a few months they will open one of the greatest banking houses of America.

There was a meeting of the Pacific Stock Exchange this p.m., at which the resolution imposing a fine on members for private trading was rescinded; a resolution to resume regular transactions to-morrow was debated at length, but no vote was taken, and the board adjourned to meet to-morrow at 10 a.m. There is much feeling among the brokers in favor of resumption by both the big boards, and it is believed that the Pacific at least, will soon re-open.

**Terrible Fatality Among the Fiji Islanders.**

News has been received from the Fiji Islands. A fearful epidemic prevails among the natives in the form of measles; one-third of the native population have died from its effects in about four months. The disease is said to have come from an English man-of-war, which visited the islands some months since; the natives think the disease was brought there by the whites to exterminate them. They were becoming civilized, but when the disease began to spread they became frantic and fled, and will be likely to use the whites roughly. The disease will kill the entire native population in a short time if unchecked.

**Books Destroyed.**

Charles Jost, proprietor of the Antioch distillery, seized by the revenue officials last month, made an affidavit to-day, before the Supervisor of Internal Revenue, that the private books of the distillery had been destroyed. This destruction of the books is causing serious difficulty to special Treasury Agent Clark in his investigations, and the sooner Hawley arrives here the better.

**FOREIGN.**

**GREAT BRITAIN.**

**A Big Fire.**

LONDON, 16.—A fire at Paderborn, Prussia, last Sunday, burned one hundred buildings, and made three hundred families homeless.

**Dead—The Vatican Council.**

The *Journal de St. Petersburg* announces the death of Cardinal Rononci, the Italian singer.

The *Telegraph* has a special from Rome, stating that the Pope recently informed Cardinal Bormomes that the Vatican Council would reassemble, to complete its labors, in 1876.

**Will Take a Cruise—Dead—The Cattle Disease.**

The *Globe* has reason to believe that the Lords of the Admiralty contemplate a cruise for the inspection of the government works at Malta; the navy yards of France and probably those of Italy will also be visited.

The Earl of Huntington is dead.

The foot and mouth disease among the cattle is spreading, but there is only a small proportion of deaths.

**The Yunnan Outrage.**

A telegram from Shanghae says that the negotiations relative to the Yunnan outrage are not concluded; the only points settled are that a special embassy will be sent to London, and that the Chinese Viceroy will institute a commission of inquiry into the outrage in Yunnan.

**Preparing for any Emergency.**

The *Daily Telegraph's* Vienna correspondent reports that Turkey is placing her forces in Bulgaria on a war footing, and is preparing her fortresses on the Danube for any emergency.

**SPAIN.**

**The Nuncio's Circulars.**

MADRID, 16.—The circular of the Papal Nuncio is commented on by all the Spanish papers, and great surprise is expressed that the circular was sent without the permission of the King. The *Epoca* asserts that another circular, equally important, has been issued. A cabinet council has been called for to-morrow, exclusively for the consideration of the Nuncio's circulars.

The *Correspondencia* does not believe that the Spanish Cortes will meet this year.

**Entered France.**

It is rumored that the Carlist General Saballs has entered France.
