Mexican Lawlessness Decreasing.

WASHINGTON, 1.—The Secretary of the Interior has received from Governor Wallace, of New Mexico, a letter informing him that since the publication of the President's proclamation, the lawlessness existing in the Territory on the Governor's arrival has almost entirely subsided, and that he has every reason to believe that no further trouble need be anticipated.

T. B. Vail Resigns.

Theodore M. Vail, superintendent of the railway mail service, today, tendered his resignation, to take effect upon the appointment of his successor. W. B. Thompson, of Toledo, is named at the Postoffice Department as his probable successor.

The Central Pacific will not Comply.

Theophilus French, auditor of the railroad accounts, to-day, formally reported to the Secretary of the Interior that the Central Pacific Railroad Company has neglected to comply with any of his official requests for the various reports concerning its business operations, its tariffs, present organization, financial condition, and with his demand that its books should be submitted to his inspection. He reports that these requests have been made and reiterated at various times since the 1st of last July, and that the officers of the company continue to reply merely that they have referred the question of the constitutionality of the law and the power of the auditor to make such demands to their legal counsel, and that these questions are still under advisement. The president of the company has recently sent to the Secretary of the Interior a report, in compliance with the old law, but Auditor French states that this law has been replaced by the act of last session, from which, in to-day's letter to Secretary Schurz, he quotes several sections authorizing him to call upon the officers of all subsidized railroads for such reports as he may deem expedient or necessary for the interest of government. He also quotes a section which provides that the neglect or refusal of any railroad to make such reports as may be called for, "shall, in each case of such neglect or refusal, work the forfeiture of a sum not less than $1,600 nor more than $5,000, to be recovered by the Attorney-General in the name and for the use and benefit of the United States." This section also provides that "it shall be the duty of the Secretary of the Interior, in all such cases of refusal or neglect, to inform the Attorney General of the fact, to the end that such forfeiture may be judiciously enforced."

The auditor, therefore, transmits the certified statements of seven distinct requests made by him to the president of the Central Pacific Company, of the nature of the above indicated, together with the certifications that none of them have yet been complied with. He concludes by recommending that proceedings under the law be instituted in each case.

Hazzard, the Bank Defaulter in trouble.

INDIANAPOLIS, Ind., 1.—George Hazzard, the defaulting president of the First National Bank of Auburn, Ind., whose affairs have attracted so much attention lately, went to Logansport, yesterday, to procure some papers which two endorsers on one of his notes had. They refused to give up the papers until certain money was paid. Hazzard then had them arrested on a charge of larceny, which failed before the examining justice. Then Hazzard offered to pay and counted out his money on the table, and the desired papers were laid alongside. Hazzard grabbed the money and papers, and with a friend from whom he had borrowed, with drawn revolvers, escaped from the room. Hazzard was arrested and jailed on a charge of robbery. Shortly after midnight, four persons came into the jail, and signing a bond for his appearance, he was set free. On the outside he was seized and thrown into an omnibus and hurried away. Hazzard says they had a rope, and told him they intended to hang him. He, however, managed to cry for help, which brought the police, who returned him to jail. To-day, other bondsmen appeared from Anderson with an acceptable bond, and when claiming the custody of Hazzard, to secure themselves, the officers from Auburn proclaimed a right to arrest him and take him hence. Hazzard fears being mobbed if taken to Auburn, and the sheriff at Logansport, as a precautionary measure, again took him in custody, where he is to-night.

James Hazzard, the cashier of the Auburn bank, was at Logansport last night, looking after his brother's interest, when he was gobbled and taken to Auburn on a warrant charging him with forgery.

Gov. Hampton Explains.

CHICAGO, 1.—The *Journal's* Washington special says: A copy of Wade Hampton's speech at Beaufort, S. C., on Wednesday, has been received here. The criticisms of the northern papers upon the inflammatory manifesto by Hampton regarding the outrages upon the republicans in South Carolina seem to have gone to the quick, as a considerable part of his speech is devoted to an attempt to show that he has not been false to any pledge he made. He says he knows there have been disturbances in the State, but that it is not his duty or prerogative to act as a policeman or constable, and that he feels that he has done his whole duty in preserving peace. In another sentence, Hampton endeavors to soothe the colored voters, by telling them that they shall vote, and that if any disturbance occurs he will use the whole power of his office to quell it and bring the guilty parties to punishment. He appeals to the colored people to uphold him, and promises, if they will do so, that there will be absolute peace in South Carolina. If they do not, the sectional feeling will continue to exist, and trouble will occur, and the colored people will go down before the whites.

Good News for the Afflicted.

MEMPHIS, 1.—Business activity is being resumed. Two deaths.

New Orleans, 1.—The board of health had no quorum to-day. Tomorrow it will declare the epidemic ended.

Vicksburg, 2.—Ice this morning. Three new cases. No deaths.

Fined and Imprisoned.

DETROIT, Mich., 1.—J. J. Slocum, of Greenville, this state, who committed an aggravated assault on Congressman Ellsworth last spring, was to-day sentenced to pay a fine of $200 and be imprisoned in the Detroit House of Correction for six months.

Shipping Disasters.

The schooner *Lake Forest*, corn laden, is ashore at Hammond's Bay, Lake Huron, full of water. The tug *Smith*, from Cheboygan, has gone to the rescue. The schooner *Warts* is ashore on Beaver Island, full of water. The cargo consists of oats and pork for Collingwood. The tug *Leviathan* has gone to her aid from Cheboygan.

The schooner *D. R. Owen*, on entering Manistee harbor this morning, during the gale, struck the north pier and sank. She was loaded with brick. The vessel and cargo are probably a total loss. No insurance.

Later advices from the barque *Woodruff*, sunk at Whitehall, state that the vessel went to pieces this afternoon. Two of the crew are missing.

Indian Children.

SIOUX CITY, 1.—Captain Pratt, of the regular army, went east, today, with forty-nine Indian children, gathered from six agencies up the river, for Hampton, Virginia, where the children will be placed in school at government expense. The children average 15 years of age.

DUBLIN, 1.—The fire in the Maynooth college has been extinguished. Two wings of the college were destroyed. The library was slightly damaged. The loss is estimated at $50,000. The students lost all their personal property. The fire was caused by overheating the warming apparatus.

THE SUN FOR 1878.

The Sun will be printed every day during the year to come. Its purpose and method will be the same as in the past. To present all the news in a readable shape, and to tell the truth thereon, fearlessly.

The Sun has been, is, and will continue to be independent of everybody and everything save the Truth and its own convictions of duty. That is the policy which has secured for this newspaper the confidence and friendship of a wider constituency than was ever enjoyed by any other American journal.

The Sun is the newspaper for the people. It is not for the rich man against the poor man, or of the poor man against the rich man, but it seeks to do equal justice to all interests in the community. It is not the organ of any parsonic class, sect or party. There need be no mystery about its loves and hates. It is for the honest man against the rogues every time. It is for the honest Democrat as against the dishonest Republican, and for the honest Republican as against the dishonest Democrat. It does not take its cue from the utterances of any politician or political organization. It gives its support unreservedly when men or measures are to be approved with the Constitution and with the principles upon which this Republic was founded for the people. Whenever the Constitution and constitutional principles are violated—as in the outrageous conspiracy of 1876 by which a man not elected was placed in the President's office, where he still remains—it speaks out for the right. That is THE SUN's idea of independence. In this respect there will be no change in its programme for 1878.

THE SUN has fairly earned the hearty hatred of rascals, frauds, and humbugs of all sorts and sizes. Those who remember what it did in the year 1877, that is to say, in 1878, 1877, as any year gone by. THE SUN will continue to shine on the wicked with unmitigated brightness.

The events of the past should be constantly kept before the people. THE SUN does not propose to make itself in 1879 a magazine of ancient history. It is printed for the men and women of to-day, whose concern is chiefly with the affairs of to-day. It has both the disposition and the ability to afford its readers the promptest, fullest and most accurate intelligence of whatever in the wide world is worth attention. To this end the resources belonging to well established prosperity will be liberally employed.

The present disjointed condition of parties in this country, and the uncertainty of the future, lend an extraordinary significance to the events of the coming year. The discussions of the press, the debates and acts of Congress, and the [illegible] of the leaders in every section of the Republic will have a direct bearing on the Presidential election of 1880—an event which must be regarded with the most anxious interest by every patriotic American, whatever may be his political creed or allegiance. To these elements of interest may be added the probability that the Democrats will control both houses of Congress, the increased feebleness of the Grant-and-Administration party, and the growth and strengthening everywhere of a healthy abhorrence of fraud in any form. To present with accuracy and clearness the ever-shifting situation in each of its varying phases and to expound according to its well-known methods the principles that should guide us through the labyrinth, will be an important part of THE SUN's work for 1879.

We have the means of making THE SUN as a political and a literary and a family newspaper, more entertaining and more useful than ever before; and we mean to apply them freely.

Our rates of subscription remain unchanged. For the DAILY SUN, a four page sheet of twenty-eight columns, the price by mail, postpaid, is 65 cents a month, or $6.50 a year; or, omitting the Sunday paper, as a large proportion of our readers do, the price is 55 cents a month, or $5.70 a year, postpaid.

The Sunday edition of THE SUN is also furnished separately at $1.20 a year, postage paid.

The price of the WEEKLY SUN, eight pages, fifty-six columns, is 60 a year, postage paid. For clubs of ten, sending $10 we will send an extra copy free. Address

SAVE YOUR HAIR! TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the custom of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND,—The Kathairon is no sticky paste of sulphur and sugar of lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.
