WHITTEMORE ANSWERS QUESTIONS.

Yesterday afternoon Mr. Whittemore, county attorney, in answer to questions by the commissioners, submitted the following opinion in reply:

Gentlemen—I herewith beg leave to submit an opinion pursuant to your request upon the following questions:

First—Can the board in reinstating to the county officers the salaries paid by them to their deputies from January 1 to the present time allow such salaries in excess of two-thirds of the amount of salaries of the respective principals?

Answer—No.

Second—Has the board the power to fix the salary of the superintendent of schools for two years?

Answer—The board may in its discretion fix the salary for either one or two years. I would advise, however, that the salary be fixed the same as in the case of other county officers, viz.: for the period of one year.

Third—Can the board allow any deputy a compensation in excess of the two-thirds limit for extra work done outside of regular hours?

Answer—No. If there are not sufficient deputies in any department of the county governmental service to perform the work required within regular office hours, the evil can only be overcome by the appointment of an additional deputy.

INTEREST BEARING WARRANTS.

Commissioner Christopherson offered the following resolution which was adopted:

Resolved, That the county treasurer be and is hereby authorized and directed to transfer and set over the sum of $[illegible] now in his hands from the fund used for the redemption of interest-bearing county warrants to the fund heretofore created and known as special fund, said money or so much thereof as may be necessary to be used for the payment and redemption of warrants heretofore drawn and issued or hereafter to be drawn and issued by order of the court on the said fund for the payment of the respective amounts due the State, three schools and district schools for their respective proportions on account of delinquent tax sales held by the county in trust to be full discharge of said taxes up to and including March 31, 1896.

MISCELLANEOUS.

R. F. Stewart was appointed deputy fruit tree inspector and various other business, principally of a routine character, transacted after which the commissioners adjourned.

A FEARFUL ACCIDENT.

An Aged Woman Terribly Injured by an Infuriated Cow

WHITNEY, Idaho,
May 4th, 1896.

To the Editor:

Our little town of Whitney, Idaho, was the scene of a terrible accident that occurred on Saturday, May 2, at 5 o'clock p. m., to one of our beloved sisters, Vairie Foster, aged 68 years. As near as we can get at the facts, Sister Foster went out to see to her cow, the latter had just calved and furiously pitched at the intruder, knocking her down, then throwing her up in the air, afterwards stamping and hooking her. Before assistance could come the animal had cut a gash below the victim's right eye, extending to the ear, which took nine stitches to sew up; Sister Foster also had her left collar bone and four ribs broken, also her left leg between the knee and the ankle in two places; besides sustaining internal injuries.

Doctor Candland of Preston was called at once and did all he could for the sufferer, and although she is in a very critical condition, he thinks there are hopes. What makes it worse is that Sister Foster's only son is in England on a mission; and her great desire is to live to see him return home. She manifested great courage while the doctor sewed up her head and face, without taking any drug.

WILLIAM WINWARD.

WILLIAMS WINS AGAIN.

Puts the Tall, Muscular, Long-Armed and Active Texas to "Sleep" in Seven Rounds.

A cool head, good generalship, remarkable capacity for taking punishment and the faculty of making an opponent wear himself out and the further faculty of taking advantage of those conditions at just the proper time, saved Jim Williams from defeat before the Salt Lake athletic club, in what at the outset appeared to be a most unequal contest, with Jack Stelzner, the lanky, muscular and agile trainer of Bob Fitzsimmons.

Stelzner is a giant and a rusher and for the first four rounds out of a seven round battle he made the ring a most tropical place for the Utah man. He had been made fully acquainted with Williams's wonderful endurance and hard hitting powers and by his backers and friends had been told that if victory came to him it must do so quickly. He followed their advice and fought hard and fast. He struck straight from the shoulder, second upper cuts, under cuts and cross counters in rapid succession and with his long arms kept Williams well out of the way and administered some very hard punishment, but he also received some terrific body blows and they began to tell on him, though at the end of the fourth round it looked very much that Williams, for the first time in his pugilistic career would find a Waterloo in the fifth, but sentiment changed rapidly. Williams landed a number of stiff punches in quick succession and when the gong sounded it was seen that his 175 pound opponent was getting weak. In the brief rest that followed Williams gathered more strength than Stelzner and in the six h round he handled him very severely and it was evident that the tide had turned. In the seventh he knocked the big man down three times the last to stay until counted out by the referee.

The contest was witnessed by several hundred men and was presided by the usual preliminaries.

The Deming, New Mexico, Headlight of May 2 says: "Hon. H. L. Pickett of Silver City, who has been one of the leading lawyers of this county for the past fourteen years, started yesterday for Salt Lake City, Utah, where he intends to reside in the future and practice his profession. Colonel Pickett has for years made a special study of mining laws and has long been considered as one of the best mining lawyers of the Territory, having been employed in nearly every large mining case that has been in court in the Territory during the past twelve years. Mr. Pickett goes into a section of the country rich in mining interests and a brilliant future is sure to be in store for him. His many friends in this Territory while grieved at losing one of their ablest attorneys, wish him all possible success in his chosen field."

Price of a Foot.

The jury in the case of Diedricks Olsen against the Union Pacific Railway company, tried in the United States circuit court, returned a verdict in favor of the plaintiff for $2,500. The suit was brought for the cutting off of a boy's foot by defendant's cars.

Ayer's Pills are recommended by leading physicians and druggists, as the most prompt and efficient remedy for biliousness, nausea, costiveness, indigestion, sluggishness of the liver, jaundice and sick headache; also to relieve colds, fevers, neuralgia and rheumatism.

As the strength of a building depends upon the solidity of its foundation, so health depends upon the condition of the blood. To expel impurities and cause the vital fluid to become vigorous and life-giving, Ayer's Sarsaparilla is the most powerful and effective medicine in use.
