DEAD AND INJURED.

Another Cyclone Sweeping a Section of Our Country.

FORTY INDIANS REPORTED KILLED.

Falls City, Nebraska, Mourns the Loss of Life and Property—Debris Everywhere.

OMAHA, May 19.—A special to the Bee from Humboldt, Neb., says: The train arriving here this evening brings reports of frightful results of the cyclone on the Pawnee reservation adjoining this county. They assert that forty persons were killed by the cyclone on the reservation. No particulars are obtainable, and all communication by wire is down. Those killed are supposed to be Indians, as there are few whites on the reservation.

A special to the Bee from Falls City, Neb., says: This city and surrounding country are in mourning tonight, with dead and injured in many families and debris of the devastating elements covering everything. As far as can be learned at present the killed and injured are:

Killed: Eight-year-old son of J. M. Hoocks, Mrs. Sam Haller, John Smith, Mrs. Shook.

Injured: William Brannon and wife, J. M. Hoocks, severely bruised on body and hip; Mrs. J. M. Hoocks, bruised arm and shoulder; Isaac M. Rhoder, very badly cut and injured internally; son and daughter of Mr. Rhodes, both severely bruised; William Hinton, extensive scalp wounds; Mrs. William Hinton, bodily injuries; a daughter of Mr. and Mrs. Hinton, face badly bruised; tramp at Missouri Pacific depot, broken leg and lacerated knee; William Smick, wound on left arm and ankle.

The farm houses of H. E. Lemmon, I. R. Rhoder, W. R. Kent, Sam Haller, Jacob Lichty, Thomas Fakin and William Drugmiller were all blown down and most of the accidents and deaths occurred at these places. It is estimated the damage will be $75,000 to the city and park. Damage in the rural districts is supposed to be much heavier.

TALKING BACK.

Spanish Liberals Denouncing the United States Senators.

MADRID, May 19.—In the senate today Senor Giron, a liberal, protested against the slanders of Spain which were uttered in the United States Senate. He intended, he said, to denounce the intolerable conduct of pirates and brigands against Spain.

The duke of Tetuan, minister of foreign affairs, replied to Senor Giron that the government might join in the latter protest, but that they could not approve the remainder of Senor Giron's remarks. President Cleveland and the United States government had given proof of their respect for the principles of international law, he maintained.

Foreign Crop Conditions.

WASHINGTON, May 19.—The foreign stations gathered by the Agricultural department show the crop conditions throughout the year. The summary follows:

Great Britain—The crop outlook everywhere is good and promises a harvest about two weeks earlier than usual. This would diminish the imports for the remainder of the current year by about five million bushels.

France—With normal weather until harvest, the wheat crop will more than suffice for home requirements. A surplus for export is confidently predicted by French agricultural journals and statisticians. Some expect that it will amount to $1,000,000 bushels. This quantity would affect prices, especially if the French government should pay a bounty on exports.

Roumania—Cold weather in April retarded the crops, but the outlook is generally promising.

Russia—Excellent prospects of a crop above the average in quantity and quality are generally reported. The unfavorable March weather in the south is found to have done no serious damage. Spring sowings have been completed under good conditions.

FROM CUBA.

Maceo Preparing for an Attack on the Trocha.

WATERTOWN, N.Y., May 19.—John A. Finnegan writes from Majagua, Cuba, the southern terminus of the trocha, of a trip made across the island along General Weyler's strong line. He says:

"The trocha could be held by a competent general, but in the end it would be broken by Gomez. Maceo has gone up and down through the west and destroyed the tobacco crop. The Bermuda has supplied him with plenty of arms and ammunition. The country and smaller towns are becoming fast deserted. I travel whole days without meeting scarcely a person. It seems the calm before the tempest."

"Incognito Weyler," as he is known among the people, "lives in fear of personal harm. He feels assassination and has had war vessels always in the bay, because a bomb was exploded in the palace once. He has not been seen on the streets unless in disguise."

PREPARING FOR ATTACK.

HAVANA, May 19.—It is reported that all day yesterday numerous bands of insurgents were passing by Palls and over the river San Cristobal in Pinar del Rio. They were under Roberto Bermudez and Isevin. The mountains on the left hand, they were marching eastward. Their object is believed to be to concentrate in obedience to the plan of Maceo and Gomez so as to have their forces cooperate when they attack the trocha. Maceo is now intrenched at the camp of Ignal Careralicas, at Los Pasoes, near Bahia Honda.

Maceo, it is said here, will not make a formal attempt to pass the trocha until he is sure that Gomez with his forces will also make an attempt to force the military line.

Killed the Child with Serum.

WASHINGTON, May 19.—A profound sensation has been caused among medical men of Germany and France through the fatal effects attending the administration of the famous antidiphtheritic serum in the case of a child of an eminent Berlin physician. A servant in the physician's household showing signs of diphtheria, the doctor, to prevent his child from contracting the disease, administered an injection of the serum and the child died in a few minutes.

Socialists Paid For.

BERLIN, May 19.—The trial which commenced last Friday was concluded today of the forty-seven Socialists, including the president and members of the executive committee of the party, who were charged with violation of the law of association during 1893-4 and 1895. As a result of the trial Herr Bebel has been fined 75 marks, Herren Auer and Plankanen 50 marks, and Herren Singer and Gerish 40 marks each. Most of the others were fined 30 marks. The rest, including two women, were acquitted.

THE SENATE.

WASHINGTON, May 19.—Bills were passed authorizing the purchase by the United States and making free of tolls the roads passing over the Yosemite national park, regulating the pay of non-commissioned officers of artillery, cavalry and infantry of the army as follows: Sergeant major, $30; regimental quartermaster, $30; first sergeant, $30; sergeant, $25; corporal, $17. A proviso to the last bill provides for a continuance of longevity pay as heretofore.

The bill was passed appropriating $200,000 for a public building and site at Deadwood, S. D.

Chandler (Rep., N. H.) secured the adoption of a resolution calling on the attorney general for a statement of the condition of the government suits instituted in New York City as to the Joint Railroad Traffic association between Chicago and the Atlantic seaboard.

The resolution recently presented by Sherman, for the appointment of a committee of five senators to go to Alaska during the recess of Congress and conduct certain inquiries as to seal life, boundary, etc., was reported back by the committee on contingent expenses and placed on the calendar, without favorable or unfavorable consideration.

CONDEMNED AGAIN.

A. P. A. Delegates Pledge Themselves to Defeat McKinley.

WASHINGTON, D. C., May 19.—A consummation meeting of some of the delegates of the American Protective association, claiming to represent twenty states, was held after the adjournment of the convention, and a preamble and resolutions bearing on the McKinley matter were adopted. The names of the states represented and the delegates participating could not be obtained, and all further information was denied. The preamble and resolutions adopted follow:

Whereas, the supreme council of the A. P. A. of the United States at its session Saturday evening, by a unanimous vote, adopted the report of the national advisory board, which report indorsed the action of the executive committee of said board and in plain language said that the executive committee was justified in publishing the political affiliation of McKinley with the Roman political hierarchy, which affiliation is proven by the affidavits of reputable members of the order, and which affidavits have never been controverted except by the unsworn statement of Maj. McKinley himself; and

Whereas, Major McKinley did on May 14, 1896, to a committee of the national advisory board, in the city of Canton, O., state that he heartily approved the principles of the A. P. A., and on the following day gave an interview to the press denying that he had met such a committee, thus giving the lie to the report of the committee, which was composed of honorable and truthful gentlemen; and

Whereas, The members of the supreme council have, during its session, been hounded and badgered by a large McKinley lobby, composed of members and non-members of the order, who have used the most disreputable blackmailing methods to discredit the advisory board and to turn the supreme council into a McKinley ratification, and having signally failed to clear McKinley of the consequences of his pro-papal political record, today after two-thirds of the delegates had started for home, attempted to take revenge by abolishing the national advisory board, and accomplished the same by a vote of 23 to 29;

Resolved, That the delegates in condemnation meeting assembled, denounce the unwarranted interference of the paid McKinley lobby with the affairs of the order, and denounce the cowardly denial by McKinley of his endorsement of the principles of the order given by him to our committee; and,

Resolved, That because of his record as reported by the national advisory board, we herewith pledge ourselves, by our influence and efforts, to accomplish his defeat.

RELIGION AND POLITICS.

Cardinal Gibbons on the Duty of Political Leaders.

WASHINGTON, May 19.—In reply to some questions addressed through the Rev. Dr. Stafford of Washington, D. C., to Cardinal Gibbons, the cardinal has sent the following letter:

BALTIMORE, Md., May 17, 1896, Cardinal's Residence—My Dear Sir:—It is the duty of the leaders of political parties to express themselves without any equivocation on the principles of religious freedom which underlie our Constitution. Catholics are devoted to both the great political parties of the country, and each individual is left entirely to his own conscience. We are proud to say that in the long history of the government of the United States the great Catholic church has never used or perverted its acknowledged power by seeking to make politics subserve its own advancement. Moreover, it is our proud boast that we have never interfered with the civil and political rights of any who differ from us in religion. We demand the same rights ourselves, and nothing more; and will be content with nothing less. Not only is it the duty of all parties distinctly to set their faces against the false and un-American principles thrust forward of late, but as much as I would regret the entire identification of any religious body, as such, with any political party, I am convinced that the members of a religious body whose rights, civil and religious, are attacked, will naturally and unanimously espouse the cause of the party which has the courage openly to avow the principles of civil and religious liberty according to the Constitution.

Patience is a virtue. But it is not the only virtue. When pushed too far it may degenerate into pusillanimity. Yours faithfully,

JAMES CARDINAL GIBBONS.

Supreme Court Decisions.

WASHINGTON, May 19.—Justice Shiras delivered the opinion of the Supreme court in the case of Wong Wing and three other Chinamen vs the United States, reversing the judgment of the circuit court for the Eastern district of Michigan. The Chinamen were sentenced to imprisonment at hard labor in the Detroit (Mich.) house of correction on the charge of being unlawfully within the United States.

The court said that the United States can forbid aliens from coming within its borders and expel them, but when Congress sees fit further to promote such a policy by subjecting the persons of such aliens to punishment at hard labor, or by confiscating their property, such legislation to be valid must provide for a judicial trial to establish the guilt of the accused.

The appeal of George P. Webster and William A. Brady vs Augustin Daly was dismissed for want of jurisdiction. In this case Webster and Brady had been enjoined from using the "rail-road scene" in their play "After Dark," on the ground that it was an imitation of Daly's play "Under the Gas Light." The effect of the opinion is to perpetuate the injunction.

The Supreme court in the case of Martha Botsis vs John L. Beverly reversed the decision of the lower court thereby declaring unconstitutional the mortgage redemption law of Kansas in 1893.

"DR. MILES,

Through His Nervine Is a Benefactor to Thousands."

A WIDELY known Wisconsin publisher, who resides at Green Bay, writes March 9th, 1895, as follows:

"Five years ago I became so nervous that mental work was a burden. I could not rest at night on account of sleeplessness. My attention was called to Dr. Miles' Restorative Nervine, and I commenced to use it with the very best effect. Since then I have kept a bottle in my house and use it whenever my nerves become unstrung, with always the same good results. My son also takes it for nervousness with the same happy, falling success. I have recommended it to many and it cures them. All who suffer from nerve troubles should try it. It is free from narcotics, perfectly harmless, and yet soothes and strengthens. Dr. Miles, through his Nervine is a benefactor to thousands." A. C. LEHMAN, Editor and proprietor of Der Landsmann.

Whooping Cough.

There is no danger from this disease when Chamberlain's Cough Remedy is freely given. It liquefies the tough mucus and aids its expectoration. It also lessens the severity and frequency of paroxysms of coughing, and insures a speedy recovery. There is not the least danger in giving the remedy to children or babies, as it contains no injurious substance. For sale by druggists.

While in Stockton, Cal., some time ago, Thos. F. Langan, of Los Banos, that state, was taken very severely with cramps and diarrhoea. He chanced to meet Mr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and we went to the Holden Drug Store and procured a bottle of it. It gave Mr. Carter prompt relief and I can vouch for its having cured me." For sale by druggists.

Any one who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 220 Boyle Heights, Los Angeles, over his fortunate escape from a siege of that distressing ailment. Mr. Stumm is foreman of Merriam's confectionery establishment. Some time ago on leaving the heated work room to run across the street on an errand, he was caught out in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home, and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment, and by morning was relieved of all rheumatic pains. He now takes especial pleasure in praising Chamberlain's Pain Balm, and always keeps a bottle of it in the house. For sale by druggists.
