DESERET EVENING NEWS.

WANTS THEM ARRESTED.

E. L. Cohen Reveals the Fact That a Pair of Sharp Horsemen are Abroad Here Liberly.

E. L. Cohen, a Russian Jew, a good man and a retailer, is in mental and financial distress. The cause of the distress of his mentalness is told in the following story which is substantially as he related it to a News representative: He lives at 74 Kendall square. I have resided in this city for rather nine years. I have a large family to support and when I have one I feel right and left the way I have it in poetic land. About a year ago I was married to a young lady from Second South street. One day two men came to the house of Cohen—today along and will use a horse, buggies and buggy. They said I was getting a good bargain and I thought to myself and I gave them $20 for the outfit. I got a guarantee into fact it didn't hold good, for about a week later James Thompson of the Murray Cab company came along and claimed the outfit and took it away. Then I went to Assistant County Attorney Harrington to have the men arrested for obtaining money under false pretenses. But he advised me to bring a civil suit. I did so and it cost me $10. Finally I got a writ and then I went to the sheriff with it to have it served, but he said it would cost too much to serve it, and I went to the United States marshal with it, where it was kept for months. After a while Hamilton came along and they told me that I would have to get out a new warrant—that the old one was no good. Well, I went through the whole ceremony again, and up to date it has cost me $200, and still I can't get those men arrested. None of the officers will serve the warrant. The men are in Pine Valley, and they say it is too far away to go after them. Mr. Whitmore told me that he didn't think they had stolen enough—that they had cheated me enough. If it was a nigger over they would go after them."

"Now, I want back pay," continues Mr. Cohen, in a patronizingly confidential tone, "if you think I am getting a square deal—if that is the way you interpret the spirit and laws of this our country. I am an American. I love the United States. I am a citizen of Utah and a taxpayer and therefore help pay the officers who have so refused me to take the steps I have—to speak all the money I have. After I have done this to have them tell me I was not rubbed enough it is hurry right in a country where equal rights should be given to all. It is true I am only a Jew and a poor man, but I am also an American and would do anything for this country. I hate the land of my birth and some of its harsh laws, but even in Russia they don't tell you that you haven't been robbed enough when you want to have thieves arrested. This is all I have to say on the matter at present."

RAILROAD MATTERS.

President Clark of the Union Pacific Talks on Matters of Interest to Utah—Low Carnival Rates.

President S. H. H. Clark, managing receiver of the Union Pacific, on his return to Omaha from his tour of inspection of the western lines, was interviewed by a World-Herald reporter. He is quoted as saying:

"While in Salt Lake I had a conference with George Q. Cannon and others interested in the construction of the road between Salt Lake and Los Angeles. They talk very hopeful and are confident of their ability to build it. I told them that it required a great deal of money to build any kind of a road, and that the sum to construct such a road as they proposed would be startling, but they are confident that they can raise the money and carry the road to completion.

"The company desire to use the Union Pacific from Salt Lake to Milford and from Milford southward to connection. I told them that this would be favorable and that a traffic agreement could probably be made with the Union Pacific, giving them access to Salt Lake. When they propose to begin the construction of the road I do not know.

"It will be several months yet before the Oregon Short Line and Utah Northern leaves the Union Pacific system," said Mr. Clark, "and I cannot say that it would be October I believe anything definite is known about the road. The plan of reorganization of the St. Joseph & Grand Island has just been completed, and I presume it will be some time before the plan is put in operation and the road is taken out of the receivers' hands and operated independently. It has not yet been decided whether or not we will open the Field Beach this season, but I presume that we will."

CHEAP RATES FOR UTAH.

Denver, Colo., May 27.—The Chicago-Utah Passenger association, which is the red tape organization of the Western Passenger Association of the usual delay in communications to Chicago, today inaugurated an independent series of excursions to Utah.

The excursions will be handled from Colorado common points, Denver, Colorado Springs and Pueblo, to Utah common points, Ogden, Salt Lake City and Provo. Tickets for the first excursion will be placed on sale June 30th, 31st and 32d at a rate of $20 for the round trip, and are good going and returning the same route, or going one route and returning another, with a time limit of twenty days from the date of sale and a transit limit of five days in each direction, the going passage to begin on date of sale, return passage to be commenced on date of execution. The second excursion will have the same conditions, tickets being placed on sale June 30th and July 1st.

The first excursion, as Chairman Flynn explained, is for the purpose of enabling parties from the East attending the Junior O. U. A. M. convention in this city to go to Utah and back if they so desire.

For the second excursion, in July, the low round-trip rates are made for the great Midsummer Carnival on July 2nd, 3rd and 4th, at Salt Lake City, to advertise which the Chamber of Commerce and citizens of that city have already expended $10,000.

A stimulant is often needed to nourish and strengthen the roots and to keep the hair a natural color. Hall's Hair Renewer is the best tonic for the hair.

Food, when it sours on the stomach, becomes innutritive and unwholesome. It poisons the blood, and both mind and body suffer in consequence. What is needed to restore perfect digestion is a dose or two of Ayer's Pills. They never fail to relieve.

It is a great mistake to suppose that a simple tonic gives strength; it only stimulates the stomach to renewed action. To impart real strength, the blood must be purified and enriched, and this can only be done by such a standard alterative as Ayer's Sarsaparilla.
