# HOW STOCKS WERE THIS MORNING.

## Call Brought Out a Fair Volume of Business.

## NORTHERN LIGHT ACTIVE.

**Joe Bowers and Midnight Bowers Freely Dealt In—Eagle and Blue Bell Sells at $1.60.**

**TODAY'S METALS:**
SILVER 61¾
LEAD, $4.25
CASTING COPPER, 10¼c a lb

Business in mining stocks continues active. This morning's call brought out sales of 34,100 shares for $8,841.37, while the market remained in fairly good shape, with fractions generally a little in advance of those recorded the day before. Northern Light was a heavy seller between 16 and 17½, while unlisted stocks precipited good business in Joe Bowers at 1c to 1½c, and in Midnight Bowers at 2½, this stock subscribing 14,000 shares at this figure.

Alphabetically the first seller was Daisy at 21 cents. Then attention was turned to Eagle which changed hands at 5 cents, after which Four Aces made transfers at 32 and Geyser Marion responded freely at 15, while Mercur dropped an odd hundred at $1.20. Omaha continued firm and made sales at 42 and 43 and Sacramento was also in good shape, this stock being dealt in to the tune of 700 shares at 47 cents a share. South Swansea advanced and crept back to $1.45, a transfer of this closing being made at this figure. North Swansea was taken at 21½ cents.

The closing figures were as follows:

LISTED MINES.

# MARKET REPORTS

NEW YORK MARKETS.

New York, May 8.—Prices opened irregular today. Changes generally were the merest fractions. The hesitancy was soon replaced by a strong tone and on large buying for both account prices of the prominent shares improved from 1 to 5 points. These were a few exceptions to the movement but the losses were not significant except in American Sugar, which lost 5 points and rallied smartly. The volume of business fell off considerably and the heavy selling this afternoon to do so proved values and met with considerable success in many stocks, owing to the reaction. Metropolitan Street ran way down to 237 and other speculative stocks lost 1 to 2 points.

The bond market was fairly active and quite irregular.

MONEY.

New York, May 8.—Money on call nominally 2½ @ 4 per cent.

Prime mercantile paper, 3½ @ 4½ per cent.

Sterling exchange steady with actual business in bankers' bills at 484¾ @ 485 for demand and at $4.83 @ 4 85 for 60 days; posted rates, 486 @ 488½ and 488 @ 489; commercial bills, 483¾.

Silver certificates, 61½ @ 62.

Bar silver, 61¾.

Mexican dollars, 46¾.

Government bonds, firm; U. S. reg., 108½; 2s reg., 102½; 4s reg., 112½; 4s coupon, 112½; new 4s reg., 139; 4s, coupon, 139; old 4s, reg., 112½; 5s reg., 112½; 5s, coupon, 112½; 2s, reg., 97; 4s, reg., 112½; 4s, coupon, 112½.

SUGAR.

New York, May 8.—Sugar—Raw, firm; fair refining, 4¾; centrifugal, 96 test, 5¼; molasses, 4 test, 4¼. Refined, firm; crushed, 6¾; powdered, 6¼; granulated, 6¼.

CHICAGO MARKETS

LIVE STOCK.

Chicago, May 8.—Hogs.—Receipts, 15,000; yesterday, 24,000; left over, 2,442. Sales, 10 @ 15c lower. Mixed and butchers, $3.65@3.90; good heavy, $3.80@3.90; rough heavy, $3.55@3.70; light, $3.60@3.85.

Cattle—Receipts, 2,500. Market steady. Beeves, $4.25@5.30; cows and heifers, $2.50@4.75; Texas steers, $3.60 @5; stockers and feeders, $3.50@5.00.

Sheep—Receipts, 15,000. Market steady. Sheep, $5.00@5.25; lambs, $4.50@ 6.15.

PRODUCE.

Chicago, May 8.—July wheat opened at 75⅝@75¾, declined to 75⅛@⅜ and advanced to 75¾.

CLOSE.

Wheat—May, 75⅛; July, 75⅝@⅞; Sept, 75⅞.
Corn—May 32½; July, 33¼.
Oats—May, 23½; July, 23½@23.
Pork—May, $9.35; July, $9.45.
Lard—May, 4.82½; July, 4.90@4.92½.
Ribs—May, 4.35; July, 4.45.

CASH.

Wheat—No. 2, red 74¼@74½; No. 3, 73¼@74¼; No. 3, hard, 65c; No. 2, 65¼; No. 1, northern spring, 75¼@⅞; No. 2, 75¼@75½; No. 3, spring, 73@75½.
Corn—No. 2, 32¼@32½; No. 3, 32¼@32½.
Oats—No. 2, 23¼@¼; No. 3, 23@¼.
Barley—37@39c.
Timothy—$4.60.
Flax—1.07½.

KANSAS CITY LIVE STOCK.

Kansas City, Mo., May 8.—Cattle—Receipts, 7,000. Market steady active steers 4.00@5.00. Texas steers 3.25@4.50. Texas cows 3.00@4.00. Native cows and heifers 2.00@4.50; stockers and feeders 2.50@4.10; calves 4.00@6.00; bulls, stags, etc., 2.00@4.00.

Hogs—Receipts 19,000. Market 5c lower; heavy 3.65@3.70; mixed 3.62½@ 3.65; light 3.60@3.65; pigs 3.25@3.60; bulk of sales 3.60@3.65.

Sheep—Receipts 3,000. Market strong. Yearlings 4.90@5.30; western mutton 4.50@4.90; stock sheep 3.50@4.30; lambs 4.75@6.80.

OMAHA LIVE STOCK.

Omaha, May 8.—Receipts 4,100. Market steady to stronger native beef 4.10@5.15; Texas steers 3.00@4.15; cows and heifers 2.70@4.00; canners 2.00@2.60; stockers and feeders 2.50@4.10; calves 4.00@6.00; bulls, stags, etc., 2.00@4.00.

Hogs—Receipts 9,800. Market 5c lower; heavy 3.65@3.70; mixed 3.62½@ 3.65; light 3.60@3.65; pigs 3.25@3.60; bulk of sales 3.60@3.65.

Sheep—Receipts 3,000. Market strong. Yearlings 4.90@5.30; western mutton 4.50@4.90; stock sheep 3.50@4.30; lambs 4.75@6.80.

SAN FRANCISCO MARKETS.

San Francisco, May 8.—Wheat firm. Dec. 1.11¾; cash 1.09¾.
Barley steady. Dec. 80¾; new 67½; cash 1.02.

LONDON WOOL SALES.

London, May 8.—The wool auction sales were continued today with a large number of buyers present. Competition was very spirited for all the essential sources operating freely in superfine grades, greasy wools, which realized 10 @ 15 per cent. dearer than the March series. These grade also met with a strong demand from all directions. The German representatives were more prominent today, their operations showing a marked increase. Crossbreds were hardening and showed a strong home trade support. The offerings comprised 14,117 bales and included a fine show of Australian and Cape greasy. The daily withdrawals averaged only about 225 bales.

WYOMING WOOL SALES.

Rawlins, Wyo., May 7.—Six hundred and five thousand pounds of wool have been sold by local shearers during the past week at prices ranging from 10 to 12 cents per pound. The practice of consigning the product to Boston and other eastern houses for storage and subsequent sale, is being abandoned, the producers preferring the certainty of a direct sale to the uncertainty of future prices.

Clog up a River and it's bound to overflow and make trouble.

Clog up the bowels and the kidneys, the liver, the nerves—every organ in the body will suffer—it's only natural. If you want to be well—try purifying the blood, and you'll find your long-named diseases departing. For a blood-purifier and stomach tonic, there's nothing to equal—
Clears the skin.
Brightens the eyes.
Quiets the nerves.
Hostetter's Stomach Bitters.

# GREAT SEARCH FOR COPPER ORE

## Samuel Newhouse Said to be Gaining a Foothold,

## IN THE VICINITY OF FRISCO

**The Washington Still Improving—Shaft for the Cleopatra—Miscellaneous Mining Items.**

That Samuel Newhouse is gaining a foothold in the hills surrounding Frisco and vicinity, where excellent copper discoveries have been made recently, is the information given the News today by a prominent man in a position to be well posted on such matters. The party stated that of late that section of country has literally swarmed with experts, and that a number of claims which lieen for years have now become the properties of wealthy mining men and are being developed quite vigorously. The copper country is going to the deep to find out what there is in them. Of course, the search in that section is for copper, and that it abounds there is beyond question when it is taken into consideration the number of mines now producing it.

In other quarters it is stated that Mr. Newhouse has become associated with Joe Forbes and Otto Hudson in the development of the Montana group in Rocky district. This mine is shipping ore running 40 per cent copper, and is a very valuable propositon. It is in the locality that P. A. H. Parkin is pushing work on the Morrison group, while the Copper Hatch mine, now held by Gill Peyton and associates, is also one of the prospective bonanzas of this section.

Will Grubbe, who recently returned from Mineral Point, says there is great activity in the Star and Rocky districts, and gives it as his opinion that there cannot be the slightest doubt but that to a comparatively short space of time.

**Salt Lake Week Mine Sold.**

The first payment of $1,000 on the copper property of Jones & Talbert, of Salt Wash, which was sold last week to Messrs. Hudson, parkin and Grubbe, by M. DeAry, was made at Moab on last saturday. The two claims were sold for $15,000, D. Dodge, who will have charge of the development work, and a force of men and supplies left Salt Creek Monday morning to begin work on the property. There is a large amount of ore in sight that will pay to ship, and this will be sacked and taken to the railroad as rapidly as possible.—Grand Valley Times.

**Excursion to Tintic.**

Inviting the public to take part in its miners and prospectors' excursion to Tintic next Friday, the Salt Lake Western says the extent and value of the ore bodies of that camp have never been generally known, and should be appreciated. In the opinion of many expert mining men, the Tintic district is but in the first stages of its development, and the future will crowd it to the front as a producer of gold, silver, lead and copper. The excursion train leaves this city at 8:00 a. m. and returning leaves Silver City at 4:30 p. m., Mammoth at 4:45 and Eureka at 5.

**Hoist for the Cleopatra.**

Mr. J. A. Hunter returned with Mr. C. E. Allen, manager of the Centennial-Eureka, in the Cleopatra at Silver City, one day returned from a tour of inspection of the mines. He reports the shaft on the property 200 feet deep and showing very well in all respects. It is the intention of the owners, he says, to at once erect a steam hoist with a 40-horse power boiler—a power that will be equable of being up to a depth of 1,000 feet and over. Mr. Hunter speaks very highly of the outlook in Silver City.

**West Mercur Showing.**

J. D. Keiffer stated to a "News" reporter today that the West Mercur mine on the Mercur West Top was looking splendidly, the vein matter encountered some two weeks ago continuing with depth and increasing as work progressed on the property. Fresh ore in the tunnel has widened to 4 feet feet and the showing is gradually improving. The shaft is now 50 feet deep and those interested are free in the belief that the mine's future is now well assured.

**Ores Claims Close In.**

What are looked upon as some of the finest ships raises in the State have been uncovered in Ophir canyon, about a point just beyond Neff's canyon, a distance of 12 miles southeast of this city, and the parties who made the discovery and put one man to work on the claims, the idea being to get a sample shipment to the smelter, report the ledge is 21 feet wide and shows big blocks of ores standing upright, in a matrix of rich quartz. The ledge being close in will enable the gentleman to ship the stuff to this city by wagon.

**Mr. Legg Not Committal.**

D. C. Legg, superintendent of the Northern Light, was in the city today. A "News" reporter attempted to interview the gentleman, but he would not admit to such an ordeal. And hence very little information was gleaned. He did intimate, however, that the condition of the property was such as to demonstrate to those interested, when it became generally known, at the same time stating that the present policy of the owners would not permit of a transaction for some time yet. That the mine is a very valuable one, however, is looked upon as a foregone conclusion.

**Tomorrow's Dividends.**

In accordance with previous announcement the Silver King will send out to stockholders tomorrow the sum of $10,000, in liquidation of the May dividend, while the Grand Central will issue checks amounting to $17,500, the payment closing up its first year as a dividend payer. Accompanying these distributions will be one of $1,000 from the Swansea, the whole making a disbursement of $28,500. It is understood the directors of the Bullion-Beck will hold their regular monthly meeting and verify prior to the dividend of $1,000 to be paid on the 15th, while on Friday, the 19th inst., the books of the Centennial-Eureka will close on this company's monthly dividend of 50 cents a share, or $15,000, this to be paid on the 15th.

**Mining in Utah County.**

Provo, May 8.—A quit-claim deed has been filed with the county recorder, in which Ernest H. and Matilda Hogstrom, Charles W. and W. H. Rice and John W. and Anna M. Operston transfer to the London, Waverly, Grover and Valley Jewel mining claims in the Santaquin mining district, for locale in the Iron Prince Mining company.

The following locations have been filed: By Edward Nelson et al, Peacock, situated in Tintic district; by Andrew Dixon, Boulder, situated in Provo mining district; by Amos Erickson, notice of appropriating water of the Andersonville Canyon spring, situated in Salem precinct.

**Bullion-Beck Concentrates.**

The Bullion-Beck mill offer a run of ten days, sent to market the morning five cars of concentrates, the mine having the appearance of carrying ore of high values. The plant is now in good running order and will keep the market well supplied with such shipments, the same tending to swell the company's exchequer and make possible, at least, a continuation of monthly dividends.

**Gold Hummer Mining Company.**

Special Correspondence:

American Fork, May 7.—A controlling interest in the Gold Hummer Mining company has been purchased by Messrs. Fitzgerald, Fitzpatrick, E. H. Harper, W. E. Kelly having disposed of his interest and an option taken on the shares owned by D. C. Oyler. It is the intention of the new owners to take immediate steps for the development of the property, as they feel not satisfied the mine will be a paying one at present. Some of the shares of the company changed hands yesterday, the price paid being 1 cent.

**MINES AND MINING MEN.**

Thomas Weir will return from Tintic tonight.

The Centennial Eureka has seven cars of ore on the market.

The Cotlarlo has nearly 100 tons of ore ready for shipment.

The Marmon mill at Park City, will start up on Ontario tailings about the 1st of June.

Captain L. C. Mar of La Sal mining district, is visiting his son at Florence and Colfax Springs.

John Heinrich and Will S. Green went out to Mercur this evening.

E. H. Airis is expected back from the East the latter part of this week.

A new boiler is being installed on the Morrison group, which belongs to Copper Hatch near Beaver Lake District.

Receipts at the Crescent sampler today amounted to five cars from Tintic, one from Bingham and one from Nevada.

The new strike in the Comstock at Park City is said to be all right. It was made in a crosscut 50 feet from the main tunnel.

Hon. T. R. Jones, manager for the smelter combine in Utah, is quoted as saying that the Mingo will resume in about two weeks.

Reports have it that the Boston Consolidated at Ophir is to be equipped with a concentrator having a daily capacity of 100 tons.

The Taylor & Brunton sampler received seven cars of ore from Tintic today, one from Frisco and three others from outlying points.

Otto Hudson visited the carpenter mine yesterday and was much pleased with the showing. He says the property will be shipping ore in a few days by those holding the lease.

J. W. Lindsay of McCornick & Co's bank, has secured an option on the Big Four and Ontario claims in Big Cottonwood, Nev. The mine shows ore averaging $10 per ton.

Now the ore is in the Bobby Burns at Tintic, preparatory to shipping the first of the year. The company is to be congratulated high-grade ore for so early in years.

Jacob Gelbert, together with members of the Utah exchange, have started a movement looking to securing the mining exhibit now in the Hall of Relics, the idea being to make it a part of the exchange.

The Beaver Lake Mining company has elected E. M. West, president; Otto H. Wood, treasurer, and A. J. McMillan, secretary and manager. The directors are E. M. West, A. L. Morris, Fred Christensen, A. Nash and A. A. West.

The deal which has been pending for some time looking towards the sale to Eastern parties of the Phoenix group of mines in Bingham has accordingly to parties who ought to be well informed, to be off for the present.

Grand Valley Times: G. E. Fonnesbeck and Frank Hulsey, both of Telluride, who have been prospecting on the east front near Dandy Crossing, the past few months, returned home Monday. They made some very promising copper discoveries on their trip.

Grand Valley Times: Constitutionist Waring made his appearance in town this week. Mr. Waring has sold to Denver parties mining claims at Salt Wash, and is interested in a copper lode in the Jones-Talbert property Salt Wash and in the same portion. The first payment was made last week.

At the annual meeting of the Hogsteeke Mining company, held last Saturday afternoon, C. H. Behm was elected president; L. H. Farnsworth, vice president; L. H. Farnsworth, treasurer, and T. L. Mitchell, secretary. Cards with T. Ellis Stevens make up the directory.

A story comes from Colorado to the effect that the La Sal Copper Mining company, of Grand County, Utah, recently purchased a group of claims in the Pot rocks in Montrose county for $20,000. It is understood that the money has been paid to the seller. The property is said to consist of 40 claims, saying 35 to 50 per cent copper and 100 to 150 ounces silver to the ton.

Mr. Frank Lloyd seems to be about one of the busiest mining men in town. He is preparing to leave for his property in Ophir a few weeks before long, but just at present does not care to discuss it, and particularly not as to future operations. Ophir is a town who is very conservative, and it is not to be wondered at as why a newspaper reporter as the ordinary man is of a rattlesnake.

BE INDEPENDENT.

You can tell just as well as a physician whether your Kidneys are diseased or healthy. Just a tonnine with urine and let it stand 24 hours. If it has a sediment, if it is milky or cloudy, disease is present. If it is ropy or stringy, your Kidneys and Bladder are in dangerous condition and you do not need a physician to tell you so.

Kidney Disease should be attended to at once, for almost 90 per cent of all diseases originate in the Kidneys from that cause. Dr. David Kennedy's Favorite Remedy is the only sure cure for Kidney Disease, Bright's Disease, Liver, Bladder and Blood Diseases, Dropsy, Dyspepsia and Chronic Constipation. It is mild and gentle in its action, but safe in the hands, relieves the necessity of urinating so often at night, gives away what seems like a paining energy, corrects the bad effects of whisky and beer and cures to beneficial effects on the system. Sold by druggists at $1.00 a bottle.

If you would like to test Favorite Remedy free of all charge, send your full name and postoffice address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and a free trial bottle, together with a pamphlet of valuable medical advice, will be sent you by return mail postpaid, receiving you mention the "News" when you write. The publishers of this paper guarantee the genuineness of this offer.

SATISFY YOURSELF

Then we will be satisfied for the reason that your satisfaction is ours.

Come and pay us a personal visit and sample our various drinks. It won't cost you a penny, and we will pay you. We have a factory that will interest you. Everything and it is kept spotlessly clean.

There is no other like unto "Ice." We say the same thing after you inspect it. We're always in dead earnest.

The Utah Lithia Ginger Champagne, our new drink, is worth coming to see and taste of. Without doubt it is the finest drink extant. We only put it up in quart bottles.

Salt Lake City Soda Water Co.

Salt Lake City Copper Manufacturing company to E. W. Peck, quit-claim deed, southeast quarter of northeast quarter section 22-27, township 1 north, range 1 west, 1
Hannah Humphries et al to Aaron Keyser, sheriff's deed, lots 36-37, block 4, City Park subdivision, 1,000
Jackson Bolton et al to Aaron Keyser, sheriff's deed, lease and claim in Hughes mine, subject to parties who ought to be well informed, to be off for the present.
Grand Valley Times: G. E. Fonnesbeck and Frank Hulsey, both of Telluride, who have been prospecting on the east front near Dandy Crossing, the past few months, returned home Monday. They made some very promising copper discoveries on their trip.
Grand Valley Times: Constitutionist Waring made his appearance in town this week. Mr. Waring has sold to Denver parties mining claims at Salt Wash, and is interested in a copper lode in the Jones-Talbert property Salt Wash and in the same portion. The first payment was made last week.
At the annual meeting of the Hogsteeke Mining company, held last Saturday afternoon, C. H. Behm was elected president; L. H. Farnsworth, vice president; L. H. Farnsworth, treasurer, and T. L. Mitchell, secretary. Cards with T. Ellis Stevens make up the directory.
A story comes from Colorado to the effect that the La Sal Copper Mining company, of Grand County, Utah, recently purchased a group of claims in the Pot rocks in Montrose county for $20,000. It is understood that the money has been paid to the seller. The property is said to consist of 40 claims, saying 35 to 50 per cent copper and 100 to 150 ounces silver to the ton.
Mr. Frank Lloyd seems to be about one of the busiest mining men in town. He is preparing to leave for his property in Ophir a few weeks before long, but just at present does not care to discuss it, and particularly not as to future operations. Ophir is a town who is very conservative, and it is not to be wondered at as why a newspaper reporter as the ordinary man is of a rattlesnake.

THE BOOK OF MORMON."

Two lectures by Dr. James E. Talmage, on account of its origin, with evidence of its genuineness and authenticity. Prepared by appointment. These lectures are taken from Dr. Talmage's book "The Articles of Faith," but are presented in separate form for the use of Investigators and students. Price 10c. For sale by the Deseret News.
