Meeting of Erie Directors—To Be Sold.

NEW YORK, 13.—A long and excited meeting of the Erie directors was held to-day. The special committee, consisting of President Jewett, John Taylor Johnson, and ex-Governor Morgan, appointed to make a report to the stockholders on the condition of the road, presented their report, and considerable discussion followed, owing, to the rumors afloat that the company could not pay its June interest. It was decided to telegraph to London that some arrangement would be made in regard to the payment of the June interest. In regard to the proposition to raise money by the sale of the company's coal lands, the report stated that a mortgage for half a million dollars had already been made on these lands on a long time loan. President Jewett declined to give the figures of the main part of the report, but said they would be furnished for publication in course of time.

Judge Blatchford, in the U. S. District Court, to-day, on the application of Jay Cooke and Charlemagne Tower, holders of the first mortgage bonds of the Northern Pacific railroad, issued a decree ordering the sale, at public auction, of all the property, including lands and grants, of the Northern Pacific railroad; the lands and grants are to be sold in the States where they are located, the other property in this city, on the first Monday in August. U. S. Marshal Fisk and U. S. Commissioner White were appointed masters.

The Evidence Closed.

Yesterday afternoon, in the Beecher trial, the defence recalled John G. Southwick, and at the close of his examination Mr. Evarts said—"We have nothing else to offer." "Nor have we," said Beach. Evarts rose and made a few remarks, saying he understood that but one counsel on the other side would sum up the case, and he and Porter would sum up for the defence, but together they would not occupy more than five days. In view of the time taken to get the evidence in, he would suggest that an adjournment be had till Wednesday next. Beach said he would rather continue on Monday, but would defer to the wishes of the other counsel. Judge Neilson then ordered an adjournment of the court till Wednesday.

Beecher vs. Bowen.

At the annual meeting of the Congregational Union, to-day, excitement was caused by Dr. Bacon, who said that he would not serve on the board of trustees with a gentleman who did not represent the church, meaning Henry C. Bowen, who was nominated.

The Long Trial.

The following is the *Tribune's* report of the Beecher trial: "Although the end of the trial was thought to be very near, yet there was considerable surprise yesterday when it was suddenly announced, about 5 minutes before 3, that the last witness had given his testimony, and the case on both sides was ready to be summed up and given to the jury. Judge Neilson exhibited unmixed satisfaction when Evarts announced that he rested the defense of the case. The counsel on both sides also appeared relieved, and the jurymen looked at one another and smiled, as if well pleased that their long confinement was so nearly over. The reporters appeared to be ready to throw up their hats and cheer, and there were many congratulations and hands shaking among them. Before the opening of the afternoon session, Evarts and Beach sat for several minutes talking and joking with the jurymen. The subject of their conversation was a proposed adjournment. The jurymen were strongly desirous of going on with the case without adjournment, but yielded finally to the wish of the counsel. After adjournment the counsel on both sides assembled in the judge's room, where they had a private conference concerning the future management of the case. Beecher stood for some time after the court adjourned surrounded by his friends, who shook his hand and congratulated him that the trial was to the completion. Beecher laughed and chatted busily, and Mrs. Beecher stood by smiling pleasantly, but speaking very little. Tilton remained standing alone several minutes, and did not glance in the direction of the group surrounding Beecher. He has been very busy with the papers in the case during the whole trial, and his face wore an expression of relief that his work was done. He left the court-house in the company of his counsel after they had ended their conference with Judge Neilson. On Wednesday morning Judge Porter will begin to sum up for the defendant. He will occupy about one day, with his argument, which will be devoted almost entirely to an analysis of the testimony. Evarts will follow him with another day's argument, devoted to two general legal features of the case. Beach will conduct the whole final argument for the plaintiff. He will begin as soon as Evarts has finished, and will occupy about two days. It is understood that Judge Neilson's charge will not be very long, and he expects that the case will be finished the first week in June."

Fastest Time on Record.

MONMOUTH PARK, 13.—To-day, the fastest race, mile heats, was won by Searcher, who beat Lucy Cox, Hattie Hughes, Light Coin and Lost Fortune, in the first mile, making it in 1 41, the fastest time on record for this track. Gray Planet ran a mile at Saratoga against time in 1 42½.

The condition of General Breckinridge is unchanged. He is unable to converse with the friends who call, but retains his senses. There appears to be no immediate danger of death.

Inflammatory.

OSCEOLA, Pa., 13.—John Sinay, president of the Miners' and Laborers' Benefit Association, addressed an excited crowd of miners here to-day. He said that if Captain Clarke, of the police force, received any injury, the responsibility rested on those who sent him here, not on the miners. He said there were times when people were justified in violating the law. It was robbing on the part of persons who came here now seeking to take the places of those out on strike, for they were robbing children and women of their bread, and should be treated accordingly. Siney then sent an infuriated crowd to Powellton, to drag the men from work, as they did at Fisher's yesterday. It is universally believed, among disinterested citizens, that if there is bloodshed and flames, the responsibility will rest with Siney and Parks, who are under the pay of the national organization, and, it is thought, are being paid by shippers in other regions, to keep up the strike.

Revoked—Leave of Absence.

WASHINGTON, 13.—The special order issued from the War Department, April 8, relieving Major Sprage, chief paymaster of the department of Cal., has been revoked, and the portion of that order relating to the officers of the pay department serving in the military division of the Pacific, has been modified so as to read as follows: "The commanding General of the military division of the Pacific is authorized to cause, from time to time, an interchange of stations between the paymasters in Arizona and those in other parts of said division, the senior paymaster in the department of Arizona to perform the duties of chief paymaster of that department."

The leave of absence granted to Col. De T. Floyd Jones, of the third infantry, has been extended to 11 months, with permission to go beyond the sea.

Still After the Whiskey Thieves.

The Secretary of the Treasury is still engaged in prosecuting the raid against all the parties engaged in the illicit whiskey distillation. The Treasury agents have been requested, in cases where the U. S. attorneys and revenue officials fail to give their full support to the investigations in progress to report their names to the department. Agent Dilwan telegraphs that he has discovered a subterranean tank, capacity of 25,000 gallons, belonging to one of the Milwaukee distilleries.

Peace, Peace.

An official telegram received at the Russian legation, from Berlin, says the Emperor leaves Berlin entirely convinced that the conciliatory disposition which exists there insures peace. The same telegram has been sent to all the Russian legations in Europe.

Seized.

ST. LOUIS, 13.—The rectifying establishment of Freeman & Co., of Kansas city, and the distillery of Sheenan & Sons, St. Joe, have been seized.

Address by Jeff Davis.

HOUSTON, Tex., 13.—Jefferson Davis, in an address to the Texas veterans of the Mexican war, entreated them to be as loyal now to the stars and stripes as they had been zealous and brave in the defense of their first flag.

Nominations.

LOUISVILLE, Ky., 13—At the republican State convention in this city to-day, General Harlon was nominated for governor, Robert Boyd, Lt. governor, W. L. Goodloe, attorney general, Reuben Patrick, register of the land office, Wm. Berry, auditor, P. B. Ratcliffe, treasurer.

Want Cuba Recognized.

ALBANY, N. Y., 13.—The Assembly, to-day, unanimously passed resolutions calling on the government to recognize the belligerency of Cuba.

Decision by Judge Dillon.

DES MOINES, Ia., 13.—In the U. S. circuit court, to-day, Judge Dillon gave a decision in the Union Pacific Railway terminus case, which was argued before him last Fall. He holds that the legal and stipulated terminus of the road is on the Iowa shore of the Missouri river, as to the bridge, he decides that the owners have an undoubted right to charge reasonable tolls. A *supersedeas* was issued in the case, and the right of appeal will be argued before the Supreme Court in October.

WESTERN.

Club Dinner—Sole—News from Australia and the Sandwich Islands.

SAN FRANCISCO, 13.—The Harvard club is holding its annual dinner to-night. Letters have been read from Charles Francis Adams, O. W. Holmes, and President Eliot, of Harvard College. Among the guests are Governor Pacheco and Mayor Otis, of S. F., and President Gilman, of the University of California.

By the arrival of the *City of Sydney* dates from Sydney to April 10th, Auckland 8th, and Honolulu, May 4th, have been received.

[illegible] G. St. Allen, [illegible] President of the Legislative Assembly. In a speech by Robertson, setting forth the policy of the government, he stated that the government was endeavoring to carry out the mail service *via* San Francisco, in accordance with the contract made by his predecessors with the government of New Zealand. Parliament has included, in the supply bill recently passed, five thousand pounds for the representation of the colony at the Philadelphia Exhibition. The proposal for a [illegible] between New South Wales and Tasmania, made by the latter colony, is favorably regarded by the government of the former. On Tuesday and Wednesday, April 6th and 7th, an intercolonial exhibition, under the auspices of the Agricultural Society of New South Wales, was opened by the Governor, Sir Hercules Robinson. The place devoted to American products contained an interesting exhibition, California, where tobacco, fruits, and manufactures being well represented.

Honolulu. The *Commercial Advertiser* of May 1st says, that in January last Z. S. Spalding, acting under instructions from San Francisco, made a proposition to the sugar planters of Honolulu, for the construction of a railroad, the terms of the proposition were [illegible] remained open for discussion till Monday last, when, at a meeting of planters and others, the proposition was disapproved.
