The Late Cyclone, &c.

WASHINGTON, D. C., 27.—The signal office reports as follows in reference to the recent cyclone at Indianola:—"The lowest barometer accurred on the p. m. of September 16th, when it stood 28.99 inches, with a maximum velocity of the wind at the same time of eighty-six miles per hour." Thousands of drowned cattle are strewn over the prairies south of the town. Several light coasting steamers are lying in the same direction, from six to ten miles inland.

Secretary Delano will return to Washington to-morrow, for the purpose of closing his official and private business.

Returned from Colorado.

ST. LOUIS, 27.—Jeff Davis returned from Colorado to-day, much improved in health; he will leave for home to-morrow night. President Grant and party will leave for Des Moines, Iowa, to-morrow morning.

Attacked by a Mob.

FALL RIVER, 27.—The mob assaulted some operatives of the linen mills at noon, and a girl was struck on the head with a stone. The police were sent to the scene, and the crowd was promptly dispersed. Five companies of the 3rd regiment of the M. V. M. have arrived from Taunton.

$90,000 Fire.

NEW YORK, 25.—The Star oil mills, at New Brunswick, owned by Chas. Myer, were burned yesterday; loss $90,000, insurance $65,000.

The direct cable parted this p.m. in the ocean section.

Money Pouring In—When Stock Boards Reopen.

SAN FRANCISCO, 27.—Coin has been pouring into the Bank of California rapidly to-day, in payment of the assessment of twenty per cent on the guarantee fund levied by the syndicate on Saturday; about six hundred thousand dollars had been paid in at 3 p.m.; the balance will come in to-morrow.

The committees of the big stock boards have decided to recommend that both boards resume business on Tuesday, October 5th, the Banks of California and Nevada being expected to open on Monday. It is thought there will then be no difficulty in making settlements, and that there will be a good market. The feeling in stocks was very lively this morning, attributable to the prospect of the immediate reopening of the Banks of California and Nevada, and the loosening of the money market.

FOREIGN.

GREAT BRITAIN.

Princess May Married.

LONDON, 27.—A special from Berlin says Dean Suschinsky has joined the old Catholics, who were thus obliged to decide the question in regard to priests marrying, and they decided it affirmatively. The government has resolved to protect Dean Suschinsky in the enjoyment of his temporalities.

The Swedish Arctic Expedition—The Grain Trade—Damage by the Storm.

Dispatches from the Swedish arctic expedition report its arrival at Hammerfest, Norway; all the officers and men were well. An important map and scientific collections were made.

The *Mark Lane Express*, this evening, has the following review of the corn market for the week: "With abundant importations, prompted by the unfavorable aspect and the general unsuccessful gathering, the course of prices has been further downward, say from 1 to 2 shillings, and though we see no cause [illegible] alarm, we thinks [illegible] to sell [illegible] foreign [illegible] check a further downward move [illegible] the winter approaches [illegible] France is [illegible] our decline. [illegible] has slowly [illegible] on flour, with a [illegible] wheat, but the provinces [illegible] change notwithstanding [illegible] arrivals at Marseilles. The present depression is more to be attributed to immense foreign supplies than anything else, but we may expect a speedy falling off in these supplies, and some reaction in prices, because none of the export markets have been reduced in the proportion to England. In Belgium the decline has stopped; it is much the same in Holland, and while some of the German markets show higher rates, those of St. Petersburg show some reductions and as every quarter which has lately been placed in granary will be needed, it is but reasonable to expect that better prices will be paid in the autumn. Across the general average which is represented by the business of a fortnight back is higher than last year by 1 shilling and 11d, but the transactions at the present time will about bring the rates to a level."

Further accounts from the north show that great damage has been done by the storm. At Manchester a large mill was prostrated by the gale, and the falling walls crushed later the next buildings, causing great destruction of property, but no loss of life. Many vessels broke adrift in the Frith of Forth, on the Tyne, at Shields and in the Mersey, and the casualties are numerous. The damage by the storm in Liverpool was immense, nearly every building in the city suffering slight injury; there were several casualties.

SERVIA.

Belgrade Supposed Danger.

BELGRADE, 27.—All the public functionaries except the chiefs of departments have been notified that they are liable to be called on for military service, and must hold themselves in readiness. The newspapers announce that the minister of war has returned from Kragujivatz, and has made a requisition for 1,000 horses, and they say that the landwehr cavalry in the district of Belgrade have received orders to proceed to the frontier.

ITALY.

The Concordat Protest.

ROME, 27.—Yesterday a copy of a note, received from Canovas de Castillo during his premiership, was dispatched to Cardinal Simeoni, the papal nuncio at Madrid, from the Vatican. It promises the re-establishment of the Concordat.

Cardinal McCloskey had a long conference with Cardinal Antonelli yesterday.

TURKEY.

Exhortation to the Porte.

CONSTANTINOPLE, 27.—The great powers have most earnestly exhorted the Porte and the Servian government to avoid any precipitate act.

Arrival at Mostar.

The consuls of Germany, Austria and Italy arrived at Mostar on Friday. In view of the failure of the attempts to arrange a conference with the insurgents, the representatives of the northern powers resolved to request the consuls to confer with Servier Pasha, in order to suggest a practical solution of the question. The French ambassador declared his adhesion to this proposal on the strict condition of non-intervention; the British and Italian ambassadors also declared their opinion that the mission of the consuls was ended, but they promised to apply to their respective governments for further instructions.

SPAIN.

Elections for the Cortes.

MADRID, 27.—The *Diario Espanol* states that the government has determined to hold elections for the Cortes shortly.

The King of Spain will deliver the cardinal's hat to Monsignor Simeoni, at the ceremony of investiture.

It is reported that the Carlists fired several times at a British man-of-war, near Motreco.

Want Peace.

SARRAGOSSA, 27.—Prominent Carlists and the Carlist committees in foreign lands are endeavoring to persuade Don Carlos to abandon the struggle. The inhabitants of the Carlist provinces favor reconciliation with Alfonso. An additional slight success for the Alfonsist forces is reported.
