SINGER SEWING MACHINES

WERE SOLD WITHIN THE PAST YEAR.—*Scientific American*, June 10, 1871.

The Singer Manufacturing Company

AT THE WORLD'S FAIR

—Constituted by the homes of the people—

Received the Great Award of the Highest Sales and have left all rivals far behind them, for they

Sold in 1870 127,833 Machines!

SEWING MACHINE SALES FOR 1870.

"The magnitude to which the manufacture of Sewing Machines has attained is shown by the "SWORN" returns (to which any one can have access) of the manufacturers for the year 1870 to the owners of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

The Singer	127,833	Florence	17,660
Wheeler & Wilson	83,298	Gold Medal	8,912
Howe	75,156	Ætna	5,806
Grover & Baker	57,402	Empire	3,560
Weed	35,002	Finkle & Lyon	2,420
Willcox & Gibbs	28,870	Parham	1,760
American Buttonhole & Overseaming	14,573	Wilson	500

And several other companies who sold a few Machines.

It will be seen by this table that the popularity of the **Singer Machine far exceeds that of all others**, their sale being one-half greater than even that of the famous "Wheeler & Wilson" machine. This is owing to the fact that, the **Singer Company** have **lately** commenced making, besides their old and well established manufacturing machine, what is known as their "**New Family Machine**," which is selling at the rate of nine to one better than their old style." Their total sales for 1869 were 81,731 machines against the 127,833 of 1870, **showing an increase of one-half in the latter year.**"—*New York Sun.*

One-half of our Gigantic Sales, now nearly

THREE-QUARTERS OF A MILLION

Machines Sold,

AND ALL IN PRACTICAL USE, WERE MADE WITHIN THE PAST THREE YEAR

But the greatest increase of our Sales over all other Machines, being within the past year This is incontestible proof that

Our Machines are the Best in the World!

The New Family Singer Sewing Machine,

With Attachments for All Kinds of Work,

Is fast winning supreme favor in the household, as shown by the rapidly increasing sales, over all other machines.

This **New Family Machine** is now capable of a range and variety of work such as was **only recently** thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, speedy and smoothly running of all the Family Sewing Machines. It is ecru sole not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the **interlocked-elastic-stitch**, alike on both sides of the fabric sewn; the only stitch which is universally approved, or is at all adapted to first-class work. Thus, beaver cloth, or leather may be sewn with great strength and uniformity of stitch, and, in a moment this willing and never-wearying instrument can shift from the work on gauze or gossamer tissue, or the tucking of fairies, or ruffling, or almost any other work—even by a child—which delicate fingers have been sewing to perform. Even careless and thoughtless have little or no trouble on this machine.

Send for Descriptive and Price Circulars.

We manufacture our own needles, silk and twist; furnish linen and cotton thread and oil—all of superior quality—but which can be relied on only when obtained through our Principal or Branch Offices, or Agencies.

Other Sewing Machines Repaired on Reasonable Terms!

A RAILROAD WATCH.

Travelers by Railroad frequently find their watches completely demoralized by the continuous jar of the train. To overcome this difficulty has long been a problem with watchmakers, and it is now successfully accomplished in the new grade made by the AMERICAN WATCH CO. OF WALTHAM.

This Watch is made in the most substantial manner, on the most approved principles, and combines all the recent improvements. It has a new micrometrical regulator, by which the slightest variation can be easily corrected. It is carefully adjusted, and may be entirely relied on to run accurately, wear well, and ENDURE THE HARDEST USAGE, without any derangement whatever. We confidently recommend this watch to the trade and the public as the BEST WATCH FOR THE PRICE IN THIS MARKET.

The full trade-mark engraved on the plate of each watch is "AMERICAN WATCH CO., CRESCENT-ST., WALTHAM, MASS." and it is distinctively known as the CRESCENT-ST. Watch.

For sale by all leading Jewelers.
