Appreciating the fact that a majority of the people prefer separate apartments for different purposes (and the immense passenger business of this line warranting it), we are pleased to announce that this Company runs Pullman *Palace Dining Cars* for eating purposes only. One other great feature of our Palace Cars is a SMOKING SALOON where you can enjoy your "Havana" at all hours of the day.

Magnificent Iron Bridges span the Mississippi and Missouri rivers at all points crossed by this line, and transfers are avoided at Council Bluffs, Kansas City, Leavenworth, and Atchison, connections being made in Union Depots.

FOR RESTORING GRAY HAIR

TO ITS NATURAL VITALITY AND COLOR.

Advancing years, care, disease, disappointment, and hereditary predisposition, all turn the hair gray, and either of them incline it to shed prematurely.

AYER'S HAIR VIGOR, by long and extensive use, has proven that it stops the falling of the hair immediately; often renews the growth; and always surely restores its color, when faded or gray. It stimulates the nutritive organs to healthy activity, and preserves both the hair and its beauty. Thus brashy, weak or sickly hair regrows with lively expression; falling hair is checked and stabilished; thin hair thickens; and faded or gray hairs resume their original color. Its operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions, diseases of the scalp are impossible.

As a Dressing for Ladies' Hair, the VIGOR is praised for its grateful and agreeable perfume, and valued for the soft lustre and richness of tone it imparts.

AMERICAN.

Military Masters.

WASHINGTON, 10.—General Sherman has submitted to the Secretary of War a special report upon the subject of military posts and forts, in which he says now is the time for a radical change in the whole system of piecemeal work in quartering troops of the United States. For a hundred years we have been sweeping across the continent with a skirmish line building a post here and another there to be abandoned next year for another line, and so on; and now we are across, and have railroads everywhere, so that the whole problem is changed; and I advise the Honorable Secretary of War to go to Congress with a plan that will approximate permanency, instead of as heretofore meeting specific temporary wants by special appropriation, often in the interest of parties. For the enlargement and improvement of military posts, General Sherman recommends the Secretary of War to ask Congress for a million dollars per year for five years, to be expended by him at the discretion of officers of the Quartermaster's Department. By that process he thinks we will have an abundance of good quarters for the whole army for the next fifty years.

The report of General McDowell, commanding the military division of the Pacific, calls attention to the report of his department commanders. He says that there are at this time no hostile Indians anywhere in his division. He calls the particular attention of the War and Interior departments to the case of certain Piute Indians who were taken away from their tribe and homes in California and carried to an Indian reservation among a strange people. He says their return to their tribe and homes should not be considered a question of administration, of convenience or of economy, but a matter of good faith and mercy. General McDowell, in conclusion, says: I have found it one of great inconvenience and delay in the limitation now imposed by law on the hours of sessions of court martial, making it illegal to sit after 3 p.m. A reference to Lord Macaulay's History of England will show this limitation was imposed by Parliament because at the time it was done 3 o'clock was the dinner hour, and it was the custom of gentlemen to be in such a state after dinner as to unfit them for judicial functions. But officers do not dine at 3 o'clock now, and do not get drunk when they dine, and the restriction has ceased to have any functions; it is simply a relic of the past, which is a cause of much inconvenience and delay alike to the court and the prisoner, especially at distant posts.

The Red Men.

YANKTON, Dakota, 10.—The Sioux commission reached here last night and leaves for Standing Rock agency on Monday. It has closed an agreement for the cession of a portion of the Sioux reservation with the Santee, Pine Ridge and Rosebud Sioux. Everything is progressing favorably, and the commission is satisfied with the work so far.

Washington, 10.—Information has been received at the Department of the Interior that Agent McLaughlin, at Standing Rock Indian Agency, has been trying to have a United States commissioner or deputy marshal to go to that agency and take charge of a number of men, recently announced as arrested for intruding upon the reservation. The intruders have a large quantity of buffalo skins which they obtained off the reservation. The case was recently referred to the Department of Justice by the Indian Bureau.

The report of S. C. Armstrong, superintendent of Hampton, Va., Industrial School, for the fiscal year, has been submitted to Indian Commissioner Price. There are now 30 girls and 54 boys at the school. It is recommended that after six months at school, as an incentive to labor, students be paid 25 cents per day, one half to be retained until the students leave for home.

N. H. Wilkinson, Superintendent of Forest Grove, Oregon, Indian training school, submitted his annual report to the Commissioner of Indian Affairs. It shows the total number of students are 91 boys, 54 girls. Eighty-nine of these are divided among several tribes as follows: Chehalis 6, Alaskans 12, Nesqualluss 3, Oyster Bay 2, Pitt River 2, Piute 1, Pugatt 22, Spokanes 18, Snohomis 1, Umatillas 10, Warm Spring and Wasas 12. Attention is directed to the blacksmithing, shoemaking and carpentering departments. The course of instruction is the same as at common schools, and the progress of the students satisfactory.

Land Entries.

Acting Secretary Joslyn of the Interior Department, rendered a decision to-day in which he holds that land entries made for grazing purposes do not constitute residence.

Acting Secretary Joslyn decided a case to-day where a husband and wife were voluntarily divorced in order that the wife might make entry of land under the homestead laws, and the woman subsequently lived with her divorced husband. The decision holds that in consequence thereof the woman cannot be considered the head of a family within the meaning of the law, and the land entry is fraudulent.

An important ruling was made to-day by Commissioner McFarland that will establish a precedent. It reads: "In case of simultaneous application for timber culture entry of a tract in the same section, registers and receivers are instructed to sell the right of entry to the highest bidder, as in homestead cases."

The appeal of the lawyers of this city to the U. S. Supreme Court for an injunction to restrain the Commissioner of the Land office from issuing any more patents to the railroads which have not completed their roads in accordance with the grants, was completed to-day and forwarded to New York.

Fires.

NEW YORK, 10.—The Bierstadt place at Irvington on the Hudson, owned by Albert Bierstadt, the artist, was destroyed by fire this morning. The origin of the fire is unknown, but the theory is that it started in the chimney flues. Henry T. Chapman, Jr., a member of the New York Stock Exchange, occupied the mansion during the past season, and yesterday morning returned to his home in Brooklyn. It was erected sixteen years ago at a cost of $100,000. The studio, 75x50 feet, with ceiling thirty-five feet high, was situated in the rear of the second story. All the rooms were spacious; the interior was finished in hard woods; large Turkish rugs took the place of carpets; furniture costly; nearly every room contained from three to ten valuable pictures of the famous artist. In the library were two pictures of the famous Yosemite Valley, valued at $10,000 each. The house was filled with many valuable trophies and curiosities, which Bierstadt had collected in Yosemite Valley and elsewhere. As far as is known these valuable relics and furniture were totally destroyed. The furniture itself was probably worth $10,000. The pictures and curiosities are estimated to have been worth $100,000 more.

Newbern, N. C., 10.—A fire this morning destroyed eight buildings. Loss, $500,000; partially insured.

Death and Disaster.

MONTREAL, 10.—The steamer *Argon* is ashore on Anticosti Island, condemned and dismantled. Her cargo of iron will be recovered.

Council Bluffs, 10.—The northbound express on the Wabash, St. Louis & Pacific Railroad was ditched near Northboro this morning, and the train badly wrecked. The baggageman and express messenger, Mr. Grove, were instantly killed.

Whitehall, N. Y., 10.—Four tons of powder exploded at the Keenan Lime Works, Smith's Basin, to-day. Two men, Dennis Golden and Joe Cameron, who had charge of the powder house, were blown to atoms, some parts being found half a mile distant. It is supposed the men were smoking.

Omaha, 10.—The Wabash train from St. Louis was ditched at an early hour this morning between Stanberry and McCurry, and the Pacific Express managers, Harry A. Groves, was killed by a safe being thrown against him. He leaves a wife and two children in St. Louis. A brakeman, name not learned, was seriously hurt. No others injured.

Macon, Ga., 10.—To-day the iron bridge of the Georgia railroad over Sconee river at Athens fell, killing one workman and seriously wounding six.

Boston, 10.—A freight train on the New York and N. E. R'y was wrecked near Jackson. Fireman injured.

Not a Candidate.

BOSTON, 10.—Blaine this afternoon went to New York.

Those persons, and they doubtless are numerous, who are expecting the Hon. Jas. G. Blaine to seize the opportunity to make an attack on the administration, are doomed to disappointment. The ex-Secretary was in this city several hours today on his way from Augusta to Washington. He refused to be interviewed, but nevertheless talked to one or two personal friends concerning the political questions. He does not see in Tuesday's reverses anything to cause despondency for the future of the republican party. The democratic party suffered an overwhelming defeat in 1840, but carried the election in 1844. The republican party was practically beaten in several of the most important northern States in 1862, but Abraham Lincoln carried all except one or two of them in 1864.

He believes victory may be achieved in 1884 by presenting as a candidate for President a man upon whom both factions can unite, and who has the confidence of the country. It looked to him as if Ben Harrison was the one for the exigency. To the accomplishment of that result he will lend his influence as a private citizen who believes republican success in 1884 is essential to the welfare of the country, Blaine, there is reason to believe, he was in earnest in saying that he was not a candidate for the Presidency, or for any other office, in August last: To-day he re-affirmed the statement and left off the qualifying clause. His language is now: "I want you distinctly to understand I am not a candidate for the Presidency, or for any political office, and nothing can induce me to be." This to an intimate friend of Blaine.

Crimes.

ATLANTA, Ga., 10.—Last night two masked men set fire to the stable of Mr. Brandenburg, near Erin. While Mr. Brandenburg was at the fire the men entered his house, shot at Mrs. Brandenberg and her niece, and seized a trunk containing $1,000 in money and $5,000 in Government bonds.

Washington, 10.—District Attorney Corkhill says he does not believe the report that Captain Howgate is concealed in New Orleans, nor does he believe he will surrender.

New York, 10.—Henry Boas, election inspector, is sent to the State Prison for one year for violation of the election laws.

Dallas, Tex., 10.—At Henrietta, last night, C. M. Burgess, defeated candidate for county judge, shot and instantly killed, R. M. Donnelly, a young lawyer who had spoken ill of him during the campaign.

St. Louis, 10.—Chas. McDonald, alias Joe Claxton, is arrested for writing letters to Kate Claxton, the actress, claiming to be her son, and demanding money. Chas. Stevenson, the husband of Kate Claxton, sent the letters here. The letters are signed Joe Claxton, and are addressed, "My dear Mamma Claxton." They are written by an ignorant person. It is doubtful whether McDonald, who is known to the police, can be held for blackmail.

New York, 10.—Amelia Gilchrist, member of the Salvation Army, confessed in court to-day to having three husbands.

Hanged.

KNOXVILLE, Tenn., 10.—Hodge brothers, colored, were hanged today for the murder of James McFarland. The gallows was made of a beam and two posts. The condemned men were put on a wagon and driven under, the ropes attached, and the wagon driven out. The men were pulled slowly off the wagon by the ropes, and strangled gradually. Their struggles were violent. They chose this primitive style of scaffold themselves.

A Singular Voyage.

Cincinnati, 10.—Dr. S. S. Kendall and wife, of St. Johnsbury, Vt., and Dr. C. A. Kneide, of Schuylerville, N. Y., reached here to-day by canoe, having left Lake George August 19th, going thence by water to Buffalo, thence to Alleghany and down the Ohio. Mrs. Kendall returned home from here, but the others propose to continue the voyage to the Gulf, thence along the coast to New York, and up the Hudson to Ithaca, New York, a point which they hope to reach next August. They are the guests of the Cincinnati Canoe Club.

Mr. John Calahan and his wife, 301 E. Forty-first street, New York, were both cured, he of a severe sprain and his wife of rheumatism, by one bottle of St. Jacobs Oil.

FROM

COL. L. T. FOSTER,

YOUNGSTOWN, Ohio, May 10th, 1880.

DR. B. J. KENDALL & CO., Gents:—I had a very valuable Hambletonian colt that I prized very highly, he had a large bone spavin on one joint and a small one on the other which made him very lame; I had him under the charge of two veterinary surgeons which failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the *Chicago Express*. I determined at once to try it and got our druggists here to send for it, they ordered three bottles; I took them all and thought I would give it a thorough trial, I used it according to directions and the fourth day the colt ceased to be lame and the lumps have disappeared. I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles who are now using it. Very respectfully,

L. T. FOSTER.

Kendall's Spavin Cure

Is sure in its effects, mild in its actions as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargements, such as spavins, splints, curbs, ringbones, callous, swellings and any lameness and all enlargements of the joints or limbs, or for rheumatism in man or for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mildly and yet certainly in its effects.

Send address for illustrated circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as well as man.

Price $1, per bottle, or six bottles for $5. All Druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors, DR. B. J. KENDALL & CO., Enosburgh Falls, Vt.
