THE JAPS IN COREA.

Likely to Be Hemmed in by Enemies on All Sides.

SATIVES RISE AGAINST THEM.

The Black Flag General Ordered to Formosa—A Disastrous Fire at Chung King.

SHANGHAI, Sept. 14.—If reports from Corea can be believed, there seems no doubt that the Japanese forces operating against the Chinese are likely to be hemmed in. Dispatches from Fusan bring additional confirmations of the reports that the whole of southern Corea has risen against the Japanese. It also seems confirmed that the Japanese force of 2,000 who attempted to march from Fusan to meet met with disaster serious enough to compel them to return to the former place with 1,200 of their number missing. A force of 2,000 fresh troops have arrived at Fusan to protect the Japanese settlement against the anticipated attack by the armed Tonghaks gathering in the neighborhood.

THE BLACK FLAG ORDERED OUT.

General Liu Yung Fu, the prominent black flag chief of Annam, has received orders from the throne to depart as soon as possible for Formosa, where he is to act as assistant imperial highway commissioner.

General Liu Yung Fu at the end of August attempted to transport 500 soldiers from Hwaiwe to Formosa, but heading rumors that the Japanese squadron was cruising in the vicinity of Formosa, the captain of the steamer engaged to transport the Chinese troops would not put to sea in spite of the entreaties and threats of the Black Flag general. Nothing daunted, General Liu Yung Fu succeeded in smuggling his men to the island in small parties.

The transport steamer was afterwards overhauled by three Japanese cruisers, who sent armed men to board her. The Japanese officers examined the ship's papers and searched the steamer, evidently having received information that General Liu Yung Fu was likely to be on board.

A disastrous fire occurred at Chung King on the evening of August 25. The conflagration is said to have raged all night. Before midnight, the whole southeastern portion of the city was in flames. About thirty persons are known to have perished and it is probable that the actual loss of life is greater.

It is roughly estimated that the loss by the fire will amount to fully $3,000,000 taels. About 2,000 buildings were destroyed. No foreign houses were burned.

A BRAZILIAN DUEL.

LONDON, Sept. 14.—Officials of the Brazilian legation declare that the Montevideo dispatch published by a news agency, saying that Admiral Da Gama and other officers were shot without trial, by order of President Peixoto of Brazil, in the fortress of Santa Cruz, April 25, is false.

A Murderer Executed.

SANTA FE, N. M., Sept. 14.—James Barrett, the murderer, was executed by Sheriff Romp at Lily this afternoon. Barrett was a railroad man from Missouri who, while suffering from alcoholic mania at Seven Rivers, killed John Hollman.

Omaha's First Snow.

OMAHA, Sept. 14.—The first snow of the season fell here this morning. It was followed by a heavy rain storm from the north.

An Eruption Threatened.

GUADALAJARA, Mex., Sept. 14.—Another eruption of the Colima volcano, on the Pacific coast, south of this city, is threatened and the inhabitants of the adjoining valley are in a state of excitement. An eruption at this time would result in heavy loss of crops and great damage to other property.

The Gaelic Relief Society.

YOUNGSTOWN, Ohio, Sept. 14.—The Gaelic lodge, one of the oldest German lodges of Knights of Pythias in the United States, has decided, with but four dissenting votes, to withdraw from the order and organize the Gaelic Relief Society.

THE QUEEN OF THE SEA.

The Lucania Now Wears the Proud Title.

LONDON, Sept. 14.—The Lucania reached Queenstown at 3:47 a. m., making the passage from New York in 5 days, 8 hours, 33 minutes.

The Lucania's days' runs were 441, 512, 494, 514, 530, 537, making a total of 2910 knots; her average speed being 21.83 knots. A singular feature of the trip is the fact that the Lucania's record for both the eastward and westward voyages are identically the same, namely: 5 days, 8 hours and 38 minutes, but on the present eastward trip she covered 23 miles more than on the record-breaking trip last month.

The Lucania, by her present performance, firmly establishes her position as "queen of the sea," having crossed the ocean in both directions in less time than any other steamer. She holds the highest average hourly speed record, 21.89 knots, made last June, and her 560 knots covered in one day is still the record for the longest day's run.

BUSINESS MEN'S RIGHTS.

Druggists May Refuse to Sell Soda Water to Colored Customers.

BLOOMINGTON, Ills., Sept. 14.—Judge Tipton, of the circuit court here, has rendered a decision respecting the legal rights of men engaged in business. In July last two colored men applied to H. H. Hirsch, who keeps a soda fountain in his drug store, for soda water, and were refused on account of their color. Each sued Green for $500 damages under the statute of civil and legal rights. Judge Tipton decided they had no cause of action; that the law prohibiting keepers of hotels, restaurants, eating houses, barber shops, public conveyances, theaters and places of public accommodation and amusement from discriminating between people on account of color, did not apply to a druggist or one keeping a soda fountain, and that it did not apply to merchants dealing in dry goods, groceries, etc., and other professional men, and they might choose the persons with whom they wished to do business. The case will be appealed to the supreme court.

A Dangerous Counterfeit or Arrested.

BOWERSVILLE, Ind., Sept. 14.—A sensational arrest was made in Washington township last night by Relief Carter, a secret service officer, and C. P. Taylor, deputy United States marshal. For a week the service has been trying to locate "Hook" Harlan, one of the most dangerous counterfeiters in the West. Last week Philip and Nelse Crisp, of this township, were arrested in Marion county and turned up with $1,000 worth of spurious coin in their possession, which has been fabulous thing by Harlan, whom it was impossible to locate. It was learned that Harlan was a brother-in-law of the notorious "Doc" Hawkins, over whose head large rewards warrants in similar character, and who is the brother of the late Charles Hawkins, who was hanged in this county twenty years ago for the unprovoked shooting of Marshal Green on the night of August 21, 1882. Carter drove to the house of "Doc" which was located in one of the dismal swamps in Shelby county, and with the assistance of Deputies Taylor, placed Harlan under arrest. Before the arrest was made, however, shots were exchanged and the prisoner's accomplice was overpowered, after which he surrendered and was taken on a night train to Indianapolis.

FIJI DEVIL WORSHIPERS.

Trial Concluded and the Ringleaders Sentenced.

A Boy, Sixteen Years Old, Said to Be Responsible for the Entire Tragedy.

VICTORIA, B. C., Sept. 14.—News comes from Fiji that the trial of the ringleaders and principal actors in the recent devil-worship rebellion of mountain tribes of Fiji was concluded at Suva, six prisoners captured by the king's troops being arraigned for murder, and after a most sensational trial, sentenced to death. One of the condemned was a boy of but sixteen, who is to be responsible for the entire tragedy, he having proclaimed himself devil-priest and urged his fellow-villagers to return to an ancient custom of rite and superstitious worship.

When the troops took the field against the mountaineers, it was the boy who declared that the fortifications of the rebels were strong places, and prepared with unconcernedness to resist the charge and meet the volleys of the sharpshooters. In consideration of his youth the executive council subsequently commuted his sentence to ten years' imprisonment, at the same time remitting the capital penalty in the cases of two others, who will serve in chains for twenty years.

The two eldest and fiercest of the rebels were told the law must take its course, and they were executed on the 10th of August.

There is still a certain amount of disquiet throughout the islands among the followers of the boy priest, who are only partially satisfied by the commutation of his sentence, and still threatening to make trouble. Many of these have crossed over to the Native group, in which government work was initiated some nine months ago.

A Souvenir for Mrs. Potter Palmer.

CHICAGO, Sept. 14.—A package enclosed in a wooden case and addressed to Mrs. Potter Palmer, president of the board of lady managers of the World's Fair, arrived in the mails from Mexico last night. As the package was from a foreign country, it was sent to the custom house where it was opened and examined. The package contained a beautifully-bound souvenir which was sent as a present to the Mexican government. The book was made in imitation of the one kept by the ladies of the Mexican division in the women's building at the Fair and contained all the proceedings of the societies of the Mexican women in connection with the Fair. It was all in the Spanish language. The book was printed and bound by the Mexican government as a testimonial not only from the government of the southern republic, but from the ladies who were present at the Fair. Books printed entirely in a foreign language are on the free list, so there was no question of duties to be passed upon and the present was delivered to Mrs. Palmer.

BRECKENRIDGE'S DISTRICT.

Everybody Working for the Crucial Primaries Tomorrow.

LEXINGTON, Ky., Sept. 14.—The women are out all over Breckenridge's district today urging voters on for tomorrow's primaries. Their presence is having much to do with preventing fights. There does not seem to be any chance for fraudulent voting or false counting, as each candidate has an election officer. The best politicians are behind Breckenridge; they are working as if it were a matter of life and death.

Congressman Wilson in London.

LONDON, Sept. 14.—W. L. Wilson, congressman from West Virginia, has arrived here. He said his health had improved greatly on the voyage. He was here, he said, merely on a pleasure trip, and would sail for New York September 29.

GREEN GOODS BUSINESS.

The Experience of Two Farmers in New York City.

NEW YORK, Sept. 14.—Lee Wellinriter and Henry Schurtmann, brothers-in-law, who, with their families, are farmers from Denver, Ill., arrived in this city yesterday with $1,000 and an anxious party to invest it in green goods. The farmers were met at the depot by Henry Rosenbaum and his confederate, who stood at the gate and called out their names. Each "stranger" took one of the "guys" and led him up West street to Canal street and along to the Pious hotel. They entered the hotel and went to a room on the second floor, where the stranger asked them how much money they had and how much "green goods" they wanted.

The farmers, who were afraid of being tricked, were cautious about committing themselves, and Rosenbaum asked Wellinriter to take a walk with him to see the "old man." Wellinriter consented and the two men left the hotel, while the other stranger and Schurtmann remained in the room. Rosenbaum and Wellinriter walked to Wall street, where they were met by Acting Captain O'Toole, of the Leonard police station and Detectives Northern and Taggert, who knew Rosenbaum and suspected his business with the other man. Captain O'Toole and his men immediately accosted the men and after a few words placed them under arrest and took them to Leonard street station. Wellinriter admitted that he came to New York to buy "green goods" from Rosenbaum and that what arrangements had been made with the two strangers. The detectives went to the hotel, but they found only Schurtmann there. The stranger had gone. They took Schurtmann into custody. He, too, acknowledged the nature of his business in New York. He said he had left the street that Wellinriter had all the money and the fellow left him in disgust. The prisoners had a "house of circulars" which they said they had received from Rosenbaum and they said they had correspondence with him for several weeks.

The trio were taken to the Tombs police court last night and Rosenbaum was held in $5,000 and Schurtmann in a counter of a counterfeit counterfeit money for sale. The farmers were held for witnesses.

Will Extend the Road.

LOS ANGELES, Cal., Sept. 14.—From information received here from a highly reliable source, it is learned that D. O. Mills, the chief owner of the Carson & Colorado Railway, which now runs south to Independence, intends to extend that line to Mojave, probably within twelve months. This will give Salt Lake and Los Angeles, one over the Southern Pacific and the other over the Atlantic & Pacific & Southern California roads. He has just had the survey completed and but one thing is keeping him here. The gap is only 125 miles between the two places, and no construction would provide an outlet for much of the lumber and ties which do not pay a profit if shipped to San Francisco.

Charged With Larceny.

CHICAGO, Sept. 14.—Warrants charging L. A. Bryan, P. G. Bryan and J. T. Hanes, an attorney, with the larceny of $50,000 worth of bonds, stocks and other papers have been sworn out. Each gave bonds in the sum of $10,000 for their appearance.

The arrests are the outcome of recent transactions of the Chicago-Tolleston Land Investment company. The warrants were sworn out by F. D. Bradford, one of the directors of the Chicago-Tolleston Land Investment company.

N. Y. Exchange.

NEW YORK, Sept. 14.—Speculation on exchange this morning was dull and lackluster except for the depression of Chicago gas, which with moderately active selling broke 1 per cent to 72½. Northern Pacific preferred, declined 1; sugar, 1½. Sharing the general depression lead declined 1½ less, preferred, 1½; sugar, 1; correspondently sugar and lead, preferred, rallied ½.

Suit Against a Mayor.

THE FLAMES RAGING.

Perilous Trip of a Steamer Between Walls of Fire.

MINNEAPOLIS, Sept. 14.—Kirby Bertram, who owns a farm near the western border of the Great Red Lake Indian reservation in the northern part of the state, has just returned from a perilous trip down Thief river, which skirts that reservation on the west. The trip was made in a small passenger steamer that plies between the Indian agency and Thief river falls, a distance of 120 miles. Fully half of the trip was made between the walls of fire. Bertram says the flames jumped the Thief river and sent a wave across the dense forest, fifty-sixty miles wide. The whole country is aflame. The steamer was forced to go three and four miles at a time and then everybody would get off and stand in the water until the fire and heat abated somewhat. Several times the boat was afire. The water in the river has been raised to such a temperature by the fire that its surface was covered with millions of dead fish.

Bear, deer, and other large game were fleeing from the flames in great confusion. Many small camp parties of Indians were encountered making their way down the stream as best they could. There has probably been loss of life among them. Bertram says the fire originated in a bear set by a man who tried to get control of some hay land from the government but failed. He hired two men to fire it. The flames soon spread to the forest and have been burning ever since.

WILL LEAD TO TROUBLE.

Owen, Breckinridge's Opponent, Called to Lexington.

LEXINGTON, Ky., Sept. 14.—Colonel Owens, Breckinridge's leading opponent, was called here from Georgetown today. Owens's men from all parts of the district are in great excitement over the manifesto from Breckinridge, in which he charges Owen with also living in a glass house socially, in addition to gambling and other vices. The friends of both candidates feel that trouble is now inevitable.

Alleged Pension Frauds.

CEDAR RAPIDS, Iowa, Sept. 14.—United States District Attorney Cale this will today, it is expected, make application to the federal court grand jury for a number of indictments against Van Ludwig and Dr. Cassell, of Cedar Rapids, who are charged with frauds in securing pensions. The purpose of the government in securing the new indictments is to be able to prevent the statutes of limitations from becoming operative.

Presidential Appointments.

WASHINGTON, Sept. 14.—The President has made the following appointments: Richard W. Meade, jr., assistant secretary of the navy; Robert L. Fyshe, commissioner of the navy; James Astor, lieutenant commander of the navy.

Pardoned.

Byron Sessions was discharged from the penitentiary today, having been granted a pardon by Governor Wolcott. The prisoner was convicted of rape at the March term of the First district court and sentenced to five years' imprisonment. The petition asking for pardon bore a number of signatures, including that of the trial judge and Assistant District Attorney Tonman sent in a letter expressing grave doubt as to Sessions's guilt.

Believe's Case.

In the case of The People vs. T. J. Believe, charged with assault with intent to commit murder, in the justice's court here, the defendant pleaded not guilty. Attorney Eichner asked that the case be continued until 10 a. m. tomorrow, and he will then be prepared to consider this proposition. He wished to consult with Judge Rowan.
