What will please you most will be the pleasure of enjoying your meals, while passing over the beautiful prairies of Illinois and Iowa, in one of our magnificent Dining Cars that accompany all Through Express Trains. You get an entire meal, as good as is served in any first-class hotel, for seventy-five cents.

Appreciating the fact that a majority of the people prefer separate apartments for different purposes (and the immense passenger business of this line warranting it), we are pleased to announce that this Company runs *Pullman Palace Sleeping Cars* for sleeping purposes, and *Palace Dining Cars* for eating purposes only. One other great feature of our Palace Cars is a SMOKING SALOON where you can enjoy your "Havana" at all hours of the day.

Magnificent Iron Bridges span the Mississippi and Missouri rivers at all points crossed by this line, and transfers are avoided at Council Bluffs, Kansas City, Leavenworth, and Atchison, connections being made in Union Depots.

FROM

COL. L. T. FOSTER,

Youngstown, Ohio, May 10th, 1880.

Dr. B. J. Kendall & Co., Gents—I had a very valuable Hambletonian colt that I prized very highly, he had a large bone spavin on one joint and a small one on the other which made him very lame; I had him under the charge of two veterinary surgeons which failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the *Chicago Express*. I determined at once to try it and got our druggists here to send for it, they ordered three bottles; I took them all and thought I would give it a thorough trial, I used it according to directions and the fourth day the colt ceased to be lame and the lumps have disappeared. I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles who are now using it. Very respectfully,

L. T. FOSTER.

Kendall's Spavin Cure

Is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargements, such as spavins, splints, curbs, ringbones, callous, swellings and any lameness and all enlargements of the joints or limbs, or for rheumatism in man or for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mildly and yet certainly in its effects.

Send address for Illustrated circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as well as man.

Price $1 per bottle, or six bottles for $5. All Druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors, DR. B. J. KENDALL & Co., Enosburgh Falls, Vt.

EVENING NEWS.

Wednesday, Jan. 10, 1883.

CITY COUNCIL.

Proceedings at the City Council on Tuesday evening, January 9th, 1883, Mayor Jennings presiding:

Geo. R. Jones petitioned for the privilege of placing building material on a portion of the street opposite his property on West Temple street, between South Temple and First South, during the winter. Granted under the usual restrictions.

The following petition signed by Edward Bonner and 41 others, citizens and tax-payers of the city, was presented:

To the Honorable, the Mayor and City Council, Salt Lake City:

Your petitioners, the corporation of Salt Lake Academy and citizens of Salt Lake, interested in the undertaking they represent, do submit to your honorable body the following considerations, and petition to-wit:—that

Whereas, Salt Lake Academy is desirous of obtaining the introduction of city water in their new building, Hammond Hall—situated on Third South street, between Third and Fourth East streets, and

Whereas, A certain city ordinance requires that parties desiring the introduction of city water upon their premises pay three-fourths of the cost of laying the mains, and

Whereas, Salt Lake Academy being largely founded and carried on by voluntary contributions for public good, has need of relief from said requirement of city ordinance; and

Whereas, Salt Lake Academy in disseminating sound learning has already much benefited our city and commended itself to all good citizens;

Therefore, Your petitioners desire and pray that the ordinance above referred to be, in this instance, set aside; and that, without expense to Salt Lake Academy, the city mains be carried opposite the building—Hammond Hall—above referred to, so that the plumber, David James, Esq., may as early as possible, be able to make connection with them for the benefit of the building, and your petitioners will ever pray.

Referred to committee on water works.

A petition was presented from E. M. Cast, setting forth that he had expended about all his means in making an ice pond and building an ice house on the Eleventh Ward bench; that the ice business was his only means of support; that he had made said investment in good faith and in the hope of realizing success therein, and that in order to do so it was necessary that he should have, during the winter months, a share of the surplus water flowing from Red Butte; that he did have and enjoy the use of a fair share of water last winter, but that so far during the present winter he had been deprived of any fair share of said water by (as he considered) unlawful and inequitable means. The petitioner therefore asked the Council to grant him a fair share of said surplus water and to instruct the general city watermaster accordingly. Referred to the committee on irrigation with authority to act.

A petition signed by George Q. Cannon and fifty-four others, residents of the Fourth, Fifth and Sixth Wards, and owners of property in the fields south of the city, was presented, asking for the improvement by graveling of Second West Street, between Fifth and Ninth South streets, petitioners alleging that through the winter months teams had the greatest difficulty in passing with loaded wagons, owing to the bad condition of said street. Referred to the committee on streets and alleys.

Christopher Diehl petitioned for permission to pile about seven cords of rock and other building material on the street in front of his lot on Second South street between Fifth and Sixth East streets, for the term of three months, or until the completion of a small dwelling house which he intends to erect on said lot. Granted under the usual restrictions.

Isaac Woolf petitioned for an auctioneer's license for one year from January 1, 1883, subject to the ordinances of the city. Granted.

Application for renewal of liquor license was submitted from Binny & Co., for three months from Jan. 9th, 1883. Granted.

Applications for renewals of license to manufacture malt liquors for the term of three months, were submitted from the estate of R. B. Margetts and Keyser & Moritz. Granted.

A petition from W. S. Clays was presented, setting forth that he had sold his business as retail liquor dealer at the Capitol saloon, No. 139 East Temple Street, to Mr. Chas. F. Webber, who intended to continue said business at that place. Mr. Clays therefore asked that the unexpired portion of his license be transferred to the said Chas. F. Webber. Granted.

A communication from Chas. H. Wilcken, city watermaster, suggesting amendments to the existing irrigation ordinance, was referred to the city attorney with instructions to bring in a bill for an ordinance that will rectify past difficulties encountered in the enforcement of certain provisions.

The committee on construction of Jordan and Salt Lake City Canal submitted a report giving the amounts expended upon the various accounts connected with the Jordan and Salt Lake Canal from November 30, 1881, (when the last previous report was submitted) to December 31, 1882, which showed a total expenditure during that term of $63,578.58. Filed.

The watermaster submitted his report for the quarter ending November 30, 1882, showing a total expenditure during that term for labor on waste ditches, flumes, dams, gates, street culverts, etc., of $848.24. Referred to the committee on irrigation.

The city sexton submitted his report for the year 1881, which showed the total number of deaths in Salt Lake City, recorded by him during the year to have been 518; males, 276; females, 242—a decrease as compared with the year 1881 of 61. Ages: under one year 181, one to five years, 77; five to ten, 18; ten to twenty, 27; over twenty and up to ninety-four years, 265. Still births, not included in the above statement 45; brought from outside settlements for interment, 78. Making a total of recorded deaths of 641. Interred in city cemetery, 506; in Mount Olivet cemetery, 84; Holy Cross Cemetery, (Catholic) 31; congregation B'nai Israel, (Hebrew) 3; Fort Douglas, 1; B. Young's private cemetery, 1; sent to a distance, 15. Attended by regular physicians, 361; attended by midwives, 27. Coroner's inquests, 18. No attendance reported, 285. Interments without charge for ground for burial: Upon requests Bishop E. Hunter, 26; county paupers, 11; buried by private charity, 11; from Hospital Holy Cross, 4; Deseret Hospital 4. Total, 56. Deaths occurring in public and other institutions: Hospital Holy Cross, 25; St. Mark's Hospital, 18; Deseret Hospital, 8; County Hospital, 5; Dr. S. B. Young's Asylum, 2—total, 58. Number of cemetery lots sold during the year, 771, aggregating in value $930. Amount expended for cemetery purposes, $383. Balance paid city treasurer, $547. The sexton stated that there were still unsold inside the cemetery enclosure, 75 lots, which would be barely enough to supply the demand during the current year, and suggested that some person be authorised to grade and get ready for surveying all the land lying north of the present enclosure owned by the city and reserved for cemetery purposes, at the earliest possible date in the spring; said grading being necessary in consequence of the ground being so broken and uneven. Referred to the committee on cemetery.

Alderman Speirs submitted the police court report for the month of December 1882, showing number of cases tried 145; dismissed 25; fines assessed $1,954.00; old fines collected $9.50; cash paid city treasurer $1,964.42; labor fines for month $481.50; amount remitted $50; notes (secured) taken $30; fines not paid $28.50. Three cases appealed involving the sum of $300. A schedule accompanied the report giving the name of each defendant, the amount of his or her fine and whether paid in cash or labor. Approved and filed.

The committee on public grounds, to whom was referred the subject of inquiring into the terms of the agreement under which Pioneer square is leased, etc., reported that they had visited said square and examined the improvements made by the lessee, Mr. John Reading, and found that there remained yet fifty trees to be planted to make the required number as per agreement, which the lessee had promised to set out the coming spring. The trees now growing were generally in good condition and a desire was shown on the part of the lessee to procure the best and most suitable variety of trees for the locality, and to comply strictly with the terms of the agreement. Filed.

The committee on public grounds, to whom was referred the petition of Abraham Powell and Hyrum Gillies, asking for the privilege of opening a sand bank at the intersection of East Temple and Fourth North streets, reported that they had investigated the matter and had found that if such privilege were granted it would depreciate the value of property in the vicinity and in the future cause expense to the city in filling up the excavation made to a greater amount than would be realized therefrom. The committee therefore recommend that the prayer of the petitioners be not granted. Adopted.

The committee on enrollment reported that the petition of the Mayor and City Council of this city to the Postmaster-General, Washington, D. C., asking for the establishment of the letter carrier or free delivery system in Salt Lake, had been correctly enrolled, signed and forwarded to Hon. John T. Caine, Delegate-elect to the Forty-Eighth Congress, for presentation to the Postmaster-General. Filed.

The following bills were presented and allowed, viz: Marshal's expense bills for the month of December, 1882, $435.90; Wm. Jennings, for one light spring wagon purchased in August last for quarantine uses, $150; Geo. W. Melter for new patent gas burners at City Hall, $43 80.

The following appropriations were made: To the supervisor of streets contingent fund, $1,000; to the water works contingent fund, $500; to the watermaster's contingent fund, $500; to Liberty Park, $200, to the artesian well, $1,000.

On motion of Councilor Junius F. Wells the following resolution was adopted:

Resolved, That the committee on public grounds be authorized to advertise for and receive plans for improving and beautifying Liberty Park, Washington and Pioneer Squares, and the unnamed square in the 10th Ward; said plans to be submitted to the City Council for approval; and that the committee be further authorized to offer premiums for the best plans submitted for this purpose, to the amount of $150, to be apportioned as the committee may determine.

Adjourned for one week.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.

Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.
