Last Night's Dispatches.

CONGRESSIONAL.

SENATE.

WASHINGTON, 1.—Mitchell, from the committee on railroads, reported a bill to extend for eight years the time for completing the Northern Pacific Railroad.

Windom dissented from the report and introduced another. Referred to the committee on railroads.

Conkling submitted a resolution directing the judiciary committee to inquire whether any portion of the New York postoffice is unlawfully occupied at the direction of the Secretary of the Treasury.

Christianey, from the committee on the revision of the laws, reported a resolution to provide for a new edition of statutes and for a perfected index of the first volume. Agreed to.

Edmunds offered a joint resolution providing for the safe keeping in the State Department of the records of the commission on the electoral count. Laid over until to-morrow.

At the expiration of the morning hour, Beck took the floor in advocacy of the judiciary committee's Pacific Railroad funding bill.

On motion of Coke, the bill amending section 1661, title 16 of the Revised Statutes, relative to the issue of arms to the militia of the several States, was taken up. Coke said the bill he originally introduced was in the exact words of the act of April 23rd, 1808, except that the appropriation of $20,000 for the arming of the militia was raised to $4,000,000. The military committee had added sections providing that the arms should remain the property of the United States, and that an annual report of their condition should be made, and imposing liabilities for their loss or damage beyond ordinary wear. He now proposed an additional amendment permitting the States to select the style of arms they thought best for the militia of their respective states.

Morrill proposed an amendment to reduce this amount to $200,000. He thought the rest of the bill very proper.

Pending further consideration, the Senate went into executive session, and when the doors were reopened, adjourned.

HOUSE.

Bills were introduced and referred as follows:

By Stephens, for the financial relief of the country and to facilitate the return to specie payments, without injuriously affecting the commercial business of the people.

By Money, to regulate the contracts for carrying mails.

By Bright, to prevent the reduction of national currency by fraudulently withdrawing legal tender notes from circulation.

By Martin, by request, to establish and maintain speedy communication with the neighboring republics, colonies and islands.

By Harrison, to provide for a more efficient civil service.

By White (Pennsylvania), proposing an amendment to the Constitution requiring the presentation of all claims agreeable to the provisions of law within six years, providing, that when rejected by Congress or a department, they shall not again be presented until after a lapse of six years.

Mr. Durham reported back from the committee on appropriations a bill providing for temporary clerks in the Treasury Department, and for deterring trespassers on public lands, and recommending concurrence in the Senate amendment, which provides that no money appriated by the bill shall be used to collect any charge for wood or timber cut on the public lands of the Territories for the use of actual settlers and not exported from the Territories, and non concurrence in all other Senate amendments, with the exception of an amendment appropriating $12,000 for additional clerks in the Surgeon General's office; which was concurred in—yeas 184, nays 41—notwithstanding the negative recommendation of the committee.

EASTERN.

Suicide of Madame Restell.

NEW YORK, 1.—The police were startled by the announcement that the well-known Madame Restell had been found dead early this morning in a bath room in her mansion on Fifth Avenue. Ex-Judge Stewart, of the district attorney's office, was called by the woman's family at an early hour, who informed him that she retired late last night, feeling very despondent about her trial, which was to have taken place to-day. She rose in the night and went into the bath room, where she fell dead. The Madame stated to a friend that she did not care what might be the result of the trial so far as she herself was concerned, she only cared for the reputation and feelings of her grandchildren. Her case was called in court to-day and adjourned.

Later.—Madame Restell committed suicide by cutting her throat with a carving knife. She was found in a bath tub, which was filled with water.

Dr. Cushman examined the body and found that a deep gash had been cut across the front of the throat, severing the jugular vein. A slight cut on the right side of the neck, a little below this gash, indicated that the first attempt had been ineffectual. The knife was a long carving knife, which was used on Madame Restell's table and which she is believed to have taken up stairs and secreted in her room last night. The water had been left running in the bath and had run so long that the tank above was exhausted. The overflow had passed off through the waste pipe and hence there was but little blood in the water which still filled the tub. The body was cold and it was evident that the woman had been dead for some time. Ever since her arrest, she had manifested great fear and anxiety on account of a belief that the prosecution intended to bring other charges against her, in reference to old cases. This belief had taken such possession of her that it almost amounted to hallucination. The members of her family said she was very nervous all day yesterday and showed symptoms of mental derangement.

Anderson Released.

NEW ORLEANS, 1.—The supreme court has made the following order in the Anderson case: It is ordered and decreed that a rehearing is refused and that our judgment stand undisturbed. Mr. Castellanio, one of Anderson's counsel, immediately went with a certified copy of the decree before Judge Whitaker, who at once ordered the release of Anderson from the parish prison. About 12 30 p. m. General Anderson was released.

Arrest of a Counterfeiter.

DEADWOOD, D. T., 1.—Deputy United States Marshal Bullock tonight arrested a character known as "California Jack," for passing counterfeit $50 greenbacks. There is a gang of men here engaged in circulating counterfeit United States notes. The deputy marshal says another arrest will be made at daylight to-morrow, and if nothing unexpected occurs he will secure the entire gang in a short time.

Sherman and the Resumption.

WASHINGTON, 1.—Secretary Sherman was before the committee on banking and currency to-day, by invitation, and in the course of his statement, claimed that after the resumption of specie payment he will have authority to re-issue $300,000,000 in United States notes, under authority of the existing law of 1873, contained in the revised statutes, relative to the re-issue of United States notes received from taxes.

Debt Statement.

The public debt statement for March shows a decrease in the debt for the month of $2,313,614, and the following balances in the Treasury: Currency, $751,857; special fund for the redemption of fractional currency, $10,000,000; special deposits of legal tenders for the redemption of certificates of deposit, $25,215,000; coin $138,357,608, including coin certificates, $57,689,400; outstanding legal tenders, $347,848,712.

Mint Coinage.

PHILADELPHIA, 1.—The coinage of the United States mint, in this city, during March was 39,220 gold pieces, 1,153,700 silver pieces, including 1,001,500 new silver dollars, and 600 base coin, representing a valuation of $1,750,828.

Strike of Operatives.

LAWRENCE, Mass., 1.—The operatives of Methuen jute mills, to the number of 200, struck this morning. The strikers are quite demonstrative.

WESTERN.

Indians Resisting the Authorities.

SAN FRANCISCO, 1.—A Victoria dispatch says: The Indians at Chemanus, 40 miles north of Victoria, have resisted the authorities. A gun boat has been sent up.

Ministerial Crisis.

A ministerial crisis has arisen. The premier stated to-day in the house that in consequence of the adverse vote on Friday he would ask the house to adjourn till Wednesday. Meanwhile, government would decide what course to pursue. A dissolution is anticipated.

The Steamer "Pelican" Still Detained.

The steamer *Yrazu*, formerly *Pelican*, is still in port flying the flag of Costa Rica. Señor J. M. Tursco, consul for Costa Rica, has filed a protest with the collector of the port, holding the United States government responsible for all damages resulting from any delay in the sailing of the steamer caused by the action of the authorities. An order was issued by collector Shannon on Saturday to the custom house officers to refuse a clearance to the steamer until further notice.

Charged With Abortion and Murder.

Dr. W. P. Conklin, *alias* Lenlox, was taken on the overland train today by the chief of the police of Quincy, Illinois, where he is wanted on a charge of abortion and murder.

FOREIGN.

GREAT BRITAIN.

The Queen's Message Calling Out the Reserve.

LONDON, 1.—The Queen's message for calling out the reserves, was read by the Speaker. It is as follows: "The present state of public affairs in the east and the necessity of taking steps for the maintenance of peace, and for the protection of the interests of the empire having constituted, in the opinion of Her Majesty, a case of great emergency, within the meaning of the act of Parliament in that behalf, Her Majesty deems it proper to provide additional means for the public service. Therefore, in pursuance of this act Her Majesty has thought it right to communicate to the House of Commons that she is about to direct the reserve force, and the military reserve force, or such part thereof as Her Majesty may think necessary, be forthwith called out for permanent service." Discussion of the message was postponed till Monday next.

Derby's Resignation Accepted.

A St. Petersburg dispatch states that Lord Derby's resignation of the foreign affairs was a complete surprise and caused an immense sensation. Lord Derby, says the dispatch, is reproached for having misled Russia and England, by going as far as he is in the direction which he disapproved.

Austria's Conservative Efforts Cease.

A Vienna dispatch says: "In consequence of Lord Derby's resignation and the calling out of the reserves, Austria has ceased her efforts to effect a compromise about the congress, feeling sure that Russia will not yield to England's demands now, when doing so would mean something like submitting before a threat, but what may not be possible now may become so later, as the interruption of the negotiations in regard to the congress and the order of the mobilization of reserves in England need not be followed at once by an actual collision between the two powers, and the conviction may be forced upon them that after all the congress offers the only possible chance of a peaceful settlement."

Derby's Successor.

Sir Stafford Northcote, Chancellor of the Exchequer, announced in the House of Commons this afternoon, that Lord Salisbury has been appointed foreign secretary.

Russia and Turkey.

Omar and Reouf Pashas have become more Russian than English. Turkish and Russian soldiers fraternize, the latter going about Constantinople in uniform without evoking animosity.

One-sided Neutrality.

If war comes, England must contemplate the possibility of having to fight Turkey and Russia. At best, she would get from Turkey a one-sided neutrality, of little or no substantial use.

Will Remain Passive.

In the event of war, it is expected the Porte will remain passive, and endeavor to make its territory respected, failing in which, the Porte will simply protest to the powers.

General Ignatieff's Mission.

The impression is that whatever may have been originally the object of General Ignatieff's mission, he confessed himself in fact to giving and receiving information, and returns to St. Petersburg to report what he heard. He probably discovered that Austria is too anxious for a European condemnation of the treaty of San Stefano to enter into any bargain about it with Russia alone even which would seem to have given it Austrian sanction. Moreover, General Ignatieff's later declarations indicate that after he communicated the feeling here at St. Petersburg, he received no instructions which forbade him to go so far in the direction of concession to Austria as he had first expressed himself inclined. This was probably because, after England's determination singly to resist that portion of the treaty unacceptable to her, it was hardly worth while for Russia to surrender that large portion of it unacceptable to Austria, without knowing whether she would be able to maintain any of it or not. The peace-at-any-price tendency is, however, very strong in Vienna.

Herr Tisza's visit here was arranged before Saturday's demonstration in the Hungarian diet, and is not, therefore, in consequence of it, but it may be supposed that Tisza will take this opportunity to represent to Count Andrassy the state of public opinion in Hungary.

TURKEY.

News Items.

CONSTANTINOPLE, 1.—The Grand Duke Nicholas had a two hours' interview with the Sultan on Saturday.

The Russians are fortifying Chatja and erecting entrenchments at all stragetical points.

Osman, Faud, and Reouf Pasha's have gone to the Turkish camp at Mastak.

Moukhtar Pasha has been appointed chief of the general staff, and Osman commander at Constantinople.

The Russian Admiral Popoff, has arrived here.

Egyptian contingent from Varna are encamped at Unkiar Skelessi, a village of Asia Minor, on the Bosphorus, eight miles northeast of Constantinople.

It is believed in military circles that Russia and Turkey have arrived at an understanding, but it still hoped that peace will be maintained.

BRITISH AMERICA.

Over the Falls.

NIAGARA FALLS, 1.—Patrick and John Rielly, brothers, of Chippewa, started this afternoon to return, in a row boat from this side, and when half over, it was noticed that they were in trouble, as if an oar was broken too far down for assistance. They went over the Horse Shoe Falls, just outside of Three Sisters Island.

HIGHEST HONORS

AT THE

UNITED STATES

Centennial

World Exhibition,

1876.

MASON & HAMLIN

CABINET

ORGANS

Unanimously assigned the

"FIRST RANK

IN THE

"SEVERAL REQUISITES"

of such Instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously assigned "the FIRST RANK in the SEVERAL REQUISITES of instruments of this class," by the Jurors at the CENTENNIAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the severest competition by the best makers, before one of the most competent juries ever assembled.

They have also received the MEDAL, but, as is well known, medals of equal merit have been "awarded" all articles deemed worthy of recognition; so thus it will be easy for many makers to advertise that they have received "first medals."

The differences in competing articles, and their comparative excellence, are recognized in the Reports of the Judges from which the following is an extract:—

"THE MASON & HAMLIN ORGAN CO. exhibit of Reed Organs and Harmoniums claims the award of the FIRST RANK IN THE SEVERAL REQUISITES OF INSTRUMENTS OF THE CLASS, viz: Resonance and equal distribution of tone, range of expression, richness and singing quality, freedom and quickness in action of keys and bellows, with thoroughness of workmanship, combined with simplicity of action."

(Signed by all the Judges.)

The Mason and Hamlin Organs are thus declared to rank first, not in one or two respects only, but in the SEVERAL REQUISITES of such instruments, and they are the Only ones assigned this rank. This decision was not unexpected, for the Mason & Hamlin Cabinet Organs have uniformly been awarded the highest honors in competitions in America, there having been scarcely six exceptions in hundreds of competitions. They were awarded highest honors and

FIRST MEDALS

PARIS, 1867; VIENNA 1873; SANTIAGO, 1875; PHILADELPHIA, 1876;

and have thus been awarded highest honors at

Every World's Exposition!

at which they have been exhibited; being the Only American Organs which have ever received Any Award at any competition with European makers, at any European World's Exposition!

NEW STYLES, with improvements, exhibited at the CENTENNIAL, elegant new cases, great variety. Prices very low, consistent with best material and workmanship. Organs sold for cash or installments, or rented until rent pays. Every Organ warranted to give entire satisfaction to every purchaser, or money refunded. ILLUSTRATED CATALOGUES sent free.
