OGDEN.

B. H. Jones Disbarred.—B. H. Jones Accuses L. R. Rogers.—A Mininer Assigns.—Notes.

OGDEN, June 8.—The investigation into the charges of unprofessional conduct against B. H. Jones and R. H. Jones, attorneys, of Brigham City, before the Ogden Bar association yesterday, resulted in the exoneration of B. H. Jones, while the charges against R. H. Jones were sustained. The report of committee appointed to investigate the matter was read and contained of the following specific charges: No. 1 alleges R. H. Jones signed the name of Sheriff C. C. Loveland to a garnishment in the case of Watson vs. Jensmit. Second, R. H. Jones is accused of having sold to C. H. Davis a piece of land belonging to the estate of P. Sorenson for the sum of $92.50, the property having been appraised at $155, Davis deeded the land to Mr. Rossenbaum and the latter to R. H. Jones. One-half of the land was sold to a Mr. Coombs for $400. The sale of the property in the first instance did not cover costs of attorneys and court fees. Rd, R. H. Jones is charged with having made an exorbitant demand for fees for services in the estate of Hokenson of Box Elder county, 4th, R. H. Jones is charged with having filed an abstract of judgment from the court of justice of the peace of Brigham City, when no judgment had been rendered. 5th alleges that R. H. Jones, in the case of Fuller vs. Davis appeared for plaintiff without authority. 6th states that A. E. Shaw, manager co-op. Brigham City, placed the collection of $600 in the hands of R. H. Jones. Jones got the amount secured by a mortgage and charged 10 per cent for services, when was paid. A. Sorensen of the mortgage was made, Jones again charging another 10 per cent for services, besides receiving an additional 10 per cent from the debtor. 7th states that R. H. Jones collected $37.50 for A. E. Shaw and failed to give an account of the same. 8th finds that the docket of Justice of the Peace Keogh has been tampered with by the Jones Brothers. The report was signed by A. R. Heywood, J. H. McMillan and F. D. Johnson. The charges were taken in section and discussed, everybody talking. It was moved that the findings of the committee were not sufficient to warrant disbarment in the case of Brigham H. Jones. Carried by a vote of 14 to 12. A motion to take proceedings to disbar Ray H. Jones was carried, 17 voting in favor of the motion and 9 against, 11 not voting. B. H. Jones then proceeded to arraign Attorney L. R. Rogers, and moved that a committee be appointed to investigate the charges which he made. Mr. Rogers demanded an investigation, and Mr. Jones was asked to file a written statement of his charges.

The Caledonian society of Ogden will give a benefit concert to George Jonesson at Thomas's Hall tomorrow night.

Mrs. E. A. Sterling, milliner, on Washington avenue, made an assignment yesterday for the benefit of her creditors. The assets and liabilities are said to be very small.

Henry Dawsoney was seen on our streets yesterday.

The Weber county public schools third annual exercises will be given at the Grand Opera House at 2 o'clock next Saturday afternoon. Every effort will be replenished. Special efforts are being made to have an attendance from all over the county. A general invitation is extended. Admission will be free to all.

Henry Miller was arrested late last night charged with having broken into a car in the Union Pacific freight yard. He will be given a hearing this morning.

WASHINGTON LETTER.

From Our Regular Correspondent.

The gold question is again very much on top, the exportation of gold having brought the reserve down below $90,000,000, and the prospect being that a large amount will be required to meet the demands for the next week or ten days, great pressure is still being brought to bear by the New York bankers to compel an issue of bonds, but it is having no apparent effect. A special meeting of the cabinet was held this morning to consider this question and it was a very lengthy one. No announcement has been made, nor is likely to be made, for some time of any change in the present policy, although there are good reasons for believing there will be a change should the present demand for gold continue for any length of time to be as great as during the past week. While it cannot be stated as a certainty, it is believed by some lawyers that Secretary Carlisle has authority under a section of the act of March 17, 1862, to issue legal tender notes for the purpose of purchasing gold. The cabinet is said to think that this method if it be legal would be preferable to an issue of bonds. Those who claim that the authority conferred by the act mentioned still exists say that there is no limit other than the secretary's discretion to the amount of legal tender notes that may be issued to purchase gold. Only would meet the approval of those who think an increase in the amount of money in circulation would be advantageous, and it could not be claimed by those who profess to be in deadly fear of a depreciated currency that there would be the slightest danger in that direction, as every dollar so issued would be replaced in the treasury by a gold dollar, provided, of course, that the gold could be obtained at par. Your correspondent doubts the existence of the authority for the issue of legal tender notes by the secretary of the treasury.

The annual meeting of the board of lady regents of the Mount Vernon association, which was unusually interesting this year, is just adjourned. According to the annual report of the superintendent 87,000 people visited the grounds last year. That number will be quadrupled this year by reason of the electric railway from Alexandria to the Mount Vernon grounds. From each visitor the association receives twenty-five cents for admission to the grounds, and in addition a steam boat company which has for many years been monopolizing the right to land at the Mount Vernon wharf has paid nine cents for each passenger. This steam boat company has grown rich out of visitors to Mount Vernon, and until the electric railway began to cut into its traffic it charged $1 for a round trip Mount Vernon Lines, while it sold round trip tickets for a wheel on the Maryland side of the Potomac, almost directly opposite Mount Vernon, for twenty-five cents. Now that the exclusive wharf privileges are not enforceable the steamboat company had the cheek to ask the lady regents to excuse it from paying that additional nine cents a passenger selling the remainder of its contract. The agitation for the purchase of Mount Vernon by the government and its being thrown open without charge to all comers seems to have temporarily died out, but that it will soon be taken up once in the general belief. Surely it is not just the proper thing to charge an admission fee to the home of George Washington, although under present conditions it is necessary in order to raise the money to keep the grounds in condition and the house in repair.

Either many congressmen are going to vote contrary to their talk or the administration is preparing a great disappointment for them in regard to the silver question. It is stated with the greatest apparent confidence by friends of the administration that President Cleveland has assurances which make him certain that there will be no trouble in passing a bill for the unconditional repeal of the Sherman silver law through both the House and Senate as soon as Congress gets to work. This is directly contrary to what Senator Stewart, who claims to have made a canvass of the Senate, says. Can it be possible that some of the senators have been telling the President one thing and Senator Stewart another? Perhaps after all it is merely a game of political brag all around.

Secretary Hoke Smith is now hearing a land case involving several million dollars worth of land in the state of Washington, upon which are some Lib-a-sides. The land in question is claimed by the Northern Pacific Railroad company. The record of Secretary Smith has been such that it is altogether probable that if there are any doubts in the case he will give the settlers the benefit of them.

The state department will shortly make public all of the correspondence with Mr. Blount, both as commissioner and minister to Hawaii.
