TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION.** It is admitted the use of a remedy that acts specifically on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. They act also on the Kidneys and Skin, by a healthy action, removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work, and are a perfect

THE SITUATION ON THE RUSSO-AFGHAN FRONTIER.

THE MINISTRY SOLID—NO DISCORD AND NO RESIGNATION.

GENERAL GORDON'S INTENTIONS, ETC., ETC.

The Afghan Frontier Dispute.

LONDON, 3.—In the House of Lords to-day, in answer to questions respecting the position of the government on the Russo-Afghan frontier question, Earl Granville admitted that Russian troops had been advancing into disputed territory of Afghanistan, and when requested by England to withdraw from their advanced post they refused to retire. Sir Peter Lumsden advised the Afghans not to resist from before the Russian troops, but to dispute every inch of ground, and said the English government would uphold them. Granville refused further information, but when pressed by the Marquis of Salisbury concerning the situation in Central Asia, he said the latest reports from Sir Peter Lumsden was that Russian outposts now occupied Tullikur Pass, 20 miles south of Pull. A force of Turcomans was also stationed at Sulikanoff, a few miles distant from Pendeh, Granville said representations had been made to Russia, pressing her to give stringent orders to her military commander to refrain from any forward movement which would be likely to bring about a collision between the Russian and Afghanistan outposts. In reply to these remonstrances, Russia declined, on February 24th, to withdraw her advanced posts at Sarvarin and Tullikur Pass, but gave assurance that the Russian officers had been ordered to carefully avoid conflicts with the Afghans on Russian posts. Sir Peter Lumsden has exerted himself to prevent collisions, and has advised the Afghans to maintain themselves at the posts they now occupy. This advice had been approved by Her Majesty's government and Sir Peter Lumsden had been instructed to urge the Afghans at the same time to refrain from advancing beyond their present position. Negotiations were now in progress between Her Majesty's government and Russia for a settlement of the difficulty.

In the Lords, Salisbury asked whether the Russian outposts were within the boundary of Afghanistan.

The Secretary of State for India said he had no hesitation in saying that England regards the Russian outposts as within the Afghan boundary and that they form a considerable advance in the direction of Herat.

The Marquis of Lothian asked, "Does the whole question of peace or war between England and Russia depend upon a chance squabble between the Afghan and Russian outposts?"

Granville, foreign Secretary, said he must have notice of the question.

The Marquis thereupon gave notice that he would repeat the question.

The *Daily News* expresses the hope that Russian statesmen will prove reasonable and keep their word. Otherwise, the consequences must be on their heads, not ours. It says: "We are bound by solemn treaty to protect the Afghan frontier.

The *Times* commends the decisive Afghan policy of the government, and says: "Our rights therefore are clear beyond dispute. Whatever may be necessary to the safety of India, England is fully prepared to attempt and perfectly able to perform."

The *Standard* and other papers comment in a similar manner.

London, 3.—Lessar, of the Russian-Afghan frontier commission, will leave London Monday, the discussion of his proposals having closed. There is no fear at the Russian embassy of war between England and Russia. The Russian commission will meet the English commissioner near Balamurghab, about May 10th.

The British Commons.

LONDON, 3.—In the Commons this evening Sexton, Home Rule, asked permission to move the adjournment of the House until he could call attention to the Speaker's conduct in suspending Wm. O'Brien.

The Speaker stopped Sexton and told him if he wished to impugn the Speaker's conduct he must make a direct motion to that effect. The chair could not allow such a motion as was just made for adjournment. [Loud cheers.]

Sexton appealed to Gladstone to allow discussion on the motion.

Gladstone replied that there was nothing in Sexton's motion entitling the mover to any special facilities.

Debate upon the redistribution of seats bill was then resumed.

No Discord.

LONDON, 3.—Harcourt, Home Secretary, in answer to a telegram asking if it was true that the resignation of the ministry was imminent because of discord in the cabinet, sent a telegraphic answer denying that there was any discord in the cabinet, and say that the ministry was not going to resign.

Warlike.

LONDON, 3.—It is reported from Woolwich arsenal that military circles it is understood the government have arranged to hold in readiness 150,000 troops for service against Russia in Afghanistan, England to depend for protection upon her reserves.

The French in Tonquin.

PARIS, 3.—Gen. Briere De Lisle telegraphs: February 28th the French garrison at Tuyenquan repulsed a furious night attack, inflicting heavy loss upon the Chinese. Gen. Negrier dispersed the Chinese in the vicinity of Langson, and captured several Krupp guns and mitrailleuses. He also captured the frontier town of Cuasi.

The Anniversary of Pope Leo.

ROME, 2.—At the celebration of the 25th anniversary of the birthday of Pope Leo XIII, the congratulations of the King of Spain were presented in a special audience by Marquis Molins, Spanish ambassador, who gave assurance of the intentions of Spain toward the Holy See.

General Gordon's Plan.

BRUSSELS, 3.—Col. Strauch, president of the International African Association, has just made public a letter written to the association by General Gordon, dated Khartoum, Oct. 20, 1884. Gen. Gordon described the fearful sufferings of the beleagured garrison and the inhabitants of Khartoum, and said he hoped to be able to leave the place in December. Then he intended to proceed direct to the Congo country by going up the White Nile and across the equatorial provinces.

BRIEF TELEGRAMS.

Richard Grant White is seriously ill in New York City.

The new Chinese loan has already been subscribed in London.

Tanger Brothers of Vienna, dealers in hops, have failed for $480,000.

The Beer Brothers of Vienna, dry goods, have failed; $400,000 liabilities.

The revised Old Testament will not be issued till May, not March, as previously reported.

The steamer *Hanoverian*, with the Canadian voyageurs on board, has arrived at Halifax.

The Nicaraguan Congress has ratified the pending canal treaty by a unanimous vote of both Houses.

The Supreme Court of California yesterday decided that Chinese children must be admitted to the public schools.

There are still 37 bodies entombed in the Unsworth colliery, making a total of 41 dead.

The funeral of Mrs. E. Blaine-Walker took place at 11 to-day at the Baltimore cathedral, Archbishop Gibbons officiating, assisted by Rev. Father Curtis. After a requiem mass, the remains will be taken to Brownsville, Pa., for interment.

W. W. Corcoran, of Washington, has given $1,000 to aid the Jackson Memorial Association in erecting a monument over the grave of Stonewall Jackson at Lexington.

The German press, commenting on Bismarck's speech in the Reichstag on Monday, express the belief that it will result in the serious estrangement of England and Germany.

The Commons yesterday rejected the amendments to the redistribution bill in favor of the representation of minorities and increasing the number of members in order to give more members to Scotland.

Commissioner Butterworth of the patent office has rendered his decision in the great telephone interference of Bell vs. Gray vs. McDonough vs. Voelkner and others. He awards the priority of invention to Alexander Graham Bell in all cases of importance.

Benjamin Butterworth, commissioner of patents, to-day handed his resignation to Secretary Teller, who accepted it, and complimented him on his energetic administration of the office. In accordance with the usual custom, members of the cabinet placed their resignations in the hands of President Arthur.

Idaho Day and the formal opening of the woman's department were the events of the Exposition, which attracted a large number of visitors. The ceremonies in the Idaho department became a mere jumble, by an address of welcome by the Idaho commissioner, Col. Shoup, to about 1,000 guests. Col. Doman followed as orator of the day. Addresses were then made by Commissioner-General Morehead, Col. Andrews, of California, and Judge Pierce of Idaho.

DANGEROUS SUBSTITUTES FOR HORSFORD'S ACID PHOSPHATE

Several inferior and dangerous "substitutes" for the genuine "Horsford's Acid Phosphate" are being offered for sale, and a timely caution for dealers and public against having or using them, as they will produce the same effect upon the system as the genuine "Horsford's," and the product in some of them are dangerous to health.

Some of these "substitutes" or imitations contain Dilute Phosphoric Acid, which interferes with the digestion, while the name "Horsford's" not only causes no doubt with the dispensing organs, but usually deceives in their action.

One preparation that is being offered for sale, in the gallon, contains Meta or Pyrophosphoric Acid, which are declared on the highest authority to be **poisonous.** The same preparation also contains Chloride, which is a compound of Chlorine. "Horsford's" contains neither of these ingredients.

These "substitutes" are liable to be found at soda fountains, because of their cheapness.

CALL for "HORSFORD'S," and TAKE NO OTHER. NEVER SOLD IN BULK.

THE LIVER AND ITS FUNCTIONS.

It has become a well established fact that the larger portion of diseases to which the human family is subject arise in the first place from some derangement of the Liver. This organ is not only the largest, but at the same time one of the most important. The venous blood, on its return to the heart, passes through this organ, and in its passage the impurities, as also the secretions which are necessary for digestion as well as for a cathartic to assist in the removal of waste material &c. are eliminated. From this it is easily seen that the Liver is liable to get out of order to a greater or less extent, and when this occurs it is impossible for it to properly fulfil its office of removing all objectionable matter from the blood, but allows it to pass through, carrying with it the poisons of which it should have been relieved.

With impure blood the whole system becomes affected, and no organ can properly perform its function unless it is supplied with PURE BLOOD to maintain its strength. So the Liver becomes all important, and when one has the feeling of being continually tired, worn out, is constipated, with tendency to Piles, Headache, Sick Stomach, Sallow Complexion, Eruptions of Skin, etc., they may be sure their Liver is out of order, and a remedy is required to assist nature in relieving itself of all accumulations, and restore it to its original Strength and Vigor. For all the complaints of this kind, there is no medicine that equals

DR. C. F. SHERMAN'S PRICKLY ASH BITTERS.

The result of years of study, experiment and medical research and practice of Dr. R. F. Sherman, its originator, and, its success wherever used is sufficient guaranty for its merit. Drastic Purgatives and that class of remedies can have but one effect—that is by their violent action to derange and weaken the system. Prickly Ash Bitters acts directly on the Liver, Kidneys, Stomach, & Bowels, in a mild yet effect'y manner, and is as pleasant to the taste as any cordial, and is as easily taken by children as adults.

PRICKLY ASH BITTERS CURES ALL DISEASES OF THE LIVER KIDNEYS STOMACH AND BOWELS. FOR SALE BY ALL DRUGGISTS. PRICE 1 DOLLAR.

PRICKLY ASH BITTERS is a medicine of rare merit, and not an intoxicating beverage, and being purely vegetable in its composition can be used at all times with beneficial results. It is not claimed as a cure-all, but for derangements of the organs mentioned, it is a specific and as a BLOOD PURIFIER ranks above all other preparations. Ask your druggist for it, and give it a fair trial. If he has none on hand, ask him to procure it for you.
