This Means Business.

On the principal line of the Chicago, Milwaukee & St. Paul railway passenger trains are electric lighted, steam heated and protected by block signals. With these modern appliances, railway traveling at high speeds has reached a degree of safety heretofore unknown and not attainable on roads where they are not in use. Electric lights and steam heat make it possible to dispense with the oil lamp and the car stove. Block signals have reduced the chances for collisions to a minimum in maintaining an absolute interval of space between trains. For safety, convenience, quick time and close connections at Chicago for all points east there are none better. For maps, time tables, etc., call on or address L. L. Downing, Gen'l Agent, 212 south West Temple street, Salt Lake City.

S. R. Office Removed.

Above is the ticket which was successful at the school election yesterday. All of the members-elect were candidates on the citizens' ticket. In the First municipal ward the independent candidate in the person of C. W. Stevens gave E. B. Critchlow a very hard fight and came near beating him. In the Fifth municipal ward McMaster and Nelson received substantial support but were a long way from being successful. In the Second municipal ward the opposition to the regular convention nominees was so slight as to excite but little alarm. In the Third and Fourth municipal wards the candidates chosen under the Citizens' movement had everything their own way. The vote in detail was as follows:

OFFICIAL RETURNS.

The official returns will be canvassed at a meeting of the board of education this evening. Other business of importance will also be transacted.

AN OVATION.

Honors Showered Upon the Faithful and Willing Musician, Thomas McIntyre.

To the Editor:

The Twenty-first ward meeting house was crowded last night with a sympathetic and appreciative gathering in favor of Brother Thomas McIntyre, who has for some time past been grievously afflicted with his eyesight, necessitating in fact one or more serious operations. Bishop Woolley with his counselors took charge, and called the members of a very fine program, all of which, with chorus and additions, made a delightful entertainment, netting for the beneficiary near seventy dollars. A working committee of brethren and sisters as mentioned in the "News" kindly solicited the aid of every-ready Mutual man, and Brother McIntyre in the Tabernacle choir, the Union Glee club and others, including Prof. Stephens, of the former organization, and Prof. Thomas of the latter, all of whom were more than willing to respond.

Brother McIntyre is well known as an indefatigable worker in a musical direction, having led the Twenty-first ward choir for many years and since the Twenty-first ward has been organized, taking charge there, both of the choir in the general services and that of the Sunday school besides, bringing both to a gratifying and enjoyable efficiency, and being really an attractive feature of the ward. For many years the "Tonic Sol-Fa" method was persistently advocated and taught by him, and though this is the most expeditious, the old notation was made practical and thorough. Perhaps had past circumstances proved to the contrary, the technical of this demonstration might never have known how many true friends he has, nor would all the words of this city find their representatives present to congratulate and bless, and prayers and quotes offer appreciation, as to whether personal and pecuniary services, whether rendered or appreciated, otherwise.

So it is there are many of the workers in Zion of both sexes who have a secret corner in the hearts and affections of the people, and possibly this fact could be more well shown without waiting for calamity or death. We believe that the people in Zion that be or she is living, for the appreciation of others, who for the most cause have performed their one or more talents, which having received they have been loyal to, so to that individual, which has made the talent their base and life.

Brother Thomas McIntyre is to be congratulated on his recent conditions of partial recovery. His sufferings and pecuniary loss have been great, but the faith, prayers and cousing of a host of friends will be his forever and ever.
