EVENING NEWS.

Monday, - - April 4, 1881.

TALK OF THE TOWN.

Conference is in full blast.

The weather continues beautiful.

Murray will be home to-morrow night.

"Rosedale" had a fair house Saturday night.

President Abram Hatch is attending Conference.

The Electric Light beamed forth again on Saturday night.

Apostle Orson Pratt was at the Tabernacle Sunday afternoon.

One of the leading questions is, "Does the electric light tan?"

President Joseph Young attended the morning services yesterday.

Bishop O. N. Liljenquist, of Hyrum, Cache County, is in the City.

An important bee meeting in the Council House this evening at 7 o'clock.

Bishop L. E. Harrington, of American Fork, was among our callers to-day.

Messrs. W. H. Dusenberry and W. C. A. Smoot, of Provo, came up last evening.

The Bishopric of the Seventh Ward assisted in dispensing the sacrament yesterday.

Go and see the Home Dramatic Club in "Pique" to-night, and hear the Careless Orchestra.

Conference is held in the Tabernacle. Seats were scarce yesterday, even in that large building.

A fine entertainment in the 10th Ward Wednesday night. An olio and a farce are the attractions.

The streets on Saturday night presented a very lively appearance. More people are attending Conference than were anticipated.

The Supreme Court met to-day, pursuant to adjournment, but in consequence of the unavoidable absence of Associate Justice Twiss, at once adjourned until the 26th inst., without attending to any business.

A young man named G. B. Lang, was badly hurt about 4 o'clock this afternoon, by a pile of lumber falling upon him, at Latimer & Taylor's yard. He was at the time getting out lumber. Dr. Benedict attended him.

The thrilling sensational drama of "Under the Gaslights," will be presented at the Theatre to-morrow night. McKenzie, Margetts, Graham, Lindsay and all the old favorites will appear. This is a rare attraction and as such will be appreciated.

A fist fight took place on Godbe's Corner this afternoon. Four or five citizens pounced upon a soldier, thereby reversing the general rule in such cases, and several other "boys in blue" then took a hand, and the fight became general. The police were on hand, and several arrests were made. Whisky was the cause.

A post office has been established at Collinston, Box Elder County, with Willard S. Hansen as postmaster. Also one at Mountain Dell, Salt Lake County, with Wm. S. Hardy as postmaster. Henry S. Krigbaum has been appointed postmaster at Corinne, Box Elder County, and A. B. Emery to the same position at Park City, Summit County.

LOCAL AND OTHER MATTERS.

MISSIONARIES.

Those Elders who have been expecting to leave this city on Tuesday, April 12th, as missionaries to Europe, will not now take their departure until Tuesday, April 19th, as the time of starting has been thus changed.

JOSEPH F. SMITH,
F. D. RICHARDS.

French Visitors.—We received a pleasant call this morning from Messrs. Jehan Soudan and G. Vigna del Ferro, two French gentlemen connected with the Parisian press. The former is a special correspondent of the *Voltaire*. We bid them a hearty welcome to Salt Lake, and trust their stay will be both pleasant and profitable.

Feels Grateful. — Brother John Johnson, of Ovid, Bear Lake County, who is about to start on a mission to Denmark, wishes to express his gratitude to the Saints of Ovid for the kind assistance tendered him before starting away. The settlement has but 28 families, but within nine days, they raised Brother Johnson a purse of $140, to help him on his journey across the mighty deep.

Wriston Found.—In the NEWS a few evenings ago was an inquiry for John Wriston, one of the Mormon Battalion. His brother, Franklin Wriston, of North Ogden, stepped in to-day to inform us that the man asked for lives in Oxford, Oneida County, Idaho.

Our informant also states that in the list of the Battalion published last winter, another of his brothers, deceased, was misnamed. The name should have been Isaac Newton Wriston.

Enlarged and Improved. — Mr. L. B. Mattison agent for the Mitchell Wagon, who has been making extensive improvements in his business premises, half a block south of the Theatre, is now ready to receive customers, and display the great variety of machinery, vehicles, &c., for which he is agent. In addition to the Mitchell farm wagons, with which his name has become identified, he has a nice assortment of buggies and spring wagons, suitable for the Utah market. Then there is there is the Peerless and the Wood's reapers and mowers, both vastly improved and with attachments and connections that make them very desirable for farmers, including the twine self binder, the enclosed gear, etc. Then there are the combined droppers and self-rakes, the Gale chilled plow, the Massillon thresher and various agricultural implments and fittings. In the upper part of the new premises is a new lot of very fine team harness and buggy harness, hand-sewed and beautifully mounted. Mattison is now equipped for the spring campaign, but is daily receiving addition to his stock.

Deseret University.—As per notice published Friday evening, the Chancellor and Board of Regents of the Deseret University met on the Union Square grounds last Saturday to further investigate the character of the soil on the proposed site of the new University Building, and confer with experts on the advisability of proceeding with the erection of the structure at that place. Among those present by invitation were Bishop John Sharp, Messrs. Wm. H. Folsom, Elias Morris and Edward Brain, men of wisdom and of experience in building for many years. After an extended consultation, it was decided to go ahead and erect the University on the Union Square; it being deemed the best place, considering all things, that could be procured. The difficulties in respect to the nature of the ground were not considered insurmountable, it was declared by the experts that a good and suitable foundation could be constructed there at a reasonable expense. The vote was unanimous to approve of the site, and to begin and prosecute the work thereon as speedily as possible. The southeast corner of the proposed edifice was defined, the spot chosen being situated 200 feet from the line of the street south of the Square, and at the same distance from the line of the east street. We think the choice made will be satisfactory to the people generally, and we heartily endorse the action of the Board and the Building Committee who have the matter in hand. Before the Legislature meets again, it is very likely the appropriation ($20,000) will have been expended in the work of putting up a building which will eventually be a pride and ornament to the city, and a credit and honor to Utah Territory.

Sentenced to be Shot. — Fred Hopt, *alias* Welcome, the convicted murderer of John F. Turner, was sentenced to-day in the District Court, to be shot on the 20th of May, The day set for the sentence was the 9th inst., (next Saturday), but it was understood by the Court and those immediately concerned, that it would not take place as announced. This was done in order to avoid the mob which would have collected and rendered the way impassable. At 2 o'clock this afternoon, Hopt was escorted by a strong guard, from his cell in the City Jail, where he has been confined for some time past, into the presence of the Court. He was there required to stand up, facing the Judge. After citing the main points of proceedings in the case since the murder was committed, his Honor asked the prisoner if he had anything to say why sentence of death should not be pronounced upon him. The latter said: "Yes, sir, I have. I am not guilty; I am not guilty." The Judge told him he had been so declared by the jury, after a fair trial, and that it was the duty of the Court to pass sentence upon him. He was told he could have his choice of two modes of execution, viz: hanging and shooting. He replied that he would rather be shot. The Court then sentenced him to be shot on the 20th day of May, 1881, between the hours of 10 a. m. and 3 p. m. The prisoner received the sentence with great coolness and sat and conversed with his lawyer a while afterwards, previous to being taken back to the jail, where he will remain until the day of his execution.

After his return to the cell he was shackled. He became very indignant when the irons were put upon him, and swore terribly. He had previously said that if the shackles did not suit, there was not enough men to put them on him, but he did not offer to resist during the process.

Theatre To-night.—The farewell performance of the great play of "Pique," by the popular Home Dramatic Club, will take place at the Theatre this evening. This is one of the finest plays of its class ever put upon the stage, and the club have already played it five times with great success within the last three months. They will repeat it to-night for the special benefit of Conference visitors, who should seize this last opportunity of seeing a really meritorious performance. The celebrated Careless Orchestra will play to-night, their only appearance this week. Listen to the band on the streets this evening, and then go and see "Pique."

Poems.—Mrs. Hannah Cornaby, of Springville, has now ready he volume of poems, which has been promised to the public for some time. It is a neat book of one hundred and fifty-eight pages, containing her autobiography as well as poetic effusions. It is a work of considerable merit, and forms a creditable addition to our collection of home poetry. It has the recommendation of being written in the spirit of the gospel and with a desire to do good. We commend it to our readers. It can be had at the book stores and of the author for $1.25 in cloth, or morocco gilt for $2.50.

The Miles Case.—The judgment of the Utah Courts in the Miles polygamy case, has been reversed by the Supreme Court of the United States, and a new trial ordered. Following is a copy of a telegram that came to-day.

A WISE DEACON.

"Deacon Wilder, I want you to tell me how you kept yourself and family so well the past season, when all the rest of us have been sick so much, and have had the doctors running to us so long."

"Brother Taylor, the answer is very easy, I used Hop Bitters in time and kept my family well and saved large doctor bills. Three dollars' worth of it kept us all well and able to work all the time, and I will warrant it has cost you and most of the neighbors one to two hundred dollars apiece to keep sick the same time. I guess you'll take my medicine hereafter." See other column

FACTORY FACTS.

Close confinement, careful attention to all factory work, gives the operatives pallid faces, poor appetite, languid, miserable feelings, poor blood, inactive liver, kidneys and urinary troubles, and all the physicians and medicine in the world cannot help them unless they get out of of doors or use Hop Bitters, made of the purest and best remedies, and especially for such cases, having abundance of health, sunshine and rosy cheeks in them. None need suffer if they will use them freely. They cost but a trifle. See another column.
