DESERET EVENING NEWS.

THURSDAY, JUNE 11, 1895.

COUNTY COURT.

The Selectmen Think Too Much is Paid for Feeding Prisoners—Other Matters.

At the meeting of the county commissioners yesterday afternoon the question of feeding county prisoners was discussed, and the opinion expressed the opinion that the amount allowed Sheriff Sleigh, 15 cents per meal, is too much. No action was taken in the matter, however, and it was left for future consideration.

The contract for correcting the plats of the county collector to conform to those of the county assessor, was awarded to L. R. Tyson, conditional upon his filing a bond of $1,000. Mr. Tyson's bid was $125 and under the terms of the contract he will have to complete the work in sixty days. The county paid $450 for the same work last year, and $1,775 the preceeding year.

A resolution was introduced by Roberts, providing that road district No. 24 shall cease to be all west lying between Salt Lake base line and the north limits of the county, and from the west line of Salt Lake City to the Great Salt Lake, including parts of Brighton, North Point, Hunter and Pleasant Green precincts. Adopted.

The Big Cottonwood Power company was notified to cease work on the road in Big Cottonwood canyon, until the grade can be examined by the court, complaints having been made that the grade is too steep.

The Salt Lake City Gas company sent in a communication in the shape of a demand that the sum of $549.40 alleged to be due them for the county's bill of the days incurred in the joint building be paid. Referred to the selectmen with the county attorney associated.

The petition of William V. Morris et al asking that the name of Pleasant View precinct be changed to Cheesman precinct, was granted.

The resignation of W. A. Holmes, justice of the peace for the Third precinct, for a decade, was honored.

The applications of S. Hays and Jake Newman & Co. of Bingham, for liquor licenses, were granted and bonds approved.

Claims were allowed as follows:

A HOME INVENTION.

An Axle Grease That Will Not Melt with Heat.

Mr. C. J. Gustaveson, of Providence, the well known inventor, called at this office last evening and exhibited a new kind of axle grease, which he has just invented. It is composed almost exclusively of home articles, and it is truly a home production. It will not melt with heat, and the advantage of this improvement will be readily seen. Mr. Gustaveson spent much time in experimenting before getting his product to such a degree of perfection. He says that on account of the cheapness of the oils and ingredients used in its manufacture, he can compete with any imported grease on the market. Mr. Gustaveson is well known in this city, having resided here for many years.

Perfect purity and unequalled strength are distinctive qualities of Price's Cream Baking Powder.

Fire and Police Matters.

The members of the fire and police commission met in regular session last evening, Chairman Jennings presiding.

George H. Gunnaway, the colored man whom Policeman Carman endeavored to eject from the Theater on the night of the Warner-Shirley silver meeting made a formal complaint against the officer and demanded that he be dismissed from the service. The matter was referred to Chief Pratt with instructions to report at the next meeting of the board.

Chief Pratt brought in a report exonerating Patrolman Talbot for shooting J. J. Sears's horse through the nose while the animal was running away at Liberty Park and Mr. Sears will be notified accordingly.

The charges against Gilbert et al, the firemen who have been before the public so long, that mention of them causes the newspaper vocabulary to be exhausted, will again be heard on the 21st inst. The case of Annie Moreen, fireman, accused of intoxication, will be heard on Monday night next.

W. L. Lemon was appointed a special bicycle policeman and Chief Pratt reported the expenses of the police department for May as being $3,[illegible], while Chief Devine reported cost to have amounted to $2,[illegible] to the fire department for the same period.

WILL FIGHT MEXICAN PETE.

Jim Williams, the Champion Utah Pugilist, to Meet an Unchipped Slugger.

Jim Williams, champion pugilist of the Territory, his friends say, has got the biggest job on his hands he ever had in his life. The statement arises out of the fact that he has just signed articles of agreement to meet in a Bunch fight, Mexican Pete, of Saguache, Colorado.

According to the articles the meeting is to take place at Creede, on July 3, the Mexican has fought many fights and it is said that he has never been beaten. He is heavily backed by the miners and ranchmen of that region. Jim, who is acting as instructor at the Salt Lake Athletic club, will go into training at once and keep on until he gets himself into good condition.

Pangnitch Stake Conference.

The Pangnitch Stake conference convened in Kanarraville June 2nd, at 2 p.m., after the close of the Sunday School conference, which was both interesting and instructive.

There were present Elders J. W. Crosby Jr., M. M. Steele and David Cameron, of the Stake presidency; Elders George Gardner, George Reynolds and Edward Dunford were also in attendance, besides some visiting brethren of the Stake.

Elders Hooper, Reynolds, Gardner, J. W. Crosby Jr., M. M. Steele, David Cameron, A. J. Heaton, Hance A. Allen, John F. Chidester and A. P. Stowe were the speakers at the conference, which lasted one day and a half. They dwelt upon the various principles of the Gospel, the Word of Wisdom being prominent among the instructions given. The spirit of the Lord was poured out in the abundance on the speakers and hearers alike, and all rejoiced and expressed themselves to the effect that it was one of the best conferences ever held in the Stake.

After singing the hymn, "Come, O Thou King of kings," the benediction was pronounced by Elder J. W. Crosby Jr., when conference adjourned until September 1st, 1895, to be held at Panguitch.

JOHN F. CHIDESTER, Clerk of the Conference.

Sixty-two cents to all can be made with a pound can of Dr. Price's Baking Powder than with any other kind.

Mr. Alf Pomeroy of this city, says the Uinta, Wyo., *Herald*, has discovered on a very valuable coal mine near Hams Fork, in this county. The coal is what has long been sought for but heretofore found in this locality, that is a good coking coal. We have seen a sample of coke made from this coal which was made by a very cheap process, and is of the best quality. There is no mistake about this, it is a real coke mine and plenty of it.

AND AGAIN THE RAMBLER WINS!

Ogden is coming to the front in the matter of cycle racing. They had a nice little meet Father day, and the Ramblers not only everything in sight in the second mile, they finished first, second, third and four, in the five mile handicap. Rambler continued to carry off the glory, taking first, second, third and fifth place in the finals, and the five mile race 3 in which our Rocky Lodge park, with a view, perhaps, of reaching our country cousins now to spend. Finally on the Rambler threw the wind into his sails. He should ride a Rambler to be sound too, why don't you come in and see our Rambler bicycle. We can fit you up to the queen's taste.
