MINES AND MINING.

Work of The Bulls and Bears At The Stock Exchange.

THE CALL TODAY UNEVENTFUL.

"The New Utah" As Depicted By The New York Financial News—Ups and Downs.

While today's proceedings on Change were rushed through with unusual speed and vim, the call as a whole was uneventful. The business that was transacted however, gave the lovers of the bargain in the listed stocks—three of these properties sharing in sales, to but one of the other class of stocks.

Bidding was quite brisk on Anchor, but it evoked nothing, as the figures fixed were too far apart to result in trading. Alta with two sales showed good quotations, but a difference of 11 cents prevented the negotiation of a sale.

The first call of Dalton and Lark was futile, but at the request of several of the brokers it was reverted to and called from its second attack with a sale of five hundred shares of the latter at the bid. Bids were also offered for more, but this call evidently cut quite a figure—sufficient at any rate to prevent further transfers of the stock.

Eight Hours Gate was favored with a sale, each of the three of which it changed at 12 cents per, remained to be bidded for and to the perpetration of an act which would be considered a sale, could be brought about. Mercur was firm, offering six asking quotations of $2.40 with a bid of $2.35.

Sales to brought $2.10 in the sale of 100 shares, but after the transfer, bidders of the stock refused to let it go under $2.15. Somehow we arrive at its movement, it and 100 shares changed hands at $2.15, while more of the stock could have been purchased at $2.25. Fifty shares of Ontario were sold at $7.20 but the West would not be gratified.

Although figures were placed so quite a number of unlisted stocks, the only one intimate enough to be brought into a sale was Little Pittsburg, 5,000 shares going at another figure. Quite an excitement was created over Golden Star when one of the brokers offered 25,000 shares at 3 cents, then 2, then 1, but none of the "gamblers" felt that they could risk backing a purchase at it.

The closing figures were as follows:
