BEAUTY:
OR, THE
Secret of a Fair Face
An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.
Unfortunately not one woman in a hundred, subjected to the climate of an American climate possesses that basis and starting point of true beauty—a perfect clear complexion.
What nature has thus denied, art must be called upon to furnish.
It can be done; it is done daily. Prof. W. E. Hagan has placed beauty within the reach of every unblessed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called
MAGNOLIA
BALM
The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.
It conceals all natural blemishes in the most surprising and effective manner.
It removes all roughness, eruptions, redness, blotches, freckles, and tan with magical power.
It drives away all evidences of fatigue and excitement.
It makes the plainest face beautiful.
It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rounded, and plump.
It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.
The Magnolia Balm removes all blemishes and conceals every drawback to beauty; and, while it is as harmless as water, it is so life-like in its effects that the closest observer cannot detect its use.
Ladies who want to make themselves lovely can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

EDUCATIONAL TOUR.

BRIGHAM YOUNG ACADEMY,
Provo, August 21, 1878.

President John Taylor, Territorial Superintendent of District Schools.

Dear Brother—According to appointment; Elder John W. Taylor, your son, met me Sunday, July 7th, at Provo; the notifications of our arrivals had been sent previously to all respective Presidents of Stakes.

WASATCH STAKE.

Leaving Provo, Monday, July 8th, at 5 a.m., in a conveyance furnished by the Executive Committee of the B. Y. Academy, for the round trip through Wasatch and Summit counties, we arrived at Heber City at 2 p. m. The day schools in that county, with two exceptions, might admit of considerable improvement. The first public meeting was the same evening at 8 p. m. The main points of our addresses have been here, as almost everywhere else, as follows:

1—Comparison between the education which the world advocates and the one contemplated by the priesthood, on the passage of scripture as text, that a tree shall be known by its fruit.

2—All education must commence at home with the parents themselves on the educational principle, that we cannot give what we do not possess.

3—Our day schools ought to be conducted by teachers that are faithful Latter-day Saints, on the principle, Latter-day Saint teachers for Latter-day Saint children.

4—The B. Y. Academy, of Provo, was quoted as an illustration, that religious instruction not only does not interfere with progress in the so-called regular studies, but facilitates them.

5—The Y. M. and Y. L. M. I. Associations were addressed on quoting the 2,000 young men of Helaman as text.

6—Exhortation to the young of both sexes to qualify themselves for corresponding to the public press in the defense of their faith and their people, as theirs would be the last *human* testimony to the world.

Pres. Hatch appointed meetings for us in Midway, July 9th, Wallsburg, July 10th, at 2 p. m., and Charleston the same day at 8 p. m., all of which appointments were promptly filled. Visited schools in Heber and Midway, and talked with County Superintendent, trustees, bishops and teachers concerning the other schools; result as stated above.

SUMMIT STAKE.

Left Charleston, July 11th, *via* Heber, for Kamas, where we arrived at 3 p.m. Attended caucus meeting for county convention.

President W. W. Cluff joined us in the evening; meeting of rather slim attendance. No school in operation; they had a good teacher here, but he is discouraged by ungenerous treatment, and wants to leave.

Started July 12 for Peoa. School not in operation just now, but the teacher is a permanent resident in the place, and can be brought up to some efficiency. Meeting at 8 p. m. was crowded, and people seemed to be hungry, spiritually, and very appreciative of the little nourishment we could give them.

July 13th, reached Coalville at noon. County D. S. Superintendent called and asked for teachers for his county from the B. Y. Academy, as they knew that no certificate would be given there to any teacher that was not known to be a faithful Latter-day Saint. As this request has been made of me by the President of every Stake we have visited, I have made to all of them the same proposition as an answer, which has been cheerfully accepted. I would furnish them a teacher from the B.Y. Academy for the winter season for every normal student they would furnish us for one year.

The meeting at Coalville at 8 p.m. was largely attended; and Sunday, July 14th, we visited the Sunday school in the morning. This Sunday school recommends itself by its great order, quietness and dispatch of business, points in which the most of our Sunday schools are yet very deficient. The same day, at 8 p.m., we held a meeting at Echo City, which was also attended by the Saints from Henneferville, and a large representation of the outside element. The school here is kept by Miss Snow, but they are talking of also getting a Latter-day Saint teacher soon, if they can.

Monday, July 15, addressed, on our return trip, the Female Relief Society at Peoa, at 2 p.m., and a public meeting in Kamas at 8 p.m.

UTAH STAKE.

July 16, passed through Provo to Pleasant Grove, where we addressed a large audience in the evening, followed by a public meeting in American Fork, and July 18 in Alpine. All of these places have had large representations in the B. Y. Academy for the last two years. In Alpine the school will be conducted by one of our normals in future who is a resident of the place. This is a point which all of our communities should endeavor to reach, doing away with a great cause of complaint against those itinerant school teachers, that have no lasting interest in the communities, asking better pay than the citizens in most instances get for their work and then not being able to collect all their bills, or preventing a great many children from attending school for want of the kind of pay, cannot settle their own obligations and leave the place with bad feelings all around. Cases of this kind even of recent occurrence have come repeatedly under my observation, and I have proposed a plan to several communities by which, in some measure, this evil might be obviated. To take up 10 or 15 acres of land for school purposes, let the trustees keep the deed, and the teachers have the use, and the people have an opportunity of working out their tuition; let the teachers take stock, and produce, and grow with the people. Returning to Provo, July 20th, addressed the congregation on Sunday, July 21st, and held a meeting in Goshen, July 22nd. Santaquin, July 23rd. Payson, July 24th, where we participated in the celebration of the pioneer's day. July 25th, started from Payson in a conveyance, kindly furnished us by Bishop Tanner, in Payson, and driven by his son, one of our students, for the whole southern trip. Held meeting in Nephi at 8 p.m.

SANPETE STAKE.

Friday, July 26th, meeting in Fountain Green, at 2 p.m., and at Moroni at 8 p.m. July 27th, meeting at Fairview at 2 p.m., and Mount Pleasant at 8 p.m. No schools in session in those places for the summer season, except at Fairview. County District School Superintendent J. E. Malmen met us at Mount Pleasant in behalf of Prest. Peterson, and traveled with us through the Stake. Started Sunday, July 28th, in the morning for Ephraim; called on Prest. O. Hyde at Spring City, and met there Bro. Alred, one of our normal graduates, who will conduct the school in Spring City, his place of permanent residence, and will be able, by his ability, to exercise a beneficial influence over the schools of that Stake by and by. We addressed a very large audience in the tabernacle at Ephraim at 11 a.m., and a still larger audience at 3 p.m., by special request of Prest. Peterson, on "The Signs of the Times." The working, spirit, and results of the Ephraim Y. M. M. I. Association are hereby recommended to your special consideration. July 30 and 31 we spent in Gunnison, holding meetings each day. Here the school is in the hands, by special request, of one of our graduates, on the permanent residence plan, and gives great satisfaction.

SEVIER STAKE.

Reached Salina August 1st, at noon, and were met by County District Superintendent Br. Miller in behalf of Prest. Franklin Spencer. In my letter of notification to every President of the various Stakes we were going to visit, I had not only stated the days of our staying within their respective Stakes, but had placed ourselves entirely at their disposal for the allotted time, in consequence of which some of these Presidents have worked us, as Brother F. Spencer expressed his intention. Held meeting in Salina at one p. m. Small attendance. School is in a poor condition, and the building inadequate for educational purposes. Meeting at Glenwood the same evening at eight p. m. Fine and attentive audience. School conducted by a young lady, teaching only primary grades—they want a graduate teacher here. August 2, passed through Richfield, spent a few hours in Elsinore in visiting the school, which is conducted creditably by an intelligent man. Held meeting at Monroe at eight p. m. School matters are below par, but might be improved by Brother Dennis Harris, the bishop's son, taking hold of them. I have labored with him to that effect. August 3, started for Richfield, attended general priesthood meeting at ten a. m. Special meeting for the priesthood at two p. m. and general meeting at eight p. m. Sunday, August 4, at ten a. m., Sunday schools united for the occasion, addressing them on the principles and methods of conducting Sunday schools, as taught in the normal course for Sunday school teachers every Sunday at the B. Y. Academy at Provo. Addressed public meeting at two p. m., and started immediately after close for Joseph, where we had a meeting at eight p. m. This small place has a nice, little school, conducted creditably by a young lady, whose going to Arizona this Fall, with her parents, will be a loss to that young community.

BEAVER STAKE.

August 5, after driving nearly fifty miles that day, we reached Beaver in time for meeting at eight p. m. No schools in session just now; but they have a good teacher there in the person of Brother Richard Horne, who will be able to elevate the standard of the public schools there, with proper support. President Murdock will second most cordially his efforts. We held four public meetings, in all, in Beaver, among which was a lecture to the Sunday school children, by special request; besides these meetings, we were invited to address the Female Relief Society, in a special meeting. That society is in a very prosperous condition.

WILLARD STAKE.

August 8, met President Hinckley and his two counselors at Kanosh, at four p. m. Had meeting at five p. m. and spent the evening in conversation with President Hinckley, on the subjects of our mission, as enumerated above, in all of which he and his counselors most cordially coincided. August 9, meeting at Meadow at ten a. m. The schools in both places are of a very primitive nature, when in session, and need attending to. Went in company with Prest. Hinckley and counselors to Fillmore the same afternoon, where we spent the following days Aug. 10 and 11, holding four meetings during that time. Fillmore and Millard County in general have patronized the Academy for the last two years considerably, and Fillmore alone will send this winter from 12 to 14 students to Provo. They are working hard to fit up the state house for a high school, and want the Academy to furnish them the Principal for it, which we will do as soon as we get some one ready for such a position. Aug. 12, held two meetings at Holden at 2 p. m. and 8 p. m., which were crowded both times. Aug. 13, Scipio, meeting at 2 and 8 p. m. The school is in the hands of quite an intelligent young man, who joined the church here, and might attain to considerable efficiency were it not for somewhat indisposition to which he is subject.

JUAB STAKE.

Wednesday, Aug. 14, having bid farewell to Prest. Hinckley and his two counselors, who faithfully had accompanied us in all the meetings throughout the whole Stake, we arrived at Levan at 2 p. m., holding meeting there at 8 p. m. This place has gained an unenviable notoriety for carelessness in educational matters, and the indifference with which they treat their teachers.

Aug. 15, addressed by special invitation, the Female Relief Society at Nephi, at 2 p. m., and a large congregation at 8 p. m. Aug. 16, meeting at Mona at 8 p. m. The schools at Nephi and Mona are conducted by teachers that operate according to normal notes taken from lectures delivered at the B. Y. Academy last winter, before a Normal Teachers' Institute. This closed our mission, during which we have addressed 60 congregations in 39 days.

Your brother in the gospel,
K. G. MAYNE.

She was plump and beautiful, and he was wildly fond of her; she hated him, but, womanlike, strove to catch him. He was a fool.
