Salt Lake City Republicans Will Hold a Convention.

INDEPENDENT CITIZENS' CALL.

Democratic Committee Meeting.—Citizens' Movement in Ogden.—Political Points.

The Republican party in Salt Lake City has decided to hold a convention to place in nomination candidates for municipal and legislative offices to be voted for at the general election in November. Following is the call promulgated by the committee today:

REPUBLICAN CONVENTION.

A delegate convention of the Republicans of Salt Lake City is hereby called to meet in the U. S. Federal court room, Wasatch Block, at 10 o'clock a.m. of Saturday, the 14th day of October, 1893, for the purpose of placing in nomination candidates for the several municipal and legislative offices to be voted for at the general election in Salt Lake City, on the 7th day of November, 1893.

The basis of representation in said convention will be ten delegates for each precinct, and in addition thereto, one delegate for each twenty-five votes, or major fraction thereof, cast for the Hon. Frank J. Cannon, as delegate in Congress, at the general election in 1892.

The precincts being entitled to the following representation:

First precinct,	21	delegates.
Second "	26	"
Third "	27	"
Fourth "	26	"
Fifth "	24	"

Primaries will be held in the several precincts at 7:30 o'clock p.m. Thursday, October 12th, 1893, at following places, to elect delegates:

First precinct, Exposition building.
Second precinct, county court house.
Third precinct, Sullivan's hall, 4th Ward house, north.
Fourth precinct, hall.
Fifth precinct, old Federal court house.

A special invitation is extended to all citizens believing in Republican principles and desiring the party's success to meet with and take part in said primaries.

By order of Republican city committee.

SAM J. KENYON, Chairman.
HARRIS PRATT, Secretary.

THE COMING MOVE.

Now that it is generally understood that the Liberal party in Union will run a city ticket with H. C. Lusty as a candidate for nomination as mayor, there is a movement in the Jackson city to combine the Democrats, Independents and better elements of the Liberal party in a citizens' ticket, to be pitted against the combination that has been so zealous in fanning the municipal fuide.

INDEPENDENT CITIZENS' MOVEMENT.

The following call for an independent citizens' movement was being circulated and freely signed today:

To the Voters of the —— Precinct.

The extravagance, corruption and general mismanagement of the present municipal administration, and the fact that a mighty effort is being put forth, by the importation and registering of suspected voters of the "Salt City" class, to perpetuate in power the very set of politicians who have already prostituted the city's affairs, seem to us to justify a popular uprising on the part of the taxpayers and bona fide citizens of Salt Lake, regardless of political preferences or affiliations. The openings advertisements which alarming politicians have caused to be printed and circulated calling on Utah to have silent prayer conscious of irresponsible persons to this city within the past few months, on the pretense of there being a demand for additional laborers on our "public works" Augmented by these new recruits, most of whom are now employed on contract work in preference to the desirable and city among our permanent residents, this incumbent cliques feel confident of their ability to carry the coming municipal election, and thus endorse their furious administration another two years.

Believing that all good citizens who have at heart the welfare of this city are unwilling that these would two further continuance of such shameless misadministration, we have deemed it expedient to call an independent citizens' convention to place in nomination a citizens' municipal ticket for this precinct, and to take such other steps as will accomplish the election of a reform administration. Said convention will be held —— evening, at 7:30 o'clock. All who are in sympathy with this movement are earnestly invited to be present.

The citizens of the First precinct without reference to politics will hold a meeting in the Territorial Exposition building on Thursday evening next in response to the above call.

POLITICAL PARAGRAPHS.

The Utah Democratic club meets in the McCornick block tonight.

The Territorial Democratic committee meets at the Templeton hotel in this city on Monday next.

The Republican city committee and a number of prominent political participants hold an important and interesting meeting at H. J. Keyser's office last night. Earnest speeches were made by G. J. Salisbury, Arthur Brown, H. J. Keyser, C. C. Goodwin, T. Weaver, L. S. Hill and others. It is said by some that the meeting may result in a complete reversal of the municipal campaign ideas.

From Arizona.

Moziah L. Hancock, an old time resident of Utah, but who now makes his home at Taylor, Arizona, has just from the southern Territory, and made a call at the NEWS office today. In conversation he said: I started from Taylor, Apache county, Arizona, for Salt Lake on August 5th. A team through with an 11-year-old boy, on a light cart, and with a two-and-a-half Navajo pony, I bought it for two dollars and a half. Before coming up here I put in a crop of my place in the Apache Forest, near Pine Dale. Several of the brethren have crops in the Forest, which looked well when I started. In the spring, and until July 11 it was as dry that the brethren there were nearly discouraged in the attempt to raise anything. There is no running water in the Forest, and cattle thirst in that neighborhood seems to think that the whole country has got to dry up. The cowboys and sheepmen surrounded upon the flights of the settlers in a considerable crowd. But the southwest city spell not a sometimes effect on the latter. It was low at from feet to water, and nearly all the sheepmen drew off. The crops that were in had not somewhere enough to live, and were looking well, when on the 11th of July a good rainbow set in, and everything was put on a different growing condition. That was the condition up to the time I left.

On the way down Utah I found the crops excellent along the wagon roads. The people had plenty of water, as we had no trouble, except from the washing out of the road. At the Meadows the Indians have been giving some trouble by turning their horses to feed on the settlers' crops.

Two Small Fires.

A small wooden house in the rear of a residence on Fourth south near Seventh East street had slight damage nine and 1 o'clock. The reserve 2 was called out but their services were not needed as the flame was extinguished with a few pails of water.

A slight damage was done to the roof of the Western Union Telegraph office. Firemen Young got twisted himself into a hornet fragment and put on the line.

Sunday School Union.

The meeting of the Sunday School officers and teachers of the stake appointed for next Sunday evening is postponed for one month.
