EASTERN DISPATCHES.

WASHINGTON, D. C., 1.—The entire cost of the office for congressional printing for the year is $1,802,343, which largely exceeds any previous year of the past ten, except 1865 when it was nearly half a million more. The office has completed during the past year 119,284 pages of documentary composition, and 7,869,000 volumes of that class of work, many of which exceed a thousand pages each, on the subject of patent office reports. The report says the printing office building, owing to the increase of work, is too small and an appropriation to build another wing similar to that put up a year ago is asked. Charging government for materials, machinery, labor and everything used in the prosecution of the business, it appears that the earnings of the office for the year were $2 367,946, while the expenses, including $107,626 for unfinished work, were $2,134,771. There are over one thousand employes, male and female.

WASHINGTON, D. C., 1.—The report of the commissioner of internal revenue states that the aggregate receipts from all sources, exclusive of duty on capital, circulation and deposits, of the national banks, were for the following fiscal years ending June 30, 1870, $185,235,869; 1871, $144,011,176; 1872, $131,770,946. These amounts include sums refunded and allowed on drawbacks. The decrease in the aggregate receipts for the last two years is due to legislation, approved July, 1870, which reduced the revenue to an estimated amount of fifty-five millions to full operation before the close of the fiscal year 1870. The receipts from spirits show an increase over last year of $3,992,046. The sources are given as follows: Spirits distilled from apples, peaches, grapes, $544,848; from materials other than apples, peaches, or grapes $32,572,940; distilleries per diem. tax $6,489,788; wine made in imitation of champagne $20; rectifiers $955,704; dealers retail $4,028,604; dealers wholesale $2,065,563; manufacturers' stills $1,391; stills or worms manufactured $428; stamps distillery warehouse $290,264; stamps rectifiers $367,920; stamps wholesale liquor dealers $139,802; excess gaugers' fees $4,118; Total $49,475,876. The number of grain distilleries registered last year was 3,512; fruit distilleries 338; total 3,649. Returns show total production in taxable gallons from materials other than fruit of 68,275,745; from fruit 757,788; total yearly production 69,033,533 gallons.

The committee recommends that section 51 of the act of July 20, 1868, as amended by the act of June 6th, 1872, be further amended so as to read in a more explicit manner than at present.

The receipts from the tax of one dollar a barrel on fermented liquors during the fiscal year ending June 27th, amounted to $3,009,960, an increase of nearly a million over last year. The number of breweries in the U. S. is 3,421, of which California has 226, only four of the States—New York, Pennsylvania, Ohio and Wisconsin, having more.

The commissioner recommends the amendment of sections 18 and 22 of the act of June, 1872, so as to provide for packages known as thirds, the use of which was authorized to accommodate brewers west of the Rocky Mountains, which use this form of package as specially adapted for packing on mules. Thirds appear to have been omitted in the act of June 1872 and should be restored.

The commissioner also recommends such amendment to the law, as will make more explicit the sections of the act of June, 1872, relating to the special tax on retail dealers, which the commissioner has construed as providing for a special tax at a lower rate for retail dealers in malt liquors alone. He also recommends that the retailer of malt liquors be limited in their sales to quantities less than five gallons, those selling five gallons and upward to be required to pay wholesale tax.

The total receipts from tobacco for the fiscal year ending June, 1872, were $38,736,170, an increase over the previous year of $157,263.

The commissioner says that so far as he is able to judge, the law providing for a uniform rate for tax on all manufactured tobacco, whether chewing or smoking, is operating very satisfactorily. The commissioner recommends the abolition of the office of assessor of internal revenue and placing the duties now performed by these officers upon the collectors, a change which he shows is entirely practicable and would not only result in a large saving to the government, but the simplification of the system of collecting revenue.

The following is a copy of the last letter from Horace Greeley to Charles Leman, of this city—

"NEW YORK, June 27, 1872.

"Friend Leman:—Received yours of 25th inst. I have all my life been doing what people call vastly foolish and impolitic acts, and I did not dispute their judgment. I only said that what I did seemed to me the right thing. If I should die before election, or be beaten therein, please testify for me that I do not regret having braved public opinion when I thought it wrong, and knew it to be merciless.

Signed, "HORACE GREELEY."

The Secretary of the Treasury has authorized the assistant treasurer at New York to purchase one million bonds each Wednesday, and sell one million in gold each Thursday during December.

The House Committee on appropriations, which has been in session two weeks, has perfected the legislative, executive, and judicial appropriation bill. The Indian appropriation bill, consular and diplomatic bill, pension bill, and post office bill will be reported to the House early this week.

The President has written a letter in complimentary terms accepting the resignation of Gen. Horace Porter.

BALTIMORE, Md., 1.—The Maryland electors chosen at the late election will meet to-morrow night to decide how the votes shall be cast. Since the death of Greeley the importance attached to the vote seems to be the bearing it may have on the nomination four years hence.

NEW YORK, 1.—A St. John's, N. B., dispatch gives an account of a violent storm there on Friday night and yesterday, doing great damage to shipping in the harbor, and wrecking a number of vessels outside, with considerable loss of life. In the city several buildings have been blown down and a portion of a new edifice nearly completed for the Young Men's Christian Association, fell. Three groceries were crushed and several dwellings blown over.

The remains of Greeley were taken to this city from Pleasantville, on Saturday evening. They are now at the residence of Samuel Sinclair. The two daughters of Mr. Greeley, and Mrs. Gibbons accompanied the remains to this city.

The *Herald* mentions that the Union League have a hope that President Grant will take part in the obsequies of his late distinguished rival in the political field.

Commodore John Calhoun died on Saturday, aged 70.

Eight hundred men were discharged from the navy yard yesterday.

PHILADELPHIA.—The officers of the Mexican National Railway company have received a telegram from the City of Mexico, dated Nov. 27, saying that the Mexican congress passed that day by a majority of sixty a bill authorizing President Tejado to arrange with Gen. Rosecranz the modifications desired to their existing concession, leaving the latter full power. The company ask for a subsidy in national bonds in lieu of the land grant given them in December, 1870.

NEW YORK, 1.—The trustees of the *Tribune*, at a meeting on Saturday, appointed a committee consisting of Sinclair, Reid and Cleveland, to take entire charge of the arrangements for Greeley's funeral. They have fixed it for Wednesday, at 11 o'clock, from the Church of the Divine Paternity, Rev. Dr. Chapin's. No special invitations will be sent out, but it is already known that organizations of various kinds are taking formal steps for attending in a body.

James Watson Webb is seriously ill.

WASHINGTON, 1.—Estimates for the fiscal years, 1873 and 1874: Legislative establishment, $2,973,224; executive establishment, $171,292,61; judicial establishment, $35,871,060; foreign intercourse, $1,326,854; military establishment, $32,894,854; navy establishment, 20,154,220; Indian affairs, $5,700,975; pensions, $305,500,000; public works, $29,687,845; postal service, $7,410,602; miscellaneous, $9,596,974; permanent appropriation, $147,361,943.

LOUISVILLE, 1.—Early this morning a cottage near the city limits, occupied by a family named Ashton, caught fire while the family was in a drunken slumber from a carousal over night, and burned down. The daughter was burned to death in bed.

WESTERN DISPATCHES.

PIOCHE, 1.—Yesterday, in the matter of Raymond & Ely vs. Kentuck, and Kentuck vs. Raymond & Ely, the hearing in both cases was postponed until January 9 h.

Bullion shipments per Wells, Fargo & Co. last week amounted to $77,573,28.

LOS ANGELES, 30.—The storm on the coast is the heaviest known for years. The steamer *Pacific* is over due at San Pedro. No landing can be effected to-night.

The depot grounds of the Southern Pacific were located by common council last evening.

YREKA, 29.—Dr. Plemmer, supt. of the third district of the W. U. T. Co. was the recipient of a testimonial, in the shape of an elegant gold watch and chain last evening, by the operators of his district.

SAN FRANCISCO, 30.—The boy Oakley, who was run over on the Sutter street car line, died last evening.

A man, name unknown, is reported to have been drowned by the capsizing of a boat from a pilot vessel, on Thursday p.m.

Stanton's ruby has been found to weigh twenty-eight and a half carats. He says he will return to the fields next week, and declares that the ground where he prospected has not been salted.

The cellars of the new hospital are completely flooded.

A letter from a man at the diamond fields, just received, states that, at least, one thousand men are on the ground prospecting. A judicious silence is observed concerning their success. The council for the committee of inquiry are investigating the laws applicable to such enormous swindles, and seem to have arrived at one conclusion, that the offence ranks as a misdemeanor, and not a felony. Photographs of some of the gems have been taken for the owners.

Jno. Haggerty, convicted of arson, has been sentenced to the State prison for six years;

The California Iron Mining Co. has been incorporated, to work iron mines in Nevada county, capital four millions.

The Capel Silver Mining Co. has been incorporated to mine in Wallapai district, Arizona.

WALKING MATCH.—A Match Exchange and suspension set made on Mare Island took place this evening. It was nearly a bitter weep. It included nearly all the workmen in the construction department and six of the foremen.

TREASURY DEPARTMENT.
OFFICE OF COMPTROLLER OF THE CURRENCY, WASHINGTON, Oct. 21, 1872.
Whereas by satisfactory evidence presented to the undersigned, it has been made to appear that "The Deseret National Bank of Salt Lake City" in the city of Salt Lake, County of Salt Lake and Territory of Utah, has been duly organized under and according to the requirements of the Act of Congress entitled "An Act to provide a National Currency, secured by a pledge of United States bonds, and to provide for the circulation and redemption thereof," approved June 3rd, 1864, and has complied with all the provisions of said Act required to be complied with before commencing the business of Banking under said Act.
Now, therefore, I John S. Langworthy, Acting Comptroller of the Currency, do hereby certify that "The Deseret National Bank of Salt Lake City" in the City of Salt Lake, in the County of Salt Lake and Territory of Utah, is authorized to commence the business of Banking under the Act aforesaid.
In testimony whereof witness my hand and seal of office this 21st day of October, 1872.
(Seal) (Signed) J. S. LANGWORTHY, Acting Comptroller Currency.
