MINING, BUSINESS AND STOCKS.

BEARS WERE IN FULL CONTROL.

Petro, with Dividend On, Falls Ten Cents.

A SINGULAR PERFORMANCE.

Grand Central Kept Under the 50 Mark—Sunbeam Advances—Heavy Trading in Four Aces.

TODAY'S METALS:
SILVER 67¾
LEAD $4.40
CASTING COPPER 17.

The call at the Stock Exchange this morning was not without its feature, and it was good enough to be interesting.

Petro, which sold yesterday at 46, joined up with a 2½ cent dividend on. The general expectation was that this would strengthen the stock, and when it was offered at the first call for $6.10 it was readily taken. The ever sale was at 6½, and from there on the Kingdom stock was well bought at advancing prices, a fine run. The last sale recorded was at 9½, a loss of more than ten cents yesterday, in and making of the dividend. The stock was in fair demand when J. A. Pollock jumped into the market and began to buy it, offering to sell anything up to ten thousand shares. This put an end to the bears, who had made full preparation to hold it at cents. Over 10,000 shares changed hands.

Grand Central was elementary dull in, and was the target for a bear raid, which was successfully carried out. The stock was offered in small lots at 50 after a choice it bears.

Dalton and Lark was very weak, owing to the failure of the owners people to take up their option.

Mammoth was quiet in the trading at higher prices, closing at 1.70½.

Four Aces was extensively dealt in, and shares changing hands.

Northern Light was inactive, only one board or being sold.

Sunbeam continued its advance, selling up to 34, and being sold from 40 at the close.

One lot of Yuba brought 41 cents a share.

The closing quotations were as follows:
