OGDEN OCCURRENCES.

Republican Primaries Held in the Several Wards Last Night.

FOURTH DISTRICT COURT.

Senator Stanford To Route for the Coast—A Contractor Fails to Carry Out His Undertakings, etc.

[Ogden Bureau.]

At the meeting of the board of education last night, Architect Smith of the Fifth ward building, announced that work thereon had been discontinued on account of the failure of Contractor P. J. Lannerete to fulfill the provisions of his contract. The board decided to take up the work itself, and the assessment of the contractor will be held responsible for any deficiency which may occur. There was a difference of opinion as to whether or not the board could do the work without first advertising for bids or when considering any new building. Messrs. Tuesly, Pratt & Lee were appointed a committee to look up the law on the subject.

Last evening at the meeting of the City Council, several numerously signed petitions were filed remonstrating against the construction of the proposed eighteen blocks of sewer in district No. 1, for the reason that the south western part of the city is at present not supplied with city water and the taxes this year are extremely heavy. A a number of the protesting property owners were present, the rules of the Council were suspended and they were granted the privilege of the floor. The matter was finally referred to the committee on sewers. The ordinance granting a franchise to the Ohio and Utah Natural Gas & Oil Company to lay mains on all streets and alleys in Ogden city for the purpose of distributing natural gas, was taken up on its third reading. It passed, with a provision that work must begin within sixty days or the franchise shall be void.

It was reported at a meeting of the county court yesterday that after many delays the authorities of Morgan county have signified their willingness to defray half the expense of constructing a bridge across the Weber river at Devil's Gate and the bridge will probably be built at once. The county treasurer filed his report from March 31st to October 10th, showing a balance on hand of $18,388.04. The county clerk presented his weekly report showing cash received up to date for taxes $15,041.41.

Senator Leland Stanford of California, accompanied by Mrs. Stanford and a party of friends, arrived in Ogden this morning at 2:30 o'clock on the Union Pacific No. 1, in his private car. The party is returning home to the Golden state from Europe, where the senator has been trying the medicinal springs of Germany, France and Switzerland. The train pulled out for the coast shortly before 3 o'clock.

The Republican primaries were held in the various wards last evening, at which the nomination of candidates for city councilors were made and delegates to the city convention, which meets Thursday, October 20th, were chosen.

For city councilors the following ticket was nominated:

First Ward—William Negus and Jacob T. Bracking.

Second Ward—James G. Mayes and C. T. Richmond.

Third Ward—William A. Lund. (Only nomination made.)

Fourth Ward—John Smith and C. A. Horsell.

Fifth Ward—Jno. S. Watts and Amos B. Carey.

For justice of the peace, First Ward, C. P. McDowell received the nomination and J. W. Wilson was nominated for constable.

Second Ward—For justice of the peace James Beaton was nominated and James Wadman was awarded the nomination for constable.

Third Ward—For justice of peace, J. H. Carlisle and for constable, W. S. Cooper were nominated at the county primaries.

Fourth Ward—William Lee had been chosen justice of the peace and Robert Cameron, constable, at the county primaries.

Fifth Ward—S. L. Ives was nominated justice of the peace and O. P. Harriman, constable, at the county primary.

Yesterday in the Fourth District court, the Ogden Sash, Door & Manufacturing company obtained a verdict against John Petersen in the sum of $297.35. The plaintiff was subcontractor under the defendant on some buildings being erected in the city, and when the final settlement took place there was some dispute as to the extent the subcontractor should receive, several changes having been made in the plans of the buildings and the material which entered into the construction thereof.

The hearing in the case of Mary Buck vs. Phil Ford, wherein the plaintiff asks for $1,000 damages, alleged to have been caused to the plaintiff's property and household effects by reason of the defendant, while acting in his capacity as constable, taking possession of them, occupied nearly the entire afternoon. The defendant claims to have been authorized to attach the property by virtue of an execution issued out of Commissioner Waters's office in the case of Chris. Graff vs. George Buck. The plaintiff stated on the stand that the attached property was her own and not her husband's. The case was to be given to the jury this morning.

The twenty round contest between Harry Williams, of Salt Lake, and Ed Schoolcraft for a purse of $150 and $100 a side, will come off tonight in the Utah Athletic club rooms. The men have been training at Salt Lake City.

PROBABLY FATAL ACCIDENT.

Isaac Meddows Sustains Injuries Which Threaten to Result in Death.

Isaac Meddows, whose place of residence is at No. 754 west North Temple street, met with a serious and perhaps fatal accident at the intersection of North Temple and Fifth West streets about 5 o'clock last evening.

Mr. Meddows is a teamster, and is well known and respected citizen. He was engaged in hauling gravel and was driving his team over the railroad tracks—he's one of above the grade at that point—when he was thrown from his wagon, which was heavily loaded. Two of the wheels passed over his left arm and leg, crushing both badly. He also sustained serious internal injuries and it is said that his recovery is doubtful.

Dr. Benedict was summoned and he ordered the wounded limb, meaning amputation unnecessary.

At latest accounts this afternoon the unfortunate man was reported as sinking rapidly.

Either the city or the railway company it seems will be made a defendant in a heavy damage suit.

Amusement Notes.

The sale for Lillian Russell which began yesterday was very large and still continues. The repertoire is as follows: Thursday and Friday, "La Cigale;" Saturday matinee and night, "The Mountebanks."

The company is composed of one hundred and twenty members, among whom are such stars as C. Hayden Coffin, Wm. T. Carleton, Louis Harrison, James H. Peakes, Louis Chesnel. Both orders are mounted and staged handsomely, special scenery being carried by the company.

The company arrived in Ogden Monday night in Opera, where they appear tonight.

MOONLIGHT.

A handsome moonlight will be given in aid of the Weber gun club today, it is understood on Wednesday. A new programme will be presented for the week commencing tomorrow.

THE VARIEGRAPH CONCERT

on Friday promises to be something surpassing in grandeur any of the previous concerts.

COLUMBIAN CELEBRATION.

The students of the Latter-day Saints' College will celebrate Columbian day in an appropriate manner, the exercises to commence at 10 o'clock, Friday, October 21. A select social party will be given in the evening in the Footlonth ward hall under the auspices of the Students' Society.

Women's Association Meeting.

The regular semi-monthly meeting of the women's association worker convenes in this city, and was postponed on the last occasion on account of the General Conference, will be held on Saturday, October 22, commencing at 2 o'clock p. m., as usual. The sisters will please take notice of this. It is hoped there will be a good attendance from all parts of the county. M. ISABELLA HORNE, President.

COURT INTELLIGENCE.

The Morning in Judge Zane's Department—Filing of Suits, etc.

In the Third District Court this morning, in the case of Meyer S. Ascheim vs. David Smith, tried yesterday, the jury brought in a sealed verdict. They found in favor of the plaintiff for the sum of $246.34. The action was on an account for a balance due of $261 for merchandise.

OVERRULED.

In the case of Max Martin vs. Wm. Groesbeck et al., the motion to open default and for leave to intervene was overruled. Notice of appeal was given.

BAIL BOND.

Jesse McNiblen is awaiting trial on a charge of grand larceny. His bail bond was now fixed at $500.

A DEFAULT.

Default was entered in the suit of J. H. Parker vs. John Lewis.

SUIT'S GOING TO CHEYENNE.

May Reynolds, against whom the grand jury had found an indictment for keeping a house of ill-fame, plead guilty through her attorney, A. S. Schneider, and a fine of $50 and costs was imposed. Causes stated that May had abandoned her former mode of living, left the city, and taken up her abode in Cheyenne, Wyoming.

GUARDIAN AD LITEM.

In the matter of John L. Napier vs. Brigham Sellers default was entered, and H. G. Middlton was appointed guardian ad litem for the minor defendants, Henry, Effie, Clara, Minnie, Emily, and Hyram Sellers.

WILL PLEAD SATURDAY.

Frank Miller, charged with embezzlement, was allowed until Saturday to plead.

ALLEGED ILLEGAL ATTACHMENT.

The first case called on for trial was that of Sarah J. Levy vs. C. S. Marshal Parsons, being an action for unlawful attachment of goods. It presented no feature of public interest, and was in progress at noon.

NEW SUITS.

Suit was brought in the Third District court this morning by George M. Scott & Co., against Frank Hellman, Henry Dreibelbis and Liberty E. Holmes, doing business under the firm name of the Highland Mining company. The amount claimed is $712.75, and costs, for materials alleged to have been furnished at the defendants' request for sinking and developing the Highland Boy mine, Mr. Scott claims, judge McKay is the plaintiffs' attorney.

Seymour B. Young also instituted a suit today, in the same court, against Joseph R. Noble, to recover the sum of $1111, secured by a promissory note, with interest at 1 per cent.

JUDGMENTS ENTERED.

Judgment for the plaintiff for $175 and $50.50 costs, in the case of Frank Hayes vs. Sharon Atkinson.

In the matter of the Consolidated Implement Co. vs. the Colorado River Cattle Co. (corporation) judgment has also been entered in favor of the plaintiff, against the gamblers, or $50.

IN POLITICAL CIRCLES.

What Local Parties and Partisans are Doing.

Judge J. R. McBride, the well known attorney formerly of this city, was an interested visitor at Republican headquarters today.

The Republican Territorial committee is out with a challenge to the Democratic candidate for Congress to debate with his Republican opponent the issues of the day.

The Liberal city primaries of Ogden will be held next Monday and the city convention has been called for Tuesday afternoon at 2 o'clock in the Grand Opera House.

Next Saturday evening B. H. Roberts, Democrat, of Salt Lake City, will address the people of Ogden city and Weber county in the Grand Opera House on the political issues of the day.

Those who intend to vote at the coming election would do well to inform where they are at the present time, at least not much out of the precinct in which they are registered.

The political situation in this city was never more apathetic than just now, corresponding strangely with the reported condition throughout the nation. After this week it is expected things will take a livelier turn.

Both the Democratic and Republican headquarters are flooding the country with campaign literature. The Liberals perhaps through a feeling of sincere regard for the suffering people, are more modest and send nothing but the local organ.

At a Republican meeting in this city last night, it was determined to call the county convention on the 24th inst. and the convention on the 25th. The latter will be held in the old Federal court room in this city, and the preliminaries now are that a full ticket will be nominated. The convention will consist of 125 delegates, and the appointments will be announced at once.

Concerning Judge Anderson.

A rumor has been circulated in this city to the effect that Judge Anderson is about to pose as the defendant in a divorce suit which his wife intends to bring against him in one of the Minnesota courts. The News has been unable, however, to verify the statement. It is also reported that the judge's wife was the chief instrument in bringing against him the charges which took him away to Washington, and which are believed to be the indirect cause of his resignation.

Dishonest Trading.

A correspondent writes informing us that a dishonest fruit vendor is now plying his trade on North Temple street for sometime. Several persons complain that they have received much less than what they paid for. Yesterday this individual called at a certain house and asked the lady to purchase some potatoes. She ordered a bushel, but on measuring them found that only half a bushel had been supplied to her. She taxed him with his dishonesty, and showed him the measure. He then took up the potatoes, put them in his wagon and drove hurriedly off.

The New City Jail.

In accordance with a resolution recently introduced in the City Council by Councilmen Rich, and adopted, competitive plans are now being advertised for a building not to exceed $25,000.

The new prison will be located in the jail yard at the rear of the City Hall.

The successful architect is to reside superintendent of construction of the building. Cabinet perspective and drawings will not be admitted to competition.

The city reserves the right to reject any and all bids.

Latest Court News.

In an almost empty court the case of Sarah J. Levy vs. C. S. Marshal Parsons (commenced this morning) was this afternoon, at 3 o'clock, still dragging wearily along before Chief Justice Zane and a jury. The evidence of one of the witnesses—a German lady—was given through an interpreter, and proved to be a pretty serious business. It looks as though the case will run into tomorrow.

In the Third District court this afternoon William Terrell brought suit against Wm. Groesbeck to try to recover $504, interest and costs on a promissory note.

John Featherstone also today sued Robert Brown and Emily Page, in the same court, on a promissory note for $242.55, interest and costs.

Police Matron.

The question of appointing a police matron, as asked for by the Rev. E. G. McNiece, does not appear to meet with the approval of many of the attaches about the city hall. The advisability of making the appointment will be thoroughly investigated by the committee on police to whom the matter has been referred.

BACK VOLUMES

—OF THE—

DESERET WEEKLY.

The sixth volume of the DESERET WEEKLY in the present form is now issued. A limited number of copies of these six volumes are held in stock at the Deseret News office, Salt Lake City, in bound form at $2.00 per volume. It is the best history of current events to be obtained, and by far the cheapest, and the time is now for classes when they will be eagerly sought after by students of history, anxious to be informed of the stirring events which have transpired within the past three years—the most interesting period of the history of the Latter-day Saints. Every person who can afford it should secure these volumes while they are to be had for future reference, and especially should they be secured for every Sunday School, Improvement Association and Ward library. Apply early to make sure of getting them.

DESERET NEWS OFFICE.

WHY THE DESERET NEWS SHOULD BE SUBSCRIBED FOR IN PREFERENCE TO ANY OTHER PAPER.

1.—It is the organ of the Church of Jesus Christ of Latter-day Saints, and the authorized medium through which the views, wishes and instructions of the Church authorities are expressed and given to the Saints.

2.—It may always be relied upon as advocating or defending the right side of every question proper for public journals to treat upon.

3.—It is devoted to the interests of the Latter-day Saints, and has from its inception, editorially defended their rights and advocated the principles to which they believe, and every Latter-day Saint should therefore feel under obligations to do his part in helping to sustain it.

4.—It is not published for speculation, and never has been run for the good which it is capable of accomplishing; the profits, if any there be, instead of being devoted to adorning its sphere of usefulness and benefiting the community.

5.—It is doing its mission to establish home industries, among which are paper making and type-founding, stereotyping and electrotyping—branches necessary to the development and independence of the community, but which, during their infancy (which in this Territory they have not yet passed), can only be carried on at a pecuniary loss.

6.—There is no danger of any subscriber in the News failing to get what he subscribes for through fellows of the baser times and a suspension of the publication can result in the loss of hundreds of newspaper subscriptions every year.

7.—It is printed in readable type, so that even the aged can peruse it without difficulty or danger to their eyesight.

8.—It is free from all questionable advertisements, so that no parent need fear that his children will have their minds corrupted from having access to it; in fact, it saves thousands of dollars worth of the best paying advertisements annually, because it is devoted to the moral and spiritual interests of its readers instead of to getting gain at their expense.

9.—Its time is not occupied by public options nor the hope of gaining a benefice or advertisement. It advocates that which is right and condemns that which is wrong, regardless of persons, financial or otherwise.

10.—It never succumbs to orders by gaining an entrance of selfishness into some home.

11.—The News purchases no deception nor resorts to no subterfuges to induce people to subscribe; but on the contrary, prefers to stand on its own merits, as the people's newspaper, with a sufficient duty to the subscriber to give its patrons the full value of their money—a principle which it has endeavored to faithfully adhere to in the past.

12.—As a newspaper, it is a Latter-day Saint one which it endeavors to be truly and unmistakably the people's paper, and it seems that one, the News should universally be the text.
