ALL DEPARTMENTS OF THE STATE FAIR

List of All Entries in Addition to Those Published Yesterday—What There is at the Fair.

The State Fair is now in full swing, and Hon. N. A. Empey, who is general superintendent of the building and grounds, finds he has a great exposition of industry and art to look over, and see that all is kept in order. But the work is well done, and the Fair visitors are enjoying themselves. A large number attended the opening day, and the attendance of today, Wednesday, is expected to see largely augmented figures by the time the list is made up tonight.

That our readers may have thorough knowledge of what there is at the Fair, the following detailed list of entries is given, and with those published in the "News" yesterday, completes a record of the exhibits:

Cragun of Pleasant View, Weber county, is justly proud of the exhibit, which is superior to previous years, and is highly attractive.

AGRICULTURE MACHINERY ETC.

The Western Moline Plough company has the only exhibit in department H, so that Mr. Streefer, the supervisor, has nothing to worry in the way of being overworked there. Fortunately he is able to put his time to good use in aiding others, and finds plenty to do.

The display in department I, manufactures, is a good show, one of the best in the Fair. Ben R. Eldredge, the supervisor, has all in good shape. Here are the entries:

EDUCATIONAL.

M. W. Taylor is supervisor in this department, M., and has a pretty display, though much smaller than last year. It is being added to daily.

The principal exhibits are those of the Salt Lake county schools, the chief of these being from the Murray, Sugar and Brighton schools. The exhibits consist of paintings in water colors, crayon drawings, needlework, penmanship and essays. The Murray exhibit excelled in needlework.

The kindergarten of the Orphans' Home and Day Nursery has a good collection of kindergarten work, showing great ingenuity on the part of the little folks.

The fact that the Salt Lake City schools are not making any exhibit this year necessarily reduces the extent of the general display materially.

THE WHOLE SYSTEM

May Become Invaded by Catarrh—General Lewis' Case.

Hon. James Lewis, Surveyor General of Louisiana.

Pe-ru-na Drug M'f'g Co., Columbus, O.:

"Gentlemen—I have used Pe-ru-na for a short time and can cheerfully recommend it as being all you represent and wish every man who is suffering with catarrh could know of its great value. Should I at any future time have occasion to recommend a treatment of your kind, rest assured that yours will be the one. James Lewis."

Wherever the catarrh is, there is sure to be a waste of mucus. The mucus is as precious as blood. It is blood, in fact. It is blood plasma—blood with the corpuscles removed. To stop this waste, you must stop this catarrh. A course of treatment with Pe-ru-na never fails to do this.

Send for free catarrh book. Address The Pe-ru-na Drug Manufacturing Co., Columbus, O.

MORE BOXES OF GOLD.

And Many Greenbacks.

To secure additional information directly from the people, it is proposed to send little boxes of gold and greenbacks to persons who write the most interesting detailed, and truthful descriptions of their experience on the following topics.

1. How have you been affected by coffee drinking and by changing from coffee to Postum.

2. Do you know anyone who has been driven away from Postum because it came to the table weak and characterless at the first trial?

3. Did you set such a person right regarding the easy way to make Postum clear, black, and with a crisp, rich taste?

4. Have you ever found a better way to make it than to use four heaping teaspoonsful to the pint of water, let stand on stove until real boiling begins, then note the clock and allow it to continue easy boiling full fifteen minutes from that time, stirring down occasionally? (A piece of butter about the size of a navy bean, placed in the pot will prevent boiling over.)

5. Give names and account of those you know to have been cured or helped in health by the dismissal of coffee and the daily use of Postum Food Coffee in its place.

6. Write names and addresses of 20 friends whom you believe would be benefited by leaving off coffee. (Your name will not be divulged to them.)

Address your letter to the Postum Cereal Co., Ltd., Battle Creek, Mich., writing your own name and address clearly.

Be honest and truthful, don't write poetry or fanciful letters, just plain, truthful statements.

Decision will be made between October 30th, and November 10th, 1900, by three judges, not members of the Postum Cereal Co., and a neat little box containing a $10 gold piece sent to each of the five best writers, a box containing a $5 gold piece to each of the 20 next best writers, $2 greenback to each of the 100 next best, and a $1 greenback to each of the 200 next best writers, making cash prizes distributed to 325 persons.

Almost every one interested in pure food and drink is willing to have their name and letter appear in the papers, for such help as it may offer to the human race. However, a request to omit name will be respected.

Every friend of Postum is urged to write, and each letter will be held in high esteem by the company, as an evidence of such friendship, while the little boxes of gold and envelopes of money reach many modest writers whose plain and sensible letters contain the facts desired, although the sender may have but small faith in winning at the time of writing.

Talk this subject over with your friends and see how many among you can win prizes. It is a good, honest competition and in the best kind of a cause. Cut this statement out for it will not appear again.

MEN'S AND BOYS' SHOES AS WE BUILD THEM.

It's taken years of hard work to perfect these shoes for men and boys.

It wasn't done in a day.

Away back years ago we started to build them ourselves—a few only at a time, so as to have them good.

We've been trying to build them a little better as we've grown, until today we know we're building the best shoes for man or boy that are sold in this town.

Best means style, leather, inside and outside.

WHEN SUFFERING FROM A COLD

Old-fashioned remedies generally suffice for those who know how to doctor it. A mustard foot bath, a little hot whisky, rock and rye, quinine, or PITT'S BALSAM will generally answer the purpose. We have everything you need in this line, pure and of the very best quality, and we don't ask any more than you will have to pay for inferior goods elsewhere.
