CONGRESSIONAL.

SENATE.

Miscellaneous.

WASHINGTON, 9. — Mitchell, of Oregon, introduced a bill granting the right of way for a railroad and telegraph line to the Walla Walla and Columbia River Railroad Company, across the Fort Walla Walla military reservation, in Washington Territory; also a bill for the relief of John Cummings, late collector and disburser of Indian claims in Idaho.

Sargent, of California, introduced a Bill fixing the time for holding the circuit court of the U. S. in the districts of California, Oregon, and Nevada.

Senator Bayard said, on behalf of the minority of the Senate, that he desired to express regret that upon the committee of finance, numbering nine members, they had not been allowed the same proportion which the sense of justice on the part of the majority had given the minority on the other committees. At this time, considering the importance of the duties of that committee, the number of the minority on the floor, and their share of responsibility in moulding legislation in regard to finances; the ratio deemed by the majority and minority a just one upon other committees should prevail upon this committee. He had understood, however, that two members of the finance committee, the Senator from Illinois, Logan, and the Senator from Nevada, Jones, would be here soon, and upon their arrival it was proposed to consider the subject of allowing the minority greater representation. He hoped the proposition would be carried out.

It was ordered that the bills and memorials presented yesterday, be taken from the table and referred to the appropriate committees.

Ingalls presented the petition of the widow of A. F. Short, late deputy U. S. surveyor, asking an appropriation of $10,000 compensation for the loss of her husband, who was killed by Indians while surveyeying lands in Kansas.

Maxey presented the memorial of the Texas Constitutional Convention in relation to the depredations on the people of the Texas frontier by bands of marauders organized beyond the limits of the State.

Cooper presented the memorial of the book agents of the Methodist Episcopal Church, South, asking to be compensated for the loss of property at Richmond, Va., and Louisville, Ky., during the war.

It was ordered that when the Senate adjourned to-day, it be to meet on Monday next.

West presented a letter from W. L. McMillan, of Louisiana, asking permission to withdraw his credentials as senator elect from the State of Louisiana, by the McEnery legislature. He submitted an order that the request for the withdrawal of these papers be granted, but objection was made by several senators on the democratic side and it was laid over.

Sherman introduced a bill to extend the duration of the court for adjudication of the claims arising from the Geneva awards. It provides for amending the act of June 23, 1874, so as to make it include all claims directly resulting from damage caused by the so-called insurgent cruiser *Shenandoah* before her departure from Melbourne, February 18th, 1863, and by the *Chicamauga, Georgia, Nashville, Retribution, Sumter* and *Tallahassee* respectivelly, that may be presented to the Court of Commissioners of *Alabama* Claims within six months after the passage of this amendatory act. The bill proceeds to declare that all such claims shall be received, adjudicated and paid to the same extent and effect, and in the same manner, and out of the same fund that is provided in the act of June 23d, 1874, for claims resulting from damage caused by the acts of the *Alabama, Florida,* and *Shenandoah* after her departure from Melbourne. The 2nd section provides that the commissioner shall, as soon as practicable, report to the Secretary of the Treasury, each of the several judgments which have been or may be hereafter rendered by them for loss or damage caused by the *Alabama* and *Florida*, and their tenders, and by the *Shenandoah* after her departure from Melbourne, and the Secretary of the Treasury shall, as soon as may be after either of the said judgments are reported, pay the same, with interest thereon at the rate of four per cent. per annum from the date of the loss as certified. The bill finally provides that the duration and powers of the said court shall be extended to the 22nd day of January, 1877, and authorizes the President, by proclamation, to further extend the same time and powers for a period not exceeding one year thereafter.

Ingalls introduced a bill to amend the act of June 2nd, 1864, to aid in the construction of a railroad and telegraph line from the Missouri river to the Pacific ocean. It provides that a failure or omission of either of the Pacific Railroad Companies to pay the costs of surveying the lands to which they are entitled under Congressional grants, or to take patents from them, shall not exempt such lands from local taxation, but the same shall be liable to taxation by the states and territories upon the evidence of the lists, which it is hereby made the duty of the Commissioner of the General Land Office to prepare and furnish to the governor of any state or territory who may apply for the same, showing what lands pertain to the respective railroad grants in their respective state or territorial limits.

Bogy introduced a bill, authorizing the payment of duties on imports in legal tenders and national bank notes. It provides that from and after July 4th, 1876, the duties on imports may be paid in legal tenders and national bank notes or coin, at the option of the importer. Bogy said it was not his intention to discuss the merits of the bill, but he looked upon it as a measure tending to specie resumption, and in his opinion it was the only way the country would ever attain resumption. He offered the bill so as to prepare the way for this operation. The only way to resume specie payment was by appreciating the paper now in circulation. He was not in favor of any increase of paper currency, but he wished to appreciate that paper. As long as the country had a system of national banks, whether it was a wise one or not, it seemed to him that it was the duty of Congress to give that paper as much value as possible. He desired the amount of legal tenders now in circulation to remain as at present; he looked upon any contraction of the currency as ruinous to the country, and he thought the bill submitted by him could be explained as the only measure which could possibly lead to resumption, and at the proper time he would endeavor to explain it.

Morrill, of Vt., said he would not discuss this measure now, but after the statement of the senator from Mo., Bogy, he, Morrill, deemed it proper to make a counterstatement. It was perfectly clear that the measure which Senator proposed would be one of contraction. It would at once drive out of the country what little specie we now have. When there was no use for specie it became a commodity, and would be exported. The passage of this bill would be a violation of public faith, and he was sorry to see that this was the first proposition in regard to the finances brought into the chamber. Should the bill be passed, it would reduce our revenue at least 25 per cent. The very salvation of the country depended upon a strict adherence to the pledges of the government. Referred to the committee on finance.

Thornton submitted a resolution to amend the 25th rule of the Senate, so that bills may be introduced without previous notice, and that it should not be necessary to state in the minutes that permission has been asked or obtained to introduce the bill without such notice.

Morton said it cost several hundred dollars every session to print these formal words in the record, and he saw no use in it.

EASTERN.

Arrested.

LEBANON, Pa., 9.—A number of parties have been arrested here for passing five and ten dollar counterfeit bills on the First National Bank of Peru, Ills.

Respite Granted.

NEW YORK, 9.—In the case of John Dolan, sentenced to be hanged to-morrow, for the murder of Mr. Noe, Gov. Tilden, to-night, granted a respite of one week to give time to investigate newly discovered evidence; a motion for a new trial will be made.

Will Not Pay For Such Service.

WASHINGTON, 9.—The Attorney General, to-day, sent a telegram to U. S. Attorney Dyer, at St. Louis, saying that advices had reached him to the effect that special counsel Henderson had, in the course of the Avery trial, made an attack upon the President, and assuring the U. S. attorney that the department will not continue to pay special counsel for this kind of service.

Nominations.

The President nominated Levi Dague, coiner of the mint at Carson, Nev., Theo. W. Otis for postmaster at Prescott, A. T., and A. J. Sharpe, for postmaster at Ogden, Utah.

The following nominations have been sent to the Senate—Commodore Daniel Ammen to be chief of the bureau of navigation; Commodore L. D. Trenchard to be rear-admiral; G. W. Emery, of Tennessee, Governor of Utah; S. B. Axtel, of Cala., governor of New Mexico; John R. Clark, surveyor general of Nebraska and Iowa; Mark Tilton pension agent at Madison, Ind.; E. C. Wilkins, inspector of Indian affairs; Thomas C. Woodward, of Iowa, one of the examiners in chief of the Patent Office.

Grand Jury Adjourned.

ST. LOUIS, 9.—The U. S. grand jury adjourned to-day, after presenting thirteen new indictments. Although not officially announced, there seems to be no doubt but that one of these indictments is against General Babcock. Previous to adjournment the following letter, which was signed by the jurors, was sent to its destination—

"U.S. Grand Jury Room, St. Louis, Dec. 9, 1875.

"To U. S. Grant, President U. S., Washington, D.C.

"The undersigned, late United States grand jurors for the eastern district of Missouri, have found it imperative, in the discharge of their sworn duty to the U. S. court of said district, to call in question the names of many officials and other persons as being connected with the conspiracy to defraud the internal revenue of the U. S. As citizens of our common country, sincerely desiring to uphold the hands of the chief executive in securing an honest collection of public revenue, we cannot refrain from thus testifying to our estimation of the moral support which we have leaned upon, as imparted in your noble instructions to the Secretary of the Treasury—'let no guilty man escape.'"

AN ORDINANCE

ESTABLISHING FIRE LIMITS, AND FOR THE PREVENTION OF FIRES.

SEC. 1.—*Be it ordained by the City Council of Salt Lake City:* That the following be and are hereby established as the fire limits of said City, viz.:—All of blocks 26, 69, 58, 57, 70 and 73, Plat A, Salt Lake City Survey; and within said limits it shall be unlawful to erect any building, the outer walls of which are in whole, or in part, constructed of wood, except so much as may be necessary for door and window frames, cornice, doors, sash and shutters; and the roofs of all buildings hereafter erected, or newly roofed, within said limits shall be covered with metal or other incombustible material; and each building shall be separated from all others by a party wall of brick, adobe, or rock, not less than nine inches thick from the foundation to the roof, from front to rear, and to extend through and above the roof not less than two feet, so as to entirely separate any communication of wood between such building and any other; and in all buildings where fire is kept there shall be flues or chimneys built of brick or adobe, and all stove pipes shall be conducted into flues or chimneys, and if they pass through wooden partitions they must be protected from the same by metal ventilated thimbles, and in no case shall a stove pipe be allowed to pass through the roof, or out of the side of any building.

SEC. 2.—The erection of such buildings as are mentioned in Section one upon any block not included within the aforesaid limits, may be prohibited upon application to the City Council in writing, signed by the owners of the greater part of the real property in said block. Such application shall be accompanied by a plot of the block, designating the property of each owner by his name, written on the plot representing his property; and the City Council being satisfied that the applicants are the owners of the greater part of said property, may extend the fire limits over said block.

SEC. 3.—No person shall, within said fire limits, keep hay or straw, in stack or pile, without having the same enclosed so as to protect it from flying sparks of fire; and no owner or occupant of a livery or other stable, or any other person, shall use therein, or in any other place containing hay, straw or other combustible matters, any lighted candle, or other light, except the same be kept safely enclosed in a lantern or other suitable covering to protect the same.

SEC. 4.—It shall be unlawful within said fire limits to smoke meat or boil pitch, tar, rosin, turpentine or varnish in any room or place, except the same be fire-proof.

SEC. 5.—Whoever shall, in person or by another, erect any building within said fire limits in violation of this ordinance, shall be liable to a fine not to exceed one hundred dollars, and the further sum of twenty-five dollars for every day after twenty days' notice that the building is permitted to stand; and any person who shall become the owner thereof after the same shall have been so built, and who shall omit, neglect or refuse to remove the same within twenty days after notice, shall be liable to pay the same penalties; and for the violation of any other provision of this Ordinance not herein provided for shall be liable to a fine in any sum not to exceed one hundred dollars.

SEC. 6.—Any person, within the limits of this city, laying timbers, wood, or lumber into any flue, or chimney where fire passes, or laying joist, timbers, or lumber into any fireplace or under the hearthstone, shall be liable to a fine not to exceed one hundred dollars, and a further sum of five dollars for every day that such joist, timbers, wood, or lumber are permitted to remain after having been notified to remove the same.

SEC. 7.—It shall not be lawful, within the limits of said city, for the owner, occupant or other person having the control of any steam saw, or planing mill, or factory of any kind, or foundry, machine shop, or other establishment, to erect any smoke-stack or chimney in connection therewith of less height than ten feet above the highest building on the block; and shall securely brace or stay the same, and shall have on said stack or chimney a bonnet or spark-arrester, all to be done to the acceptance of the inspector of buildings.

SEC. 8.—The owners of all buildings within the limits of this city wherein fire is kept are hereby required to build flues or chimneys of brick or adobie in said buildings; and from and after the passage of this Ordinance it shall be unlawful to project any stovepipe through the roof or out of the side of any building; and on or before the First day of March, A.D. 1876, all stove pipes now in use projecting through the roof or out of the side of any building shall be removed by the owner thereof.

SEC. 9.—It shall not be lawful for any person within the limits of this city to use coal oil or other combustible fluid for the purpose of kindling fires, or to handle the same by pouring from one vessel to another at any other time than by daylight.

SEC. 10.—Any person violating or failing to comply with any of the provisions of the last three sections of this Ordinance shall be liable to a fine not to exceed fifty dollars, and a further sum of five dollars for every day that any stovepipe is permitted to remain through the roof or out of the side of any building, after the first day of March, A. D. 1876.

Passed November 30th, 1875.
