MINING STOCKS ON THE UP-GRADE

Salt Lakers Post Better Figures on Today's Call.

FOUR ACES WEAK, HOWEVER

Dot Better, Northern Light and Star Consolidated Run Up the Scale—Sales of Stocks.

TODAY'S METALS:
SILVER, 59¾
LEAD, $4.10
CASTING COPPER, 16½c & 1b

In the main, mining stocks were on the up-grade today, the Salt Lake exchange establishing a better class of quotations than those posted the day before. The only stock to suffer a slight bear movement was Four Aces, which sold down to 37, at which point it stood in good demand. The call was fairly brisk and brought out sales of 26,400 shares, which went to buyers for the sum of $16,198.87.

Dalton & Lark opened the trading by selling at 11¼. While Dexter followed at 12.60, this stock being especially strong and in good demand. Four Aces was the next to do business and did it freely between 37 and 38, a total of 9,200 shares changing hands on this basis, with the stock readily wanted at 37. Lower Mammoth was firm above 70, and Mammoth sold at 71.75, after which Northern Light responded to the call for transfers, this stock yielding 4,000 shares, all of which went at a good figure, sales being made as high as 24¾. Star Consolidated also recorded an advance and sold up to $1.12½, where the broken left it to solve attention to stocks of a lower order.

Dealing in these, Boston-De La Mar sold at a cent and Central Mammoth down to ¾, while Emerald did business at 13 and Kremlin was taken at 5¾. For Joe Bowers the brokers paid as high as 16½, then they went to McKinley, which they bought for 3¾, afterwards taking Midnight Bowers at 2¾, and closing with sales of Valeo at a dollar.

Figures were posted as follows:

MARKET REPORTS.

NEW YORK MARKETS.

New York, April 22.—Sentiment was bullish this morning, but was mostly reflected in the specialties, where many important gains occurred. Professional interests were disappointed at the failure of railroad stocks to respond to the improvement in the specialties and therefore realized freely on the latter with the weakness most marked in the shares which were conspicuous in yesterday's fall. Inside support appeared when some stocks had apparently reached a favorable level and the market turned up again.

Conspicuous strength was shown by the Denver and Rio Grande shares. The bank exhibit fulfilled expectations, but its influence was not as good as might have been supposed, prices running off, although the action was primarily due to realizing. The market closed weak, but with most shares showing trivial net gains.

MONEY.

New York, April 22.—Money on call nominal, no loans.

Prime mercantile paper, 3½@4½ per cent.

Sterling exchange steady with actual business in bankers' bills at 4.855@4.87 for demand and 4.819@4.85 for 60 days; posted rates, 4.86@4.87; and 4.87@4.88; commercial bills, 4.84¾.

Silver certificates, 60@½.

Bar silver, 59¾.

Mexican dollars, 47¾.

State bonds inactive, railroad bonds firmer. Government bonds firmer. U. S. 2s@s, reg., 1.00; 3s, reg., 1.08; do coupon, 1.09; new, 4s, reg., 1.32; do coupon, 1.30; old, 4s, reg., 1.13¾; do coupon, 1.13¾; 5s, reg., 1.11¾; do coupon, 1.12.

SUGAR.

New York, April 22.—Sugar—Raw, steady fair; refining, 4 5-16; centrifugal, 96 test, 4¾; molasses sugar, 4 1-16.

Refined, steady; crushed, 4¾; powdered, 4⅝; granulated, 4⅝.

Boston, April 22.—B. & M., 87; Butte, 8¼.

WEEKLY BANK STATEMENT.

New York, April 22.—The weekly bank statement shows the following changes:

Surplus reserve, increase, $1,594,375; loans, decrease, $7,739,900; specie, increase, $1,941,500; legal tender, increase, $1,455,400; net deposits, decrease, $4,978,700; circulation, increase, $78,700.

The banks now hold $24,125,900 in excess of the requirements of the 25 per cent rule.

CHICAGO MARKETS.

LIVE STOCK.

Chicago, April 22.—Hogs—Receipts, 17,000; Monday, 20,000; left over, 1,756. Market slow, generally 5c lower; mixed and butchers' weights, $4.10@4.30; good heavy, $4.20@4.30; rough heavy, $3.75@4.05; light, $3.80@4.10.

Cattle—Receipts, 100. Market steady.

Sheep—Receipts, 100. Market steady.

PRODUCE.

Chicago, April 22.—May wheat opened at 73¼; declined to 72¾. July declined from 74⅝ to 73⅝.

CLOSE.

Wheat—May, 72¾; July 73¾ @ ¾; Sept., 72⅝.

Corn—April, 32¾; May, 34.

Oats—April, 25¾; May, 26⅝.

Pork—April, 10.10 @ 10.12½; May, 10.12½.

Lard—April, 5.20; May, 5.22½.

Ribs—April, 4.70; May, 4.72½ @ 4.75.

CASH.

Wheat—No. 2, red, 75¼ @ 77½; No. 2, red, 73 @ 74; No. 3, red, 71 @ 73; No. 3, hard winter, 67 @ 69; No. 1, northern spring, 73 @ ¾; No. 2, northern spring, 72 @ 73; No. 3, spring, 68 @ 72.

Corn—No. 2, 34¼; No. 3, 33.

Oats—No. 2, 27½; No. 3, 27¼ @ ½.

NEW SHAFT FOR THE JOE BOWERS

Company Decides to Sink on Undisputed Ground.

WORK TO GO RIGHT AHEAD.

Petro of Bingham Will Ship Supplements—Work on the Conger—Miscellaneous Items.

Impending litigation has caused the Joe Bowers Mining company to change its plan of development. At a meeting of the company's directors, held in this city yesterday, it was decided to sink a permanent, double-compartment shaft on ground, not in dispute, the aside to be located on the vein some distance north of the old workings. For the purpose of carrying out this plan, a committee of three was appointed, the same consisting of W. F. Smith, J. H. Billings and J. T. Hodson. These gentlemen will go out tomorrow night, locate the site and let a contract for 300 feet of sinking, the work to be taken up immediately. Meanwhile, the old workings will be explored and shipments continued as the ore is extracted from the drifts, this being done by retarding the progress of its development.

WORK ON THE CONGER.

This Mine Being Equipped with a Hoist and Pumping Plant.

In the window of Broker Lowe on Second South street, are some excellent samples of ore from the Conger, a mine located at Bingham. This ore shows values of 23 per cent copper, 22 per cent lead, $6.40 in gold and 5 ounces silver to the ton, and is regarded as an average sample of the mineral produced by the property.

The Conger lies on the Bingham copper belt about half a mile north of the Dalton and Bonanza. It is a fissure vein about 200 feet in depth from which the ore referred to was taken, and presents a promising aspect in all stages of its development. At present a steam hoist and complete pumping plant are being installed, the intention being to push to deeper levels and put the mine in a condition to make regular shipments. The vein is 40 to 50 feet wide and the breaking of ore will go on without delay, so that as soon as the hoist is up, the mineral may find its way to market.

The owners of this mine are sanguine as to the future results, and believe that if they have the making of one of the best copper producers that Bingham will prove be able to boast of. Hence their energy in opening up the property and equipping it with new and modern machinery.

THE PETRO OF BINGHAM.

New Dividend-Payer Will Ship High-Grade Lead Ore.

The Petro of Bingham, which promises dividends in two months, was visited a day or two ago by Mr. Bethwell, president of the Bell-Petro company and one of the company's directors. While out, these gentlemen let a contract for making a road to the mine, which they authorized the shipment of 2,000 tons of 50 per cent lead ore, the same to be hauled as soon as the road is completed.

Mr. Bethwell told a "News" reporter today that the mine was in A 1 shape, its workmen being busy working for several years blocking out ore and they now find themselves in a position to make steady shipments and to commence the payment of dividends in June, when $5,000 or 2½ cents a share will likely be paid, the same to continue without interruption.

The Petro is an old-time producer, and by those who know the mine, is looked upon as one of the leaders of the Old Reliable camp.

"News" Report Verified.

The Rock mill started up Sunday night for a trial run, which will be made continuous. At present about 75 to 80 tons of ore are passing through the big crusher every 24 hours, which is less than half the capacity. Superintendent Forrester expects to have all the runners in good repair within the coming week, when the mill will have a capacity of nearly 200 tons daily. About 30 men will receive steady employment.—Tintic Miner.

Dragon Iron Mine Bonded.

Samuel Newhouse and Thomas Weir have bonded the Dragon Iron mine at Tintic, although the terms of the agreement are not yet made public. Mr. Weir said to a "News" reporter this morning, that himself and associates had not yet decided what course of work to pursue during the life of the bond, but he thought they would sink a shaft and get into the lower levels. The iron mine is a great producer of fluxing ore and its acquisition will doubtless prove of much benefit to the operation of the Holbrook Bay smelter, to say nothing of the chances of its developing into a producer of silver metals.

Purchase the Rose Tunnel.

A controlling interest in the Rose Tunnel mine at Tintic, has been purchased by Messrs. W. E. Hubbard, W. G. Dunwoody and W. J. Lawrence, the gentlemen taking it on a basis of 40 cents a share or $80,000 for the entire property. The mine is already on the shipping list, and lies in close proximity to the Star Consolidated, Golden Star and Beth Longsbough are the sellers.

Park City Mines.

Special Correspondence.

Park City, April 21.—Rumors have the rounds here for some days past, and for one or two but upon investigation Supt. Chambers usually knows nothing about it. The price of silver is but about the same as when the mine closed down and that being the principal product of the mine, it is not probable that it will start again until better prices obtain.

Engineers are expected today to survey the spur from the U. P. depot to the mouth of the Ontario tunnel near the mine. It is the intention of the management of the Daly-West to run their ore out of this tunnel and load it on cars ready for transportation at the tunnel mouth.

The Anchor company resumed ore shipping today.

Claim Transfer Locations Filed.

Special Correspondence.

Provo, April 22.—A mining deed from Jesse Harker et al of Eureka to Bernard Hich and Harry Hich of Salt Lake City, has been filed with the county recorder. The deed conveys, for the consideration of $750 the Dessert and the Beehive mining claims, situated in North Tintic mining district.

The following notices of mining locations have been filed: The April Fool, by Tim Moriarty et al, in the Mark Twain Nos. 7 to 11, both inclusive, situated in Camp Floyd mining district, by E. L. Hutchinson. Robert D. Taylor has filed notice of appropriation of the Anderson canyon spring, near Nephi.

A mortgage on the property of the Bonanza Water Line company to the Mercantile Trust company of Boston, has been filed. The mortgage is given to secure the payment of $25,000 in six per cent gold bonds, issued by the mortgagor.

MINES AND MINING NEWS.

The Four Aces has a car of ore at the sampler.

On Monday next the South Swansea will pay its dividend of $7,500.

The Florence on the West Dip, is being surveyed for patent.

Work is about to be resumed on the Hardscrabble mine in Morgan county.

A strike is reported in the Copper Patch mine in Beaver county.

J. C. Griffiths goes to Nevada next week to inspect work on the Boston-De La Mar.

The Taylor & Brunton sampler received five cars of ore from Tintic today.

Briant S. Young, secretary of the Bullion-Beck Tunnel and other companies, is confined to his home with a sprained ankle.

Shipments from Tintic during the week amounted to 79 cars of ore, 2 cars of concentrate and 5 bars of bullion.

A group of claims east of the Ruby Hill at Tintic is to be made the basis for an incorporated company.

The Massachusetts company, operating in Park City, is about to purchase the Thunderer mine, making it a part of their holdings.

The North Park Placer company has elected H. Officer president; Dr. C. N. Garrison, vice president; E. O. Hogan, secretary and treasurer, and Ed Scott, general manager.

From the property of the Bingham Copper & Gold Mining company at Bingham, ore is being taken running 12.2 per cent copper, 5 ounces silver and $1.60 in gold.

The genial Ed Sheets says it is a mistaken idea that Tintic ore is to Europe is for the purpose of trying his hand at Monte Carlo. Mr. Sheets avers that he goes across the water purely for pleasure.

The Carbonate Hill mine near Peterson, Morgan county, has a car of ore on the market, running 22 per cent lead and 28 per cent iron, with a little silver and gold. The owners of the property are about to erect a tram.

B. F. Redman goes to Tuscarora, Nev., Monday for the purpose of arranging with the county commissioners to have the road between Elko and that point strengthened, prior to the putting on of the new traction engine.

DUKE OF CONNAUGHT.

Accepts the Succession to the Duchy of Sax-Coburg and Gotha.

New York, April 22.—A dispatch to the Herald from Berlin says:

On the historic Wartburg, where Martin Luther hurled his inkpot at the devil, the Duke of Sax-Coburg and Gotha presented to the Kaiser his brother, the Duke of Connaught, as his apparent heir to the Duchy of Sax-Coburg and Gotha, thus giving effect to the decision of the family council held over by Queen Victoria at Cowes. The Duke of Connaught signed a declaration accepting the succession which has been made public.

LAKE CITY LYNCHING.

Jury Failed to Reach a Verdict After Being Out Twenty-Five Hours.

Charleston, S. C., April 22.—At 4:15 this morning the jury in the Lake City lynching case reported its inability to reach a verdict. The jury was out 25 hours, the dismissing the jury Judge Brawley was again moved to trace as he referred to the crime. The case goes over to the next term of court for retrial.

Kid Lavelle Dying.

Pittsburg, Pa., April 22.—"Kid" Lavelle of Chester, Pa., known as the South African cyclone, is believed to be dying at Allegheny from the effects of a knockout blow delivered by John Cavanaugh of Pittsburg, during a prize fight last night. Lavelle was knocked out in the twelfth round and although three physicians have been working over him since their efforts to revive him proved in vain.

Col. Money, manager of Lavelle, Jas. Mason Cavanaugh's manager, Captain Bennet, manager of the Greater Pittsburg club and John Cavanaugh, the pugilist, were held pending the result of Lavelle's injuries.

Umberto Is Sacrificia.

Samari, Island of Sardinia, April 22.—The king and queen of Italy arrived here last evening on the royal yacht Savoia, which passed the British and Italian fleets. All the warships were illuminated in honor of their majesties. The Italian royal cough was raised today. The crews of the ships gave hearty cheers for the king and queen and the guns saluted royal salutes. The spectacle was a grand one.

OUR INDUSTRIES UNDISTURBED.

Dun Says the Danger Point Has Been Safely Passed.

FAILURES ARE DECREASING

Loans on Industrials Still Higher Than on Railway Stocks—Wool Selling at Bottom Prices.

New York, April 21.—R. G. Dun & Co.'s weekly Review of Trade will say tomorrow: "Nothing appears to business or to money markets to prevent continuance of the heaviest trade ever transacted at good profits. The payment in Spain is supposed to have caused more than in foreign exchange, which would amount to nothing in any case as balances due from other countries more than cover the payment, and advance bills against wool to come forward in July and later will soon be offered.

Loans on industrial securities are still at higher rates than on railway stocks but on good commercial paper or railroad stocks money is in ample supply and at low rates. Our have stock operations caused any apparatus of pressure. The financing of corporations has passed thus far with less trouble than had been feared, though the complaint of many organizations is hindered or has failed.

"The usual time for financial troubles in the spring has passed and the usual alarm about the crops has done its work and still industries are undisturbed. The one hindrance to stock speculation is doubt about the crops but better unofficial reports have supported inferences warranted by the heavy receipts from the firms in the West and South. Farmers do not send wheat or cotton to market in large quantity when crops anywhere near them are extensively spoiled.

"Wheat exports have been 7,511,382 bushels against 5,296,843 last year in three weeks of April and the improvement since April 1 is worthy of notice. Exports have fallen off, amounting from both coasts to only 4,774,174 bushels, flour included in three weeks against 10,132,127 last year, and the price closes but half a cent higher than last week.

"Nothing but industrial depression is left to excite apprehension, but the industries are meeting something very unlike depression. The kind of wool that appears in the iron market reduces the manufacturers, because they are crowded far ahead with orders. It means, very true, that many buyers do not want to contract far ahead at the high prices now asked, and also that many orders have been for a time withdrawn. It also means that manufacturers who are so crowded that little new business can be taken, are anxious to get nearer to the end of their engagements before fixing prices for the future.

"Almost nothing is done in pig iron, though Southern is sold largely at Chicago and Pittsburg. Heavy demands for bars to be used in car and other works cannot be met at Chicago, plate mills there and elsewhere are adding orders, contracts for 3,000 to 10,000 tons of structural at Pittsburg and some at Chicago are taken though many offers are deferred and sheets are lost active because the works are generally too crowded.

"The coke production is still close to the maximum. London speculation lifted tin to 32¼c in spite of 4,440 tons arrived here, and copper is very strong and scarce at 16½c for lake, with lot sold at 16¾c back from Europe, though the United States production was only 21,818 tons in March.

"Wool has been held wool stiffly for more than a year, are selling freely at bottom prices, admittedly the lowest of the year. Sales at the three chief markets in two weeks have been 23,204,285 pounds, of which 17,932,585 were domestic, against 9,964,100 pounds in 1897. Territory wool 200,000 pounds was sold for export to England and 1,250,000 Australian is held, which has been held here fifteen months. Raw wool being very high there while cross-bred is so low that it can now be imported. With assurance of better prospects for goods, woollen manufacturers are waiting for the revision of the tariff schedules. The demand is not at present especially large and considerable machinery is idle.

"Failures for the week have been 194 in the United States against 204 last year, and 22 in Canada against 29 last year."

SIEGEL'S CLOTHING TALK

Your CLOTHIER should be a MAN upon whom you can place ABSOLUTE reliance — His say-so should be a GUIDE for you—you don't need to be a JUDGE of wool or any other material used in Men's Clothing if you make us your CLOTHIER. We only make those REPRESENTATIONS that we are sure we can live up to. This is what we are offering:

FOR SUITS:
Cheviots, Worsteds, Blue and Black Serges, Tweeds and Homespuns.

FOR OVERCOATS:
Covert Cloths, Whipcords, Clay Worsteds, Cheviots and Herribones.

SUITS OR OVERCOATS,
$7.50 to $25.

Trimmings and Workmanship the best. Come and see the Buds and Blossoms in Spring Clothing.
