SCANDINAVIAN NEWS BUDGET

(Prepared from Recent Advices for the DESERET NEWS.)

SWEDEN.

King Oscar will visit Copenhagen in June.

Postmaster A. W. Sodergren, of Orebro, died at the age of 75 years.

M. E. Hellman's large oil factory in Malmkal was burned to the ground.

Miss Augusta Nilson, the well-known Swedish missionary, died at Lake Attica.

The condition of the crown princess is said to have slightly improved, but the change is rarely only temporary.

Only 1,581 persons emigrated during the three first months of this year by way of Gothenburg as compared with 6,320 during the same period in 1893.

Colonel C. A. Toll, of the 110 regiment, has been appointed major general and commander-chief of the staff division of the Swedish army.

Mrs. Margareta Svensson, of Ingeberg, the mother of banker Svensson of New York, who is said to be worth at least $100,000,000, died in the advanced age of 102 years.

In accordance with the law of Sweden, the education is compulsory of deaf and dumb children, who are between 7 and 9 years of age, and extends through an eight years' course at the School for Deaf and Dumb. Children beyond that age have a two year's course of instruction.

Practical housekeeping schools have been founded in several towns of Sweden, as at Upsala, Gothenburg, Lund, etc. At Gothenburg the largest brewery, that of Carnegie, has founded such a school for daughters of the workmen of the brewery, with the special purpose to teach them everything necessary to become good and moral housewives or workmen, and, if not married, good servants.

The inhabitants of the city of Vadstena, where during the middle ages existed a nunnery, possess a very great skill in lace making. This kind of work was practiced with great talent by the nuns in that celebrated convent, which was founded by St. Brigitta during the 14th century. Although Queen Louise, the wife of Charles XV, by several means tried to support and encourage this home-school, still it was found difficult to develop it to any higher degree.

NORWAY.

A new edition of Kielland's works is being prepared.

The export of Norwegian matches is increasing every year.

The farm Nygaard near Trondhjem was burned to the ground.

The number of fisprists in Norway is increasing on a large scale.

The export of Norwegian copper has largely increased during the last five years.

The first hospital nurses in Norway trained to answer the demands of modern times were the deaconesses.

Prominent German papers criticize the insulting manner in which the Norwegian radicals treat royalty.

Christiansund made a very favorable showing as to the export from Norway last year.

The great activity which some decades ago was prevailing in the numerous dock yards in Norway, is gradually dying out.

DENMARK.

The farm Erdegaarden, near Aalso, was burned down.

Two tourist hotels will be built on the island of Faro.

The health of the crown princess has slightly improved.

A new Danish Odd Fellow's Lodge will be established in Copenhagen.

The Thingvalla Line will soon buy a new steamer.

Spinning and weaving stand very high in Denmark and may be counted among the home industries.

The farm Rodbergsgaard near Maribo, was burned down, and many cattle roasted to death.

The Gyldendahl Publishing House, of Copenhagen, will soon issue some works by Swedish authors.

Manager Keisler's System of Dealing With Refractories.

"I do not apprehend that the coal miners' strike will prove serious," said General Manager Keisler of the Colorado Fuel company yesterday. "We have received notice that the men have gone out for a week at the Coal Creek mines, and I have ordered their all discharged and have given notice of a 10 per cent. reduction, to be made in thirty days, in the present scale."

"What do the Coal Creek miners say?"

"Nothing at all. As we understand it, the strike is simply a sympathy one and intended to encourage their cause elsewhere. They say they have only gone out for a week, but it will prove to be an expensive week and will cost them a reduction in their wages."

Mr. Keisler says the miners at the Coal Creek mine were working under the scale of 1891. They have had no reduction whatever. "This scale contract requires thirty days' notice from either side before any change is made. Now he has given that notice and will make the reduction. The only reduction made at any of the mines of this company during the past year was at Newcastle, and the reduction there was due to a strike.

"That is our way of treating strikes," said Mr. Keisler. "When they struck at Newcastle I told them it would cost them a reduction of 10 per cent. per month for every month they made us. They were out three months and returned to work at a 30 per cent. reduction, and were glad to get out. You see safety sought the Newcastle men will not join in strike. They have had all of that kind of business they want.

"There is no class of workmen in Colorado with less cause to strike than the coal miners. I do not know of a single instance, beyond what I have told you, where a reduction has been made since the panic. Of course there is a possible chance of not having a job in trouble, but I do not anticipate anything serious. I think our men have too much sense."

Director Brooks of the United Coal mines said: "We have received notice that the miners at Coal Creek, in Fremont county, will come out for a week. We work now very little at the mine and will pay a reduction to fit. There is no trouble at the Pueblo or at any of our other mines so far as I have heard, and I do not anticipate any."

Rev. Edwin C. Chase
Everett, Wash.

Insist upon HOOD'S

Read Mr. Chase's Experience with a Substitute

And the Glad Result of Taking HOOD'S.

C. I. Hood & Co., Lowell, Mass.:
Gent: March 1 took to give up work. Was getting worse fast. I felt tired all the time, had frequent headaches, and spells of dizziness; had no appetite and what little I did eat distressed me terribly. My wife was feeling about the same. I went to the drug store and asked for Hood's Sarsaparilla. The druggist said he was sick of Hood's, but that he could give me a substitute made by himself. I told him I wanted Hood's Sarsaparilla and would pay for it. He gave me a bottle and I took it immediately. I was so much better that I went to work. I kept on taking Hood's Sarsaparilla, and it has made me well and strong. I think it is wonderful. Yours truly, EDWIN C. CHASE, Everett, Washington.

Hood's Sarsaparilla Cures

We Began to Improve.

We began to drink our fill, and it didn't do us any harm. The first week we noticed little or nothing, but after taking five bottles we began to improve. We could, it seemed, see Hood's Sarsaparilla and Hood's Pills doing a wonderful work in humanity. We have seen many cases of good results from Hood's Sarsaparilla and Hood's Pills. EDWIN C. CHASE, Everett, Washington.

Hood's Pills act easily, yet promptly and efficiently, on the liver and bowels. 25c.

Miss Maria Parloa

Has written a cookery cook book, containing one hundred recipes for making dishes which can be made with Liebig Company's Extract of Beef. Send your address on a postal card to Liebig Company, Post Office Box 3261, New York, and receive a copy of the book free.

Coxey

Has got to Washington, but we have got to show, and, after all, the show is far the million, an exhibition. While our competitors are complaining about hard times we are selling goods. It is time we are not making the profits they are supposing to get, but we are satisfied with a small profit and doing small business.

OUR SABLE GATE and MULE TEAM Coffee sell at 25 cents straight, is moving with success beyond our most sanguine expectations, and now we have added a 4 cent cigar to our list that is bound to be a winner. It is called the RED LINE. We also have a few of those cheap pipes left.
