COUNCILMEN UNJUSTLY ATTACKED IN A COMMUNICATION FROM MAYOR BASKIN.

Police Justice Keeler Reprimanded For Unofficial Conduct—The Gas and Dog Ordinances Passed.—Miscellaneous Business.

The City Council met in regular session last night. President Lodmerow in the chair. The aldermen in attendance were: Hardy, Folland, Rich, Hirn, Bell, Lawson, Sherwood, Ewing, Evans, Beardsley, Helm, Woulland, Kerrick, Moran.

PETITIONS

were as follows:

L. L. Rimsey and others complained of the killing of cattle at the Union Stockyards.

Simon Bomberger asked that east, South Temple Street be improved. Committee on streets.

E. R. Tyson and G. R. Whitener asked for an extension of time for the payment of taxes for the laying of watermains on Fern Street. Committee on waterworks.

W. B. Marion and others asked for an extension of watermains on 700h South Street. Committee on waterworks.

O. Goeckler asked permission to erect a barber's pole in front of his shop on West Temple street. Committee on streets.

William Morris and others asked for watermain extension of Hazel street between Eighth and Ninth West streets. Committee on waterworks.

Vincent Shurtliff asked to be allowed to purchase the old iron fence from the city which stands on the Eighth ward square. Committee on improvements.

Wigglesworth and Jones asked permission to sell buttermilk at the corner of Main and Second South streets. Committee on streets.

The Hospital of the Holy Cross officials asked to be allowed to make certain sewer connections with their property. Committee on sewerage.

Harriet A. Partridge asked to be allowed to pay certain taxes for paving and guttering and that a sidewalk will be built in front of her property. Referred.

Wm. Schader asked for a rebate on merchant's license. Committee on license.

J. H. Jensen asked for a deed to certain lands in lots 10 and 11, block 23, 10 acre plat A, Big Field Survey, Salt Lake City. Committee on public grounds.

The Pacific Paving company sent in a communication in which it announced that the second block of paving had been completed on State street and requested that the city engineer be instructed to furnish an estimate of the same that the delay of receiving money for said work be thus avoided. Adopted.

WANTS TO AMEND AND EXTEND.

The Beautiful and Hot Springs Railway company asked to be allowed to amend its franchise for the operation of a street railway in this city, in the following particulars to-wit:

First—That the war: "street," "where it occurs in the resolution passed December 16th, 1890, be stricken out between the words "track" and "railway;" that the word "thereon" also be stricken out of the same section; that sections 6 and 7 be stricken out of said resolution.

These amendments, the company said, were asked in order that it be allowed to operate an ordinary steam locomotive railway. The company said that its road was in operation so far north as Beautiful, Davis County, it passed a large number of brick yards, the product of which is used almost exclusively in this city. Application had been made to the company to build a branch line to these yards, a distance of two miles. It was now practically complete. Heretofore the brick companies have been compelled to rely for transportation on the Union Pacific and the Rio Grande Western railways and by said companies have been subjected to a great deal of annoyance by delay in the shipment and the charge of exorbitant rates. These delays were now overcome by the petitioners' company.

Further, the petitioners' company seriously contemplate building its road westerly from the Territory, but in attempting to float its bonds to secure money it constantly met the objection that its terminal facilities were not such as to warrant the proposed extension and therefore asked for the amendments noted. Committee on streets and municipal laws.

CHIEF OF POLICE JANNEY ET AL. REMOVED.

The Mayor sent in a communication in which he announced the removal of Chief of Police Janney, Sergeant George A. Sheets, and City Detective Eckland, and the appointment of ex-Supervisor of Streets Paul as Janney's successor. The removal grew out of the scandal that arose from the discovery of the removed officers in a den of infamy on Franklin avenue, with Police Justice Keeler, a short time ago. The Mayor also found from the testimony recently taken before him in the revenue of the accused officers that the police justice was also guilty of unbecoming conduct and he recommended such action as the Council should see fit to take. His Honor also severely and unjustly reprimanded the gentleman who made the discovery referred to.

(The Mayor's communication disappeared suddenly and mysteriously and all efforts by the reporters to procure a certain copy were futile. It was last seen in the hands of President Lodmerow, but that gentleman disclaimed all knowledge of its whereabouts, saying that he had handed it to some member of the committee, but to whom he did not remember.

On motion of Hardy, the mayor's action with reference to the removals was confirmed, all members voting "aye" except Folland, Lawson and Ewing, who were excused, and Moran who voted "no."

On motion of Kerrick, the appointment of Captain Paul as Janney's successor was confirmed, Moran alone voting in the negative.

Hardy moved that the part of the communication referring upon the committee be referred to the committee on police.

The matter was finally disposed of by referring it to a special committee consisting of one member from each ward. The committee is composed of Ewing, Hardy, Kerrick, Lawson and Moran.)

CITY ATTORNEY'S REPORT.

The city attorney reported as follows:

Gentlemen—I herewith submit a report of matters in my office having been commenced since April 1, 1892, and those disposed of since and date to June 30th, 1892.

CITY ENGINEER'S REPORT.

The quarterly report of the city engineer was read, received and filed.

LICENSE REVOKED.

The city attorney reported as follows:

In the matter of the revocation of the liquor license by the Council yesterday granted to Edward Norton to keep a saloon on the corner of Fourth West and Second South streets, referred to the city attorney for an opinion as to whether the city should refund to Mr. Norton the money for the time the license would have run had not license been revoked. I would say I do not find any precedent to guide us to throw any light on this case, but I am of the opinion that the city ought to refund to the licensee the amount for the time from date of revocation to the date when said license would have expired by limitation had the license not been revoked. Respectfully submitted.

E. R. HOGE,
City Attorney.

Adopted.

THE DOG TAX FOR JUNE.

Dog Tax Collector Gallizzi reported that he had registered 136 dogs during the month of June and that he had collected $64 in taxes on citizens for the same period. Report adopted and bill the amount—$136—was appropriated to Mr. Gallizzi's credit.

FOR EXTRA SERVING.

The committee on finance reported adversely on the claims of Recorder Roberts and his deputies for extra pay for special sessions. Adopted.

On motion of Hirn the recorder's stenographer was allowed $5 for so special meetings.

CONTINGENT FUND.

Helm offered a resolution providing for the appropriation of $100 for the Mayor's contingent fund. Adopted.

STREET SUPERVISOR'S REPORT.

Street Superintendent Hines submitted his quarterly report showing an expense of $25,217.19, of which sum $992 was in prison labor, which report was referred to the committee on streets.

SEWER REPORT.

Superintendent Shelton of sewers reported for the quarter as follows:

Sewers laid ..... 1,000 ft
Cleaned to control trouble ..... 29 ft
Total ..... 1,029 ft

Of the amount I have expended $[illegible] on [illegible]

WATERWORKS SUPERINTENDENT.

SWEEPER WANTED.

A communication was received from the superintendent of streets recommending the purchase of a Nye & Barnard Castle, wrought iron, four-wheeled street sweeping machine. Referred.

TO PROTECT THE STEPS.

From Woulland:

Resolved that the Mayor and city attorney be requested to examine the ordinances of the city and report at the meeting of June and South Temple streets, and that they be authorized to take whatever steps to protect said property, or to convey to the owners of the property, as perhaps the law may land.

Adopted.

AS TO STREET OBSTRUCTION.

Bell offered the following:

Resolved, That the city marshal be authorized to enforce the ordinance making it unlawful to obstruct sidewalks by placing therein any kind of advertisements such as barber poles, lubricating posts and other unsightly obstructions.

Adopted.

SPRINKLING DISTRICT NO 1.

An ordinance for the levying of a tax for defraying the expenses incurred in sprinkling district No 1 was passed. The estimated cost is 7 cents per linear front foot sloshing on the streets moistened.

THE GAS ORDINANCE AGAIN.

An ordinance for the construction and maintenance of street mains and services for utilizing and distributing natural and manufactured and fuel gas in the city came up on its third reading.

There was considerable opposition to the ordinance from a minority of the members, when Lawson said—I cannot understand how it is that there is such strong opposition to this ordinance. There are people in this city, there are members of this council, who do not appear to comprehend the magnitude of this scheme. It is a benefit to this city; it is a benefit to this Territory. Some people do not care, it seems, to get out of the old fashion way of living and farming our city lots. Business should be transacted in this city on a broad and liberal principle. Let us do that. I have a constituency to represent and wish to do so honestly by the encouragement of all legitimate enterprises.

Mr. Lawson was warmly applauded by friends and representatives of the gas company at the conclusion of his speech.

Moran—This is the Council of Salt Lake City and not a real estate exchange. I call the gentleman to order.

Lawson—(warmly)—I have the floor.

Moran—I say this is not a real estate exchange.

The Chair—State your point of order, Mr. Moran.

Moran—I have stated it.

Woulland offered an amendment making the rate 29 cents and made a lengthy argument in favor of his amendment.

Moran moved to make it 19 cents. Lost.

Evans said the statement was made at the last session of the Council that the company would be favorable to the 29 cent proposition. Why they were now asking and contending for the 30 cent rate he could not understand. To him it looked suspicious.

Woulland at this point of the proceedings withdrew his amendment.

A vote was taken on Evans' amendment. That, too, was lost.

Hardy—I will say now that I am in favor of encouraging the investment of capital in our midst, but I am certainly opposed to bolstering up any company which I believe is seeking a franchise for the purpose of selling another concern.

On motion of Woulland further consideration of the ordinance was postponed until the next meeting of the Council.

RECONSIDERED AND PASSED.

Woulland moved a reconsideration of the vote whereby action on the gas ordinance was deferred until the next meeting of the council. Carried. Additional slight amendments were made after which the bill passed and the council adjourned.

AN UNEXPECTED PASSENGER.

During an inspection of the Brahmaputra river the man who took the helm of the steamer at daylight was astonished to see a large tiger sitting in a crouching attitude upon the rudder. A heavily laden flat or barge was lashed upon each side of the steamer, and the crews of these vessels jumped on board the deck of the steamer rifle and oars.

The decks of the barges were only three feet above the water, and the tiger alarmed by a shout from the helmsman, made a leap from the rudder to the nearest vessel.

In an instant all was confusion. The terrified natives fled in all directions before the tiger, which, having knocked over two men during its panic stricken rush, bounded off the flat and sought security upon the deck of the steamer alongside.

Scared by the new position and by the shouts of the people, it darted into the first hole it could discover. This was the open door of the tiger house paddle box. The captain rushed to the spot and closed the entrance, thereby locking the tiger completely.

The door being well secured, there was no danger, and an ornamental air hole in the paddle box enabled the captain to obtain a good view of the tiger sitting upon one of the floats. A shot through his head put an end to his career, and as the men who had been knocked over were more frightened than hurt, the affair was concluded in a way to satisfy all—except the tiger.

ONE MASS OF SCALES

Afflicted 3 Years by Dreadful Skin and Blood Disease, with Intense Pain and Loss of Hair.

All Other Remedies Fail. Relieved Instantly and Cured in Four Weeks by the Cuticura Remedies.

I have a few words to say regarding the Cuticura Remedies. My little girl was taken sick two years from now, with a rash and Scald Dermatitis. I had her under the care of a physician, who said it was the worst case he had seen, and which I believe, and nothing off to have called. Within the first month the rash had spread over her face, and within a month from the time it first appeared, her hair came out, and she was one mass of scales. I had tried everything I could hear of, but nothing seemed to do any good. I had given up hope of her ever being cured, when I saw the Cuticura Remedies advertised. I concluded to give them a trial. The first one I used gave good results, which led me to continue the use of the Cuticura Remedies. I continued
