IMPROVEMENT IN STOCKS.

With Statehood Outside Capitalists Are More Interested.

The Usual One Dollar Dividend of the Centennial-Eureka to Be Paid on the 15th Inst.

James A. Pollock said in his weekly mining share market letter under date of today:

The week just closed has been marked by a very gratifying improvement in the local stock market and orders both local and outside have been received in larger numbers and of greater proportions than was the case during the previous same period. Present indications are that this improvement is but a forerunner of what may be expected within the next few weeks. With the coming of statehood the eyes of the foreign investors became more generally centered on Utah and as the State offers many splendid attractions in the investment line there can be no doubt as to the future. Practically all of the stocks on the list received some attention.

Ajax showed a slight improvement in both prices and volume of business during the week. The output of ore continues about the same and it is reported that the showing in the mine is very good. Alliance has resumed operations, although not in the ground involved in the Silver King dispute. The stock was offered during the week at very low quotations—much too low for the character of the investment. The twentieth assessment is being generally paid. There was no change in gas, although some business was done in the neighborhood of 10 cents. Anchor did not bring out any bids above $2, but at $2.50 the stock should be a good buy under existing conditions.

There is a possibility of a settlement being effected between the minority and the majority stockholders of Bogan. Until this is done the quotations on the stock will continue low. It is very confidently expected that the Bullion-Beck will pay a $25,000 dividend in January, although just what part of the month is not known. The mine is showing up in splendid shape again.

No offerings of Centennial-Eureka were made below $98. The usual dividend of $1 per share will be paid on the 15th of the present month. The mine never was in better shape. Comstock is inactive.

Some splendid ore was received from the Dalton during the week and the reports which came with it were of a very encouraging nature. The average of the whole vein gives $40 in gold. The stock showed some strength toward the latter end of the week. Some interesting developments may take in Dalton at any time now. Daly and Daly-West continue with regular outputs. Neither stock showed much activity. Buyers and sellers of Horn Silver did not get together to any marked extent. Lucky Hill is sending its shaft down in good shape and encouraging changes are taking place.

Mammoth showed no material change in quotations. There was considerable call for the stock. Development work in the lower levels of the mine continues and it is anticipated that some great ore bodies will soon be shown up on the 1,400-foot level. Morgan has not yet completed its shaft improvements.

The very unsettled condition of finances in the East and Europe prevented De Lamar from taking up the option on the Mercur on the 8th, and it now looks very much as though an extension to May 1st will be granted, with some modifications in the contract, one of them being the payment of a forfeit. The stock weakened somewhat during the week and sold below $5, but the recovery will be early and rapid. The majority of the stockholders would be pleased did the deal never go through. The usual dividend of $25,000 will be paid on the 20th.

No Ontario was offered below $9.25. The buyers did not care to pay that figure and no sales were made during the week. The old property is making a splendid showing. Rover did some business. Development in the property are very flattering. Silver King continued strong, with few offerings of the stock. The usual dividend of $37,500 was paid on the 7th inst. This means $487,500 for the company. The product shipped from the Sunshine mill on Monday was of a very high value and demonstrated that the plant is taking care of the values in the ore to a very high percentage. President Schwartz of Philadelphia inspected the properties during the week, having come out for the purpose, and expressed himself as being highly gratified at the showing of ore and the work of the mill. It is confidently expected that the company will pay dividends by March if not before. The long tunnel of the Teise cut one of the ore bodies for which it was driven, during the week and now drifting on the vein, which is two feet wide, and the further extension of the tunnel are in progress. The showing in the Godiva is said to be first class and the Teise tunnel should cut the vein of that property within fifty feet. The ore in the vein encountered gives values of $17 per ton in gold and silver, resembling the famous Eagle quartz. The subscription books of the Gold Dust company close today. The subscriptions of stock are very heavy, investors having recognized the worth of the security. Utah pays its regular monthly dividend of $1,000 today.

CONSIDERATION OF THE VETO.

The Mayor's Action On the Gravity Sewer Final Estimate Looked Into By the Solons.

The city fathers met as a committee of the whole last night, in the joint building, to take into consideration the mayor's veto of the $31,000, appropriated by the former council, as the final payment to the gravity sewer contractors.

The honor of presiding was awarded to Councilman Buckle and all in any way interested in the matter were in attendance. By request, Attorney Waldemar Van Cott, representing the contractors took the floor and entered into a detailed statement of the case, touching more particularly all the points mentioned in the Mayor's veto. With reference to the alleged bonus of $25,000, Mr. Van Cott stated that during their first three months' work the contractors earned $100,000, but owing to the city's inability to pay for the work thus done, the contract was cancelled by agreement. When the city's treasury became replenished, however, the contractors were asked to resume work, which they refused to do, owing to the fact that they had been damaged to the extent of $45,530 by the municipality's failure to live up to the agreements of the contract. Finally it was agreed that the city should pay the contractors $25,000 in full for their damage claim, and work was then resumed with an agreement that it would be prosecuted to completion. In view of these facts, Mr. Van Cott claimed that the $25,000 could not be termed a bonus.

Mr. Van Cott then went on and reviewed the causes of the delays in the construction of the sewer, as mentioned in the Mayor's veto, and contended that such delays were not attributable to the contractors, but on the other hand were mainly caused by the actions of the board of public works, under whose direction the work was being done.

Other discussion was entered into, in which the new solons and the city engineer took part, but as the matter was not thoroughly understood, especially by the new members, it was decided to investigate it more fully at another meeting after which an adjournment was taken.

Was No Foul Play.

The inquest over the remains of George Barnard, the young man who was burned to death at Mercur a few nights ago, resulted in the disclosure of the fact that there was not the slightest evidence that he had been murdered and robbed, as rumor had it. The jury, which was made up of J. D. Brown, J. D. McIntosh and Bert Bates and which conducted the investigation before Justice Stonebridge, returned the following verdict:

The jurors upon their oath do say that the aforesaid George Barnard on the 6th day of January, between 10 p. m. and 11 p. m. of said day, at the Brunswick hotel, town of Mercur, came to his death by burning. Deceased was asleep in the hotel when such hotel was accidentally set on fire by the igniting of gasoline and almost instantly burned to the ground, and deceased with it. The evidence produced proved that the said deceased retired sober and at his usual hour. In testimony thereof the said jurors have hereunto set their hands.

May Be More Changes.

There is considerable anxiety existing in local railway circles on account of the changes that have taken place in the freight department of the Union Pacific the last few days. The retirement of J. D. McGill, the active agent of the road named, was as startling as the letting out of M. T. Andersen and Clarence Marsh, chief clerk and cashier, respectively. It was said today that other changes were undoubtedly on the tapis and would be made shortly. The truth of this statement, however, was difficult to ascertain.

From the Southern States.

Elder G. V. Nelson, of Riverdale, Oneida county, Idaho, returned yesterday morning over the Rio Grande Western, from the Southern States, where he has been laboring as a missionary for the last two years. His labors have been in the states of Alabama and Florida, and he reports that the Elders there are achieving great success in allaying former prejudices and awakening an interest in the Gospel, which they are the instruments in the hands of the Lord in bringing before the people. Elder Nelson has been in the enjoyment of excellent health, and has thoroughly appreciated his labors in the missionary field. He left this city on September 23, 1893, and will return to his home in Idaho in a day or two.

AN EDUCATIONAL INSTITUTION.

The Sheldon Jackson College to be Immediately Erected on the Crismon Farm Property.

If prospective arrangements are carried out, Salt Lake will in the near future be able to boast of a Christian college, second to none in this western country. It will be located on what is known as the Crismon Farm property, situated southwest of the penitentiary—a tract of 250 acres—50 acres of which has been devoted to the enterprise, by the owners of the property—Gill S. Peyton and E. H. Airis. The only conditions under which the donation was made, was that a proposed educational institution to be known as the Sheldon Jackson College, would be built there.

Last May Dr. Sheldon Jackson, a prominent leader of Presbyterian missions, made an offer that if the citizens of Salt Lake would provide a tract of suitable land of not less than 50 acres as a site for a college to bear his name, he would give to the endowment of such a college $50,000, and pay the salary of the president—a sum not to exceed $1,500 per annum—for a period of years until the undertaking was on a firm basis.

This offer was something not to be overlooked, and accordingly Messrs. Peyton and Airis made a purchase of the Crismon farm at a cost of $20,000 with the sole purpose in view of getting the college erected there. The college was yesterday incorporated in the office of the county clerk, with Gen. John Eaton, of Washington, D. C., as president. Gen. Eaton is looked upon as one of the ablest educators in the country, and with the experience that he has had, the success of the undertaking is almost assured.

The charter of the college provides for a board of eighteen trustees, fourteen of which have been elected and are as follows: Colonel William M. Ferry, of Park City; Rev. G. M. Martin, of Manti; Professor W. L. Brown, of Nephi; Dr. S. E. Wishard, of Ogden; Rev. C. M. Shepherd, of Evanston, Wyo.; Dr. Sheldon Jackson, of Washington, D. C.; and Messrs. R. H. Tolles, G. S. Peyton, E. B. Critchlow, Walter Murphy, J. R. Walker, H. G. McMillan, Rev. J. McCain and Dr. McNiece, of this city. Of these Dr. McNiece is president; Colonel Ferry, vice-president; Rev. J. McClain, secretary, and G. S. Peyton, treasurer.

The plan is to begin the construction of a $50,000 building in the spring and if possible to enter upon the course of instruction in the month of September.

Author of America.

SALT LAKE CITY, January 10, 1896.

To the Editor:

A meeting was held recently in the parlors of Park Street Church, Boston, to take into consideration the organizing of an association for the purpose of erecting in the near future, a suitable monument to the memory of Dr. S. F. Smith, the author of the national hymn "America." Hearty sympathy was expressed with the movement and profound love and respect manifested for the lamented author and patriot. Addresses were made and a number of suggestions were offered, but no action was taken on any of them as no well formulated plans had been prepared.

Mr. Cyrus Cobb had on exhibition a large photograph taken from a clay cast representing the bust of the dead poet. Before adjourning however officers of the association were elected. Governor Greenhalge, of Massachusetts, being named as president, and Mayor Curtis, of Boston, vice president, with some twenty of the most prominent male and female citizens of the "hub" as trustees.

A statement had been published in some of the Roman Catholic papers that Dr. S. F. Smith had presented the original of the hymn "America" to the Pope of Rome. Gen. Henry Carrington, the literary editor of Dr. Smith's writings was interviewed and asked whether the statement was true or not. "It is not true," replied Gen. Carrington. "The original of the hymn is now locked up in a vault, and is in the possession of myself and Dr. Smith's son. When the song was written Dr. Smith had 100 copies printed and he sent one to each of the various rulers of the world and among others one to the Pope. That is all there is to it.

Lecture on Birds.

Prof. C. A. Whiting will deliver a lecture this evening on the subject of "Birds" in the lecture hall of the University. Everybody invited, those especially who are interested in natural history. Lecture begins at 8 o'clock.

General Bishop's Office.

Attorney General Bishop's office is situated opposite County Attorney Whittemore's, on the fourth floor of the joint city and county building.

one of these handsome Pearson Pyne Boxes. They are given free with each box of powder.

What a Prominent Insurance Man Says.

H. M. Blossom, senior member of H. M. Blossom & Co., 217 N. 3rd St., St. Louis, writes: I had been left with a very distressing cough, the result of influenza, which nothing seemed to relieve, until I took *Ballard's Horehound Syrup*. One bottle completely cured me. I sent one bottle to my sister, who had a severe cough, and she experienced immediate relief. I always recommend this syrup to my friends.

John Cranston, 808 Hampshire street, Quincy, Ills., writes: I have found *Ballard's Horehound Syrup* superior to any other cough medicine I have ever known. It never disappoints. Price 50c.

Ballard's Snow Liniment.

This liniment is different in composition from any other liniment on the market. It is a scientific discovery which results in it being the most penetrating Liniment ever known. There are numerous white imitations, which may be recommended because they pay the seller a greater profit. Beware of these and demand *Ballard's Snow Liniment*. It positively cures Rheumatism, Neuralgia, Sprains, Bruises, Wounds, Cuts, Sciatic and Inflammatory Rheumatism, Burns, Scalds, Sore Feet, Contracted Muscles, Stiff Joints, Old Sores, Pain in Back, Barb Wire Cuts, Sore Chest or Throat, and is especially beneficial in Paralysis.

A Sound Liver Makes a Well Man.

Are you Bilious, Constipated or troubled with Jaundice, Sick Headache, Bad Taste in Mouth, Foul Breath, Coated Tongue, Dyspepsia, Indigestion, Hot Dry Skin, Pain in Back and between the Shoulders, Chills and Fever, etc. If you have any of these symptoms, your Liver is out of order, and your blood is slowly being poisoned, because your Liver does not act properly. HERBINE will cure any disorder of the Liver, Stomach or Bowels. It has no equal as a Liver Medicine. Price 75 cents. Free trial bottles at Z. C. M. I. drug store.

Buy Coal at the Yellow Front.

Get your abstracts of title at the County Recorder's Office. They are made directly from the original records. W. SCOTT CRISMON, Recorder.

Make Yourself Strong

If you would resist pneumonia, bronchitis, typhoid fever, and persistent coughs and colds. These ills attack the weak and run down system. They can find no foothold where the blood is kept pure, rich and full of vitality, the appetite good and digestion vigorous, with Hood's Sarsaparilla, the one true blood purifier.

Hood's Pills cure liver ills, constipation, biliousness, jaundice, sick headache.

THE BEST ONLY

Will answer young Ninety-six. The New Year claims the world and the world should be with him on the food question. The best livers in Salt Lake are with us, because they want the best, and if we sell it, it's the best every time. Have your groceries new and fresh like 1896. That makes them temptingly eatable. Our groceries are always that. None know this better than our customers. Our store is a cyclopaedia of table wants and throws a flood of light on what we ought to eat. Look here! raisins and currants already cleaned.

ANOTHER RAMBLER DAY.

The Rambler boys made a great showing in the Ogden races. The first event of the day was the ten mile road race, in which McConahey finished third, taking third prize and third time prize. Then came the track races, Joe Bock taking second in the novice, Fowler first, Weiler second, and Thatcher third in the mile scratch, class B, all "Rambler" you will note. In the half mile class A, May took second, Cortes third. Half mile, class B, Thatcher second, Fowler third. Five mile, class B, Fowler second. In this race a man in a yellow suit lost his head and fell, Connibear and Weiler being immediately behind him, the result was a spill for these parties and the race left to Evans. The five mile, class A, was another Rambler event, May taking first, Joe Bock second and McConahey third. Fourteen prizes in one day is glory enough for any one.

People may laugh and people may cry,
And dogs may howl if they please,
But Rambler's win races wherever they go,
Regardless of how others fare.

Moral—Buy a Rambler! Ride a winner and you'll be a spinner.

We are the only dealers in the West who carry a complete stock of Sporting Goods. Come and see us. Catalogue free.
