WINS CONDEMNATION SUIT.

O. S. L. May Now Proceed With Sandridge Cut-off.

The condemnation proceedings brought by the Oregon Short Line company against a number of owners of land along the line of its Sandridge cut-off leading from Thirty-first to near the Weber county poor farm, came on for consideration before Judge Howell. The railroad company asked for the condemnation of portions of the farms of Wander Bouhuis, Christian Bouhius, and C. E. Bennett. The court granted the railroad company the right to enter upon the land desired, condemning a strip 200 feet wide. The court ordered that the railroad company must provide means for the conveying of water to the defendants' farms, so that their water rights are protected. He also fixed the company's bond in the C. E. Bennett case at $7,000, in the Wander Bouhius case at $10,000, and in the Christian Bouhius case at $15,000, pending the decision of the court as to the amount of money it must pay for the condemned land.

NORTH OGDEN VS EDEN.

Irrigators Still in Court—Hearings in Contempt Matter.

Hearings were also had before Judge Howell in two of the proceedings had in the course of the dispute over the waters of North Fork.

In the case of the North Ogden irrigation company against George A. Fuller and others and the citation of three of the defendants into court for alleged violation of the temporary injunction the attorneys for the Eden company demurred to the complaint and the demurrer was sustained, the plaintiffs being allowed to amend. A motion was made also by the defendants for the dismissal of the proceedings for contempt as against Edwin Hill and Arthur Ferrin. The ground was that these two had never been included as defendants in the complaint on which the temporary injunction was issued, and had, therefore, violated no mandate of the court served on them. This question was taken under advisement till this morning.

In the case of Francis Clark and others against the North Ogden Irrigation company and others, the plaintiffs presented an amendment to their complaint and the court permitted the amendment, which was in the line of making the allegations more specific and accurate. The court gave the defendants till this morning to file an amended answer to the amended complaint.

The motion to dissolve the injunction in this latter case, which involves the right of the defendant's to clear out the channel of the creek bed so as to assist the water in its flow to the headgate of the North Ogden canal, is still under advisement.

The Eden people who came to the city yesterday claim that their contention as to the percolation of the waters has been amply justified by the facts since they turned the water down the North Fork channel about a month ago. They assert that the North Ogden people, despite the heavy rains of the past few weeks, are getting at least five second feet of water less than when they allowed the water to run on the gardens of Eden and thence percolate to the channel of the Ogden river.

The North Ogden people admit the diminished flow, but do not coincide with the reasoning of the Eden men as to the cause.

ENDORSES KNOCKERS' ORGAN.

Baptists in 27th Annual State Convention Would Continue Unholy Strife.

In their meeting yesterday on the occasion of their twenty-seventh annual state convention, the Baptists put themselves on record as favoring the continuance of the present campaign of lies and misrepresentation adopted by the "American party" organ against the majority of the people of Utah, and passed the following resolution:

"Resolved, That, recognizing the peculiar social and political conditions that obtain in Utah, which make the propagation of the principles of pure religion especially difficult, we hail with gladness every movement that looks toward a solution of the problem; that we look with favor upon the growth of the American party in so far as it stands for the absolute separation of church and state, and that we recognize the effective work being done by the Salt Lake Tribune in the Utah conflict."

FOUR COUPLES WED.

The county clerk granted marriage licenses to the following couples:

George E. Wilson, 26, of Ogden, and Miss Edith Larson, 23, of Millville, Cache county.

OVERDOSE OF LAUDANUM.

There was considerable excitement about the Virginia hotel last night about 8:30 by the discovery that one of the domestics, Nora Faulkner, had taken a fatal dose of laudanum, but whether by mistake or with suicidal intent was not learned. Through the energetic work of Dr. C. E. Coulter her life was saved.

RICHFIELD.

DISTRICT COURT HEARINGS.

Important Irrigation Decision—Settings For Sept. Term—Traveling Men's Day.

Special Correspondence.

Richfield, Sevier Co., September 1.—On Monday and Tuesday of this week Judge Morse occupied the bench of the Sixth Judicial District court, sitting at Richfield, for the purpose of hearing a demurrer in the case of the Richfield Irrigation Co. et al. This is a big law suit involving all of the waters of the Sevier river and its tributaries. The Sevier Valley Canal Co., one of the defendants, filed a motion asking the court to annul and set aside that portion of the "Johnson decree" which determined the several rights of the plaintiffs for the reason that the court exceeded its jurisdiction in determining such rights. To this motion the plaintiffs demurred and after spending two days in hearing the arguments of counsel for the various litigants the court overruled the demurrer. This action on the part of the court has the effect of leaving the rights of most of the irrigation companies of this valley practically undetermined as among themselves. It is generally conceded that the court's action was not only in accordance with law, but in the interest of justice.

As soon as the bench was vacated by Judge Morse, Judge Chidester resumed the trial of the case of Isaac Birdsall vs James E. Leavitt, which had prior to that time consumed two days. This is a case in which the plaintiff seeks to have a deed made by his daughter Cora to the defendant in the case set aside and annulled for the reason that it is alleged she was incompetent to execute such deed, being insane. The taking of testimony was concluded today, the court reserving its decision until some future date.

Mrs. Annie Lund was granted a decree of divorce from Edward Lund on the grounds of desertion and failure to support. The court also restored the plaintiff her maiden name, Thompson, granted her the custody of the three minor children, $15 a month alimony and $50 attorney fees.

Frank Christensen was arraigned on the charge of a felony. The defendant entered a plea of not guilty.

In the matter of the estate of Thomas C. Jensen deceased, the court granted the petition for the allowance of the final account and the distribution of the estate.

In the matter of the estate of Niels C. Petersen Skjellet deceased, the petition for the discharge of the administrator was granted.

SETTING OF CASES.

The court set cases for the September term as follows:

All motions and demurrers to be submitted on Sept. 21, the first day of the term.

The State vs Jesse Outzen, to be tried Sept. 22.

The State vs George T. Bean, Sept. 25.

The State vs Frank Christensen, Sept. 26.

The Town of Redmond vs Frands Frandsen, Seph. 27.

The City of Richfield vs Sarah Borgquist, Seph. 28.

Ernest Lindquist vs Swenning Andersen, Sept. 29.

Aggie Arneson vs John Arneson, Sept. 30.

Alice Potter vs Potter, Oct. 2.

Peterson & Lewis vs Mrs. Joe Messersmith, motion to dismiss, Oct. 3.

Upon the motion of the district attorney the court dismissed the case of the State of Utah vs Elizabeth Murphy, for lack of evidence.

Asa R. Hawley of Inverury, today filed suit in the district court against Paul Beutler and Almon Peer, both prominent sheep men of this place. Mr. Hawley alleges that the sheep belonging to the defendants have been trespassing upon his property having been herded upon a tract of grazing land belonging to Mr. Hawley for which he claims damages in the sum of $200 and costs of suit.

The heavy rains of a few days ago have now subsided and we are having some fine fall weather. The crops are generally good.
