Lasting.

So lasting is the odor of Dr. Price's Pet Rose, Ylang-Ylang Thibet Musk, Alista Bouquet, and other scents that a handkerchief being perfumed with them will still retain the odor after being washed. No one who has used Dr. Price's Perfumes can have failed to notice their rich, fresh fragrance.

LOCAL AND OTHER MATTERS.

Religious Services. — Religious services will be held in the meeting houses of the several Wards, excepting the 17th, tomorrow afternoon and evening, commencing at two and six o'clock. Home missionaries have appointments to preach at the evening meetings.

Robbery Off.—Albert Curtis has been arrested on a charge of stealing $55 from a young man named Ainsworth. Fifty dollars of the sum was found on the person of the prisoner.

Conference.—The holding of the regular quarterly Conference of the Nephi Stake of Zion commenced this morning. Some members of the Quorum of the Twelve Apostles are attending it.

Annual Re-Union.—The annual re-union of the Salt Lake Yacht Club will come off on Friday evening, January 25th, at Emporium Hall. The occasion will doubtless be pleasant and enjoyable. We acknowledge an invitation.

Bullion Shipments. — We learn, by speech from Mr. John H. Rice, agent for Wells, Fargo & Co., at Silver Reef, that the bullion shipments from that mining district, from January 12th to Jan. 19th, one week, amounted to $18,823.21.

Lecture.—Under the auspices of the Central Committee of the Y. M. M. I. A. Prof. K. G. Maeser will deliver a lecture on "Voices from the Future," an address to the young, at the 14th Ward Assembly Rooms, commencing at 7.30 o'clock, this evening.

Official Suit. — To-day Messrs. Buckle and Son showed us a splendid suit of clothing made to order for a postal official. It is made up exactly in accordance with the rules for postal uniforms laid down by the department at at Washington. It is the first suit of the kind made in this City, and is put together in the usual workmanlike style of Buckle & Son.

Committed.—Last evening Uziel Harrison and Charles Reynolds, who were arrested at Ogden, a few days since, on a charge of stealing government property from Camp Douglas, were before United States Commissioner Sprague, for preliminary examination. They were each committed to await the action of the grand jury, in default of finding bonds of $1,000.

The articles stolen were army guns.

An Offer.—C. E. Malmstrom desires us to state that he is prepared to give a single or married man employment, as farm labor, providing he is willing to take produce for his pay. He states he is also willing to let such a person have ten acres of land, a team and wagon, at a fair price, to be paid for in labor. Address C. E. Malstrom, Hall Farm, Springville, Utah County.

Caught.—Some time ago a Chinaman with a peculiar name shot and killed another Chinaman at Alta. Up till last evening he succeeded in eluding discovery and arrest. Captain Hart received a dispatch last night, from Mr. B. W. Carrington, that he got on the Utah Southern train at Pleasant Grove, yesterday, for York. Word was sent back to arrest the Chinaman, which was done. He was brought to the city this morning and lodged in jail.

Small Pox.—A third case of small pox, a very light one, simply varioloid, is reported in Ogden. The other two cases have proven fatal. The case at Hartsville, it appears, is also varioloid. So we learn from the *Junction*. At present there is no fully developed small pox in Ogden. However, the municipal regulations for the discontinuance of all public gatherings, meetings, schools, etc., are in force and great caution is used to prevent any spread of the contagion. Business is much injured in consequence, but merchants and others who feel the effects of the depression had better wait with patience for the removal of the Quarantine, than by undue haste, make probable the reappearance of the loathsome disease.

LEGISLATIVE ASSEMBLY.

HOUSE.

January 19, 10 a. m.

The House met pursuant to adjournment.

Acknowledgment and acceptance of the freedom of the House, tendered to Dr. J. K. Park, was received from the gentleman.

Mr. Murdock presented a petition from B. A. Sharp, for services as bailiff and jailor of the 2nd district which was read and, on motion of Mr. Grover, referred to the committee on claims and appropriations.

Mr. Murdock presented the claim of Josiah Rogerson, for services as reporter in the 2nd Judicial District; read and, on motion of Mr. Hatch, referred to the committee on claims and appropriations.

Mr. Brown presented a claim of Myron Tanner, for services as director of the Utah Penitentiary, which was read and, on motion of Mr. Hatch, referred to the committee on claims and appropriations.

Mr. Wright, Chairman of the committee on petitions and memorials, reported adversely on the petition of Joseph Field.

On motion of Mr. Preston, the report was accepted.

Adjourned till Monday, 10 a.m. Benediction.

Man Killed.—The following is a NEWS special:

Logan, January 19.

John Shaffer, aged 21, of Millville, was killed yesterday, at 4 p.m., while at work on the extension of the U. N. R. R.

J. A. LEISHMAN.

Missing.—A man named John Timmins, a resident of Sugar House Ward, who is demented, has been missing from his home for about seven weeks. Diligent search has been made without any trace of his whereabouts being found. Any information concerning him will be gladly received by his brother, William G. Timmins, Sugar House Ward. It is feared the unfortunate man has wandered off somewhere and died from exposure. He is 41 years old, of light complexion, has sandy colored hair and beard, and is of medium height and build.

Musical Times. — The January number of this excellent magazine, published in this City by Calder & Cazelose is now ready for its subscribers. We hope they are many, for this is a work that deserves public support. The delay in its issue was occasioned by the non arrival in time of the music plates. The new music in this number will be useful to choirs and Sunday schools. "Courage" is an excellent common metre, by Prof. G. Careless, and "Peerless" a fine long metre, by John M Chamberlain. The letter-press articles are instructive and interesting.

Theatre.—A much larger audience than was expected, in consequence of the mud, attended at the Theatre last evening and witnessed the astonishing feats of the Fraynes and their trained dog "Jack," and the performance of the thrilling drama of Si Slocum.

The rifle shooting is a wonderful exhibition of skill and the play abounds in startling situations, perilous escapes and deeds of daring. It was well put upon the stage and all who took part in it acquitted themselves admirably.

To-night this attractive performance will be repeated, and as the streets are in better condition it may be expected that the house will be crowded, for this is the kind of drama which generally attracts a western audience. It is pronounced the best sensational drama ever produced in this city.

Just Out.—The *Juvenile Instructor* for the first part of the present month is received. This most excellent periodical continues to supply reading matter for the rising generation of Utah, of a character which is unobjectionable. Many eastern juvenile magazines which would otherwise be suitable for our young people are marred by the incorrect doctrines they inculcate, and the false impressions they convey of Deity and religious requirements. The *Instructor* can safely be placed in the hands of all our children, and as it contains scientific and historical articles, as well as explanations of our faith, it is worthy the perusal of adults as well as juveniles. The present number is a good one, and being printed on fine tinted paper, with illustrations, it should be preserved for future binding. Every family should patronise the "*Juvenile*."

To the Stockholders of the Salt Lake City Railroad Company:

NOTICE

IS HEREBY GIVEN THAT A MEETING of the said stockholders will be held at the office of the company at the office of the late President Brigham Young, in Salt Lake City, at 11 o'clock a.m., on the 30th day of January, 1878, for the purpose of amending the Articles of Association of the Company so as to alter the route and change the eastern terminus of the road. The amendments proposed will, in substance, extend the corporate branches over those streets and route now occupied by the lines worked by the Company, and will so limit the distance and intended route that it will not be necessary to build the railroad from North Temple Street to Jordan Bridge, nor to the eastern limit of Salt Lake City.
