FRAGMENTS.

Patriarchs meeting at 11 a.m. tomorrow.

There will be a meeting of the County court tomorrow afternoon for the fixing of the county officers' salaries.

Mrs. Jennie Banks, proprietress of the Grand Central hospital house on East Temple street, who took an overdose of morphine yesterday morning, is reported to be out of danger. Her escape from death was a very narrow one.

Late yesterday afternoon, in Commissioner Pratt's court, the preliminary hearing of George S. Hills and Kate Watts was terminated, with the result that, failing to furnish bonds of $500 each, the defendants were taken to the penitentiary to await the grand jury's action.

J. D. McNeil, the well known railway clerk, who was sent to Chicago from this city about a year ago as freight auditor for the Union Pacific, returned to Salt Lake today and will succeed Freight Agent W. F. E. St. Clair. "Mac" is a very pleasant and popular fellow and his "welcome home" was as warm as the "evening" he received on his departure.

"We will have the best city and county building ready for occupancy by our successors on January 1st, 1894," said a councilman today, "providing the county is able to hold up its end of the contract and pay its half of the expense. Everything is moving along at a celerity pace and there is nothing to be feared, except from the source I have referred to."

SCHOOL MATTERS.

The Industrial "Home" Wanted for Educational Purposes.

COST OF PRINTING BONDS.

The Jackson School House Ready for Use.—Change of Material in the Wasatch Building.

The city school board met last night, President Nelson occupying the chair. All of the members except Beatie were in attendance. The following matters were read and referred to the proper committees:

Frederick Hedler applied for the position of carpenter of the board.

Harriet A. Partridge offered to sell the board a school site on the northeast corner of First West and Eighth South streets, 12x59 rods, for $15,000.

Alexander Caloulos offered to convey five lots in South Lawn addition, upon which the brick school building stands, to the board for a school site for the sum of $3200.

The Gutta Percha & Rubber manufacturing company offered to furnish the board with corrugated matting at $2.50 per hundred, and solicited an order.

Anna S. Moore, Santa Ana, Cal.; Mary A. Piendell and Miss I. H. Sturges, city; Bell M. Eastine, Laramie, Wyo.; Anna C. Price and Annie Anderson, city; applied for positions as teachers.

Contractor Hemgen called attention to the fact that he had completed his contract for the erection of the Jackson school building, and asked that it be accepted.

The committee on sites and buildings reported that they had examined the Jackson school building and recommended that it be accepted, subject to the recommendation of the certificate of the superintendent of buildings attached. Adopted.

The clerk reported that he had turned over to the treasurer the sum of $93 derived from the sale of old furniture, etc., and as a rebate on rent of the Bryant building in the Nineteenth ward. Filed.

The committee on furniture and supplies reported a list of the furniture moved in the various school buildings of the city and recommended that it be purchased. The total amounts to three carloads. Referred back to the committee.

Mr. Jos. O. Meyer submitted the following bids for school supplies: Blackboards on paper ground, per square yard, seventy cents; on wall, per square yard, forty cents; resizing on old boards, per square yard, twenty-five cents; tightening old desks, twenty-five cents each. Committee on furniture and supplies.

H. Bradford, Davis school, June 15th, $10 per month; August Nurival, Normal school, June 15th, $15 dollars per month; Clara Graves, Ontario school, June 15th, $12 per month; Christian Stevenson, Liberty Park school, June 15th, $15 per month; Francis Ellmanis, church vestry rooms, Tenth ward, June 15th, $15 per month; Wm. TEACHERS AND SCHOOL WORK.

The committee on teachers and school work recommended that 500 copies of a manual containing the rules and regulations of the superintendent, teachers, principals and janitors, and the course of study for the use of the officers of the board, teachers, etc., be printed; that 1000 copies of the annual report of the officers of the board and different committees be printed; that a sixty-file A cabinet be purchased for use in the superintendent's office; that the following school teachers be employed:

Name.	Salary per month.
Mary E. Hall	[illegible]
Ella Sundwall	[illegible]
Mrs. S. J. Quinn	[illegible]
Bertha F. Cates	[illegible]
Carrie Cowan	[illegible]

The same committee submitted the report of the clerk with reference to school books, showing the number lost and otherwise disposed of were 136, further, that the clerk had received from different teachers as fees for lost and damaged books and slates the sum of $12.85, which they had recommended be paid over to the treasurer; also, that the books and supplies belonging to the board had been collected from the different buildings, which would be properly protected until the opening of the schools this fall and then distributed. Adopted.

COST OF PRINTING BONDS.

The same committee reported that the printing of the $25 $100 bonds would cost $325 and that the proof could be obtained in three weeks from June 28th, and asked that they be given authority to have the bonds printed. Adopted.

TO HASTEN THE WORK.

The committee on sites and buildings reported that the person who contracted to furnish brick for the Wasatch school building, to the assignee of the late contractor, had failed to fulfil his contract, and the building would not be completed by September 1st, unless a change be made immediately, and requested that they be authorized to change the specification to either red shale brick, at an additional cost of not to exceed $500, or to first-class common brick at a deduction from the contract price, of not less than ——— dollars, as in their judgment will be most expeditious and best promote the interests of the board.

On motion of Young the report was amended as follows: "That the committee on sites and buildings be authorized to arrange for such brick as in their judgment should be placed there, and incur the necessary expense if there is any." Adopted as amended.

HEATING PLANTS.

The Committee on Sites and Buildings reported that they had carefully examined the heating plants contracted for with the Handy-Meyer Engineering Company, at the Bryant and Lincoln schools, and with the James-Spencer-Bateman Company at the Hamilton school, and that in their judgment the person in charge of putting the plant in the Bryant and Lincoln schools knew but little about the business, and were incompetent to construct them in a manner that would produce the best results from the system of heating in question. The committee further reported that the Handy-Meyer Engineering Company had assigned their contract to the James-Spencer-Bateman Company, who have endeavored to complete and repair the plants to the best of their ability; and, as the latter company has furnished a large proportion of the labor and material used in the construction, that the plant in the Bryant school be rejected, and that the plants in the Hamilton and Lincoln schools be accepted, and that the assignee be paid the contract price thereof upon the execution of a good and sufficient bond that they will make the said heating plants in the Hamilton and Lincoln schools conform to all the requirements of the contract, without expense to the board; all conditioned that the board be released from all liability on account of the contracts entered into for the heating of the Jackson and Bryant schools.

Adopted.

TO CLEAN UP.

The committee on sites and building was instructed to have all school buildings kalsomined and repaired during the summer vacation.

WANT THE "HOME."

Baldwin moved that a committee of three be appointed to prepare a memorial to Congress asking that the Woman's Industrial "Home" property be donated to the Salt Lake school district for use as a high school, and to take such other steps to secure said property as may seem best, subject to instructions from the board. Carrier, and Baldwin, Young and Pendleton appointed as such committee.
