SUNDAY LIQUOR SELLING.

The Proposed R. G. W. Extension to Richfield.—A Rich Slate Company.

The case [of] Provo City vs. Joe Riley, for keeping an open saloon on Sunday, came up for hearing yesterday afternoon before Justice Alexander. The evidence introduced by the prosecution was to the effect that on Sunday last Mr. Kirkwood, clerk for Mr. Riley, allowed the saloon to be opened and parties to enter therein. Contrary to a city ordinance which provides that all saloons shall be closed on Saturday night at 12 o'clock and remain closed until Monday morning at 6 o'clock. The defendant asked for jury trial, and shortly after the case was submitted, a verdict of guilty was found, with a recommendation to the mercy of the court. A fine of $[illegible] was imposed.

Much has been written concerning Provo slate, slate quarries and Slate canyon. It will be remembered that it has been reported that two slate quarrymen came to Provo and went to work for F. W. C. Hathenbruck on his slate quarries some years ago. They went further up the canyon and located a large [illegible] for themselves. This location they have persistently developed, and this spring sold an undivided half interest to Elias Morris of Salt Lake City and others for a big sum, and immediately thereafter the Bethesda slate company was incorporated for [illegible], with Elias Morris president, and John W. Thomas, vice-president.

This company has been working quietly, but persistently, and have now put upon the dump upwards of a carload of slate ready for the market, besides much more in the rough. The road to the quarry is completed and today Frank Milner begins with a force of men and a number of teams to haul the first carload of slate to the depot.

This car will be shipped to Salt Lake City for advertising purposes, and the quarrymen and haulers will be kept right at work to get out more slate with which to fill the orders that are waiting [illegible]

[illegible]

It is stated that a meeting at some future date will be arranged, at which representatives from the various settlements of the county will be present and at which [illegible] steps will be taken for the accumulation of funds and for the collection of exhibits. [illegible] is being manifested in this subject.

Mr. G. W. [illegible] is up from Richfield. The gentleman states that on Saturday last a meeting of the citizens of that city was held for the purpose of considering a proposition of the D. and R. G. W. Railroad to the effect that the company would extend its road from Salina to Richfield, provided the city would secure them a right of way and give them sufficient ground for a depot. No definite conclusion was arrived at, but the citizens are [illegible] and active in their desires and demands for the extension of this road, and prospects are that an agreement satisfactory to both parties will be made in the near future.
