Exchange Formed to Handle Orchard Output of State Through California Fruit Co.

JOURNAL MAY CHANGE HANDS

Boy Lost or Deserted—Regulations Against Vice—Divorce Suit—Wedding Permits.

Ogden, April 28.—The organization of the Utah Fruit Exchange for the purpose of centering the fruit interests of the state under one head, has been organized in Ogden. Fruit-growers from all parts of the state have taken an interest in the new exchange which will provide better and more profitable markets for the Utah growers of fruits. Moroni Mortensen of Bear River City has been chosen as chairman and J. M. Forristad of Ogden has been chosen as secretary until the state organization is perfected.

The Pioneer Fruit company of California, having the largest membership of any of the fruit exchanges of California, will handle the Utah fruits for the new exchange. The membership of the exchange thus far includes the principal growers and shippers of the state and when completed will undoubtedly have all the growers and shippers in its membership roll.

To Build You Up for Spring

Begin taking Hood's Sarsaparilla today. It will do you good. The heavier living and closer confinement of the winter, the effects of colder, damp, changeable weather on the pores of the skin, and the harder work of this season are probably telling on you. Hood's Sarsaparilla, taken just now, will give your system just what it needs and must have, and will help you over this hard spot—the rough ground, as it were—and quite likely save you from a serious illness later. "A stitch in time saves nine" is a wise old saw; therefore, don't wait, but begin to take Hood's Sarsaparilla now. It purifies and enriches the blood, restores the appetite, and gives health and strength. It effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies successful physicians prescribe for the same diseases and ailments.

Begin taking Hood's Sarsaparilla today. Get it in the usual liquid form or in chocolate tablets known as Sarasatabs. 100 Doses One Dollar.

In the city yesterday in conference with R. A. Bowman, general manager of the Journal Publishing company, and A. R. Bowman, to whom the option was given. The consideration expressed in the option was not made public.

The movement is taken on account of numerous complaints that have been made in the past that the booths and boxes which were shut off from the gaze of the public were used as vice-parades by women.

WHERE IS JOHN ROBERT CARTER

Chief of Police Browning has been requested by Rev. S. L. Carter of New Castle, Colo., to try and ascertain the whereabouts of John Robert Carter, who is believed to be in Ogden or vicinity. The letter to the chief states that a brother of the missing young man has recently died in Colorado and relatives are anxious for the return of the missing young man.
