DEAF AND BLIND SCHOOL EXHIBIT.

Attractive Display of Handicraft From State Institution for World's Fair.

THOMAS H. CARR NOW MAYOR.

Chosen by City Council—Weber County Affairs—Junction City Briefs And Personals.

One of the finest school exhibits that will be seen at the world's fair at St. Louis from the State of Utah will be the one prepared by the pupils of the state school for the deaf and blind, which was on exhibition at the school building yesterday and was viewed by many people with admiration and wonder. Prof. Driggs and his able corps of teachers were kept busy explaining the display to visitors.

The exhibit itself is enclosed in an elegant cabinet made by the students at the school. The lower part of the cabinet is divided into small apartments each one containing a special kind of work that is being done at the institution. The top part of the cabinet is arranged with revolving fans or wings which turn either way, so that the visitors may easily see the excellent work that is being done at the school. The lower part contains a section which shows an exhibit of work done in the blacksmith shop, with hammers, chains, screw driver and other things. It has a section devoted to sewing work done by the deaf students, such as little aprons and dresses, etc. The shoe exhibit is excellent, showing several fine shoes made by the blind and deaf boys. The carpenter's section shows some excellent work in joining, dovetailing, turning, etc. Another section is devoted to work done by the blind girls in knitting, sewing, etc., and they have another compartment with sewing work done by machine and by hand. The fans are decorated with photographs of the building, teachers and pupils, also some fine Battenberg and fancy work done by pupils, and some work by the deaf and blind students in writing and composition.

The exhibit is a most excellent one in every respect, and the teachers as well as pupils are deserving of much credit. In September some of the pupils from the manual training department will go to the fair to give an exhibition of their work.

CITY COUNCIL SESSION.

Thomas Henry Carr is at the present time mayor of Ogden. He was elected by the city council last night in order to fill the vacancy caused by the mayor's going east. J. C. Nye was chosen president of the council in place of Mr. Carr.

The council voted unanimously to accept the bid of P. J. Moran of Salt Lake City for re-surfacing the Twenty fifth street pavement. The contract is worth about $20,000.

The lighting committee reported a contract with the Utah Light & Railway company for another year's lighting of the city. The contract calls for 107 arc lamps. The contract was referred to the law committee for further report.

The street committee recommended the purchase of a set of scales by the city to be established at some convenient location and kept by a city weighmaster. The report was adopted.

The city engineer reported that the city had acquired jurisdiction to do the proposed paving on Wall avenue, as only 56 of the abutting property owners had protested.

The contract for furnishing rock for the city stockade was let to W. G. Wilson at 98 cents per perch.

WEBER COUNTY AFFAIRS.

A short session of the board of county commissioners was held and a small amount of business transacted. Commissioner Wilson reported that the work of rolling and repairing Ogden canyon will be completed this week, and the steam roller returned to the city. The Richest Man in the World.

The richest man in the world can not have his kidneys replaced when worn out then, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." F. J. What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c at Z. C. Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." F. J. Hill Drug Co.

NORTH OGDEN.

SPLENDID CROP OUTLOOK.

Primary Conference Saturday Next—Local Improvements—Veterans Ill.

Special Correspondence.

North Ogden, May 16.—The very favorable weather of the last few days has enabled the farmers to finish the beet planting. The area is about the same or perhaps in excess of the previous year, and the early planting is up to a nice stand and looking well. The acreage in tomatoes is very limited, compared with last year, owing to the fact that the local factory will be at a standstill the coming season. The fruit crop, gardening, small grain and general farm crops are in excellent condition thus far.

Hon. Nathaniel Montgomery is absent in Canada looking up matters in the interest of a stock company of Weber county.

If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. F. J. TRIAL OF JOSEPH D. BOHNE.

Evidence Being Heard in the Noted Murder Case.

Manti, Sanpete Co., May 13.—The hearing of evidence in the trial of Joseph D. Bohne, the marshal of Moab, for the killing of "Sandy" Empey, in January last, commenced Saturday morning, and was not concluded when court adjourned till Monday morning.

The testimony showed that the quarrel between the deceased and the defendant occurred over the fact that a minor was found in the saloon at which place of business the deceased, Empey, was the regular bartender, but was not in charge that night. That some words tending toward resistance of arrest occurred, which resulted in blows being struck, shortly after which plaintiff left the saloon, later returning with a Mr. Day, a cousin of the plaintiff, both carrying guns in their hands upon the second arrival. The deceased still refused to be arrested by Bohne, but consented to some requests made by Mr. Day, that of coming from behind the bar and promising to appear the following morning before a peace officer. At this the matter was dropped for the time. This same night a dance was in progress, during which time Mr. Day and the deceased, Empey, took a walk down the road, during which time they met Borne. Some words apparently passed between the men, which resulted in the firing of two shots from a pistol held by Bohne, which was testified to by Mr. Day. Another witness, Stewart by name, testified that three shots were fired. Mr. Day, the principal witness in the case, who was in company with the two men when the shooting occurred, was the last witness on the stand, and the prosecutors had not finished their examination of this witness. His testimony, however, went to show that he was considerably embarrassed by testifying against his own kin, although it appeared, from the questions asked by the prosecution, that Mr. Day had previously talked quite freely with the prosecuting attorneys about the case.

Judge William H. King and D. D. Houtz are defending Bohne. D. N. Straup and District Attorney W. D. Livingston are conducting the case for the state.
