CATARRH

Sneezing Catarrh, Chronic Catarrh, Ulcerative Catarrh, permanently cured by

SANFORD'S RADICAL CURE.

SANFORD'S RADICAL CURE FOR CATARRH is safe, certain, and permanent cure for CATARRH of every form, and is the most perfect remedy ever discovered. It is purely a vegetable distillation, and is applied locally by insufflation, and constitutionally by internal administration, equally active and efficacious. It soothes, heals, and cleanses the nasal passages of every vestige of healthy structure, destroying the offensive secretions. Constitutionally administered it regenerates the blood, purifies it of the acid poison with which it is always charged in Catarrh, strengthens and invigorates the system, produces perfect digestion, makes new blood, and permits the formation of sound, healthy tissue, and finally effects complete control over the disease. The remarkable curative powers, when all other remedies utterly fail, of SANFORD'S RADICAL CURE, are attested by thousands who have gratefully testimonial it to fellow-sufferers. No statement is made regarding it that cannot be substantiated by the most reputable and reliable references. It is a great and good medicine, and worthy all confidence. Each package contains a Treatise on Catarrh and Dr. Sanford's Improved Inhaler, with full directions for its use in all cases. Price $1.

An Enthusiastic Friend of Sanford's Radical Cure.

BOLLATTON, GRANT & BOYD'S BTEE AND MARBLE WORKS, 705 Pine Street, St. Louis, Mo., Feb. 1, 1877.

A. S. WELLES, Washington Av., City.—Dear Sir: I have been troubled very much with Catarrh, and for the past two years have suffered seriously with it. Noticing your advertisement of Sanford's Radical Cure, I decided to try it. I have used only two bottles, and the result I feel so much relieved that I promise on our personal relations and write this of my free will. That you take some measures to get it more prominently before the public, that others may have such relief as I have. I have recommended it to quite a number of my friends, all of whom I find, on inquiring of me their high estimation of its value and good effects with them.

I really think it particularly adapted to wants of St. Louis people, and they all ought to know of it, and those who need it should try it. I will risk the assertion that 1000 of us, viz: (as a sample) to be given away will sell as many bottles of it.

Try some plan. Let the people have it, the proof is, I believe I could sell 1000 bottles a day if of course you could largely increase the supply. Why not try it? Yours truly, W. F. BOWEN.

Sold by all Wholesale and Retail Druggists and Dealers in Medicine throughout the United States and Canadas. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

LAME BACK AND RHEUMATISM

CURED BY

COLLINS' VOLTAIC PLASTERS

Messrs. Weeks & Potter: Gentlemen,—One year ago I was seized with a severe attack of Lumbago, from which my life was despaired of. I tried the various liniments and rheumatic cures, but without the least benefit, when my son, a druggist, suggested your celebrated COLLINS' VOLTAIC PLASTER. The effect was almost magical, for, to my grateful surprise, I was almost immediately well again, and was able to attend to my business. In general, wherever before the application of the Lumbago would do nothing, and every day was a pain. A few weeks since, one year from the first attack, the disease returned, but I am happy to say the second Plaster proved as efficacious as the first, and I am now well. My wife wishes me to add that one Plaster has cured her of a very long back. We think there is nothing in the world of remedies that can compare with the COLLINS' VOLTAIC PLASTERS for Rheumatism and Lame Back, and cheerfully recommend them to the suffering. Yours very respectfully,

ORLAND, ME., June 6, 1876. ROBERT COTTON.

NOT A QUACK NOSTRUM.

Gentlemen,—I hereby certify that for several years past I have used the VOLTAIC PLASTERS in my practice, and have never known them to fail in affording speedy relief in those cases for which they are recommended. They are not a quack nostrum, but a remedial agent of great value. Very truly yours, C. COLLINS, M. D.

DUCKSPORT, ME., May 27, 1876.

PRICE 25 CENTS.

Be careful to obtain COLLINS' VOLTAIC PLASTER, a combination of Electric and Voltaic Plates, with a highly Medicated Plaster, as shown in the above cut. Sold by all Wholesale and Retail Druggists throughout the United States and Canadas, and by WEEKS & POTTER, Proprietors, Boston, Mass.

FAMILY RECORDS.

WE ARE NOW PREPARED to receive orders for FAMILY RECORDS of an approved form.

Each book is divided into five forms.

The first form is that of a "FAMILY RECORD," with ruled and printed spaces for births, marriages, and deaths, in each family, also for names, dates, and places, one page accommodating one family.

The second form is a "CHURCH RECORD," with spaces for blessings, baptisms, confirmations, ordinations, endowments, and patriarchal blessings and various particulars of the same.

The third form is a "SEALING and ADOPTION RECORD," with spaces for name of person sealed, birth, death, time, place, etc.

The fourth form is a "MISSION and APPOINTMENT RECORD," with spaces for names, date of birth, field of labor, date of appointment, departure, release, etc.

The fifth form is a "RECORD for BAPTISMS, ENDOWMENTS, ORDINATIONS, and SEALINGS for the DEAD."

Each book is furnished with a title page, on which the person owning the record can enter his or her name. An explanation of the forms, or instructions how to keep the record is also printed in each book.

These Records are well printed and ruled on good ledger paper, substantially bound. We can furnish them of any size, from one to five quires, or larger, but probably five quires is as large as will be desired. We can also furnish the various forms in a record, proportioned to each other to order.

Fish! Fish!

SALT LAKE CITY, August 12, 1878.

Editors Deseret News:

It is a question in the minds of many of our citizens why there is not now more fresh fish on sale in this market, and the inquiry is a very natural one, from the fact that during warm weather people have more of a relish for fresh fish than meats, which are not considered conducive to the general health if eaten too frequently during the "heated term." Utah is not a fish country when compared with our great inland lakes or coast fisheries, while it is a noticeable fact that our home supply of fish is not equal to the demand. Utah and Bear Lakes are our chief sources for obtaining trout, the mountain streams affording rather a meagre supply of the finny tribe. Fish, like mortals, try to "keep cool" during hot weather, hence fish seek the deep, cool water of the lakes, remaining there until cool weather renders the water more equable, when they "make for the shore" and are then taken by seine or hook and line. This is the main reason why fish are so scarce in our market during hot weather, and consequently command a higher price than at other seasons of the year.

With a view to guard the trout in the waters of Utah from unlawful seizure, the Legislature, at its late session, passed some protective amendments to the fish law, which if duly enforced in the premises, will have a tendency to increase the supply of trout and other fish. Under the provisions of the new fish law, "seines, not more than 200 yards long and 12 feet wide, with meshes not less than two inches square for 50 yards in the centre, and meshes not less than two and a half inches square in the wings or ends thereof, may be used in the Bear and Utah lakes only, between the 15th day of September and the 15th day of March following." A fisherman of 24 years' standing, on Utah Lake, observed to me a few days ago, that the passage of the foregoing will necessitate the procuring of new nets, as under the old fish law the meshes in the centre of the nets was one and a half inches square. It is said that a mesh, two inches square on the angle, will allow of the passage through of a trout weighing two pounds. Thus, under the newly amended law, only large trout will be seined, which will give the small trout a chance to attain a good size before they can be seined.

Yours respectfully, G. W. CROCHERON.

CHESTER, Sanpete County, August 12, 1878.

Editors Deseret News:

Last Saturday, while Mr. William Coates, a young, unmarried man, living in Mt. Pleasant, in this county, was securing his hay in the meadow in the precinct, he was attacked with a fit while lying on his bedding in the shade of a load of hay. His companions were absent bathing. On their return, having been gone about an hour, Coates was found quite dead, lying on his face with some of the pillow case in his mouth.

A coroners inquest was held, three witnesses examined and evidence had as above stated. Deceased was liable to fits. Verdict of jury—That deceased came to his death by a convulsive fit. The body was delivered to the friends of deceased.

The elections of Sanpete were a grand success, the People's ticket went through without a liberal flutter.

The people are emphatically up to their eyes in business. Tall grain, pretty, plump and abundant.

Machinery hums on every hand and many hands cannot find employment.

DOT.

Woolen Goods.

PROVO CITY, August 12, 1878.

Editors Deseret News:

The Provo Manufacturing Company have received, the present season, over [illegible],000 pounds of wool, much of which they have shipped to eastern markets, the company not being able to carry it over. The company's business is steadily increasing. They pay the highest market price for wool, either in goods or cash. These goods are fast growing into favor with the public. As to quality, weight, and price they compare favorably with those of eastern make. The mills of Utah cannot hope to compete with those of the east in variety of styles, but they can and do in honesty of goods and lowness of prices.

We feel pleased to note the gradual growth of our home industries, and hope the people of Utah will continue to favor these very essential factories in the sum of material prosperity.

John C. Cutler, Constitution Buildings, opposite Z. C. M. I., is the company's agent for the sale of the goods made by the Provo Manufacturing Company, and he has, and will have on hand a large stock of these excellent goods for fall and winter trade, at figures that cannot fail to attract buyers.

Success to home enterprise.
