Mrs. Mary Asher of Lockport, Pa., relieved untold misery from backache, restless nights, nervous prostration, by the use of Hood's Sarsaparilla. To the recommendation of a physician she took

Hood's Sarsaparilla

and after Hood's Pills followed. Now the whole family is well. Her daughter, suffering from a severe cough, took Hood's Sarsaparilla, "and it cured her in three weeks." We are personally acquainted with Mrs. Asher and know that what is here said is true. C. A. SLAUTTER & SON, Druggists, Pa.

HOOD'S PILLS cure Sick Headache, Constipation, by restoring peristaltic action of the alimentary canal.

A Clock out of order shows it on the face. When the human machine goes wrong, the physiognomy tells tales. If you do not feel well, take

To reduce your weight, SEABELT can do it. Both sexes. Pills and Belt 5 to 10 weeks. No injury to the health. No suffering. No starving. Not a cure-all, but a reliable remedy. Not a patent medicine with false and exaggerated claims, but a scientific appliance with which we are prepared to show the proofs of its efficacy. Thousands have used it. Hundreds have written us. Some of the best people in the world have used it. Some of the most eminent men have recommended it. Some of the most beautiful women have used it. Some of the most critical have tested it. Some of the most skeptical have investigated it. Some of the most careless have neglected it. Some of the most sensible have adopted it. Some of the most fashionable have worn it. Some of the most fashionable have left it off. Some of the most fashionable have left off other things and put it on. Some of the most fashionable have left off other things and put it on and keep it on. Some of the most fashionable have left off other things and put it on and keep it on and are wearing it on all.

We think the evidence that the secret agent is genuine, as some of the leading physicians have taken it themselves and prescribed it to their patients, and have recommended it to their friends, and have written testimonials for the use of others, and have sent patients to us with the request that we give them the same treatment we give our own friends, and have sent us their own physicians to be treated, and have sent us their own relatives to be treated, and have sent us their own friends to be treated, and have sent us their own selves to be treated. We have the evidence that the secret agent is genuine, and we think the evidence that the secret agent is genuine is sufficient to induce you to try it, and we think the evidence that the secret agent is genuine is sufficient to induce us to try it, and we think the evidence that the secret agent is genuine is sufficient to induce us to try it on ourselves, and we think the evidence that the secret agent is genuine is sufficient to induce us to try it on our own sel
