Salt Lake won the opening game with Spokane at Spokane yesterday, the score being 6 to 1. The victory was the result of Essick's masterly pitching. His control was perfect and he held Reilly's redskins down to seven hits. He was given good support throughout as the team behind him did not make an error.

Hogg did the slab work for the Indians and was pounded a plenty. In the ninth inning Salt Lake jumped onto Hogg for four hits and three earned runs.

NO ACCIDENTS IN NATURE.

Every Calamity, No Matter How Great, Has a Definite Beginning.

There are no accidents in nature.

The avalanche that without a moment's warning rushes headlong down the mountain side is not an accident.

For years previous tiny atoms have been crystalizing, and adding their minute weight to the mass which left its base when the accumulation reached a certain point.

Neither is baldness an accident. The infinitesmally small germ which is the cause of Dandruff and Baldness, feeds silently and long before the result is seen.

The small germs which thrive on the scalp and which are the cause of Baldness and Dandruff cannot exist, however, when Newbro's Herpicide is applied.

ATHLETICS AT THE FORT.

Monthly Field Day Exercises Yesterday Afternoon Proved Interesting.

There was quite a large crowd at Fort Douglas yesterday afternoon to witness the August field day events between the soldiers of the Twenty-ninth infantry and the Twelfth and Twenty-second batteries. The meet was conducted by Lieut. R. O. Patterson, and the program proved unique and highly interesting. The main feature of the meet was the company race when officers and men dashed along side by side, each one striving to win. The events and results were as follows:

100 yards dash was won by Private McClarinon of the Twenty-second battery, his time being 11¼ seconds. Privaty Padberg of Company F came in second, his time being 12 seconds.

The running broad jump was taken by Private Bryant of the Twelfth battery. He cleared 17 feet. McHilton came second with 16 feet, 9 inches.

Four men from each of the infantry and battery companies competed in the mile relay race. The Twenty-second battery team won this event.

Private McClarinon of the Twenty-second won the 120 hurdles. Private Miller of the Twelfth battery getting second.

The running high jump was captured by Private Cook Hacket of H company. He jumped five feet.

But the interesting event of the day was the big race of 19 guards between infantry companies, two batteries and their officers. Each company ran in turn, and the time was taken of the first man over the tape, and also of the last man, and then the average was figured up. Company G made the first run, the others running in the following order:

Twenty-second battery, company L, company T, Twelfth battery, company E, company H. The Twelfth battery was declared the winner in 14 3-5 seconds, and company H was given second place with a score of 15 1-10 seconds. Company L came in third, its time being 15 1-5 seconds.

The last event was a tug-of-war which was won by a team representing the Twenty-second battery. The team from H company was second.

STILL PLAYING TENNIS.

Salisbury and Griffin Beat Morrow and Haskell in Doubles.

One of the best tennis contests seen here for some time took place at Fort Douglas yesterday afternoon in the doubles between Walker Salisbury-T. G. Griffin, and Captain F. J. Morrow-Lieut. E. E. Naskell. After a hard fight the former team carried off the honors.

Dr. Plummer and W. H. Broddus defeated George Badger and S. A. Whitney, which gives the former team a chance at the semi-finals.

The results of yesterday's games follows:

Dr. Plummer and W. H. Broddus beat George Badger and S. A. Whitney. Score—6-8, 6-2, 7-5.

McLeod and roiseth beat J. E. Broddus and Rust. Score—4-6, 6-4, 6-4.

Walker Salisbury and T. G. Griffin beat Yale Henry and Owen Gray by default.

Walker Salisburk and T. G. Griffin beat Captain Morro wand Lieutenant Haskell. Score—6-4, 11-9.

Matches today:

R. T. Badger and Conrad play Carl and Frank Roberts at Miller's courts at 4:30 p. m.

Dr. Plummer and W. H. Broddus play Walker Salisbury and Griffin at B street courts at 4:30 p. m.

Autos Make Long Climb.

On Tuesday there was quite an automobile test of machines from the Utah Automobile company. A party was arranged to make a trip up City Creek canyon as far as the machine would go. The principal chaffeurs were Mr. Snow, Mr. Cummings and Bert Fuller. Each "car" was loaded with humane freight, and a trip of 16 miles up the canyoyn, over some of the roughest road, was made. The party returned without a mishap, but, of course, the machines had to be overhauled and put into god owrking order again. The party unanimously declared that they had a most enjoyable time.

ENCOURAGES ATHLETICS.

Gen. William H. Carter Strongly Urges Field Contests as Means of Recreation.

Washington, ug. 31.—In his annual report Brigadier-General William H. Carter commanding the department of the Visayas in the Philippines, strongly urges the encouragement of athletic sports among the soldiers to supply the present lack of means of recreation and carefully regulated and abundant employment as the most wholesome antidote for the effects of Philippine service in time of peace. He holds that the number of troops in the islands and their distribution should be definitely determined. He says that no insurrection or invasion can succeed if deprived of the control of Manila and the principal seaport cities and that their occupation is a military necessity. Temorpary construction and makeshifts of every kind only serve, he says, to develop and confirm in the minds of Filipinos the idea that Americans do not intend to hold the islands permanently, so the matter is properly one for the study of the general staff.

A considerable portion of the report deals with the operation of ladrones in this department during the past year and General Carter says:

"I am of the opinion that it is of no benefit to the good people of these islands and will delay their ultimate Americanization if the evil element is allowed to threaten, harass and openly attack American soldiers without immediate action by the commanding officer nearest to the place where the offense is committed."

The reason of this complaint is a general order which leaves only the civil authorities to deal with such offenders.

AMERICANS ARE WINNING.

Events at St. Louis Prove They Are the Best of Athletes.

St. Louis, Aug. 31.—Today, the third day of the 1904 Olympian, one world's record fell before the prowess of an American, and three Olympic records were broken, the laurels going to two Americans and a Greek; and one Olympic and world's record was broken, but owing to an unfortunate accident the time will not be allowed in the latter as the official record. H. L. Hillman of the New York Athletic club ran the 400 metre hurdle in 52-5 seconds under the Olympic and world's records. Hillman was forced the entire distance by Frank Waller of the Milwaukee Athletic club, who finished second, and in the excitement of the race Hillman failed to clear the last hurdle cleanly and the barrier fell to the ground, disqualifying his record but not affecting the result of the race.

The 200 metre run again brought out a field of record-breakers. Hahn of the Milwaukee Athletic club won the first heat in the record time of 22 1-5 seconds. He fought the distance with W. J. Cartmell of Louisville, Ky., and only won by inches.

NEWS FROM BOXERS AS DAY APPROACHES

Both Nelson and Herrera Are Confident and Are Training Hard.

TED MURPHY AND WOODS.

They Have Had a "Falling Out" and Are Not Drinking Together —The Reason Why.

The following story was sent to the Butte Inter-Mountain from Gregson Springs where Battling Nelson is training:

"What Nelson will do the Mexican next Monday afternoon will be beyond mention," said Teddy Murphy today. "A surprise? Well I guess yes, and a big surprise at that.

"You know we beat Eddie Hanlon, and he was the pride of California, and the next in line will be Herrera, the pride of Montana. I think I will take the Dane on a tour of the United States and try to ferret out all the village champions and beat them, and after it is all over Nelson will be the pride of the United States."

Today was a hummer in training quarters. Nelson cut loose for a few rounds with Mose Lafontise, and showed the visitors to the camp just what he could do when he let himself out. For three rounds it looked as if Nelson was out to finish Lafontise, and only Mose's clever blocking and getting nifty prevented a knockout.

Nelson is saving his hands, and will take no chance of injuring them on either Sid or Mose, and for this reason prefers to have his trainers go after him hammers and tongs rather than to extend himself and risk getting a strained knuckle or possibly a broken one.

Since arriving at the Springs Nelson has worked up his wind until he can go any pace set for him, and finish fresh and untroubled by the altitude.

When not working Nelson amuses himself with a calf that belongs to the establishment. In the morning Battling will go to the incosure where the calf is browsing on grass, and then a bit of fun begins. Nelson gets the calf by the tail and the calf gets the last call for dinner and cuts lose around the inclosure with Nelson a close second.

"I believe I will get a calf every time I train," said Battling. "It is great exercise to worry with the little fellow and gets the legs in fine shape. Jeffries had his pet pig and Munroe his bear, but my calf has them all beaten.

"Hererra will have about as much chance to get away from me as that calf, and wil not be half so hard to catch. I will be in Butte on Labor day fit to fight anything walking, and those who attend the battle will have no occasion to complain of my performance."

TEDDY AND JOE FALL OUT.

Teddy Murphy positively refused to "have something" with Joe Woods.

This is the first time on record where the "boy manager" refused to be sociable.

It all happened this way. Woods, Murphy and Billy Nolan met one night last week and drew up articles of agreement, and all signed. For once in the history of matchmaking neither man had a kick coming, and as soon as the remarkable article binding the match were presented they all signed, and then some one proposed a little refreshment.

In due time they were before the mirror and something sparkling was standing before them on the counter.

"Here's hoping my Dane will knock your Mexican's block off," said Murphy, as he tossed off the beverage.

Woods was like the boy who got in the way of the calf—he had nothing but stares in his countenance. After a short conversation Woods said; "Well, the next is on me."

"Nothing doing for me," said Teddy. "I know what you want. You wish to tell me you hope Herrera wil beat Nelson in a wallop, and I won't give you a chance. I drank to Herrera's health when I had Santry out here. Not superstitious, but—well, I bought a drink, anyway, so what's the use?"

ON THE RACE TRACK.

Caughnawaga Won Twin City Handicap Worth $13,000 in a Hard Drive.

New York, Aug. 31.—In a hard drive Caughnawagh, at 3 to 1, won the Twin City handicap, worth $13,000 to the winner, at Sheepshead Bay today, with Dainty second, and Grazaillo third. The mile and a quarter was run in the fast time of 2:05. McChesney, who won this stake last year, defeating Hermis, was made favorite today on the strength of a very fast trial, but was always outrun, finishing next to last.

The start was bad, Dainty being practically left at the post when the barrier was sprung. Gunfire went to the front in the first few strides and led her field a hot pace. Rounding into the back stretch she was leading by a length over Caughnawagh with Hurst Park in third place. At the far turn Burns sent Caughnawagh up to the leader. Dainty, who gradualy closed up her lost ground, raced into third position on the far turn. Coming into the stretch Caughnawagh was leading, but Dainty was not to be denied, and in a hard drive which lasted from the head of the stretch to the wire Caughnawagh won by half a length.

Artful, winner of the Futurity on Saturday, today added another victory to her list by winning the $10,000 great filly stakes. Artful and Rose of Dawn were coupled in the betting and held at the prohibitive odds of 1 to 15. Artful and Belle Strome, an added starter, ran close together to the stretch where Artful drew away and won under wraps by half a length in the fast time of 1:11 3-5, which is one-fifth of a second faster than her time in the Futurity.

THE SUMMARY.

First race, five an done-half furlongs—Gold Craft won, Drone second, Black Perline third. Time—1:07 3-5.

Second race, mile and three-sixteenth—Garnish won, Conkling second, Homestead third. Time—2:00 1-5.

Third race, the Great Filly stakes, six furlongs—Artful, 124 (Hildebrand), 1 to 15, won; Belle Strome, 119 (Higgins), 20 to 1, second; Linda Lee, 119 (Hicks), 100 to 1, third. Time—1:11 3-5.

Fourth race, the Twin City handicap, mile and a quarter—Caughnawagh, 125 (Burns), 3 to 1, won; Dainty, 105 (Phillips), 20 to 1, second; Graziallo, 106 (Wonderly), 20 to 1, third. Time—2:05. Gunfire, Eugenia Burch, McChesney and Hurst Park ran.

Fifth race, six furlongs—Collector Jessup won; Reliable, second; Toscan, third. Time—1:13.

Sixth race, mile and a sixteenth, on turf—Ort Wells won, Sidney C. Love second, Jocund third. Time—1:47 1-5.

GRAND CIRCUIT EVENTS.

Providence, R. I., Aug. 31.—Ten thousand people saw plenty of good racing on the third day of the Grand circuit meet at Narragansett park today.

The big attraction was the Roger Williams stakes for a purse of $5,000 for trotters eligible to the 2:12 class last March. Seven responded to the call and Sweet Marie, the unbeaten California mare, won.

Consuelo S. held at even money against the field, was very rank in scoring for the opening heat and delayed the start for some time. When finally the word was given, Tiverton shot across to the pole with the favorite, in hot pursuit. Hhese relative positions were maintained to the wire, the former winning by a length.

The second heat was a dpliecate of the first and then the judges took a hand in the affair by removing Smith from behind Sweet Marie and substituting Alta McDonald.

For the third heat Tiverton led to well beyond the haf, when Sweet Marie moved up and they raced like a team to the seven-eighths pole. At this point the New York gelding weakened and Sweet Marie won by a length.

The time of the heat, 2:06¼, is the race record for the year made by trotters. This was th decisive point in the contest, for while Tiverton tried his hardest in the next two heats Sweet Marie held him safely.

The aggregate time for the five heats is the world's record, lowering that in the famous stallion race at Readville in the Crescceus-Charley Herr memorable turf battle.

Prince Alert was driven to beat the world's record of 1:59¼, and failed to by ¼ seconds.

THE SUMMARY.

Two-thirteen pace, purse $1,000, two in three—Bell Star won the second and third heats in 2:10 and 2:09¾. John McEwen won the first heat in 2:11¼. Funston, Tosenwod, Gambit, Arzilla and Lizzie McCobrd also started.

The Roger Williams, 2:12 trot, purse $5,000, three in five—Sweet Marie won the third, fourth and fifth heats in 2:06¼, 2:08¾ and 2:08½. Tiverton won the fist and second heats in 2:07 and 2:07¼. Consuelo S, Invader, Alexander, Lady Gall Hamilton and the Rajah also started.

Two-sixteen trot purse $1,000, two in three—Luna won two straight heats in 2:11½. Euxenite, Mainland, Hopper, Gray Don, Millard Sanders, Jimmy Michaels, Kitty Giltner, Tom Phair and Melsonomo also started.

Two-fourteen pace, purse $2,000, three in five (unfinished)—Don Carr won the first and fourth heats in 2:09¼ and 2:11. Bad News won the third and fifth heats in 2:08½ and 2:09¾. Baron Grattan won the second and sixth heats in 2:07¼ and 2:11¼. Dewey, Nancy H and Eudora also started.

Against time to beat 1:59¼, pacing—Prince Alert lost. Time—2:00¼.

"PENNY" GOSSIP.

There was a ball game at Murry yesterday afternoon beginning at 4 o'clock, between the Murray team and a team from Graham canyon. The former won by a score of 8 to 2.

It looks like a row between Walter Wilmot of the Butte team and President Lucas. The latter, it will be remembered, protested against the sale of certain players. Now Wilmot informs Lucas that he has more men for sale, and that they will be disposed of to the highest bidder.

Jack Flannery, umpire, who held the indicator during the last series in Salt Lake, has resigned. He has quit the game to take up newspaper work, poor toing! He has secured a job in Helena, and roasts for the umpires may now be looked for. President Lucas will probably appoint one Dick Smith in Flannery's place. We hope Smith is not like Jones.

It has been said that Jeffries Friday night proved himself invincible. He did no such thing. The Munroe episode no more tried the champion's mettle than a training bout. Munroe proved nothing. There are men in Los Angeles that should be favorites over him—"Denver Ed" Martin for instance. Even Sam McVey could beat Munroe. Jim Tremble at boxing could "show up" the miner.

The events and entries for the horse races at Calder's Park on Labor day have been made up and filled. The program consists of two harness events and one running number. The events and entries are as follows:

First race, named race for pacers and trotters, purse $250—Cold Storage, owned by Tom McCoy; Sarah Green, owned by Frank Wilson; Angie Duryea, owned by Dr. A. C. Hummelbaugh; Chester S, owned by A. Spiers.

Second race, named race for trotters and pacers in 2:25 class, purse $150—Jeff, owned by Hal Brown; Alfonzo, owned by Colonel N. W. Clayton; Ladysmith, owned by W. S. Ellerbeck; George M, owned by A. M. Pendleton; Ed Conroy, owned by Dr. Carson.

Third race, running match race, purse $100—Hymn owned by H. Fletchall; Comodore, owned by E. A. Smith.

If Jeffries means to continue fighting he will have to talk business with the burry negro, Jack Johnson. Jeff has insisted that he will not fight a colored man for the championship, and if he wishes to stick to that technically he can battle with the negro with the understanding that the title does not go with the decision. The public would take care of the honors.

Unless Jeff meets one of the dingies—and Johnson is easily the best—he will have to quit the game. He is heartily sick of fighting dubs himself and unless shown more money than Friday night's receipts, it may be depended Jeffries will not take on another Munroe even should one crop up.

Should the champion star the country, picking off all comers as John L. Sullivan in his prime did, he could make good money. Agreeing to stop Fitzsimmons, Ruhlin, or some others of the big fellows in ten rounds or forfeit the purse would get him crowds. Nobody would be worsted in paying popular prices to see the mills, either. But billing the same men as possible championship winners is another thing.

We don't know whether Otto Floto is responsible for the following or not, but it was discovered in the Denver Post this morning:

The king lives long, long live the king.
No new born champ walks in Jeff's shoes;
Jim still is monarch of the ring.
The best Munroe could do was lose.
Another chance? Oh, what's the use?
That dub again would meet defeat.
Go hunt a man Jim can't abuse.
Where is the pug Jeff cannot beat?

Old Fitz, with solar-plexus punch,
And next in rank to Death, Prince Booze,
Could scarcely jostle Jeffries' lunch.
The both served only to amuse.
More worthy foeman could he find?
A fiercer fighter could he meet
This man of brass, with iron thews!
Where is the pug Jeff cannot beat?

Wizard of wallops, divers blows,
Of counters, crosses, slashes, whose
Chief actions centered on Jack's nose.
And daubed his face in blacks and blues.
Why not have furnished some excuse?
Have hit him low, or used your feet?
His backers the nmight stil lenthuse.
Where is the pug Jeff cannot beat?

L'ENVOI.

Fitz, Sharkey, Corbett, hear our views,
And you, Jack, too; for vengeance sweet
Go after James J. two by twos;
There's no one man Jeff cannot beat.

THE NEW PRESIDENT OF BOLIVIA.

The recently elected president of the republic of Bolivia, Colonel Ismael Montes, is still a young man, being scarcely forty years of age. He is a lawyer by profession and has achieved an excellent reputation for ability as well as for probity. In the war with Chile he volunteered and went to the front. He was highly commended for his conduct in several engagements. He was minister of war under General Pando, the former president, and in this capacity he displayed great ability. President Montes is dignified in appearance and most agreeable in his manner. He has chosen a new cabinet, in which his father is minister of war.
