REWARDED.—Steele & Price, the manufacturers of Dr. Price's Cream Baking Powder and Dr. Price's True Flavoring Extracts, are rewarded by having accredited to them the reputation of manufacturing good articles. It is a shameful confession to make that many people are willing to use adulterated articles, because of a small reduction in price; and in doing so often subjecting themselves to injurious effects, for it must not be supposed that those who are willing, at the cost of reputation and for the purpose of gain, to impose adulterated goods on the public, would hesitate to use injurious adulterants. Dr. Price's Baking Powder and Flavoring Extracts being the most perfect made, require in preparing articles of food one-third less in quantity.

NOTICE!

With the view to accommodate the Sunday Schools in this City, after this date there will be only one meeting held in the New Tabernacle on each Sunday, at 2 p.m. till further notice.

BRIGHAM YOUNG,
GEORGE A. SMITH,
DANIEL H. WELLS.

SALT LAKE CITY, June 29.

Police Court.—To-day two saloon keepers were fined $50 each, for selling liquor after legal hours; a gambler was fined $100 for plying his vocation and a wife-beater, who keeps a variety store, was fined $50, for maltreating his spouse.

Anniversary Ball.—Before us is a complimentary to a pioneer anniversary ball, to be given on Friday evening, July 24th, at the Twelfth Ward Assembly Rooms, which is being got up by the members of the choir of that Ward. No doubt it will be a pleasant affair. The committee is composed of ladies as well as gentlemen.

Notice.—Will the Juvenile choir please not forget to meet Brother Thomas to-morrow afternoon at 4 o'clock in the New Tabernacle; also the adult choir will please meet him in the same place at half-past six p.m., the same evening for the last practice, and to locate places for each member of the above choirs.

A Nuisance.—Citizens living in the 17th Ward say there is a nuisance on North Temple Street, in the shape of a spout, supposed to be for the accommodation of the sprinkling cart men, which causes the water to flow over the street for a distance of half a block. The official whose duty it is to do so will doubtless see that the matter is rectified.

A Delightful Sight.—This morning we paid a visit to the Tabernacle to see what the brethren and sisters who are decorating the interior of that building preparatory to the grand jubilee were doing. We were prepared to see something tasteful and inviting, but confess to no small amount of surprise at the beautiful sight which meets the eye on entering the building. A large amount of labor must have been spent in getting up those splendid decorations. Every panel in front of the gallery has an appropriate motto, the pilasters, between the panels are surmounted by small neatly colored flags, while the pilasters themselves are each surrounded by a wreath; around the supporting pillars garlands of evergreens and flowers are entwined, while festoons of the same are looped between them; flags and drapery will hang over the gallery from the ceiling, from the middle of which latter will be suspended a mammoth centre-piece, which is a fine specimen of what can be done by good taste, skill and ingenuity; hanging across the west end, at the organ, is a large ribbon, on which is painted, in large characters, 1847 on one end, 1874 on the other, and "Welcome to our Jubilee," in the middle. Under the first figures will be a suitable representation of the time in this valley; sage-brush, buffalo, Indians, etc., and under the second a representation emblematical of the present progressive condition of Utah. Curiously enough if 47 be reversed it makes 74, and *vice versa*, and if the figures be added together it makes 121, which remains the same when reversed.

The decorations now in process at the Tabernacle are but the beautiful frame or setting for a far more lovely picture, for when those thousands of pretty boys and girls get seated in the interior of the frame, which latter will consist of the embellishments already mentioned, with the additional ornamentation of the thousands of surrounding pleasant and eager faces of those little ones, which will be in the gallery, what more desirable picture could be seen.

A good deal has been said about the coming jubilee, and the reason is that it will be one of the most beautiful spectacles the world ever produces, and more energetic committees perhaps were never employed in a similar enterprise than those who have operated in preparing for this, with no other hope of reward than the consciousness of having afforded pleasure to others, which is the noblest employment in which men and women can engage.

The British Mission.—The following is from the *Millennial Star* of June 30—

"The fourth company will leave Liverpool on Wednesday, July 8th. This is an addition to the number of companies we had, till recently, arranged to send this season, and is made to accommodate a number of Swiss and German Saints who were unable to leave with the June 24th company. Should there be any of the Saints in the British Isles who can make it convenient to leave with the July 8th company, and who prefer doing so than to wait till the departure of the last company, September 2nd, we shall be pleased to receive their names and ages at this office as early as possible.

"REMOVAL.—Elder John Squires is released from laboring in the London Conference and appointed to labor in Nottingham Conference, under the direction of Elder F. M. Lyman.

"Elder Squires received this appointment at the late Birmingham Conference—April 19th,—but as he had some appointments to fill before leaving his former field of labor, this notice was omitted for the time being, and, in the press of other matter, has been neglected till this late date.

"ARRIVALS.—On the 29th inst. Elders William J. Lloyd, Thomas F. Thomas, and William B. Barton arrived in Liverpool, per steamship *Minnesota* from New York. These brethren were recently appointed by the First Presidency in Zion to come on missions to Great Britain. Elder George Cannon, who is on a visit to his relatives in this country, accompanied these brethren. Elder Lloyd left Salt Lake City, May 27th; Elders Thomas and Coombs, June the 4th, and Elder Barton June 10."

The Temple.—A large number of pedestals, the middle portion of which are cut in globular form, have been lately placed on various portions of the walls of the Temple, enhancing the appearance of the work very materially. Rocklaying on the walls has been progressing for several days.

Sudden Death.—Patrick Ferguson, aged about seventeen years, son of the late General James Ferguson, died somewhat suddenly to-day, at the residence of his relatives, in the 14th Ward.

About a year ago a horse fell upon and rolled over him, inflicting injuries which were not at the time considered to be very severe. Yesterday morning, however, sores suddenly broke out upon one of his thighs, and the inflammation extended from that part of his system to his bowels, causing his death.

Water.—The fact of Camp Douglas post taking and monopolizing the water privileges rightfully and legally belonging to the residents of the 11th Ward is likely to bring about results of a very complicated character. Because of the action of the Camp in the premises the 11th Ward people suffer great hardship and are therefore driven to a position leading them to adopt any possible means at all reasonable to save the beautiful gardens and orchards they have cultivated around their pleasant homes, and now we hear of a dispute between that Ward and the 20th because a number of the 11th warders have combined and are laying pipes from the 20th Ward ditch to their lots in the 11th Ward. We do not wish to pass an opinion upon this latter phase of the water question, until we understand the merits upon which the 11th Warders base their claim to take water from the ditch alluded to without the consent of those who have had the claim for years. There is no difficulty in passing, however, upon the claim of the 11th Ward to the waters of the Red Butte, the question at issue having already been decided in the Supreme Court of the United States, in favor of the first settlers, without any stipulations as to whether the later settlers were civil or military, and there is no reason to suppose that any privileged distinction would be shown to the military over the civil, because such a condition would imply the existence of a "privileged military class."

Everybody should enjoy the rights and privileges to which they are entitled, and the matter of water rights is becoming of increased importance since the encroachments of the military post, and therefore no one can object to the people of the 11th Ward pursuing the matter to its furthest extent, that they may know definitely whether they can obtain redress of their grievances, and, in endeavoring to determine the matter they have the privilege of exhausting every resource within their reach; but in doing so, and in the mean time, let the right of all be respected.

We consider it to be the worst kind of policy for people to supinely submit to that which their convictions tell them is an imposition, without application to attainable remedies. The matter in question is too serious to be passed over lightly, which is a fact that all placed under such circumstances are perfectly well aware of.

The cutting off of the water rights of the 11th Ward people, viewed from any standpoint, is little, if anything, short of an outrage. This is the shape it assumes to all disinterested parties, however it may be plastered over by prejudiced or interested persons. Without water this city would be comparatively desolate and altogether unfruitful. Any cause that produces this undesirable result is bad in every sense of the word, and every available means should be taken for its removal where it exists.

Opposition Candidates.—A number of persons met in the "Institute" yesterday, calling themselves a "Territorial Convention," and voted for some candidates for their votes on Monday, August 3. A similar assemblage was convened a few days ago, as a "County Convention," who voted for some candidates for their votes on the day of election named. The labors of the two "conventions" resulted in the following heterogeneous ticket—

For Delegate to Congress—R. N. Baskin.

Commissioners to Locate University Lands—O. D. Cass, of Box Elder; H. W. Lawrence, of Salt Lake; E. S. Foote, of Tooele.

Salt Lake County.—House of Representatives—Parley L. Williams, Heber P. Kimball, Vincent Shirtliffe, Bolivar Roberts, A. D. Hayden, John McDonald.

Probate Judge—S. J. Jonassen.

Sheriff—Albert Dewey.

Surveyor—C. L. Ericzon.

Selectman—Henry Heath.

Superintendent of Common Schools—O. H. Riggs.

However Baskin may desire to bask in the halls of Congress, everybody knows him to be one of the bitterest enemies that the people of this Territory ever had, and so far abundantly qualified to misrepresent them in Washington.

The remainder of this so-called "liberal" ticket is as variegated as Joseph's coat of many colors, and shows that all is fish that comes to the "liberal" net, that all sorts of candidates are eligible, Mormon or Jack-Mormon or anti-Mormon, Jew or Gentile, saint or sinner, gentleman or blackguard, black or white or tawny or speckled or streaked, round or long-winded, no matter how good, bad or indifferent, provided that they can be made available for the accomplishment of certain purposes.

WALLACH has opened his new Confectionery Store, opposite the Salt Lake House, with the best and purest candies made.

DIED.

Funeral from the residence of the parents at 5 p.m., to-day. Friends invited.

Salt Lake City and Utah Territory.

A WORK OF THE CHARACTER INDICATED BY THE ABOVE TITLE IS URGENTLY DEMANDED by public necessity. A twelvemonth ago, when the undersigned announced their intention of issuing such a work, another Directory was presented to the public, and they immediately withdrew their advertisement. There being no proposition to publish a Directory from any other quarter at present, and the importance of Salt Lake with the growing industries of the Territory calling for one, they propose issuing, on or before the 1st of April, a

DIRECTORY of SALT LAKE CITY and UTAH TERRITORY,

Compiled and arranged by

EDWARD L. SLOAN,

Whose former DIRECTORY of Salt Lake gave so much satisfaction.

The DIRECTORY OF SALT LAKE CITY AND UTAH TERRITORY FOR 1874, will contain

A General Directory of Salt Lake City; a Business Directory of Salt Lake City;

A Business Directory of Ogden, Provo, Corinne, Alta, Bingham and Ophir; with

An Official Directory of every County and Municipality in Utah.

It will also contain a Chronological History of the Territory; a description of the various Mining Districts, with much interesting and reliable information relative to the leading mines and their development and to the Agricultural, Manufacturing and Industrial resources of the Territory.

☞ Canvassers soliciting Subscriptions and Advertisements will call upon business men and others in a few days.

[It is respectfully requested that every facility be extended to the canvassers for the general and business directory, by furnishing them correct information as to names and residences.]
