HALF A SHEKEL SAVES A LIFE

So Reads Appeal Received from Jewish Free Soup Kitchen.

SUFFERING AT JERUSALEM

Description of It Shows That Salt Lake Had No Monopoly on Bread Lines for the Poor.

"Half a shekel saves a life" is the legend across the top of a peculiar appeal for help which comes to the "News" from a free soup kitchen in far off Jerusalem.

Those who imagine that the brunt of hard times is being bourne by America will receive some enlightenment from this appeal on the other side of the world.

"Gentlemen," begins the appeal written by some amateur student of English, "great dearness rules the town and a geat number of need inhabitants and emigrants are exposed to starvation. Swift assistance is required in the highest degree! We beg you urgently to help us to assist the disastrous.

"The holy Passover is also close at hand with its usual enormous expenses, and the number of sufferers and the great dearth increased so much that we require much more than usually. Awaiting your kind assistance we have the great honor to be, Gentlemens, Respectfully Yours, The Directory of the United Jewish Public Kitchen of Jerusalem."

ADVANTAGES OF GIVING.

A circular accompanying the appeal for help gives more details of certain advantages of donating. These are set forth as follows:

Prayers are offered every day for the trustees, members, and supporters of this great institution.

Prayers for sick persons are promptly executed when only informed either by letter or telegraphically.

Poor Talmide-Hahamim are constantly paid in order to keep anniversary days of our late members, trustees, donors and their relatives. Anniversaries are kept with prayer, Kadish, Mishna; oil is also lighted the whole mourning-year for the peace of the dead soul.

Observations: Orders from our members for Palestine article and ethrogim, are promptly executed at cost prices.

Earth is also sent when only informed.

Contributions addressed to us for other institutions or private people are promptly delivered and receipted.

Please introduce this institution to your friends and acquaintances.

FORMIDABLE DEARTH.

Hard times as Jerusalem encountered them are described in another paragraph which is addressed to the public as follows:

Gentlemen: Thanking you for your kindness, we take the liberty to invite you for further participation in our great distress.

For want of rain in the last winter the prices of provisions rose to the highest degree, a formidable dearth rules over the holy city, and its inhabitants are in great distress. "Bread" cry the half starved men, "bread!" The poor Russian fugitives cry, "Had we died in Russia by the hands of the Cosacks than starve here for want of bread."

We, the leaders of the United Jewish Public-Kitchen, whose aim is to shelter the needy in the holy city from the disgrace of starvation, we! hear the cries of the miserable poor of the holy city in their distress. We therefore cannot refrain from drawing your attention to the sad situation of our brthren foreseeing the bad which might follow—if help comes not in the right time—to apply to you for a special contribution to our new established "cash to provide provisions for poor families out of the public kitchen."

With great trust in the Almighty, we hope that our friends will soon render us assistance so that we may soon relieve the poor from their misery. We beg you kind honorable member not to close your heart against these miserable, poor fugitives and contribute to this our new establishment each after his possibility. We are also confronted with the undispensable need of providing food for the poor for the coming passover for whose sake this institution was established.

Trusting that this urgent appeal of your miserable bethren will find an echo in your hearts, we await your early donation, and beg to remain, sir, yours most respectfully, the Board of Committee of the United Jewish Public Kitchen in Jerusalem.

LOVERS

of good health should prevent sickness instead of letting themselves get sick and then try to cure it. So long as you keep your liver, bowels and stomach in a healthy and active condition you won't get sick. Ballard's Herbine relieves constipation, inactive liver and all stomach and bowel troubles. FEBRUARY FAILURES.

Nearly 1,300 in United States With $70,000,000 Liabilities.

A local business agency has records of 1,291 failures in the United States during February, with $70,000,000 of liabilities. This beats the February record in the history of the country, that month in 1900 being the only other instance approximating it. For the months of January and July last, there were 3,613 business failures, a 67 per cent increase over the records of the two same months in 1907. The lines of business principally affected are the furniture, lumber and hardware trades. But on the other hand, other lines have prospered, such as the commission business and paper trade. The farmers are exempt from the commercial depreciation, except in so far as they are unable to dispose of their products sufficiently to keep them supplied with money. Collections are reported as not over encouraging. It is noted that the depression is financial rather than industrial; but the banks are criticised for refusing to make loans except on terms considered in some quarters to be hardly short of tyrannical. The result is that reserves and surpluses are being piled up in bank vaults, whereas, if loans were offered under less severe terms, much of this surplussage would be out circulating in the business world and doing something.

Lord Welby, the noted English financier, remarked recently to an American friend:

"There seems to be general agreement that your currency system has proved inadequate, and various legislative measures are proposed to improve it. If I may venture a suggestion, I would say that before adopting hasty laws it might be well to get the advice of an expert commission on what is best to be done. Choose a body of men—disinterested men who understand the subject thoroughly, and, above all, men who have the confidence of the public—and let them draft the needed reforms. You have able experts in the science of finance. You have men who are above personal interest."

A SWOLLEN JAW

is not pretty nor pleasant. Whether it's caused by Neuralgia, toothache or accident, Ballard's Snow Liniment will reduce the swelling and relieve the pain. The great and sure cure for rheumatism, cuts, burns, bruises, scalds—any and all aches and pains. Sold by Z. C. M. I. Drug Dept., 112-114 Main Sreet. B

INJURED BY BLAST.

Art. Caffery, a miner, was brought to St. Mark's hospital yesterday afternoon, from Price, where he had been seriously injured while shooting rock. He overlooked a missed shot which exploded while he was standing over it. Caffery was working for the Irrigation Lands company.

RACE SUICIDE

as President Roosevelt calls it is not nearly the menace to increase in population that deaths among infants are. And eight out of ten of these deaths are directly or indirectly caused by bowel troubles. McGee's Baby Elixir cures diarrhoea, dysentary, sour stomach and all infant ailments of this nature. Just the thing for teething babies. Price 25 and 50c. Sold by Z. C. M. I. Drug Dept., 112-114 Main Street. B

FOUL PLAY FEARED.

Police Asked to Locate Emil P. Hauptmann of Searchlight News.

The local police have been asked to make an effort to lacte Emil P. Hauptmann, who is connected with the Searchlight News of Nevada. About Feb. 1, Hauptmann disappeared from Los Angeles as he was about to make the return trip to Searchlight, and it is feared the man has been murdered. The lifeless body of a man was found near the San Pedro tracks and it is believed to be that of Hauptmann, but the identification has not been made as yet. At the time of Hauptmann's disappearance, he had considerable money on him and also had $1,500 in contracts. The missing man is described as being 35 years of age, medium height, heavy set, and dark complexioned.

WORMOLOGY

should be studied by every parent. If your child is nervous, fretful, starts in it's sleep, is pasty faced, has rings under it's eyes, always seems hungry, is not gaining weight, you can be sure the trouble is worms. White's Cream Vermifuge is an absolute cure for worms. Is it's own purgative. Sold by Z. C. M. I. Drug Dept., 112-114 Main Street. B

"OUR BOYS" AT L. D. S. U.

Amateur Dramatic Club to Present Wellknown Old English Comedy.

The Latter-day Saints' university has launched a dramatic club. This is the first time that anything of the sort has been attempted by the school, and considerable interest is manifested by the students and their friends in the organization. The club will make its first appearance tomorrow evening in Barratt hall in the play "Our Boys."

For several weeks now the boys and girls of histrionic aspirations in the school have been under the disciplinary fire of Miss Caldwell, the teacher of elocution, and Prof. Widtsoe, who have worked most assiduously to prepare for this early date. And the actors, whether stars of the first or other magnitude, have worked hard to perfect their parts, which has all been in addition to their full quota of studies. Spencer Fell and Heber Bennion, with Catherin Smith and Vilate Schofield, take the leading parts. Others in the play are H. W. Bond, Arthur Woolley, George Cochrane, Alma Smith and Myrtle Burton.

An additional feature that promises to attract attention is the appearance of the school orchestra, under the leadership of Prof. Kellersberger.

LAME SHOULDER.

Whether resulting from a sprain or from rheumatic pains, there is nothing so good for a lame shoulder as Chamberlain's Liniment. Apply it freely and rub the parts vigorously at each application and a quick cure is certain. For sale by all druggists.
