OGDEN.

OGDEN, UTAH, - APRIL 21, 1894.

Funeral of Mrs. Belnap.

Funeral services were held over the remains of Mrs. Oliver Belnap in the First ward meeting house yesterday. Consoling speeches were delivered and appropriate music rendered. A crowd of from 800 to 900 in height, followed the remains to their last resting place.

Notes.

The season's opening of the Utah Hot Springs takes place on Tuesday next by the Order of Railway Conductors.

The transfers of real estate amounted up to $13,500 yesterday.

The football game played yesterday by the Ogden juniors and the Weber Stake Academy club on the Tabernacle square was won by the latter.

A hot discussion took place yesterday in the court room between Mr. Lazarus and Attorney Evans, in which the court had to take part in order to quell the angry parties and prevent a battle exhibition.

Wm. Harrell, Frank Brown, Wm. Weaver and Wm. Jones were arrested and given lodgings in the city jail last night. They will be held to answer the charge of vagrancy.

The special car Alexander, with Mr. McIlhenny, president of the New England railway, and a special car of U.P. directors, with W. H. Crocker, a director of the C. P., and party, came in from the west this morning and went east over the Union Pacific.

PROVO.

PROVO, UTAH, - APRIL 21, 1894.

Spraying Trees.

A special session of the Utah county court was held yesterday afternoon pursuant to the legislative enactment, requiring the spraying of fruit trees, in his spraying proclamation, Judge J. D. Jones gives the following instructions:

For spraying the first time, from seven to ten days after the blossoms have fallen, when the fruit start to set. For spraying the second time, from ten to twelve days after the first spraying. Every orchard or parcel of ground upon which fruit trees, bushes or vines are growing, shall be thoroughly cleaned by the removal of all rubbish, dead or decayed trees, taken naves or decayed fruit.

Spraying mixtures—

1. For apple, pear, plum, cherry trees, etc., mix one pound of London purple or Paris green with 200 gallons of water.

2. For peach trees mix one pound of Paris green with 60 gallons of water.

3. For mange diseases, use "Bordeaux Mixture."

4. For currants, raspberry and gooseberry trees, etc., mix one pound of hellebore with fifty gallons of water.

Note—Keep mixtures well stirred while using.

Notes.

The funeral services over the remains of Edward Unger, an aged veteran of the Church, were held yesterday at the Second ward assembly rooms. The speakers were Elder Wm. Paxman, president of Juab Stake of Zion, Bishop Evan Wells and Elder James Harvey. Deceased has led a useful and industrious life. He was nearly 84 years of age at the time of his death. He leaves behind several children, but one of whom, however, is in Utah, the others being in England, the land of his nativity. Some twenty grand children also mourn his loss.

The suit of James H. Francis vs. A. Hatch & Co. et al is in progress in the First district court. Plaintiff seeks to recover $1,400 damages, alleging that defendants and their property are an illegal combination.

Thomas Buck was yesterday knocked down and bruised by an explosion which occurred as he placed a shovelful of coal into the furnace. He is of the opinion the explosion was caused by powder.

M. L. Todd, of Washington and formerly in the lumber business in this city, is here visiting his friends.

FROM DENMARK.

Experiences of a Missionary.—Beautiful Weather in the North.

Editor Deseret News:

AALBORG, March 28, 1894.—I have for some time thought of addressing you a few lines from this portion of the Lord's vineyard. It is now twenty-two months since I bid my relatives and friends adieu, and with C. W. Wright, Adam Paterson, Nephi H. Nielson, from Huntsville, left the beautiful city of Salt Lake for Copenhagen, Denmark. Many a pleasant sight of mountain scenery was enjoyed while traveling upon the D. & R. G. railway. I will not attempt to describe scenes so familiar to many readers of the NEWS, but I may perhaps be excused many times. Suffice it to say that our journey was very pleasant both by land and sea, and that we arrived in the beautiful city of Copenhagen on June 20th, 1892.

I was appointed to labor in Aarhus conference. From there I was sent to Horsens, one of the previous places from the Danes in the War of 1864, and now belonging to Germany.

According to our instructions Elder Oscar Rasmussen, from Kanosha, and myself reported ourselves to the authorities of Hadersleben, asking permission to labor as missionaries for the Church of Jesus Christ of Latter-day Saints and obtained permission with the exception of holding public meetings. Brother Rasmussen was ordained a priest and Elder H. C. Hansen was called to take his place. Upon our reporting the strange way we had behaved that we were Mormons and asked why we had not told that when we were here before. After considering the matter we stated we were constrained to adopt at the place spoken of, i.e., which we did, and to our surprise we learned that our stay in Germany would be limited to 24 hours. Upon inquiring what the question against us was we was answered, holding only they did not want that sect here. Before leaving we gave each of the officers a tract and bore our testimony to them, telling them they were fighting against the work of God. We were given to understand that they would be sorry, as we intended to leave, which we did the following day, Sept. 14, 1892. At the time others was found in Hamburg and this was the last place we were allowed to pass from Germany to Denmark.

Since then I have labored in Horsens and Silve until November, 1893, when I was appointed to assist in Aalborg conference. The work of the Lord is slowly but steadily progressing here, preaches to being received but not in places where a few years ago, Elders were persecuted and banished they can hold meetings now.

For instance in the city of Nibe, where the Elders a few years ago scarcely escaped carrying their meetings houses up and being "tarred and" as they called it, we have had the evening meetings. We succeeded in getting a hall on the largest hotel in the city and had meetings without the slightest disturbance. Several people seemed pleased to hear us. Some remarks as these were heard among the crowd: "That is the best meeting I ever attended" "Why did the minister not tell us it be possible that is Mormonism!" and many others. In Salp our Elder's barn also been banished, but there we have we had meetings lately, and then a great deal of the ministers power is gone. The sin cases do not take so well as formerly.

There is one very great drawback in preaching the Gospel here. Times have advanced, but we are still in our old halls. The landowners is too poor to hire good, suitable halls—and the Elders have almost from then they can do to keep themselves. The way of preaching the Gospel without pens of small means is become more and more difficult. The Elders seldom obtain a place to stay, or anything to eat, except they can pay for it. If we could afford to hire suitable halls I think we could bring the truth yet to people that scarcely have heard it.

As regarding myself I have enjoyed the best of health. I have never been engaged in anything that has given me so much true pleasure as the spreading of truth and light among my fellowmen. I feel that God has greatly blessed me during my mission. I am satisfied to remain here until the servants of God call me to return home. Then I shall with pleasure turn my thoughts towards "Utah, the Queen of the Mountains."

The weather here is beautiful, we have scarcely had any wind. I saw men ploughing in January.

The DESERET NEWS gives the Elders much comfort.

Kind regards to all my old friends in Utah. Yours in the cause of truth,

F. C. GRAMMER, JR.

RACING MEN

Think twice before deciding to ride another wheel than the "Yellow Fellow." A man here wrote to his college mate in Ohio, who is now in the bicycle business, asking a wheel well known here but not the "Steam," as to what wheel he should get for his last mount. His friend replied, saying, "Get the "Steam," it is unquestionably the speediest and smoothest bicycle made today, and it lasts a "Steam" on the track and you are on it you won't be in it." Are men ever so "low wagon" to the team, and will will it matter to you, my boy, whether you have the good will or the ill will of the interested bicycle agent? What other will you find in the spacious premises of a man with a wheel to sell, but premises of the man who got his "bread and butter" by coaching to the wheel, when you say the other fellow or, perhaps thought it better about that "Steam—a fast fellow" is running in the race next Sun? Think over it and you will side the wheel to win, or at least you will have a fair chance to, this holds today between city World's champion—the America "Yellow Fellow."

"GENDRON"

Cycles, suitable for medium weight and heavy riders, the best wheel that can be made by men of the very highest reputation in the mechanical world, aided by one of the most perfectly equipped plants for the making of cycles in the world. Cycles that stand to cost at $75.00. Then the price will be $50.00 for the "GENDRONS," then $40.00 for the "GENDRONETTES," then $30.00 for the year
