Wired from Washington!

WASHINGTON, 4.—Edward Stevenson, Governor of Idaho, has made his annual report to the Secretary of the Interior upon the condition of affairs in that Territory during the past year. He says the crops of this year will be placed at half crop as compared with that of 1884. Notwithstanding the rapidly increasing population, the products of the soil are amply sufficient to meet the wants of the people and leave a small surplus for export. The Governor points to the necessity for extending the United States survey lines in the northwest portion of the Territory, so that settlers may locate thereon. The mining interests are said to be in a very flourishing condition now and the mineral districts are being covered and explored, prospected and worked with great success. The Wood River mineral belt is yielding ore assaying from from 100 ounces to 350 ounces. The great Salmon River basin continues its outpouring of gold and silver as in former years, and now the Lava district is fast coming to the front. The shortness of the working season has retarded the development of rich and extensive mines in the Sawtooth district, but when systematically opened and worked these mines are expected to take their place among the best paying camps on the Pacific coast. The Governor says that not half the truth has been told of the richness and extent of the placer mines on Snake River. The Coeur d'Alene section receives most favorable mention. The Lost River copper mines, according to expert testimony, are remarkably rich. The financial condition of the Territory is said to be satisfactory. The cash on hand exceeds by $5,500 the Territorial debt. The total assessed valuation of property for 1884 was $15,497,575, an increase of $4,500,000 over the preceding year. A strong plea is made for liberation from the construction placed upon the desert land act. The population of the Territory is set down at 75,000, and the value of the gold and silver product during the past year is estimated at $5,480,000.

The case of the Good Return Mining Company in the Stockton land District, California, coming up on appeal from the Commissioner of the General Land Office, the Secretary of the Interior has decided that where an application for a patent for a placer claim is made which embraces several locations, the requisite proof relative to the expenditure thereof is furnished by the Surveyor General's certificate showing that $500 has been expended upon the claim for which the patent is asked.

The sixth annual report of Prof. J. W. Powell, Director of the Geological Survey, covering operations of the institution for the fiscal year ending June 30, 1885, has been given out for publication. Prof. Powell says during the fiscal year fair progress was made in the topographical survey of the United States. An area of 57,008 square miles was surveyed and maps thereof made ready for the engraver. The average cost of the work was about $8 per square mile.

The resignation of Dr. John M. Gregory, of Illinois, a member of the Civil Service Commission, was accepted by the President to take effect on the appointment of his successor, but it is probable he will remain in office until Mr. Trenholm is ready to take his place. Mr. Edgerton who succeeded Eaton, is in the city, but has not yet been officially notified of his appointment. He will not be able to enter upon the discharge of the duties of his office for at least two weeks yet.

The President to-day appointed Alfred P. Edgerton of Fort Wayne, Indiana, Civil Service Commissioner in place of Dorman B. Eaton resigned, and Wm. J. Trenholm of Charleston, S. C., in place of J. M. Gregory, resigned.

Mr. Edgerton was in early life a clerk in a mercantile house in New York City but while still a young man removed to Northern Ohio as agent of the Northern Land Company. He then served four years in Congress as a democrat and was financial agent of the state of Ohio with an office in New York City. In 1876 he moved to Indiana and in 1884 was democratic candidate for Lieutenant-Governor, Vice-President Hendricks being the candidate for Governor. Both were defeated. As a democrat he refused to support Greeley in 1872 and came within six votes of being nominated for vice-President on the O'Connor ticket over John Quincy Adams Jr. He was then nominated as the straight out democratic candidate for Governor of Indiana but declined in a letter which urged all democrats to support Mr. Hendricks, and the latter was elected.

For 15 years he has been unanimously elected by the Common Council of Fort Wayne as president of the Board of Education of that city, and by the appointment of ex-Governor Porter as director of the Pardue University. He has been engaged in many successful business enterprises, and is in easy circumstances, and is a practical student of public affairs. He was for many years an intimate friend and associate of Chief Justice Waite, who, together with Senator H. B. Payne, Gov. Gray, of Indiana, Vice-President Hendricks, and many leading citizens of Ohio and Indiana warmly endorsed him as possessing qualities peculiarly fitting him for the work of Civil Service Commissioner, with which he is in full sympathy.

Mr. Trenholm is a commission merchant about 50 years of age, and was warmly endorsed for appointment by leading friends of the civil service reform movement north and south. He is a son of the late Mr. Trenholm who was Secretary of the Treasury of the Southern Confederacy, and has been brought into prominence lately by his address before the numerous bankers' conventions on the silver question, and his writings on the same subject, which have attracted wide attention. Mr. Trenholm has always been a democrat.

At the Election in New York Many Women Voted.

NEW YORK, 4.—An organized effort to vote was made yesterday by women in nearly every district of the State. Several ladies had been registered in this city, two in Brooklyn and several in each of the large cities in the interior, including Albany, Troy, Utica, Ithaca, Jamestown and Ogdensburg. It was not definitely known last night whether any women had actually accomplished their purpose of voting, but members of the woman suffrage party expressed themselves as confident that in the number registered, a few at all events had succeeded in getting their votes accepted. Three ladies made the attempt in this city, but the inspectors refused to take their votes. In one or two cases in this city and Brooklyn when offers to vote and be sworn as voters were refused, solemn protests were entered, and in all probability legal proceedings will follow if the courts will take action. It was only last winter that the women suffrage party came to the conclusion that women could vote under the constitution of this State, and consequently for the first time a considerable number attempted to exercise what they thought to be their right. It is said next year the women of the State will make a similar attempt in larger numbers. It is found that a large number of women have voted in this State in the last elections.

The *Evening Post* places Hill's majority in the State at 12,156, and states that the next Legislature will be composed of 21 republicans and 11 democrats in the Senate, and 78 republicans and 50 democrats in the Assembly.

The chief interest in the election in this city was in the three-cornered contest between Tammany Hall, the county democracy and the republicans for City and County offices. Tammany Hall came off victorious and is correspondingly jubilant. That body is particularly well pleased at having secured the Sheriffalty, which is a very fat office. The total vote on Sheriff in the city is: Grant, Tammany, 78,689; Jacobus, republican, 65,538; White, county democrat, 59,328.

For County Clerk, Keenan, the present incumbent has been beaten by Flack, Tammany nominee. The total vote on the office stands; Flack, Tammany, 67,751; Goebel, republican, 65,999; Keenan, county democrat, 62,263.

Tammany has elected Nooney, its candidate for President of the Board of Aldermen. He polled 71,030 votes; Aster republican, 65,968, and Dayton, county democracy, 59,642.

The complexion of the newly elected Board of Aldermen will be seven elected by the county democracy, eight by Tammany Hall, and five by the united democracy. The members elected by the united democracy are of the county democracy antecedents; of the three coroners elected—Levy, Nugent and Demerest—the two first named were Tammany Hall candidates.

The result on the Supreme Court is: Barrett (united nominee); on Superior Court; Sedgwick, republican; on Common Pleas Bookstaver; Tammany, and Strong, republican. On City Judge, McAdam, Tammany, and Eccles, County Democracy.

The *Sun* makes Hill's majority for Governor 11,377.

The following table gives the pluralities in the various counties as far as heard from:

COUNTIES.	DAVENPORT.	HILL.
Albany		2,000
Chautauqua	4,046	
Clinton	1,600	
Erie	3,000	
Fulton	77	
Genesee	700	
Hamilton	10	
Herkimer	802	
Jefferson	1,700	
Kings		9,687
Monroe	2,750	
New York		18,268
Oneida	997	
Onondaga	3,517	
Oswego	2,896	
Otsego		100
Putnam	500	
Rensselaer		1,071
Saratoga	577	
St. Lawrence	6,000	
Steuben	1,389	

Albany, 4.—The *Evening Journal* estimates 20 republican and 12 democratic senators and 74 republican, 52 democratic and 2 independent assemblymen elected.

Elmira, 4.—Governor Hill was serenaded by the Elmira club to-night. In response to calls he delivered an address in which he thanked them for having assisted in vindicating him from the charges which had been brought against him during the campaign. He congratulated the party upon the fact that New York is a democratic State and said that the result showed that the independent republicans had left their party and become permanently identified with the democratic party.

Brooklyn, N. Y., 4.—Whitney, democrat, for Mayor, is elected by 12,024 majority.

MARYLAND.

Baltimore, 4.—Sufficient returns of the election held yesterday have been received to indicate that the majority for the Democratic State ticket will be nearly 30,000. The legislature will be about:

Senate—Republicans, 6; democrats, 20.

House of Delegates—Republicans, 16; democrats, 101.

Democratic majority on joint ballot 99, assuring a democratic successor to Senator Gorman, whose term will expire on the 4th of March, 1887.

MASSACHUSETTS.

Boston, 4.—The vote of Massachusetts, with five towns to hear from, is for Governor: Robinson, republican, 112,343; Prince, democrat, 90,136; Lathrop, prohibition, 4,594; Sumner, labor, 2,184; Robinson's plurality over Prince 22,207.

NEW JERSEY.

New York, 4.—The *Tribune* gives the complexion of the next State Legislature in New Jersey, as follows:

Senate—Republicans 13, democrats 8.

House—Republicans 32, democrats 27, independent democrat 1.

This gives a republican majority of 9 on joint ballot and insures the election of a republican United States Senator.

NEBRASKA.

Lincoln, Neb., 4.—The returns from the State ticket come in slowly. There is so much excitement over the local tickets and so little interest in the State ticket (the election of republicans being conceded), that the precinct canvassers pay but small attention to it. The returns as far as received indicate a republican majority of 15,000 to 18,000.

PENNSYLVANIA.

Philadelphia, 4.—Further returns from various counties in the State come in very slowly. From what has been received, however, it can be estimated that Quay (republican) for State treasurer has majority of at least 35,000, with a strong probability that these figures will be exceeded. All changes in figures show republican gains over the majorities telegraphed last night.

Official returns from 25 counties and revised estimates from the remainder give Quay, republican, for State Treasurer 37,661 plurality over Day, the democratic candidate. It is probable that the official returns will increase Quay's plurality to 40,000.

VIRGINIA.

RICHMOND, Va., 4.—Additional returns do not change the indications telegraphed last night as to General Lee's majority reaching 25,000 and it may go to 30,000. As to the legislature sufficient returns have been received to show that the democrats have already 62 out of 100 members of the House of Delegates and 28 out of the 40 members of the Senate. The The republicans have 16 members out of the House and 11 Senators. The counties yet to hear from will increase the democratic membership to a two-thirds majority in both houses.

Returns from one-half of the State show a net democratic gain of 7,386. The counties and cities to be heard from gave Blaine 3,000 majority. Later reports from Rockingham county state that the vote is very close with indications somewhat in favor of the democrats.

The Governor says the Chinese must not Go.

OLYMPIA, W. T., 4.—Governor Squire to-day issued the following proclamation:

WHEREAS, It has recently appeared by published statements and various other evidences commonly understood in certain counties bordering on Puget Sound, that certain persons have concerted together and caused the removal of all Chinese from such counties in Washington Territory, and

WHEREAS, All acts of violence and intimidation against the Chinese residents are plainly against the laws of Washington Territory, and the law and treaty of the United States, and

WHEREAS, It is represented by the Sheriff of Pierce county and by the Chinese residents of the city of Tacoma, in said county, that said Chinese have been forcibly removed beyond the limits of said city, and

WHEREAS, The Mayor of the City of Seattle now represents imminent danger of disturbance of the peace in that city on account of the present anti-Chinese agitation, and

WHEREAS, The United States Government has, by the Secretary of the Department of State, instructed the Executive of the Territory that every power of the law should be lent to secure the Chinese from assault, and

WHEREAS The good name and prosperity of the Territory depend upon the preservation of peace and good order herein by the duly constituted authorities:

NOW, THEREFORE, I, Watson C. Squire, Governor of the Territory of Washington, hereby warn all persons against participating in any riot or breach of the peace, and at this time especially warn all person against inciting others to riot or breach of the peace, in that they will be held responsible for such acts under the penalties of law, and I call upon the sheriffs of the respective counties and other officers who are charged by the law with the duty of keeping peace therein, to secure all Chinese residents from assault, and I call upon all good citizens to assist them in so doing.

Fellow Citizens:

I appeal to you to array yourselves on the side of law. This is a time in the history of the Territory for an intelligent, law-abiding and prosperous community who love their country and their homes; who are blessed with the boundless resources of the forest, field and mine; who aspire soon to become a great and self-governing State, to assert their powers of self-control and self-preservation as against a spirit of lawlessness which is destructive alike to immigration, to labor and to capital. If you do not protect yourselves, beyond is simply the fate of Wyoming and the speedy interference of United States troops.

In witness whereof I have hereunto set my hand and caused the great seal of the Territory to be affixed, at Olympia, this 14th day of November, A. D. 1885.

[L. S.]

WATSON C. SQUIRE, Governor.

By the Governor:

N. H. OWENS, Secretary of Washington Ter'y.

Portland, Ogn., 4.—The action of Gov. Squire in issuing the proclamation is in view of the fact that Friday, Nov. 6th, has been fixed as the day upon which the Chinese in Seattle "must go," according to the mob's orders.

Inhumanity.

NEW HAVEN, 4.—A case of inhuman treatment was unearthed yesterday afternoon by Dr. Adams, agent of the Connecticut Humane Society, who broke into the house of George Peck, Jr., the family being absent at Cheshire, Connecticut, and released Mrs. Caroline Brooks, 84 years old, a widow, who had been confined in the room there some two years. She was locked in a large room which was filthy in the extreme, and filled with the most dreadful stench. The woman was covered with rags and the floor was strewn with bones from which she had picked what meat had been given her. On a plate was her single daily meal. It consisted of cold salt mackerel and cold potatoes. She was removed to the poor house.

She is the widow of Aaron Brooks, a soldier of the war of 1812. She had a little property in Southington Township, which she turned over to the Township in trust to take care of for her during her life, in order to escape falling into the hands of Peck, who is a distant relative. After making the transfer she was surprised to find that the Towship had contracted with Peck to take care of her. He did it in the manner indicated.

Transportation Co.

PHILADELPHIA, 4.—An adjourned meeting of the stockholders of the Central Transportation Company was held here to-day, to hear the report of the tellers appointed to receive the stock votes on the question of reducing the par value of the stock and the withdrawal of the reserve fund from the Philadelphia Trust and Safe Deposit Company. The tellers reported that 27,963 out of 46,943 shares had been voted in favor of reduction and distribution. The report was accepted. This reduces the par value of the stock from $50 to $38 and distributes the reserve fund, amounting to nearly $700,000, among the stockholders. The following resolution was adopted:

WHEREAS, The Pullman Palace Car Company received from the sale of cars leased from the Central Transportation Company in 1883 the sum of $441,876.04.

Resolved, That the president and board of directors be and they are hereby directed to take immediate steps for the collection of that sum, when collected to be divided among the stockholders of record *pro rata* in reduction of the capital stock of this company.

Ratified.

ALBANY, N.Y., 4.—At a special meeting of the stockholders of the New York Central and Hudson River Railroad in this city, the president submitted the action of the board of directors in relation to the West Shore Railroad, including the question of ratifying confirming and authorizing the guarantee of $60,000,000 first mortgage bonds. The proposed action of the board was ratified and confirmed and the execution of the guarantee was authorized, the vote in favor exceeding two-thirds of the capital stock.

Derailed.

FITCHBURG, J.—The engine, tender, baggage and smoking cars on the Old Colony train were derailed by a misplaced switch in Leominister to-day. One employee of the road had both feet crushed and several passengers were hurt, none of them seriously.

Suicide.

ST. PAUL, 4.—Cyrus Yandes, whose father, James W. Yandes, formerly of Indianapolis, died a few days since, leaving a colossal fortune for the young man to settle, was found dead on his father's grave to-day. He had blown the side of his head off with a shotgun, with suicidal intent. Grief for his father, his life-long inseparable companion, and the responsibility of settling a million dollars estate for himself and sister in the absence of a will, is believed to have unsettled the young man's mind and led to his tragic end.

The British Bark Disabled.

SAN FRANCISCO, 4.—The whaling bark *Atlantic* from the Arctic reports having spoken the British bark *Prince Rupert* from Victoria to London. The *Rupert* was leaking badly and compelled to take to the pumps every hour.

On Time.

MONTREAL, 4.—The first through passenger train on the Canadian Pacific Railway from Winnipeg arrived at noon to-day on the schedule time of sixty-two hours.

An Alabama Collision.

NEW ORLEANS 4.—A special to the *Times-Democrat* from Talladega, Ala., says: A collision occurred on the East Tennessee, Virginia & Georgia Railway, twenty-five miles south of here, last night. Thirteen cars were wrecked. Four men were badly injured, one dying soon after the accident.

Wife Murder.

BUFFALO, 4.—The body of Eva Herman, the wife of Charles Herman, was found in the rooms of the couple in this city to-day. The couple were heard quarreling on Sunday night, and the fact that Mrs. Herman had not since been seen led to an investigation. Her body was lying on the bed, with her throat cut from ear to ear and her hands gashed as if in a struggle, to which the state of the room bore witness. The woman kept a market stall and her husband is a butcher out of work. He has been seen to enter the house every evening and leave it every morning since the tragedy, and as there is but one bed, it is believed that he has been sleeping beside the corpse of his wife. He has not been arrested.

Starved to Death.

VICTORIA, B. C., 4.—C. A. Bauman, a German, passenger by the last trip of the *Mexico* from San Francisco, died at the hospital to-day, having literally starved himself to death. He was insane, and it is believed he escaped from some California lunatic asylum.

Two-Thirds Democratic.

BALTIMORE, Md., 4.—The democratic majorities in this city range from 10,000 to 19,000, the highest being for State Comptroller, and the lowest for Sheriff.

Returns from counties continue to come in, but do not change the result indicated last night.

Frederick County, the republican stronghold of the State, is conceded to have elected the entire democratic ticket, as also Anne Arundel County, which was thought doubtful. The legislature will be nearly two-thirds democratic.

Congratulations.

WASHINGTON, 4.—The President today received a large number of telegrams from prominent democratic politicians in all parts of the country, but principally in New York, congratulating him on the result of the election in New York as an unmistakable endorsement of his policy.

President Cleveland's Congratulations.

WASHINGTON, 4.—The President returned to Washington this morning in a special car. He came alone and was met at the station by Lamont. The President expressed himself as being much gratified with the result of the election in New York.

Immediately upon his arrival at the White House the President sent the following telegram:

"Executive Mansion,
Washington, D.C., Nov. 4, 1885.

Hon. David B. Hill, Elmira:

I have just returned from Buffalo and learned the result when nearly here. I heartily congratulate you on your election.

GROVER CLEVELAND."

Boils and Carbuncles.

These are the volcanoes of the human system. They proceed from impure blood and from a riotous demoralization of the digestive organs. They are annoying, painful, and sometimes dangerous. They can be driven out by toning up the system, and this can be done by the use of Brown's Iron Bitters. Messrs. Handy & Rullman, druggists, Annapolis, Md., says, "We sell lots of Brown's Iron Bitters. All who use it seem pleased. We hear not one complaint."

The Rising

sun should find you resolved to give Ayer's Sarsaparilla a thorough trial. It will cleanse and invigorate your blood, and restore the vital organs to their natural functions. Mrs. J. D. Upham, 211 Shawmut avenue, Boston, Mass., writes: "For a number of years I was troubled with Indigestion, and unable, without distress, to take solid food. After using Ayer's Sarsaparilla one month I was

Entirely Cured,"

Mrs. H. M. Thayer, Milton, Mass., writes: "I have been very much troubled with torpidity of the liver, and Dyspepsia. Ayer's Sarsaparilla has cured me." Mrs. J. W. Bradlee, Hyde Park, Mass., writes: "I was greatly reduced by Dyspepsia, and was advised to take Ayer's Sarsaparilla, which entirely cured me." Mrs. M. F. Hamblett, 25 Lawrence street, Lowell, Mass., writes: "I was sick two years with stomach and liver troubles, and obtained no relief until I took

Ayer's Sarsaparilla

Since that time I have enjoyed excellent health."

Generation

follows generation, transmitting to posterity the inheritance of good or ill, according to well known physical laws. To the unfortunate sufferer from hereditary Scrofula, nothing can be more cheering than the assurance that in Ayer's Compound Extract of Sarsaparilla is found a preparation which eliminates the poison from the blood and restores to the blood the elements necessary to

Life and Health.

Alarie Mercier, 3 Harrison avenue, Lowell, Mass., writes: "My son was weak and debilitated, troubled with sore eyes and Scrofulous humors. Ayer's Sarsaparilla restored him to perfect health." Irving H. Edwards, Ithaca, N. Y., writes: "From the time I was four years old until eighteen, I was subject to Scrofulous sore throat. Many a time my neck has been raw sore, from poultices put on to draw out the inflammation. I took four bottles of Ayer's Sarsaparilla and have never had the disease since, for sixteen years."

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

For sale by all Druggists. Price $1; six bottles for $5.
