PATENTS

obtained for new inventions, or for improvements on old ones, for mechanical or other models, trade-marks and labels. Caveats, Reissues, Interferences, Appeals, Suits for Infringements, and all cases arising under the Patent Laws, promptly attended to—Inventions that have been REJECTED by the Patent Office may still, in most cases, be patented by us. Being opposite the U. S. Patent Department, and engaged in Patents and no extraneous business, we make this matter our specialty. Patents more promptly, and with broader claims, than those who are remote from Washington. INVENTORS may save time, money, and the chance of their patents being refused or limited by the Patent Office, by first consulting us. We make examinations and advise as to patentability free of charge. All correspondence strictly confidential. Private advice, how to obtain patents, Rejected Cases, etc., sent in the U. S. and Canada, free. Address,

BEAUTY:

OR, THE

Secret of a Fair Face

An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.

Unfortunately not one woman in a hundred, subjected to the whims of an American climate possesses that beau and starting point of real beauty—a pure and clear complexion.

What nature has thus denied, art must be called upon to furnish.

It can be done; it is done daily. Prof. W. R. Hagan placed beauty within the reach of every unloved daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called

MAGNOLIA BALM

The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.

It conceals all natural blemishes in the most surprising and effective manner.

It removes all roughness, eruptions, redness, blotches, freckles, and tan with magical power.

It drives away all evidence of fatigue and excitement.

It makes the plainest face beautiful.

It gives the complexion a dazzling purity and makes the neck, face, and arms appear gracefully pretty and pleasing.

Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

The Ackles Scandal Case.

NEW YORK, 11.—The *Times'* New Orleans says of Ackley: It is now well known that he has been retired, and that the committee found him guilty of the charges made by Smith to a great extent. He has lost all his political friends, as the result and is truly more an object for commiseration than for wrath.

Turkey Re-arming Gunboats.

It is reported that Turkey has rearmed her gunboats, etc., for the protection of Constantinople from privateers on the Black Sea. It is also reported that England is by no means inimical to this course. A quarter of a million dollars worth of torpedoes have been ordered in America by Turkey; and it is reported that this order has been guaranteed by England, because Turkey has no credit; but this is unauthenticated.

The Fitzjohn Porter Case.

The proceedings in the Fitzjohn Porter case attracted an unusual number of spectators to-day.

McDowell resumed his seat in the witness chair, and was further cross-examined by Chaute, of Porter's counsel. He said, in reply to questions, that he had always regarded the withdrawal of Pickett and King, on the 28th, as a great misfortune, and that it involved an entire change of the plans of the campaign, and prevented the continual separation of two bodies of the enemy, and this withdrawal was made without his knowledge or orders. He took King away with him from Porter on the 29th, after viewing the situation. When he left, he thought Porter would be engaged in an hour with the enemy, and he would get around to the right and join Reynolds.

After discussion over the question as to what he expected of Porter at the time, he said he "expected him, being alone in command, to exercise his best discretion as a soldier." With reference to his dispatch to Siegel of the 27th of August, beginning, "Longstreet with a large force, being expected to come through Thoroughfare Gap." He said it was first made public on the 7th of January, 1863, and counsel then stated that it would have been of importance to Porter in his trial, the evidence in which had been closed on the previous day. An extract from Stonewall Jackson's report, which speaks of the "impetuous and repeated onsets" of the Union troops on the 30th of August, witness said he had no doubt referred to Porter's corps.

In answer to questions by the court, General McDowell said that the idea of crushing Jackson before Longstreet could arrive, was the object of concentrating the army and that after the withdrawal of Pickett and King, on the 28th of August, he did not have Longstreet's movement on his mind.

Three dispatches from Porter, mentioned yesterday, were then read. The first asks for news, and says he has received no word from anyone. The second, addressed to McDowell and King, says he had a strong force in his front and feared he might have to retire. The third dispatch, dated 6 p.m., says he "has still no message from anyone; that he has no more couriers to send out; that his men are in need of food and water, and by its terms shows the non-receipt of the 4.30 p.m. order.

McDowell was then dismissed and a recess taken.

The next witnesses were quickly disposed of, Gen. Schriver, who merely said that he was chief of McDowell's staff, and was at Porter's front on the 29th, but made no observations as to the enemy.

Gen. John C. Robinson had command in Kearney's division, and testified as to the character of the actions of August.

Col. R. R. Dawes, of Marietta, O.; Gen. Jos. B. Carr, of New York, and Major Deen, of Baltimore, gave similar testimony.

Gen. George W. Mindil, of Philadelphia was the next witness. He was Gen. Kearney's assistant adjutant-general in the campaign, and gave corroborative evidence as to the events of the 29th.

Wool Market.

PHILADELPHIA, 11. — Wool is quiet but firm. California fine and medium 18 @ 25, coarse 18 @ 20.

White Women Outraged by Negroes.

INDIANAPOLIS, 11.—A dispatch to the Indianapolis *News* says: On Monday night seven negroes outraged four white women, near Mount Vernon, Posey County. Last night deputy sheriff Oscar Thomas, while attempting to arrest some of them was killed by Daniel Williamson (colored). This morning a mob of nearly 3,000 gathered, shot Williamson, hanged two others, and are preparing to hang the rest. Great excitement prevails.

The Old Colony R. R. Accident.

BOSTON, 11.—Attorney General Train, acting upon evidence taken by the board of railroad commissioners, in an investigation into the cause of the accident on the Old Colony road, caused the arrest of Charles E. Hartwell, conductor of the freight train, who will be held for examination on a charge of manslaughter.

Cabinet Meeting.

WASHINGTON, 11.—Most of the the session of the cabinet, to-day, was occupied in discussing estimates for the support of the government during the ensuing fiscal year, the head of each department having been engaged for several days in ascertaining to what extent estimates for his department might be reduced. It is generally understood the falling off in revenue renders an imperative corresponding reduction in expenses, and the question is as to what are the most urgent needs of service.

Yellow Fever Reports.

MEMPHIS, 11. — The board of health officially reports 18 deaths, from yellow fever during the past 24 hours, ending at six o'clock tonight. Twenty - three thousand rations were issued by the citizens' relief committee to-day. Twenty-two physicians of the Howard medical corps have reported 103 new cases, 50 in the city and the remainder in the suburbs.

New Orleans, 11.—The Peabody association has issued 30,000 rations weekly, or a total issue of 157,500, of the value of $19,687. Applications for relief to the Y. M. C. A. 80; Howards Association 242.

Thibodeaux, 11.—Twenty new cases; two deaths.

Vicksburg, 11.—The mercury at 3 p.m. stood at 92°, at 8 p.m., 76°; deaths today eight.

Meridian 11. — There have been 115 cases of fever in the city and 25 deaths. Up to date 23 cases of fever in Delta, nearly all doing well.

A Murderer Executed.

GALVESTON, 11.—*News* special from Giddings: William P. Longley, generally known as Bill Longley, was executed here to-day in the presence of a vast crowd, for the murder of Wilson Anderson in March, 1875.

WESTERN.

Arrest of a Bank of England Burglar.

SAN FRANCISCO, 11.—A dispatch from Stockton says that Burgess, the Bank of England burglar, was caught yesterday at Niles, by Chief Detective Henderson, of London, and Allan Pinkerton, detective, of Chicago. Burgess visited this place three weeks ago, and then departed for Niles, when he found he had enough money left to take him back to England, and was expecting to take the emigrant train in a few days. Burgess was heavily ironed and brought here. Pinkerton left on the morning train for San Francisco to meet Henderson, to take the prisoner out of the State.

General D. D. Colton's Remains.

The body of the late General D. D. Colton has been embalmed, and will be kept until the arrival of his wife and daughter, now on a special train coming overland. The funeral will take place next Tuesday.

A dispatch from Omaha states that Mrs. D. D. Colton, accompanied by her daughter, passed through that city this morning, on a special train, for San Francisco, traveling at the rate of 30 miles per hour. Mrs. Colton was ill, and has not been informed of her husband's death, although aware of his illness.

FOREIGN.

GREAT BRITAIN.

Alarm in Diplomatic Circles.

LONDON, 11.—A dispatch from Constantinople says: That Prince Lobanoff informed Safvet Pasha that the Russians will retain Adrinople, not until the treaty of Berlin is fulfilled, but until the treaty is signed confirming those parts of the San Stefano treaty which are not affected by the decisions of the Berlin congress. This incident has caused some alarm in diplomatic circles.

Theatre Panic and Loss of Life.

LIVERPOOL, 10.—During the performance, to-night, at the Colisseum Theatre, which is now used as a music hall, a fight occurred under the gallery. The audience hearing, but being unable to see the disturbance, became alarmed, and a cry of fire was raised, when a terrible panic ensued, the people rushing for the doors and sliding down the pillars of the gallery on the heads of the occupants of the pit. A post impeded their exit. Thirty-five men and lads and two women were suffocated; many persons severely injured.

Heavy Failure.

MANCHESTER, 11.—The failure of Hough Belfour & Co., was announced shortly after the close of business and caused an immense excitement. It is feared their failure will affect several small firms. This firm was one of the oldest eastern shipping houses in Manchester. Amount between one and two millions sterling. Their liabilities fall chiefly on Manchester cloth and yarn agents.

AUSTRIA.

The Hungarian Ministry.

VIENNA, 11.—Count Andrassy, Herr Von Tisza and Baron Von Wenckheim have had an audience with Emperor Francis Joseph, which lasted three hours. It is expected that Herr Tisza will assume, provisionally, the Hungarian ministry of finance, and Baron Von Wenckheim the ministry of the interior. The emperior has convoked the Reichstag for October 22d.
