RESCUE HOME WINS.

The Council Will Appropriate $100 a Month for Its Maintenance.

TO EXAMINE WEEKLY PATROLLS.

City Land Leased to the Utah Pressed Brick & Tile Company for Twenty-Six Years.—Other Matters.

Punctuality is not an ingredient of the code of ethics which governs that body of men known as the City Council. At least there are several of the municipal legislators who are following in the wake of their president and little colleague from the Fourth precinct by dropping into the council chamber at a late hour, often long after the transaction of business has commenced. It was three quarters of an hour after regular time last night before a chairman could be selected to wield the gavel for the night. President Lorenzo was again being absent.

The councilmen present were: Rich, Pollock, Kerrich, Hardy, Bell, Kelly, Evans, Wandell. The last named gentleman finally consented to take the chair and the work of the evening was commenced.

The following councilmen came in later: Horn, Simonds, Morse, Lawson.

Another twenty minutes was lost in reading the order of business to be pursued at the meeting.

THE PROCEEDINGS.

The report of the committee on public grounds in reference to the lease by the city of certain clay lands in the northeastern part of the city, as published in the News some time ago, to the Utah Pressed Brick company came up and caused the regular fight. Efforts were made to raise the rental fee from $100 to $500 per year for a period of fifty years. Reported back to the committee for further report.

ASPHALTUM AND STONE BLOCKS.

The committee on streets reported recommending in the matter of paving in the new districts that the city engineer be instructed to submit an estimate of cost for paving with asphaltum and stone blocks on State street, between Fourth and Eighth South, also on South Temple, from West Temple to Fourth West; First South street, from First West to Fourth West; Second South street, from First West to Sixth West. Adopted.

WATERMAIN EXTENSION.

In the matter of the petition of J. H. Bennett to extend watermains from terminus near Warm Springs to the County road to North North street, and thence west to Fifth West street, that the petition be granted and that the sum of $6 be authorized to assess the property benefited for over three-fifths of the cost of extension.

PAYROLL PROPOSITION.

The committee on finance reported recommending that the members of the regular committees be requested to examine the weekly payrolls of the respective departments and approve them if considered correct, and that the treasurer be instructed in withholding payment of any department payroll the same shall not be filed for approval at least two members of the committee.

MORE LIGHT.

On recommendation of the committee on improvements an electric light was ordered placed at the intersection of Sixth South and Eleventh East streets.

LIQUOR LICENSE RENEWALS.

Renewals of liquor licenses were granted to Henry Kaiser, Conroy & Merrill, Fred Hooles and H. C. Rich.

FOR FALLEN WOMEN.

The committee on police reported as follows in the matter of the petition of the rescue home for women:

We recommend that $100 per month be appropriated for said house on the following conditions: That no member of the women who have been long astray and who are about to or who have become mothers, shall have admission and treatment therein; that said home be under the jurisdiction of the health commissioner; that the proper officer of said home shall present a verified report to the Council on the 1st of each month embracing the receipts, disbursements, kind and number of inmates and general business of the home.

WILL HONOR GARNISHMENTS.

The petition of C. D. Durst et al., asking that an ordinance be passed compelling the city treasurer to honor garnishments served upon him for the debts of city employes, was taken up and granted, and the city attorney was instructed to draw up the necessary ordinance.

FULL FLEDGED SOW.

On the recommendation of the committee on police the appointment of Dick Dixon as policeman was confirmed.

A COMMITTEE'S MISDIRECTION.

The committee on public grounds recommended that the report of Police Justice Geo. Ow the month of March be received and filed and that hereafter a report be given of those who plead guilty or who are found guilty, the character of crime tried for and why released without fine or penalty.

IT GOES THROUGH.

The committee on public grounds submitted an amended report in the matter of the petition of the Utah Pressed Brick & Tile company, referred back earlier in the evening. They recommended that the land be leased to the company for twenty-five years upon the following conditions: That the said company shall erect upon said land a plant for the manufacture of tile, brick and such other articles as stated in their petition, costing not less than $10,000, within six months from date, and pay a yearly rental in advance of $100 for the first three years, a rental of $250 per year in advance for the subsequent five years, and $500 per year for the next five years, and $500 for the remainder of the life of the lease, a bond of $5000 to be given for a faithful performance of conditions. Adopted.

WARM SPRINGS LEASE.

Regarding the petition of Barnes & Byrnes lessees of the Warm Springs, the committee on public grounds reported adversely on the request to grant an extension of lease for a term of twenty-five years.

Marsh moved that the report of the committee be received and placed on file and that an extension of ten years on the present lease be granted.

Horn moved to amend by making it seven years.

Simonds moved to amend the amendment by requiring the lessees to pay an extra 25 per cent on their present rental of $25 per month.

Rich—There is something about this I don't understand. It looks to me like it is a matter of whose ox is gored and that some one is working for some one else in a most peculiar manner. The property is worth $100,000 and the city is only getting the paltry figure of $300 per month. What an investment.

Simonds—That is more than it ever brought before. It never yielded a dollar in revenue before. Messrs. Barnes & Byrnes took hold of it.

Rich—I am glad to learn the property is worth $100,000. When the present occupants took hold of it $100 could not be realized for it. I think that that is a very fine investment. At that rate we ought to be glad to extend their lease for the next seven years for nothing.

Wandell—I would like to say something on this matter.

Rich—But we don't want to hear from the clerk.

Wandell—Well, I'll say this much anyhow. When the question was first mooted I looked into it carefully and seemed that the lessees wanted $5000 to renew it. Now I want to know if you are prepared to vote away $6,000.

Further discussion was then cut off by postponing the matter until next Tuesday night.

SIDEWALK ESTIMATES.

The recommendation of the committee on streets that the city engineer be instructed to make estimates of cost of asphaltum and tar sidewalks, on concrete and gravel foundation, in districts bounding street from Fifth West to the military reservation between South Temple and Eighth South streets; also in the Core North Temple street between Fifth West and Seventh West, and on First and Second West street between South Temple and First North streets, also in plats B and G between South Temple and Fourth streets, said estimates to be reported for subdivision of the sidewalk districts outside for advertising orders of intention. Adopted.

AN OLD RESOLUTION.

A resolution by Councilman Evans which has been in the records a while since March 14, providing that when the work of repairing the gravel road the paving district be completed the street superintendent be instructed to have such gravel hauled and used on Fifth South street west of Sixth West street and Seventh West from Second South to North Temple street, in passable condition. Adopted.

UNDERGROUND WIRES.

Rich's underground wire resolution, heretofore published in the News, was referred to the city engineer and city attorney.

TO MEND BROKEN PARKS.

The board of public works reported that they had addressed letters to the Salt Lake Bitulithic Asphalt company and the Pacific Paving company notifying them that they must remove so much of the pavement at the intersection of First South and State streets, and Second South and State streets, which have been removed by parties who are laying pipes, or else a permit from the board of public works, under existing conditions. City attorney and city engineer.

SOBRIETY REFORM.

Regarding the rescue home petition a minority report was submitted as follows:

We recommend that $100 per month be appropriated for said home, provided that the city physician be allowed to visit the home regularly and all necessary information be given him as to the cause leading to the council being requested to make an appropriation for said home.

The report was signed by Messrs. Kerrich and Morse.

The majority report was adopted on a vote of 7 to 4.

TO PROTECT CHILDREN.

Evans offered a resolution providing that the Rio Grande Western be compelled to keep a flagman at the intersection of Second South and Second West streets, to protect children.

APPROPRIATIONS.

Appropriations aggregating $2,611.15 were made, after which the Council adjourned until Tuesday night next at 7:30.

Hood's Cures

Saved My Wife's Life

Weakness, Nervousness, Salt Rheum.

John W. Jones
Ravena, Wash.

"Of my own free will and accord, without any solicitation, and wishing only to do good to the afflicted, I wish to tell of the good qualities of Hood's Sarsaparilla as I find it. I took three bottles of it myself and have given my wife two bottles of it. Hardly any medicine is in more demand in this place than Hood's Sarsaparilla. I recommend it to all I meet as the best medicine I know of. I cannot say too much in its favor. I shall always be ready to give Hood's Sarsaparilla a good word. I remain, Respectfully,"

Saved My Wife From the Grave.

"I can say that my wife suffered much with her kidneys and she is restored to good health. I have never seen a medicine do the good that this did. I am glad to recommend Hood's Sarsaparilla."

Hood's Sarsaparilla

Hood's Pills are the best cathartic. This secret is out. Try a box. 25c.

A Great Thing for Coughs and Colds. The more Chamberlain's Cough Remedy is used the better it is liked. We have of no other remedy that always gives satisfaction. It is good when you first catch cold. It is good when your cold is seated and your lungs are sore. It is good to any kind of a cough. We have sold twenty-five dozen of it and every bottle has given satisfaction. Sleman & Friedman, druggists, Minneota, Lake Mine. 50 cent bottles for sale by Z. C. M. I. drug department. d&s

"Electric Bitters."

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A pure medicine does not exist, and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood.—Will drive Malaria from the system and prevent as well as cure all Malarial Fevers.—For cure of Headache, Constipation and Indigestion, try Electric Bitters.—Entire satisfaction guaranteed, or money refunded.—Price, 50c. and $1.00 per bottle at A. C. Smith & Co's Drug Store. d**

Greatly Surprised.

My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial. To our great surprise she began to improve after the first application, and by using it regularly she was soon able to get up and attend to her house work. E. H. Johnson, of C. J. Knutson & Co., Minneapolis, Minn. 50 cent bottles for sale by Z. C. M. I. Drug department. d&s

Fine Soaps, Johnson Pratt Drug Co.

All strangers who come to Salt Lake will find it to their interest to visit the Union Stockyards company and receive the latest information as regards prices in all kinds of live stock. Office room 3, Jennings building, over Utah National Bank, corner Main and First South. Wires are also located in the largest layers in Utah.

A Minister's Wife Much Pleased.

Elder S. S. Beaver, of McAllisterville, Juniata Co., Pa., says his wife is subject to cramp in the stomach. Last summer she tried Chamberlain's Colic, Cholera and Diarrhoea Remedy for it, and was much pleased with the speedy relief it afforded. She has also used it whenever necessary and found that it never fails. For sale by Z. C. M. I. Drug department. d&s

San Luis's inn, new hotel in The Knowlton, Hoboken, electric, central and reasonable.
