$150,000 Fire.

DETROIT, Mich., 19.—A disastrous fire occurred at Grand Rapids this p. m., involving the loss of about $150,000, wiping out the entire business part of the town on Bride St., besides many other buildings. The fire originated in a paint shop. A heavy gale was blowing at the time, and before any attempt could be made to check the flames they had made great headway, owing to the fact that the entire fire department had been called out to a fire in the extreme south portion of the city. Before the engines arrived one whole Block had been burned to the ground. The flames swept eastward, consuming the Hovey's, Turner's, Martin & Hibbard Blocks, besides many small buildings. About sixty buildings were burned.

At St. Louis.

ST. LOUIS, 19.—P. M. General Jewell, and G. S. Bangs, Superintendent of postal railroads, arrived here to-day.

Liquor Seized.

LOUISVILLE, Ky., 19.—The stock of Herman & Exner, liquor dealers of this city, has been seized for alleged violation of the revenue laws.

Poisoned.

KEOKUK, Ia., 19.—Four men employed by the D. & M. R. R. were poisoned near this city yesterday. A man named white, employed on some work had been keeping a jug of whiskey in the vicinity of the work and selling it to the men by the drink. The whiskey was stolen several times, and he threatened to fix up a dose that would stop them. The four men found a flask, which they supposed contained whiskey, and drank of it; they were seized with convulsions, and one, named Cary, died; the bottle was found to contain corrosive sublimate; the other men will probably recover. White has been arrested.

Survey Completed.

WASHINGTON, 19.—Despatches received at the Navy Department, from Commander Dewey, of the U. S. steamer *Narragansett*, state that the work of surveying the gulf and coast of Lower California has been completed, and the vessel is now *en route* for San Francisco, though she may be detained at La Paz, in consequence of the revolution there. Commander Dewey reports that the work has been very satisfactory.

Ordered to the Rio Grande.

A naval force, with steam launches, will be ordered to the mouth of the Rio Grande, to look after our interests there, and co-operate with the army in the suppression of Mexican raids.

Accounts Examined.

An examination of a portion of the accounts of naval paymaster J. H. Stevenson, in which several irregularities have recently been discovered, was made to-day by the accounting officers of the treasury, and although no actual fraud was discovered there are many items which require explanation. The accounts for the first quarter of the present fiscal year show that about $20,000 was expended by him for the naval depot at Nagasaki, from the latter part of December, when he took charge of that station, to the end of March. In several of his accounts before the fourth auditor's office he claims credit for sixteen thousand, alleged have to been paid to officers on account of salary, but no receipts of the officers accompany them.

Declared to be a Forgery.

BALTIMORE, 19.—In the orphan's court, to-day, in the case of Paul Schoeppe, a petition to revoke the probate of the will of Maria M. Steinecke, deceased, and the letters testamentary granted thereunder, upon the ground of an alleged marriage at Carlisle, Pa., between the testatrix and the said Schoeppe entitling him to her entire estate, Judge Inglis delivered the opinion of the court, holding that the petitioner had failed to prove the marriage alleged, and the documents produced by him to establish it were forged. In the progress of the trial the certified record of the police court of Berlin was produced, showing that Schoeppe had been convicted of larceny, forgery and extortion in a Berlin court. Schoeppe is now a convict in the Illinois State prison, at Joliet, having been convicted in Chicago of forgery, under the name of J. P. Schulenberg.

Enthusiastic.

BOSTON, 19.—The Norfolk Blues left here this afternoon, by boat. The scene before the Parker House just before their departure was very enlivening. It was with difficulty that General Fitzhugh Lee reached his carriage, and round upon round of cheers were given by the masses. General Lee was called upon for a speech, and briefly thanked the people for their unprecedented cordiality.

Gone to Europe.

NEW YORK, 19.—Among the departures for Europe, to-day, were Father Gallegher and Dr. Folland, of San Francisco, Bishop McCloskey, of Louisville, and Judge Stanley Matthews, of Cincinnati.

Got the Lumbago.

The *Herald's* cable special dated Rome 19th, says—"The Pope suffers much from lumbago; he is not confined to bed, and holds audiences as usual, yet anxiety prevails."

Annual Regatta.

The annual regatta of the Brooklyn Yacht Club took place to-day, over the course from Bay Ridge to the light ship on Sandy Hook and return. The schooner *Madeline* was the first boat in, but the *Comet* took the first prize by time allowance and *Madeline* took the first prize for first-class sloops, the other prizes were awarded to the *Schemer* and *Wm. T. Ely*.

A Bold Robbery.

NEWARK, N. J., 19.—To-day, as the bookkeeper of Ballstadt & Son drew two thousand dollars from the bank, to pay the hands, a well dressed man called his attention to three or four bills he had dropped, and the bookkeeper stooping to pick them up the stranger seized the package and escaped.

Engineers on Strike.

CHICAGO, 19.—A strike of engineers in the North Chicago Rolling Mill took place this p. m. Threats have been made for some days past that unless Dunnigan, an engineer, and President of the Union, was reinstated in the place from which he had been discharged, a strike of all the engineers, fifty-six in number, would take place to-day; the principals refused to accede to this demand, and have filled the places of the strikers with non-union engineers.

Drunkenness, Jealousy, Murder and Suicide.

LOWELL, Mass., 19.—Mrs. Sarah Daniels, of this city, was shot to-day by her husband, John G. Daniels, who afterwards fired two balls into his own head; both are alive, but are not expected to recover. Jealousy and drink on the part of the husband were the cause.

FOREIGN.

PRUSSIA.

An Official Salutation.

BERLIN, 19.—The authorities of Hamburg and Altona officially saluted the U. S. steamer *Alaska* on Friday; the commandants of the towns inspected the ship. There was a musical entertainment in their honor, and subsequently lunch was served, at which the visitors and officers of the *Alaska* proposed toasts of a most social nature. Admiral Worden and Captain Franklin have returned to the squadron. The *Alaska* left Hamburg to-day for Glückstadt, to join the *Franklin*.

NEW BRUNSWICK.

Extensive Failure.

ST. JOHNS, N. B., 19.—The liabilities of E. D. Jewett & Co. are nearly six million dollars. One bank holds paper to the extent of $250,000, another $220,000, a third $220,000 and a fourth $80,000. The failure is ascribed to losses of lumber, the general depression of trade and engagements connected with the Western Extension Railway bonds. The effect on the general trade of St. John is depressing, but the banks will sustain the losses without curtailing. The failure is the heaviest ever known in this part of the country.

GREAT BRITAIN.

The St. Petersburg Conference.

LONDON, 19.—The new circular note of the Russian government to the powers, dated May 20, says the object of the St. Petersburg conference is not the conclusion of a formal international treaty, and that invitations will be issued when all the governments have replied to the September circular. It is believed that Russia intends that a protocol shall be drafted enumerating the principles of international law, accompanied with a declaration from each of the powers signing it that they will observe the principles as far as possible.

FRANCE.

To be Discussed.

VERSAILLES, 19.—The National Assembly will, on Monday next, discuss the subject of an appropriation for the Philadelphia Centennial Exhibition.

AUSTRIA.

Will Pass Through Bohemia.

VIENNA, 19.—The Czar, when he returns from his visit to Warsaw, will pass through Bohemia; the Emperor of Austria will greet him on the frontier.

CALIFORNIA FRUITS.—It is easier to live in San Francisco than in any city on the continent. The supply of fruits and vegetables is beyond demand and such fruits! They have strawberries from March to November, and such strawberries the undersigned never saw. Great luscious berries, as big as hickory nuts, and with a flavor that I never saw in the East. So far, I am not prepared to take up the cry that California fruits have no flavor, which is so common in the East. All that I have eaten were even richer than the best I ever tasted east of the mountains. But I have not tried them all yet. Green peas, asparagus, new potatoes, turnips and all that kind of truck, are always in season. The markets present a beautiful appearance, for there you shall see everything the appetite craves for, and all of the best. We are eating cherries now of all kinds, and oranges are selling in the orchards south of San Francisco at fifty cents a bushel. The writer is a little *low* in the price of oranges.—Editor *Transcript.* Think of that! And they have a variety. The vegetables of China, Japan, and the islands of the sea grow here better even than they do on their native soil. So these favored people gratify their tastes with the delicacies of two continents. San Francisco feeds well.—*Cor. Rutland, Vt., Herald.*

A queer bird has made its appearance about Ithaca, N. Y., which is denounced as the "canary killer," from the fact that it seems to be the deadly enemy of canaries. It is a large bird something like a hawk, and possesses a long beak, which it darts into the cages as it flies against them, and the canary is either struck by it and killed, or drops down from fright.

As long as cold pork and beans was the universal Sunday dish of church-going New England, her orthodoxy was as unquestionable as that of Calvin or John Knox. Neither the cloudy metaphysics of the Germanized philosophers nor the cold creed of Unitarianism stood any chance in New England as long as pork and beans was the domestic representative of the New England Sunday. Since it has retreated to the rural districts, and it is to be found only in historical farm houses and at [illegible] where the innovation [illegible] of which dishes are hardly [illegible] orthodoxy has declined.—*Cincinnati Commercial.*

The Irish *World* says it isn't right for preachers to accumulate wealth. This may be true enough; but what we want to know is when it is right for editors to accumulate wealth. If it is we need to begin to "accumulate."
