PITTSBURG AND DETROIT TODAY

Winning Teams in American and National Leagues to Fight it Out In World's Series.

Detroit, the American League champions, and Pittsburg, the winner of the National League pennant, meet at Pittsburg today in the opening game of the series, which will decide the baseball championship of the world for 1909.

It will be Detroit's third attempt in as many years to win the greatest honors in organized baseball, as Hughey Jennings's champions have been defeated by the Chicago Nationals in the last two world's series. Pittsburg has not had an opportunity for contesting for the world's championship since 1903, when it won the National League pennant and was defeated by the Boston Americans in the big series.

It is expected 35,000 persons will see the first game.

Both teams are determined to win the opening game, as the winner of the first engagement in the last four world's series has captured the championship. As a result both Managers Fred Clarke and Hughey Jennings will send the men they consider their strongest to do the pitching. Jennings said he probably would use George Mullin, his husky and reliable veteran, while Clarke is planning to use Charles Adams, who came from the Louisville American Association team and made a phenomenal record with Pittsburg.

INDICATOR HOLDERS.

Frank O'Loughlin of the American League and J. E. Johnstone of the National League will umpire today, while William Klem of the National League and William Evans of the American League will officiate in Saturday's battle.

The Detroit team arrived at Pittsburg yesterday in two sections and put in two hours of hard practice at Forbes's field in the afternoon, and Jennings gave his men a pretty hard workout. He used quite of the time in making them bat and run the bases in earnest.

Manager Clarke and the Pittsburg team got in a strenuous morning at Forbes's field and when the season was ended the leader admitted he was perfectly satisfied with the condition of his men.

The police arrangements have been completed. Two hundred and fifty bluecoats are to be stationed in and around Forbes's field.

"U" ELEVEN MEETS AGGIES TOMORROW

The first of two football games scheduled between old rivals, the U. of U. team and the eleven representing the Agricultural College of Logan, is on the football program for tomorrow, the game to take place at Logan. The other game will be played in this city.

The U players are all in fine form and since the game with the Ogden high, Coach Maddock has kept the boys busy. He has made some changes in the lineup which he believes will greatly strengthen the team. Walker goes from right half to right end and Romney will go in right half. Love will be at quarter and Schweitzer will hold down left half. The linemen are heavy enough to hold their own against almost any line that could oppose them.

There is great interest in the game at Logan and no doubt a big crowd will see the gridiron struggle. Coach Teetzel is confident of making a great showing and Maddock is equally confident of winning.

BOSTON AND BROOKLYN.

New York, Oct. 7.—With the pennant floating securely over the Pittsburg clubhouse for the next 12 months, the 1909 championship baseball season of the National League passed into history today. Boston and Brooklyn won the final victories of the season, the former defeating Philadelphia and the latter New York.

Pittsburg's victory has been widely predicted since May 5, when the team assumed an aggressive lead. Chicago, which finished second, has held an intimidating position all along, however, and the result was not clinched until Sept. 28.

New York finished third and Cincinnati fourth. The disappointments of the year were the Brooklyn, St. Louis and Boston clubs.

PROTEST REJECTED.

New York, Oct. 7.—President Heydler of the National League has rejected the protest of the Brooklyns to the game played with Chicago in Brooklyn on Sept. 3. This game resulted in a victory for Chicago by a score of 10 to 4, eight of Chicago's runs being scored in the ninth inning.

LIEUT. ELLIOT WINS BIG RACE

In Contest for Officers He Pilots Arthur Hyman to Victory, Taking Cup and Winning Purse.

Capt. Harker on Gov. Orman, Lieut. Ellis on Lady Powell, Lieut. Geary on Byron, Lieut. Elliott on Arthur Hyman and Lieut. Lee on Phelanx.

This is the way they faced Starter Dwyer at the barrier in the feature event of the day at the state fair grounds track yesterday afternoon in the much-talked-of officers' race.

In the presence of a large crowd including Gov. Spry and staff, Col. Scott and staff, and many prominent citizens, Lieut. C. R. Elliott rode Arthur Hyman to victory in the five-furlong race. The horse acted splendidly, though carrying top-weight, and had the strength and gameness to win over a field of fast contenders. The horse was a strong favorite, being played at 1 to 2.

The start was a good one, the officers riding army style. Arthur Hyman led practically every foot of the way and coming down the stretch Lady Powell and Byron tried vainly to take the lead. On the turn Lieut. Ellis took Lady Powell through on the rail and crowded Byron out of second place. Though the track was heavy and Arthur Hyman carried 190 pounds, the noble animal made the distance in 1:16.

Lady Adelaide was the pronounced favorite in the second race and the talent got a jolt when Roberto won all the way. Hussala furnished another surprise in the last race at seven furlongs by winning handily.

CHARLEY TAFT TO LEARN BOXING

Jimmy Walsh Engaged to Teach President's Son the Art of Self Defense.

Boston, Oct. 8.—Information has been received that Charley Taft, the youngest son of the president, will in all probability take lessons in boxing the coming winter from Jimmy Walsh, the local boxer.

Just when and where Jimmy will impart his knowledge of boxing to his pupil could not be ascertained tonight, but it is thought that will not be decided upon until after the president returns from his swing around the country. Charlie is now attending school in a town in Connecticut.

It was learned that the matter of obtaining Walsh's service first was taken up by the president in Washington a few days before the last Congress adjournment.

JONES SHIPS STRING OF FAST ONES HERE

A string of six well known running horses were shipped into Salt Lake this morning by W. T. Jones from his stables at Miles City, Mont., and they will be run at Buena Vista, beginning next Monday.

The horses are: Ossian, Gresham, Dr. Hollis, Kismet, Jr., Arlia and Dorsan Prince. These horses are said to be among the fastest in the west and will add materially to the interest taken in the runners at the new mile track.

PAPKE AND LEWIS IN RING TONIGHT

Pittsburg, Oct. 8.—Billy Papke and Willie Lewis ended their training yesterday and now await the gong that will send them on the six-round journey at Duquesne Garden tonight. That there will be no sixth round is the boast of both men. They assert that it will end with a knockout. The betting was 2 to 1 when Lewis got here. It is even money now.

NAVAL SCHEME TO PULL OF FIGHT

Galveston, Tex., Oct. 8.—A local sporting combination is said to have offered $50,000 for the Jeffries-Johnson fight if Johnson will fight here. The scheme is to build a pavilion on the rock jetties five miles out in the gulf to accommodate from 10,000 to 20,000 people. The Texas prize fight law extends only three miles from shore.

An Important Football Battle Between High Schools Tomorrow

At 3 o'clock tomorrow afternoon two football eleven will line up against each other on Cummings's field, in one of the most important games of the season. Coach Convill of Salt Lake high said that whoever won this game will come of with the state championship at the end of the season. He considers Granite a very strong team and one which will make the Red and Black fight for every inch of ground. Granite has the advantage in having practically their old team back this year, while Salt Lake is handicapped with the loss of their two half backs, which were a tower of strength in offensive work and the loss of Capt. Korns at center, who played an excellent defensive game.

This will be high school's weakest point as the rest of the line is quite husky. At ends, Gallager and Worthman will be seen again, they both claim that they are speedier than last year. It will be remembered that it was Gallager who made that phenomenal run which won the game from Granite last year.

Yates and Kirby will be found in the tackle positions. Yates was chosen all high school tackle last year. At guard will be found Wallace, a 180-pound man, who is playing a great game, and Wimmer, who played two years on Salt Lake high, and one year on the Los Angeles high school. He is a veteran and should be able to stop anything that comes his way. At center Brown, a husky lad of 182 pounds, will probably be found. Bardwell will be held as a substitute on the line.

Capt. Fitzpatrick will be at his old position of quarter back stronger than ever. A year of experience has made a great improvement in him. Frank Wheeling, who played such a sensational game last year, will be in his old position of full back. Goodspeed, a substitute back of last year, who is back after spending four months on a ranch, will be able to deliver the goods at right half back.

Romney, a speedy little fellow, will be found at the other half.

Although Coach Convill is well pleased with the showing the boys are making, he says they will have to be in the game and fight every second.

Practically the same team as the stubborn bunch of last year will again line up for Granite against Salt Lake, with the exception of Love at quarter back. Sutherland, a new man, is playing a very strong game at that position now. Lagroan, the greatest half back in the state, will again be found fighting for the Red and Blue. A new find in Hamilton, a colored boy, will be seen in the line-up. It is said that he rivals Lagroan in headwork and fleetness.

RAILROAD NEWS

WANT TOURIST STOPOVERS.

At yesterday afternoon's meeting of the Salt Lake Real Estate association, the recent action of the Denver & Rio Grande road in refusing stopover privileges on west-bound tickets was deplored, and the following committee was appointed to wait on the local officials to see if this order can not be recalled: C. H. Carlquist, A. E. H. Peterson and H. S. Anderson. The realty men believe the continuance of such an order will hurt the tourist business as far as Salt Lake is concerned.

OLD TELEGRAPHER GONE.

"Billy" Grier Hears "Thirty" at His Home in Oakland.

Word has been received in this city of the recent death in Oakland, California, of William J. Grier, aged 56 years. The cause of death was acute dilation of the heart.

The death of Mr. Grier will bring regret to the hearts of many of the old-time telegraph operators in this city and state, as "Billy" Grier, as he was called, was one of the force employed on the transcontinental lines in the early years of telegraphing in this state, and he was well known by all of them. He was accounted as being by far the best Morse sender the west has seen. An anecdote is told of "Billy," who knew his ability as a sender. There was a "ham" operator at Sacramento named Jones, and he was the only man on the system "Billy" failed to "rush," and he often wondered why the fellow never broke. One day they met, and "Billy" asked him the reason, and Jones replied: "Why, I write shorthand and re-copy."

SOUVENIR ITINERARY.

A copy of the souvenir itinerary issued by the Denver & Rio Grande passenger department on the occasion of President Taft's trip through Colorado and Utah has been received. For the information of the president and members of his party a descriptive statement covering elevations, distances, resources, commercial and industrial enterprises paralleled the time schedule. The Rio Grande program, owing to the combination of standard and narrow gage service and the detour to the Gunnison tunnel portal, was said to be the most complicated undertaking confronting any of the 22 railroads that make up the 13,000 miles of travel embraced in this tour. Notwithstanding these complications, the president's special train was exactly on schedule from the start at Denver to the finish at Salt Lake City. Not a delay, not an accident, not a mishap of any kind occurred over the Rio Grande.

FRENCH BISHOPS TAKE POLITICAL ACTION

Paris, Oct. 8.—Some of the French bishops, following up a more militant policy, have introduced into the catechism the obligation to vote only for candidates who have publicly pledged themselves to the defense of religious interests.

The Figaro commenting on this development says that since the rupture of the concordat, which forbade electoral catechisms the church has a perfect right to give instructions in electoral duties but it considers the formulas in some dioceses to be open to criticism.

It prefers that of the Archbishop of Cambrai, which says that the most honest and the most Christian candidates, best capable of serving the general welfare, should be elected.

DR. FREDERICK A. COOK RODE AT HEAD OF PARADE

St. Louis, Oct. 8.—Dr. Frederick A. Cook, arctic explorer, headed the most impressive of the centennial week pageants today when he rode at the head of the military, historical and educational parade. The greeting given the explorer was most enthusiastic.

Dr. Cook left for Chicago at noon.

Troops from the regular army, recruiting station at Jefferson barracks, state militia, thousands of school children and college students and floats depicting the historical happenings of St. Louis and vicinity from frontier days to the Louisiana Purchase exposition completed the pageant.

GLENN H. CURTISS MAKES ANOTHER TRIAL

St. Louis, Oct. 8.—Glenn H. Curtiss made another trial flight in his 25 horsepower biplane today before a small audience of St. Louis Aero club members. He was in the air a minute and a half sailing three quarters of a mile against a fresh east wind. A cluster of trees caused him to descend. Hugh A. Robinson of St. Louis today made his first attempt to fly in his monoplane.

Curzon, owner of the Farman biplane rose four feet from the ground in that machine. This was a better performance than Osmont, the French aviator has been able to do with the same craft.

Formal flights were scheduled for late today but because of the increasing breeze the chances for success with anything but dirigible balloons were not bright.

REWARD FOR FAITHFUL SERVICE

New York, Oct. 8.—The reward to Mary Keegan for remaining with the family of Thomas Barber Kerr, as a domestic for 30 years, is a bequest of $10,000 in his will. Mr. Kerr also left $1,000 each to all servants who had been with the family for more than 10 year, and $500 each for those employed more than five years.

PEOPLE OF JAPAN FRIENDLY TO AMERICA

Tokio, Oct. 8.—The Protestant semi-centennial of Tokio, composed of 100 missionaries representing American churches of all denominations, adopted resolutions today addressed to "American lovers of international peace and good will." The resolutions asserted that the government and people of Japan have maintained consistently an attitude of cordial friendship to the United States, therefore the American people are asked carefully to discriminate in the news received from Japan for in the last two years a mass of misinformation has been circulated concerning this country.

The assertion is made that, notwithstanding the persistent evidences of ignorance concerning Japan appearing in the sensational press of America, the people of Japan have continued to maintain a friendly attitude and a high degree of self-control.

In conclusion the resolutions declare that the removal of race prejudice and misunderstandings between the peoples of the two countries is in the highest degree possible.

DROVE ABOUT WITH DEAD MAN FOR TWO HOURS

Chicago, Oct. 8.—Sitting lifelike in a cab with four friends who had volunteered their services in a time of emergency, the body of Hyman Kosharwsky, 20 years old, a tailor was driven about the city for two hours last night and then taken to a police station, after two hospitals had been visited and those in the vehicle had refused to believe two doctors who told them their companion was dead.

Kosharwsky, wrapped in blankets and suffering from brain tumors was carried from his home to the cab suffering intensely but still alive. He died while on the way to a hospital, where his friends, although told of the fact refused to believe it. They took the body to a second hospital, here physicians also informed them their charge was dead, and that the police should be notified.

Then with the body of Kosharwsky propped up on the seat between them, the men drove back to the police station, and from there to the Kosharwsky home, where they gave the body to the widow.
